4. For repairing an old track connecting the village of Subulpore with the trunk road near Mandar (four miles), and constructing three stone culverts, Rs. 300 were advanced to Baboo Kali Pershad Singh, Vice-Chairman. Two miles of this road has been constructed, the rest of the work, which could not be executed on account of the heavy rains, will be done shortly.

5. Rs. 30 had been paid to Baboo Nund Lall Chowdry, Member, for the repairs of the village road connecting mouzah Khurwa with the trunk road. This work has not been done owing to the rains.

6. Rs. 400 have also been paid to Baboo Dheer Nath Chowdry, Honorary Magistrate and zemindar, for the repairs of the village road from Narripa to the Bounsee road (four miles). This work will soon be finished.

7. All these items have been drawn from last year's allotment (Rs. 3,000), in addition to Rs. 100 for the Jamdaha road, making a total of Rs. 1,880, and bearing a balance of Rs. 1,120, which have lapsed to Government.

8. The track passing to Umerpore form Munihari was repaired as far as Magduma, a distance of four miles, at a cost of Rs. 133-14-2. This sum was spent out of the balance of Rs. 748-15-8, which had been drawn by Mr. Eyre from the allotment of 1876-77.

9. Out of the balance of the fund for the repairs of the Jamdaha road, Rs. 230-5-11 have been spent in repairing the road from Luckrikola to Jamdaha, six miles; a portion of this road, however, was under water during the rains and has been damaged. This should be repaired as soon as the ground is dry, and two or three culverts constructed on this road. There is a balance of Rs. 134-10-4 still left, and this, I think, will suffice for that purpose.

A statement showing the amount spent on each work is annexed.

No. 135G, dated Camp Gouresepore, the 6th December 1878.

From—BABOO SOSI BHOOSUN DUTT, Chairman, Branch Road Cess Committee, Mudehpoorah,

To—The Chairman of the District Road Cess Committee, Bhagulpore.

WITH reference to your memorandum No. 36, dated the 8th ultimo, and in continuation of this office report, No. 110G, dated 11th October 1878, I have the honor to submit two statements—one showing the amounts drawn on different dates from 1875 to September 1878 on account of the different village roads, establishment, &c., and the other, in a tabular form, the amounts drawn, the amounts expended, the amounts refunded, and the balances in hand from 1875 to September 1878, year by year.

II.—I would here give a brief account of the different roads taken up, and the nature of work done during the course of the year, and how managed.—

1. *The road from Mudehpoorah to Atulkha, about* 14 *miles.*—Mr. A. D. Christian, of Cather Ghât indigo factory, was entrusted with this work, he expended Rs. 500 cess to the end of the year, out of Rs. 650 allotted for the road; the earthwork and bridge repairs have been completed up to the 10th or 11th mile from the Mudehpoor side. The remaining portion is

expected to be finished during this cold weather. The delay is owing to Mr. Christian being away from the station for a long time. But the work already done has been excellently managed, and herein our thanks are due to Mr. Christian for the trouble he has taken in doing the work for the branch committee. Any gentleman can drive on this road with comparative ease.

2. *The road from Mudehpoorah to Bhellowa, four miles.*—The repairing of this road was undertaken by my road overseer after the last rains, and hence it could not be finished by the end of the year.

3. *Mudehpoorah to Ranipatti, ten miles.*—This work too was undertaken after the rains, as the greater portion of it was under water. The work has since been progressing well.

4. *The metalling of the station roads, about two miles.*—The District Engineer's rough estimate was about Rs. 1,500 for this work, but the branch road committee undertook to do the work at Rs. 1,000, and hence the Chairman, District Road Cess Committee, made over the work to us. The work has since been progressing well, and I expect to complete the same shortly within the estimated amount. The bricks of the Tuniahi brick-field were kindly placed at our disposal by the Chairman, Road Cess Committee, transferring them from the road cess account. They were, however, of inferior quality; otherwise the road would have been a first class one.

5. *Gamaria to Baijnathpore, about* 12 *miles.*—This work could not be undertaken during the course of the year owing to the rains. But arrangements have since been made for taking up the work in hand. This will be a very important road for traffic, as this passes through a rice-producing tract joining two important *hâts* of this sub-division. During my last winter tour, I passed through the greater part of this tract, and I was satisfied that the road when prepared would greatly facilitate the traffic of that locality.

6. *A portion of the Bavni road joining Gamaria Bazar above a mile.*—A portion of the road, about 1,100 yards in the middle, was repaired by a private individual named Feringee Mondul, a common agriculturist, at a cost of about Rs. 40 or Rs. 50. Last year, when I was out in November, I asked the Bavni zemindars that if they would take up the work of the unrepaired portion of their side, I would undertake to procure the amount for finishing the remaining portion from Gamaria side from the branch road cess committee, and accordingly an allotment of Rs. 75 was made for this portion. The amount has been kept in hand, as the Bavni zemindars have not as yet undertaken the work. I am going to that side. I expect to settle the matter shortly.

7. *Petty repairs.*—Some bridges here and there have been repaired out of the amount allotted on this head, and some more are to be repaired soon.

8. *Establishments, &c.*—Our allotment on this head was Rs. 480, but we expended Re. 147-12-4 during the year and the balance lapsed.

III.—It will be seen that a greater portion of the allotted money remains unexpended at the end of the year. The reason of it was that we had no executive staff at our disposal for the greater part of the year. We latterly got the sanction of a sub-overseer and a peon, when the season was far advanced for rains. The tracts of the country where work was to be done were in many places under water. But since after the rains the work is progressing satisfactorily, and I expect to utilize the establishment and the allotment made for the current year to the best advantage possible.

IV.—Last year, after taking charge of the sub-division, I came to learn, after one or two meetings, that the majority of the members were almost do-nothing men, and I took measures for securing more efficient hands. Since then I have got Mr. Stevens of Singhessur factory and Baboo Surjomony Jhah, an English-knowing pleader and a respectable inhabitant of this quarter as additional members, and I think they are in acquisition to our committee.

V.—Few of the zemindars and well-to-do people of this part evince a feeling of interest in this matter, but I hope to bring them round. As this is a work in which their own interest is concerned, when they are only made to look upon the subject in that light, there is every hope of their taking some interest in the matter. I sounded the feelings of the people in general on the subject, and they seem gradually to appreciate the benefit they are to derive from the road cess committee. From what has already been done in the way of improving the village roads and communications, they understand at least thus far that they can sell off their produce with comparative ease. In fact, the traffic has been perceptably increasing even in the interior of the sub-division owing to the improvement of the village roads.

The Road Cess Sub-overseer, Shama Churn Mookerjee, though he joined his work for a short time, promises to be an efficient hand in the discharge of his executive duty.

W. CONNAN, C.E., *Vice-Chairman.*

No. 343PW, dated Purneah, the 13th November 1878.

From—J. A. HOPKINS, Esq., C.S., Chairman, District Road Cess Committee,
To—The Commissioner of the Bhagulpore Division.

I HAVE the honor to submit the district road fund report for the past cess year 1877-78.

2. The following tables show the constitution of the committee and the attendance of members at each meeting:—

CONSTITUTION OF THE DISTRICT COMMITTEE.

TABLE I.

Arrareah	2	9	4	5	1	4	25	.....	3	.....	3	1	1

3. *Changes in the Committee.*—Several changes took place in the *personnel* of the Committee during the year under review. Mr. W. Kemble was Chairman till the beginning of March last, and was succeeded by me. Mr. E. M. Money, C.S., was Vice-Chairman till the end of December last, and was succeeded by Mr. A. W. Mackie, C.S., and who in turn was succeeded by Mr. B. L. Gupta, C S. There was no Vice-Chairman from April to June 1878, and the functions of the Vice-Chairman during that period were exercised by the Chairman.

4. *Committee's Office.*—The arrangements reported in paragraph 17 of your last year's report remained in force. The accommodation is not sufficient, and the Committee have therefore decided to build an office of their own, for which they have allotted Rs. 7,000 in the current year's budget estimate. The work will be finished by the end of September next.

5. *Special Meetings.*—No special meetings were held during the year under review.

6. *Notice of Meetings.*—The provisions of section 57, in connection with the notice of ten days, are invariably observed.

7. *Quorum.*—There was only one meeting, in which there was no quorum, in the Arrareah Branch Committee and the subsequent meeting was held with three members under section 59 of the Act.

8. *Interest taken by Members in the transaction of Committee's business.*—The gentlemen mentioned in paragraph 15 of the last year's report rendered excellent service, with the exception of Baboo Hem Chunder Roy, Rai Bahadoor, who did not attend a single meeting owing to ill-health. This year Baboo Bishen Chand has promised to supervise the construction of three roads on the western part of the district, and I have advanced him Rs. 600. for the purpose. The following gentlemen, who bear no connection with the Committee, have volunteered to undertake the supervision of village roads in their neighbourhood :—

Mr. W. Cumming, of Monihary factory. | Mr. R. C. Walker, of Bhowarah factory.
„ C. J. Shillingford, of Kirpore „ | „ R. S. Glass, Kalladearah „
Mr. G. W. Shillingford, of Sirsee factory.

9. *Minute book.*—The minute book kept under section 61 of the Act was not inspected by any person other than a member of the Committee.

10. *Committee Meetings, and transaction of business.*—During the year under review five general meetings were held, and the following business was transacted:—

(*a*) The declaration of the rates of several cesses leviable under the District Road Cess Act.

(*b*) The passing of the annual accounts of receipts and expenditure for the cess year 1876-77.

(*c*) Dealing with applications from the District Engineer for additional grants for various works in excess of the sums allotted.

(*d*) The preparation and passing of the budget estimates for the cess year 1878-79.

11. *Sub-Committee.*—The Sub-Committee's report, with a copy of the annual accounts of receipt and expenditure for the past cess year 1877-78, is herewith submitted. As the Sub-Committee have analysed the figures under each head of receipts and expenditure, I don't wish to make further remarks.

12. *Attendance of Members.*—The attendance of members has not been satisfactory. The supervision of works is thought by them to be the most essential part of their duties. As the period of service of most of the members has already expired, I shall submit a fresh list and strike off the names of those members who do not think it worth their while to attend meetings.

13. *The working of the Road Cess Act, and the feelings of the people.*—The punctuality with which the cesses under the Road Cess Act are paid in evidently shows that the system has worked satisfactorily. The people clearly appreciate the benefits derivable from the Road Cess Act. This is due to the opening out of several communications throughout the district through the head-men of villages. Numerous applications pour in day by day from the villagers, soliciting that roads must be made in their neighbourhood. These calls are attended to as far as funds permit. The cess on houses is considered by the people to be very oppressive, and everyone endeavours to get rid of it. As a very trifling sum is derived from this source of revenue, I am of opinion that the cess should not be collected. The income of the Committee will not be greatly affected by the abolition. Mr. Rattray writes: "The members of the Committee take an intelligent interest in the work, and the advantages of the road cess are fully appreciated."

14. *Working of the District and Branch Committees.*—The Sudder and the Arrareah Branch Committees have worked satisfactorily. The Kissengunge Branch Committee have not worked so satisfactorily as the Arrareah Branch Committee. Both the Chairman, Baboo Hurry Nath Chatterjee, who is now dead, and Mr. Rattray, now transferred to settlement works, thought that the only duties of the Branch Committee are to work off the allotment placed by the District Committee at its disposal.

15. *Branch Committees.*—There are two Branch Committees in the district,—one at Kissengunge, and the other at Arrareah, under section 76 of the Act. They are subordinate to the District Road Committee, and send up annually estimates with suggestions to the extent of the sum placed at their disposal. There was no additional member of the District Committee chosen from them under section 77. I am of the same opinion with Mr. Kemble, that they should not be vested with full powers under section 79 at present. The time has not yet come.

16. The annexed tabular statements show the constitution and attendance of members at Branch Committees.

17. *Appointment and removal of Officers by the Committee.*—No persons possessing the college certificate were rejected by the Committee during the year under review. No servant of the Committee, whose nomination has been approved by Government, was discharged or dismissed during the past cess year, 1877-78. Only two officers, Mr. W. J. Dukes and Ubrar Hossein, in the executive establishment resigned their posts.

18. *Members or Officers concerned in contract.*—The members or the servants of the Committee were not interested in any contract.

19. *Statement of roads.*—No supplementary statement of roads was submitted during the year under review.

20. *Estimate of income and expenditure.*—The Executive Engineer of the Public Works Department was not present when the budget estimate for the current cess year 1878-79 was prepared. He attended only two meetings, and was absent in three, though timely notice about the convening of meetings was given to him.

21. *Additions to and alterations in the budget-estimate.*—The annexed table shows the additions to and alterations in the budget estimate for the past cess year 1877-78.

22. *Annual account.*—The annual accounts were carefully scrutinized by the Vice-Chairman with three members. I beg to refer you to paragraph 11 of this report.

23. As previous reports contained full description of all the district roads, I do not think it necessary again to reproduce them.

24. *Village roads.*—Rs. 4,123-5 was expended in the last year from village road grant on village roads as shown below :—

		Rs.	A.	P.
Village roads, sudder sub-division	... ...	1,931	7	0
Ditto, Kissengunge	... ...	1,189	13	3
Ditto, Arrareah, including bridges	... ...	608	12	8
Three district roads repaired from village road grant	...	393	4	0
Total	...	4,123	5	0

The statement No. 6, Part II, shows in detail the names of village roads repaired and constructed. I do not wish to reproduce them here. The work on them was executed by well-to-do ryots and indigo planters as usual, and the work has been satisfactorily done.

25. *Way of doing work.*—This year the Committee let out the works on district roads in regular contracts, taking 10 per cent. security deposit. Work is done by daily labour by the indigo planters and villagers on village roads.

26. *Inspection of district works by the Superintending Engineer or Executive Engineer.*—Road No. 5, Purneah City to Bussuntpore, was inspected by the Executive Engineer, Ganges and Darjeeling Road Division and road No. 3, section 3, Dengrah Ghât, to Bhopla Tazpore was inspected by the Superintending Engineer, who informed me the work was satisfactorily done.

27. The rules issued by the Examiner of Public Works Accounts, Bengal, for guidance of District Engineers as regards accounts have been carried out in their entirely. Mr. Moore's inspection report, dated 19th June 1878, forwarded to you with Examiner's No. 501, dated 26th idem, supports the fact.

28. Working of the different establishments. Baboo Addy Churn Roy is the Committee's head clerk and accountant, and has given great satisfaction to all who have to do with him.

29. Baboo Peary Mohun Ghose is the head clerk on the collection of revenue, and I have found him a steady, reliable officer.

30. *Engineering establishment.*—Mr. W. Fernie was District Engineer, and has resigned his appointment. It is therefore unnecessary to say anything with reference to him. His work, as far as it went, was satisfactory.

Accountant.—Baboo Mohindro Nath Chatterjee has during the year done good service in keeping his department of work well in hand. He has given satisfaction to his immediate superior, the District Engineer.

Overseers.—These officers are chiefly Bengalees. They do not move about enough for at least four months in the year; they suffer so much from fever that no reliance can be placed in them from day to day. The Overseer, Hurry Nath Sein, did good work in the road No. 3, section 3, from Dengrah to Bhopla Tazpore. The Sub-Overseer, Prosunno Coomar Bose, also worked well.

Special Report on the expenditure of Rs. 20,000 contributed by Government for completion of the Southern Emigration Road.

Rupees 20,000 contributed by Government for the completion of the Southern Emigration Road was allotted for the construction of bridges, as shown below—

Rs. 5,800 on road No. 1, Section 1, Bunbhag to Keotgama.
„ 7,817 „ „ 3, „ 3, Dengrah Ghât to Bhopla Tazpore.
„ 6,383 „ „ 4, „ 2, Kissengunge to Bhuddesri Ghât.

In July last the work on the first road was let out by me in contract. Owing to the violent outbreak of cholera, Mr. Fernie, the then District Engineer, could not do anything on it from January to June last. The existing five timber bridges with bamboo superstructures were dismantled and piles sunk in them. The work progressed so far up to the 30th of September last. Three out of five named above has now been finished, and the remaining two will be finished by the end of January next. The expenditure up to the end of 30th November 1878 amounted to Rs. 3,025.

Rupees 7,817 allotted to the second road from the Government contribution, Rs. 20,000, has all been expended in constructing five masonry culverts and eight timber bridges. The total expenditure on this section of road No. 3 up to the 30th of September 1878 amounted to Rs. 12,000. Of this sum Rs. 7,817 was from Government contribution, and the balance, Rs. 4,183, from the budget allotments of the past cess year 1877-78.

Rupees 5,755 out of Rs. 6,383 allotted for theconstruction of bridges on the third road from the Government contribution, Rs. 20,000, was expended up to the 30th of September 1878 in constructing seven wooden bridges, four of which have been completely finished. The balance, Rs. 628, will be required in completing the three unfinished bridges. The work remaining to be done on them is pointing and putting up hand-rails.

J. A. HOPKINS,
Chairman, District Road Cess Committee.

REPORT ON DISTRICT ROADS.

Road No. 1, *Keatgama to Tarapore*, 65 *miles*.—Section I, Purneah to Keatgama.—Five dilapidated timber bridges were dismantled and partially re-erected; 15 miles of surface repairs were done up to Sirsee. The timber bridges will be completed and a fair-weather road made for the remaining 22 miles of this section during the current year. The whole expenditure for this road, Rs. 5,800,* is a portion of the Rs. 20,000 contributed by Government for completion of Southern Emigration Road, of which Rs. 3,025* has been already expended. Section II, Manusmara to Tarapore.—Three masonry culverts and a timber bridge were constructed; two other timber bridges will be made this year, and the road put in order.

* *See* special report.

Road No. 2, *Nathpore to Etwari*, 91 *miles*.—There was no allotment in the budget estimate. Work† amounting to Rs. 1,358 was executed out of the Government grant of Rs. 9,070; the balance, it is expected, will be expended this year, and the road made passable throughout.

† One to fourteenth mile. Repairs to existing embankment, 10 miles; side drains, 4 miles. More than half of the road has been finished in the current year though no payment made.

Road No. 3, *Patherdewa to Tazpore*, 76 *miles*.—Section I, Patherdewa to Bussuntpore. Road open to traffic throughout. Five timber bridges were constructed; will only be surface repaired during current year. Section II, Bussuntpore to Dingrah Ghât. No expenditure last year. A very large breach, about five miles, from Dingrah, caused by overflow of the Mahanuddy, will be repaired and the road kept passable; there is very little traffic upon it. Section III, Dingrah Ghât to Bhopla Tazpore. Five masonry culverts and eight timber bridges were built last year. Rs. 7,817,‡ part of Government contribution of Rs. 20,000, was expended. This section is the most important one on this road, and with the large allotment made for the current year it is expected to be completed.

‡ *See* special report.

Road No. 4, *Toolsea to Bhuddesri Ghât*, 38 *miles*.—Section I, Toolsea to Kissengunge.—Only surface repairs done, although a large allotment is made in budget but half of necessary openings can be made this year. The late floods breached the embankment in

several places. Section II, Kissengunge to Bhuddesri Ghât.—This is an important section. Seven* wooden bridges were constructed, and with surface repairs cost Rs. 5,754† on bridges About the same amount will suffice to complete it this season, with the exception of two large nullahs, which it is proposed to bridge at a further cost of Rs. 7,500 when funds are available.

* Four finished, three unfinished.

† See special report.

Road No. 5, *Purneah City to Bussuntpore*, 24 *miles.*—One masonry culvert and one timber bridge built last year. This road is in very fair order, but requires some flood-openings north and south of Kusbah which will probably be done this year. An inspection bungalow will also be built.

Road No. 6 *Barsoe to Raneegunge Naka*, 24 *miles.*—Road and bridges kept in repair, and the same will be done in the current year.

Road No. 7, *Bussuntpore to Raneegunge thana*, 15 *miles.*—Surface repairs were done throughout, and two miles raised above flood level. Bridge 70 feet long over Sowra nullah built. This year about half the estimated cost of replacing dilapidated timber bridges and bridging breaches caused by last floods will be expended The road is otherwise in very fair order.

Road No. 9, *Bahadoorgunge to Jeermah Factory*, 19 *miles.*—No work done last year; surface repairs only to be done during current year.

Road No. 10, *Purneah to Nathpore*, 50 *miles.*—Twenty miles of this road were put in good repair, and one masonry culvert built. Rs. 5,300 is allotted and will be expended in timber bridges, and Rs. 1,809 in surface repairs.

Road No. 11, *Purneah to Dhamdaha*, 16 *miles.*—Five masonry culverts were built, and first ten miles of the road repaired. Timber bridges will be built and road kept in repair.

Road No. 12, *Purneah to Muddon Chuk*, 27 *miles.*—Half this road was repaired and eight masonry culverts built. It is proposed to build two masonry culverts and surface repairs only this year.

Road No. 13, *Manusmara to Sahebgunge*, 40 *miles.*—General repairs to the whole road, and one wooden bridge partly built; this will be finished and repairs to road done and an inspection bungalow built.

Road No. 14, *Purneah to Sowraguddie*, 27 *miles.*—Half the road surface repaired and the remainder will be done this year and an inspection bungalow built.

Road No. 15, *Moosapore to Masuriah*, 20 *miles.*—Surface repaired for 18 miles. One timber bridge built; two others will be built this year and the road repairs finished.

Road No. 16, *Korah to Nowabgunge*, 15 *miles.*—Road surface repaired and two masonry culverts built; one timber bridge over the Pooshtea Dhar, and surface repairs only this year.

Road No. 17, *Korah to Saifgunge*, 11 *miles.*—This road was repaired and three masonry culverts built; only general repairs for current year.

Road No. 18, *Quoaree to Sohoria*, 25 *miles.*—Only surface repairs done. One timber bridge will be built and general surface repairs.

Road No. 19, *Bakraha to Ranigunge*, 21 *miles.*—Nineteen miles completed last year; the remainder will be finished this year.

Road No. 20, *Poothea to Luchmipore*, 8 *miles.*—Repaired from village road grant; this year will be surface repaired.

Road No. 21, *Saifgunge to Lawa*, 15 *miles.*—Surface repairs on three miles, and two timber bridges partly built; these will be finished and two others built, with surface repairs to road this year.

Road No. 22, *Luchmipore to Kodarcutta*, 9 *miles.*—Repaired from village road grant; this year will be surface repaired.

Road No. 23, *Hurdah to Dewangunge*, 5 *miles*.—Repaired from village road grant; will be kept in repair.

Road No. 24, *Saifgunge to Mohendropore*, 13 *miles*.—The first nine miles was finished last year, the remaining four will be taken in hand.

Road No. 25, *Chaklah to Quoaree*, 12 *miles.*—Surface repairs only this year, the same.

Road No. 26, *Kissengunge to Titalya*, 39 *miles.*—Two-thirds surface repaired last year; will be finished this year and an inspection bungalow built.

Road No. 27, *Ilenabaree to Kaliagunge*, 9 *miles.*—Surface repairs and one timber bridge repaired last year. Surface repairs and timber bridges, aggregating 120 lineal feet, will be built during current year.

Road No. 28, *Atmari to Titalya*, 13 *miles.*—Three wooden bridges partially built only; these will be finished and road surface repaired.

Road No. 30, *Powakhalli to Kooli*, 20 *miles.*—Surface repairs only done last year, and the same will be done this year.

Road No. 31, *Belgatchi to Koomri*, 15 *miles.*—First eight miles finished last year; the remainder will be taken in hand this year.

Road No. 34, *Jellalghur to Arrareah*, 16 *miles.*—Surface and bridge repairs only; same will be done this year.

Road No. 35, *Arrareah to Koorsacutta*, 19 *miles.*—One-third finished last year; surface repairs only to be taken in hand.

Road No 36, *Arrareah to Sikhtee*, 20 *miles.*—Eight miles repaired last year; the remainder to be repaired this year.

Road No. 37, *Arrareah to Matiary*, 20 *miles.*—To be kept in surface repair only, as during last year.

Road No. 88, *Rewtarah to Hosseingunge*, 4 *miles*.—To be kept in surface repairs only, as during last year.

RICHARD LONGLANDS, C.E.,
District Engineer.

Dated Purneah, the 11th November 1878.

From—B. L. GUPTA, Esq., C.S., Vice-Chairman, and others,
To—The Chairman, District Road Cess Committee, Purneah.

WE, the Sub-Committee appointed to examine the accounts of the District Road Fund for the year 1877-78, beg to lay our report before the District Road Cess Committee.

2. We have carefully scrutinized the cash book and compared it with the treasury pass-book and vouchers, and found it to be correctly kept. The balance shown in the annual account exactly tallies with that in the treasury pass-book.

3. The annual accounts were compared with the four quarterly returns submitted to the Examiner of Public Works Accounts, Bengal, and the Commissioner of the Bhagulpore Division, and were found to be correct.

4. We beg to note below the points calling for special remarks.

The imprest cash in the hands of the District Engineer and the Collector's nazir was shown in the cash book in the treasury column instead of in the cash column from October 1877 to May 1878, and in subsequent months it has been shown in the proper column.

Cess on lands.—We notice that Rs. 434-8-7 was collected in excess of the amount estimated for in the budget estimate. This is accounted for by the advance collections.

House cess.—Rupees 1,601 was estimated for in the budget estimate Rs. 1,076-2 has only been realized. The difference is due to the suspension of the cess—*vide* Board's circular order No. 266 A., dated 23rd April 1878.

Fines.—Rupees 100 was estimated to be the income of the year under this head, but only eight annas has been collected. The difference is due to the punctuality with which the cesses under the Road Cess Act have been paid in, and there was no necessity to impose any fines.

Other cesses.—Rupees 145 was estimated for in the budget estimate. Rs. 87-8-5 has only been collected. The outstanding balance will be realized in the next kist.

Ferry tolls.—Rupees 10 is the arrear collection of the Caragolah ferry. Grant-in-aid Rs. 9,070 granted by Government for the Northern Emigration Road.

Sale of produce and stores.—The increase of Rs. 415-5-6 over and above the estimated sum is due to the sale of large quantities of the Committee's unserviceable timbers and kodalies.

Miscellaneous—Rupees 20,000 granted by Government for the completion of the Southern Emigration Road has been shown under this head (*vide* Examiner's No. 103D, of 28th January 1878), hence so large an amount has been exhibited under this head of income.

Establishment.—There has been an excess expenditure of Rs. 154-14-5 under this head. This is due to the payment of September's salaries of the establishment on collection of revenue and Committees' control in September instead of in October, on account of the Doorga Poojah holidays intervening the pay day.

Original works.—Rupees 59,156-6-6 was provided for in the budget estimate for works under this head, inclusive of Famine Reserve Fund. Deducting, therefore, the amount, Rs. 2,772-5-9, kept in famine reserve from the sum, the actual amount, Rs. 56,384-0-9, is arrived at. To this add Rs. 20,000 contributed by Government for completion of the Southern Emigration Road. The total amount available for expenditure on works under this head was Rs. 76,384-0-9. Rupees 44,952-9-9 has only been expended. The difference is due to the failure of three contractors and to the stoppage of work for three months by the District Engineer, as directed in the Superintending Engineer's letter No. 109C, dated 23rd March 1878, received with Commissioner's No. 674P.W., dated 28th idem, and to the payment of some of the bills in October, which should have been submitted by the District Engineer for payment on an early date in September 1878.

Repairs.—Rupees 15,735-1-5 less than the amount estimated for has been expended. This is due to the failure of three contracters and to the stoppage of work for more than three months by the virulent outbreak of cholera in the working season of the last year.

Working Establishment.—There has been a saving of Rs. 710-4-10 under this head.

Tools and Plant.—There has been a saving of Rs. 86-15-6 under this head.

No. 54P.W., dated Kissengunge, the 17th October 1878.

From—H. RATTRAY, Esq., Chairman, Branch Road Cess Committee, Kissengunge,
To—The Chairman, Road Cess Committee, Purneah.

I BEG to submit the annual report and returns.

The money received, Rs. 1,500, was allotted by the Branch Committee for the repair and construction of roads and bridges shewn in statement III. Rs. 150 had also been sanctioned for two roads from Tarabari to Ilwakhowa and from Khamdah to Chaingunge; but owing to the unusually heavy rains, the country being under water, the contractor was unable to proceed with the work, and for the same reason the Topamary—Santha road was only partially

completed; two-thirds of the allotment was spent. There was thus a balance in hand at the end of the year of Rs. 310-2-3. In addition to my allotment made this year, I beg that the closing balance may also be replaced at the disposal of the committee. I joined the sub-division in January. All that had to be done there was to supervise the work of the contractors, as the allotment had already been made. The works taken in hand and completed have been satisfactorily reported upon by the overseer. Two meetings were held during the year to take into consideration and pass the contractors' accounts, as reported on by the overseer. The members of the committee take an intelligent interest in the work, and the advantages of the road cess are fully appreciated.

TABLE III.

Shewing the amount expended during the year 1877-78.

H. RATTRAY,
Deputy Magistrate.

No. 72P.W., dated Camp Genra, the 30th November 1878.

From—BABOO WOOMA CHARAN BOSE, Deputy Magistrate, and Chairman, Branch Road Cess Committee, Arrareah,

To—The Chairman, District Road Cess Committee, Purneah.

WITH reference to your memorandum No. 314P.W. of the 8th instant, I have the honor herewith to submit the revised local improvement report of this sub-division for the cess year 1877-78.

2. The following gentlemen served as members of the Branch Road Cess Committee during the year under review :—

Ex-officio Members.

1.—Sub-Divisional Officer.
2.—Moulvi Nazimuddin Ahmed, Sub-Deputy Collector (official member, and not *ex-officio* member).

Non-official.

1.—Mr. A. J. Forbes, Zemindar, Sultanpur.
2.—Mir Wazid Ali, Zemindar, Dehti.
3.—Baboo Tofa Lall Chowdhry, Zemindar, Balwa.
4.—Shaikh Mordan Ali, Jeith Ryot, Chelhama.
5.—Baboo Kashi Ram, Putnidar, Mirzapore.
6.—Shaikh Azizar Rahman, Putnidar, Chanderdai.
7.—Mouj Ali, Putnidar, Gyari.
8.—Mir Kassim Ali, Milikdar, Bassantpur.
9.—Baboo Ganga Persad Sahu, Putnidar, Sikti.

3. The following changes occurred in the Committee :—Baboo Thirthanand Thakur's term of service having expired, and it appearing that he neither attended the meetings of the Committee nor took any interest in road cess matters, his name was removed from the list of members, and Moulvi Nazimuddin Ahmed, Sub-Deputy Collector, was appointed in his place. Mir Wazid Ali, member, died in July last; he attended only one meeting.

4. The annexed statement A, in the form prescribed in appendix II of the Government Resolution No. 1286, of 13th March 1876, shows all the particulars required about the attendance of the members.

5. Statements B and C, regarding the construction and attendance of the Branch Road Cess Committee, prescribed in your letter No. 265P.W., of 24th January last, are also submitted.

6. There were five meetings called during the year. The sub-divisional officer presided at all of them. One of the meetings was, however, not held, as there was no quorum. All the members were 10 days previously informed of the business to be transacted at each meeting. Mr. Forbes and Baboo Kashi Ram did not attend any meeting, but the former gentleman evinces great interest in road cess matters; he took up the construction and repairs of all roads in thana Matiaree, and has had them executed very fairly. Moulvi Nazimuddin and Mir Kassim Ali attended three meetings, while the others attended either one or two meetings, as will be found in statement B:—

7. The following subjects engaged, the attention of the Branch Committee—

(*a*)—To consider which of the village roads required repairs.

(*b*)—To distribute village road allotments.

(*c*)—To pass the accounts.

(*d*)—To take into consideration the several orders and rulings issued by Government for the furtherance of the objects of the Committee.

8. There was an allotment of Rs. 1,500 sanctioned for village roads of this sub-division, and the whole amount was advanced. Works to the amount of Rs. 1,650-5-1 were, however, executed, the extra expenditure of Rs. 150-5-1 being incurred by Mr. Forbes

9 Of Rs. 1,500 advanced during the present year, Rs. 613-12-3 have been adjusted in the District Committee's office. These works have therefore been shewn as completed. The balance, Rs. 886-3-9, is shewn as unadjusted, but the works in which the amount has been laid out is shewn in the annexed statement D.

10. During the current year we took up the construction of two new roads, one a short one about half a mile in length joining district road No. 5 to the Bassantpur village road opposite the post-office: this road passes on high ground. The other was a road from Bassantpur to Rampur, which leads on to Madanpur and on to Palasi outpost. We took up only three miles this year. Nearly three-fourths of the road has been done, but I regret to state that owing to the unusually high flood of this year, this road has been much damaged. The other works consisted chiefly of repairs and construction of two bridges in the Matiaree Thana. These latter have been well constructed under the supervision of Mr. Forbes.

11. I have already stated that Mr. Forbes takes much interest in road works. To this I may add the name of Shaikh Azizar, Rahman of Chanderdai. The repairs of the station road and planting of trees in the station were done under my supervision; the rest of the work was given out on contracts. This system will not be carried out this year, but the work will be done through village communities in the manner laid down in Government circular No. 32, dated 27th September 1873, a copy of which was received with your No. 172P.W., of 26th July last, after arrangements had been made out for the works of the year under review.

12. Care has been taken to show in the present revised return D the expenditure on each road under the sub-heads of earthwork and bridges, as laid down in clause 2, paragraph 2 of the Government resolution No. 944A, of 13th September 1878.

13. The working of the Road Cess Act not being entrusted to this sub-division, I am unable to offer any remarks on its working. At times the sub-divisional officer, under instructions from the sudder office, collects the house cess, and this has been paid up regularly. While on this subject I would beg to be allowed to state that this cess on houses does not find favour with the people; a few have stated to me that while they appreciate the tax on their lands, as the amount is eventually expended on improvement of roads and communications, they do not see why there should be any cess on houses, for nothing is expended by Government on the repairs of them.

14. The people certainly appreciate the system, and whenever any road work is carried on in their vicinity, they seem contented. During my present tour I have received applications from almost every village I have yet visited for the repairs of their roads. Endeavour will be made to meet their wishes as far as possible with the limited funds at our disposal.

15. The working of the committee is entirely under its hands. At the first meeting the allotment is distributed and arrangements made for carrying on the work, and then the supervision rests with such of the members as express their willingness to do so with the Chairman. The road cess overseer attached to this sub-division measures all the work done, and the charges are then adjusted. Neither the District Engineer nor the Executive Engineer, Public Work Department have as yet been invited to attend any of the meetings, but care will be now taken to give notice of each meeting to be held to the Executive Engineer of the Public Works Department, as laid down in the Commissioner's resolution No. 501P.W. of 21st October, received with your memorandum No. 314P.W. of 8th instant.

16. The meetings of the Committee are regularly held once in every quarter.

17. Mir Wazid Ali, member, having died, and Moulvi Nazimuddin Ahmed, Sub-Deputy Collector, having been transferred to the Sonthal Pergunnahs, I would recommend the appointment of Mr. F. Bowers, indigo planter, Bhargawn, and Zahuri Dioun, a respectable resident and cultivator in Raneegunge as members of the Committee; these gentlemen will represent the wants of the Raneegunge thana. At present we have none to represent that thana. I would also recommend the nomination of Baboo Kulanund Thakur, a resident zemindar of Balwa, in thana Arrareah, as a member.

D.

B. L. GUPTA,
Vice-Chairman.

Dated Purneah, the 11th November 1878.

From—The Members of the District Road Cess Sub-Committee, Purneah,
To—The Chairman of the District Road Cess Committee, Purneah.

WE, the Sub-Committee appointed to examine the accounts of the District Road Fund for the year 1877-78, beg to lay our report before the District Road Cess Committee.

2. We have carefully scrutinized the cash-book and compared it with the treasury pass book and vouchers, and found them to be correctly kept up. The balance shown in the annual accounts exactly tallies with that in the treasury pass book.

3. The annual accounts were compared with the four quarterly returns submitted to the Examiner of Public Works Accounts, Bengal, and the Commissioner of the Bhagulpore Division, and were found to be correct.

4. We beg to note below the points calling for special remarks:—

The imprest cash in the hands of the District Engineer and the Collector's nazir was shewn in the cash-book in the treasury column instead of in the cash column from October 1877 to May 1878, and in subsequent months it has been shown in the proper column.

Cess on lands.—We notice that Rs. 434-8-7 was collected in excess of the amount estimated for in the budget estimate. This is accounted for by the advance collections.

House cess.—Rs. 1,601 was estimated for in the budget estimate; Rs. 1,076-2 has only been realized, and the difference is due to the suspension of the cess,—*vide* Board's circular order No. 266A, dated 23rd April 1878.

Fines.—Rs. 100 was estimated to be the income of the year under this head, but only annas eight has been collected. The difference is due to the punctuality with which the cesses under the Road Cess Act have been paid in; there was no necessity to impose any fines.

Other cesses.—Rs. 145 was estimated for in the budget estimate; Rs. 87-8-5 has only been collected. The outstanding balance will be realized in the next kist.

Ferry tolls.—Rs. 10 is the arrear collection of the Caragolah ferry.

Grant-in-aid.—Rs. 9,070 was granted by Government for the Northern Emigration Road.

Sales of produce and stores.—The increase of Rs. 415-5-6 over and above the estimated sum is due to the sale of large quantities of the Committee's unserviceable timbers and kodalies.

Miscellaneous.—Rs. 20,000 granted by Government for the completion of the Southern Emigration Road has been shown under this head,—*vide* Examiner's No. 103D, dated 28th January 1878. Hence so large an amount has been exhibited under this head of income.

Establishment.—There has been an excess expenditure of Rs. 154-14-5 under this head. This is due to the payment of September's salaries of the establishment on collection of revenue and Committee's control in September instead of in October, on account of the Doorgah-poojah holidays intervening the pay-day.

Original works.—Rs. 59,156-6-6 was provided for in the budget estimate for works under this head, inclusive of Famine Reserve Fund. Deducting, therefore, the amount, Rs. 2,772-5-9, kept in famine reserve from the above sum, the actual amount, Rs. 56,384-0-9 is arrived at. To this add Rs. 20,000 contributed by Government for completion of the Southern Emigration Road. The total amount available for expenditure on works under this head was Rs. 76,384-0-9. Rs. 44,952-9-9 has only been expended. The difference is due to the failure of three contractors and to the stoppage of work for three months by the District Engineer, as directed in the Superintending Engineer's letter No. 109C, dated 23rd March 1878, received with the Commissioner's No. 674P.W., dated 28th March 1878, and to the payment of some of the bills in October, which should have been submitted by the District Engineer for payment on an early date in September 1878.

Repairs.—Rs. 15,735-1-5 less than the amount estimated for has been expended. This is due to the failure of three contractors and to the stoppage of work for more than three months by the virulent outbreak of cholera in the working season of the last year.

Working establishment.—There has been a saving of Rs. 710-4-10 under this head.

Tools and plant.—There has been a saving of Rs. 86-15-6 under this head.

No. 67, dated Maldah, the 4th December 1878.

From— E. H. RUDDOCK, Esq., Chairman, District Road Committee, Maldah,
To—The Commissioner of the Bhagulpore Division.

WITH reference to your No. 563PW., dated 25th November last, I have the honor to submit herewith the annual accounts and administration report of road cess operations carried on in this district during the cess year 1877-78.

2. *Committee.*—There have been considerable changes in the committee during the year under report. Mr. F. W. J. Rees left the district on the 16th April 1878, and was succeeded by Mr. J. Kelleher, who after a short stay of about a month and a half was again relieved by Mr. R. Porch. I took over charge from the latter officer in the middle of September last. Thus it will be seen that I have been in charge of the district, so far as the road cess operations are concerned, for the very short period of half a month only. Baboo Bhoobuneshwar Sing was Vice-Chairman up to April 1878. On his transfer from this district Baboo Mohendro Nath Huzra, Assistant Superintendent of Police, in charge, was elected in his place. The room of the Senior Covenanted Assistant or Deputy Collector under the Magistrate and Collector, as ex-officio member of the committee, had been vacant for a long time, until it was filled up by the Senior Deputy Magistrate and Deputy Collector, Baboo Nobin Kristo Sircar. Mr. J. Fennessy, Executive Engineer of the district, is an ex-officio member of the committee.

3. I am sorry to report that some inconvenience was felt in carrying on the district works in the beginning of the year, owing to the resignation of the late District Engineer, Mr. Mayer, in August 1877, and the delay in joining his appointment by his successor, the present District Engineer, Baboo Mohendro Nath Banerjee, late Supervisor, Public Works Department, attached to the Bhagulpore Division.

4. The committee, as it stood on the 30th of September last, consisted of the following members, their designation and dates of appointment and withdrawal being shown in the tabular form below :—

Name of Members.	Designation.	Date of appointment.	Date of re-appointment.	REMARKS.
1. Magistrate and Collector	Chairman	September 1874.		
2. Senior Covenanted Assistant or Deputy Collector...	Deputy Magistrate and Deputy Collector			
3. Executive Engineer	Ex-officio Member			
4. Baboo Mohendro Nath Hazra ...	Assistant Superintendent of Police, Vice-Chairman	July 1878.		
5. „ Bhobuneshwar Sing ...	Deputy Magistrate and Deputy Collector, Vice-Chairman ...	June 1876	.....	Withdrawn from the committee.
6. „ Dhurma Narain Dass ...	Zemindar	July „		
7. Mr. G. Rice	Indigo planter			
8. Gossain Mohendro Gir	Zemindar	July „		
9. Mr. L. Guy	Manager, Silk Factory.			
10. „ H. R. Reilly	Manager, Chanchal Ward's estate...			
11. Baboo Krito Mohon Satiar ...	Merchant	May 1877.		
12. „ Puddo Lochun Shaw ...	„			
13. Mr. A. H. James	District Superintendent of Police ...			
14. „ B. Rattray	Ditto ditto ...	April 1878.	.....	Withdrawn from the committee.
15. „ R. Davis	Indigo planter	January 1878		
16. „ J. Hennessy...	Ditto			
17. Baboo Rajonee Kanto Dass ...	Zemindar	May 1877.		
18. Johander Khan	Ditto			
19. Baboo Domeen Chunder Chowdry	Ditto			
20. „ Lokenath Roy	Ditto			
21. „ Mohendro Nath Banerjees	District Engineer	January 1878	.....	Withdrawn from the committee.
22. „ Kristo Lall Chowdry ...	Zemindar	July „		

5. There were seven meetings held during the year for transacting business, and all were presided over by the Chairman. The usual notice as required by law was given in every case and a quorum was always formed. A statement of the attendance of members at meetings as required by Government order No. 1286, dated the 13th March 1876, appended herewith.

6. Among the non-official members I am glad to report that Messrs. J. Hennessy and L. Guy always took warm interest in the business of the committee. Gossain Mohendro Gir, Baboo Dhurma Narain Das, Baboo Puddo Lochun Shaw and Baboo Kristo Lall Chowdry have been very regular in their attendance.

7. *Branch Committee.*—There is no branch committee in this district, but the establishment of one at Nawabgunge and another at Chanchal is considered to be very necessary for carrying on improvements on village roads.

8. *Budget Estimate and rate of Road Cess.*—The year under review opened with an available balance of Rs. 30,153. The demands for the year under report were as follows :—

	Rs.
From lands	25,942
„ houses	2,463
Miscellaneous	300
Total receipts as per budget estimate of the year ...	28,705
Add available balance as above	30,153
Grand total of estimated income for the year	58,858
The total estimated expenditure for the year as per budget estimate	58,858

9. On the presentation of the above estimate to the committee, held on 30th August 1877, the rate of road cess had to be determined at the maximum. This transaction was duly gazetted on the 25th October 1877.

10. *Inspection of Accounts.*—The accounts of actual income and expenditure for the year were examined by a sub-committee consisting of the Vice-Chairman and the members named below :—

Baboo Puddo Lochun Shaw,
„ Kristo Loll Chowdry,

and were passed.

The accounts for the year, submitted by the District Engineer and those of this office, were regularly examined by the sub-committee held on 13th February 1878, 16th and 23rd July 1878, 27th September 1878, 25th November 1878 respectively and passed.

11. The Deputy Examiner of Public Works Accounts inspected the Chairman's and the District Engineer's offices on the 25th and 26th of June 1878. I reproduce *verbatim* his remarks as to the general system in which the accounts were kept in both the offices above referred to. "The prescribed accounts and books are kept up and are in fair order."

12. During the year under review neither the Superintending nor the Executive Engineer inspected district road works, as required by Government order No. 1209, dated 8th March 1875, paragraph 39.

13. It has not been possible to do anything in the year under review towards carrying out the Government circular about planting fruit trees on the sides of the public roads, but the subject has not been forgotten, and I hope next year's report may show that the orders of Government have been thoroughly acted up to.

14. From what I have seen of the District Engineer, I have been favorably impressed with his intelligence and the evident interest he takes in his work. The Accountant, Baboo Durga Dass Mookerjee, has also given me satisfaction.

15. I beg to subjoin herewith in original the annual report submitted by the District Engineer on the road cess works of this district.

APPENDIX A.

Abstract of particulars regarding meeting of District Road Committee for the cess year 1877-78.

Commissionership.	District.	Number of members forming the Committee.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meeting. MALDAH, *The 10th November* 1878. E. H. RUDDOCK, *Chairman.*

No. 61, dated Maldah, the 4th December 1878.

From—BABOO M. N. BANERJEE, District Engineer, Maldah,
To—The Chairman, District Road Committee, Maldah.

I HAVE the honor to submit the following report on the administration of the road cess works, during the cess year 1877-78, as called for in your No. 21 of 29th October last.

2. Before entering into particulars of expenditure and progress of works executed during the year under review, which constitute the chief purport of my report, allow me to state as a preface the following for your consideration :—

1*st.*—I joined the district in the end of December last, *i.e.*, nearly three months after the close of the cess year;

2*nd.*—Of the subordinate establishment, as sanctioned in the budget, one sub-overseer was not appointed until the 4th of January 1878.

3*rd.*—The overseer who had been working in the district had to be dismissed * * * * His successor did not join until the 16th of March 1878. This man untortunately fell sick during June last, and remained absent on sick leave till the close of the cess year.

3. From the above it will be seen that I set forth in a late hour with paucity of hands to work in a district where both labour and materials are very scarce.

4. With the above preliminaries I beg to submit herewith the annual progress report of works for 1877-78, showing in detail both expenditure incurred and progress made on them.

ORIGINAL WORKS.

1. *Construction of a Serai at Maldah.*—Bricks very nearly to the required number, soorky and lime have been collected at spot. No active operation could be undertaken as the

question of site remained unsettled—*vide* Commissioner's No. 342PW, dated the 9th August 1878. As for progress refer to accompanying statement, clause 1, item 1.

2. *Constructing seven Boundary Pillars defining the limit of the Dâk Bungalow compound at Neemaserai.*—This work has been completed—*vide* progress statement, clause 1, item 2.

3. *Metalling one mile of Barogharea Road.*—About one-third the required number of bricks for soling and half the quantity of brick khoa have been collected, *vide* progress statement, clause 1, item 3.

Metalling one mile of English Bazar to Umirty Road.—Nearly half the required number of bricks for soling and more than one-third the quantity of brick khoa have been collected —*vide* progress statement, clause 1, item 4.

5. *Constructing a pucca drain at old Maldah.*—The estimate for this work could not be submitted from this office until the 15th of June 1878, owing to the delay in procuring mathematical instruments from Calcutta. It received sanction of the competent authorities very nearly at the close of the year: hence the work was not taken up in hand, but it is expected to be completed in the current year—*vide* progress statement, clause 1, item 5.

Repairs, Roads and Bridges.

6. *Rajmehal and Dinagepore Road.*—The whole length of the road received surface repairs. Special works were done in mile 58th and 59th for protecting the embankment from the encroachment of the river Mohanunda. The dâk bungalow at Neemaserai in mile 59th of this road, with the exception of painting, underwent thorough repairs. The pucca well at Gazole was cleared out and water which had been very obnoxious, rendered fit for drinking. The large timber bridge at Umirty which remained quite neglected of late, was thoroughly repaired, the platform and the approaches metalled, and the woodwork tarred; *vide* progress statement, clause 2, item 6.

7. *English Bazar to Neemaserai Road.*—Miles 60th and 61st, which were very much worn away, were raised in the centre with proper comber and cross roads constructed. The jungles which grew on the slopes and the branches of trees which overhung the road were cleared off. All the culverts repaired; *vide* progress statement, clause 2, item 7.

8. *Borogharea Road.*—This road received surface repairs only, and a small quantity of earthwork was executed here and there in filling up low places; *vide* progress statement, clause 2, item 8.

9. *English Bazar vid Rohunpore to Parbuttipore.*—This road was repaired so far as earthwork and surface dressing were deemed necessary for keeping it in working order, *vide* progress statement, clause 2, item 9.

10. *Godagaree to Dinagepore Road.*—This road, which is subject to considerable traffic, was not attended to so much as it deserved during the past year. Slight repairs were done during the year of report both to earthwork and to dressing the surface; *vide* progress statement, clause 3, item 10.

11. *Kalliachuck to Sustanitollah Road.*—This road was repaired by Messrs. H. D. Fergusson and J. B. Falls of Halleachuck concern, under the immediate orders of the Chairman; *vide* progress statement, clause 2, item 11.

12. *Sadoolapore to Simultollah Road.*—No work done as the overseer in charge was absent on sick leave; *vide* progress statement, clause 2, item 12.

13. *English Bazar to Dabeepore Road.*—Surface repairs, cutting drains and clearing jungles, with little earthwork here and there constituted the principal items of work on this road; *vide* progress statement, clause 2, item 13.

14. *Dabeepore to Hyatpore,*
15. *Hyatpore to Toolseegunge,*
16. *Toolseegunge to Sheik Station,*
17. *Barral to Samshee,*
18. *Mullipore to Hyatpore,*
19. *Toolseegunge to Kharbak,*
20. *Chanchal to Saroopgunge,*
21. *Kalegram to Muttrapore.*

These eight roads are directly under the supervision of the manager of the Chancal Court of Wards' Estate, with one sub-overseer under his orders; *vide* progress statement, clause 2, items 14 to 21.

22. *Gazole to Bamongolah.*—This is a fair-weather road and is submerged during the rains. Very slight repairs were executed on it during the year under report by the Police Department under Chairman's order; *vide* progress statement, clause 2, item 22.

23. *Gazole to Aloal Road.*—The whole length of this road was thoroughly repaired owing to the increased traffic on the line from the interior of the district; *vide* progress statement, clause 2, item 23.

24. *Nowabgunge to Jheelim Road.*—No work could be undertaken on this road as the estimate was sanctioned very late, when the rains had already set in; *vide* progress statement, clause 2, item 24.

25. *Rohanpore to Gomastapore Road.*—Necessary repairs for keeping it in working order done; *vide* progress statement, clause 2, item 25.

26. *Village Roads.*—Most of these roads were looked after by the gentlemen of indigo and silk concerns. The District Engineer only repaired the road from Moushachundi to Goeshpore; *vide* progress statement, clause 2, item 26.

27. *Court-house to Jail Road.*—The metalling on this road has been thoroughly renewed, and the flanks dressed and smoothed; *vide* progress statement, clause 2, item A.

MALDAH DISTRICT ROAD FUND.

Annual Progress Report of Works for the cess year 1877-78.

Serial number.	NAME OF WORKS.	Amount of sanctioned estimate.	Expenditure during the year 1877-78.	Budget allotment for 1877-78.	Budget allotment for 1878-79.	Progress of works during the year.	Proposal for 1878-79.
	ORIGINAL WORKS.—CLAUSE I.	Rs.	Rs. A. P.	Rs.	Rs.		
1	Constructing serai on the Neemaserai road.	3,906	1,707 12 0	4,000	2,345	Bricks very nearly to the required number and soorky and lime have been collected.	To determine proper site to complete the building.
2	Constructing seven boundary pillars defining the limit of the compound of the dák bungalow at Neemaserai, on the Rajmahal and Dinagepore road.	30	29 2 6	30	Nil	65 c. ft. excavation of foundation ... 73 „ pucca brickwork ... ... 84 supl. ft. soorky plaster ... ... 84 „ Portland cement plaster... No. 7 numbering letters and figures	Completed.
3	Metalling Boroshareea road. Estimate submitted for sanction.	31,601	2,170 12 3	7,000	5,420	58,000 bricks for soling ... ... 16,000 c. ft. brick khoa have been collected at roadside.	It is proposed to metal one mile and half of this road, commencing from the terminus of the Municipality.
4	English bazar to Dabeepore. Estimate submitted for sanction and *vide* remark in red against item No. 13.	35,491	1,153 0 9	5,600	6,220	80,000 bricks for soling ... ... 11,000 c. ft. brick khoa have been collected at roadside.	It is proposed to metal half of mile 3rd and whole of mile 4th.
5	Constructing a pucca drain at old Maldah on the Rajmahal and Dinagepore road.	1,822	32 2 3	1,914	1,279	The work could not be undertaken in time for its completion during the year as the estimate was received very late; but kutcha drains were made to keep the embankment dry during the rains.	To complete the work.
	REPAIRS, ROADS AND BRIDGES, CLAUSE II.						
6	Rajmahal and Dinagepore road ...	3,191	2,678 1 9	5,000	8,000	1,39,439 c. ft. earthwork ... ... 1,620 ch. surface dressing. 733 „ jungle cutting. 970 supl. ft. mud plaster. 280-6" „ grass thatching. 273 „ wattle and daub wall. 37,867 supl. ft. turfing. 738 rg. ft. hurdle work. 6,186 supl. ft. color washing. 7,176 „ whitewashing. 765 „ beaten soorky plaster. 523 „ half terrace roofing ... 113 c. ft. pucca masonry. 256 supl. ft. half terrace flooring. 523 „ picking out roof. 748 „ Portland cement plaster. 300 „ sand plaster. No. 1 socket bolt. 65 supl. ft. pointing. 558 rg. ft. repairing cracks of roof with Portland cement. 75 c. ft. excavation of foundation. 127 „ coal tarring. 1,055 „ sál woodwork have been executed.	To raise the portion of road from Umirty to its junction with the Mothurapore road, on the west of the Bhootye nulla. To abandon the old track between mile 68th and 69th, now being threatened by the encroachment of the river Kalinder and to construct a retired line through villages. Madea and Nathoonoger meeting the old road in mile 90th. It is further proposed to abandon the old track from Mathurapore road to Manick Chuck Ghát on account of encroachment of the river Ganges and to make the communication complete *vid* Mothurapore. Trees will be planted out on this road from Umirty to Bhootye nulla, which is at present very much wanting in shade.
7	English Bazar to Neemaserai road	398	244 11 3	400	200	49,429 c. ft. earthwork. 198 „ pucca brickwork. 2,012 supl. ft. turfing. 936 „ Portland cement plaster. 171 c. ft. dismantling pucca masonry have been executed. The whole length of road and the culverts repaired.	General repairs and to metal one mile of the road.

MALDAH,
The 2nd November 1878.

E. H. RUDDOCK,
Chairman.

No. 79Ct., P.W., dated Bhagulpore, the 18th January 1879.

From—JOHN BOXWELL, ESQ., Offg. Deputy Commissioner, Sonthal Pergunnahs,
To—The Commissioner of the Sonthal Pergunnahs,

I HAVE the honor to submit a report on the district road works for the year ending 30th September 1878.

2. There is no road cess committee here for the administration of the district road works. The Road Cess Act not being in force, the Deputy Commissioner exercises the power of Chairman, and as such has the general control of all works throughout the district.

3. During the year under report the establishment consisted of one district overseer and five sub-overseers. There were in previous years four sub-overseers sanctioned for the district, and it was only at the beginning of the cess year 1877-78 that an additional sub-overseer was appointed, on sanction being obtained previously, for reason of the transfer of Bhagulpore and Suri road from the Department Public Works to that of the district road works. During the current year, however, the staff of sub-overseers is reduced to four owing to one of them having of late resigned the appointment, and I have not purposely got the vacancy filled up in the belief that for the time being I will be best able to manage the road works with one district overseer and four sub-overseers.

4. The most important work done during the year under report was the metalling of seven miles of the Bhagulpore and Sooree road from the 56th to the 62nd mile, and during the year before last, *i.e.*, 1876-77, another eleven miles was metalled from the 49th to the 54th and from the 62nd to the 66th mile. Thus it would appear that during the course of the last two years, *i.e.*, 1876-77 and 1877-78, a length of 18 miles of the Bhagulpore and Sooree road was metalled. The whole length of the road in the district, which is 53 miles and ten chains, is, as it at present stands, a continued chain of metalled road.

5. Besides the original work, the road has undergone repairs in the shape of renewing *metalled* repairs to culverts and execution of earthwork on berms of the roads. I might mention here that the timber bridge over the Baboopore nullah on the 68th mile, has been undertaken during the current year and is completed.

6. Another important work done was the metalling of five miles of the Doomka to Rampore Hât road. The whole length of the road almost invariably runs on a very good soil and it is only the worst bits, here and there turning muddy during the rains, that have been metalled. Besides, a very great improvement done to the road was the excavation of side drains five fet in width throughout the whole length of the road, running in this district, which is about 30 miles and a half. Several causeways were originally constructed, as also some of them existing previously were lengthened and widened, earthwork was executed to raise the road in several places; the ghâts or approaches to the nullahs which the road crosses were a good deal improved by making them more gentle and easy. Mile-posts made of sâl wood were ranged over the line, and as these will be found not lasting I will in futnre have them replaced by iron ones.

7. The Rampore Hât road, it seems likely, will eventually turn out to be the main communication of the district. Unlike the Bhagulpore and Sooree road, the Rampore Hât line crosses very few insignificant nullahs, thus rendering during the rains a free and unobstructed communication between Doomka and Rampore Hât railway station. The only troublesome nullah, which the road crosses on the 17th mile, is being bridged over during the current year. The second half of the road has a good traffic principally in fire-wood, which is procured in the Ramper and Rampahar hills, and conveyed in carts to Rampore Hât. I would suggest that the road cess committee of the Moorshedabad district should put the latter end of the road, about nine miles in length, into thorough working order.

8. During the year under report the road from Doomka to Jamtarra was undertaken in hand. The road was laid out and commenced during the famine. The only work then executed were bits of earthwork here and there. During the year, the construction of the first seven miles from Doomka towards Jamtarra was undertaken in hand and almost furnished. The cart approach to the Moor river, which the road crosses at the second mile, is still high and steep. The work has been commenced during the current year to give it an easy gradient.

9. The Doomka station roads were a good deal improved during the year. Two new roads were constructed with embankments and culverts, one leading from the Bhagulpore and Sooree road, and running straight west joins to the Nya bazar road, and the other branches off from the Nya bazar road, and running north joins to the Bhagulpore and Sooree road. The road that leads from the new kutcherry road to the compound of the District Superintendent of Police was ere long too narrow and had a steep gradient. It was a good deal raised, widened and ultimately metalled. A new road, leading from the Deputy Commissioner's kutchery, and joining to the new kutcherry road, was constructed and metalled. Another road made was from the new school premises, which joins to the Bhagulpore and Sooree road. Altogether ten new culverts, varying from four to two feet square, were constructed during the year.

10. Besides these works, all the station roads, including the culverts therein, were thoroughly repaired. The road from Assensole to Karuch, the Beddiah road, the Doomka Hill road, and the road from Runnichpore to Doodhani, which are included under the head of Doomka station roads, though outside the station proper, were all repaired. Trees were planted by the sides of some of the station roads, and by the first mile of the Doomka to Rampore Hât road.

11. The road from Doomka to Moorraroe, which is an important road as it is the only road that runs over the Government Damin, has undergone thorough repairs in the shape of cleaning side drains, repairs to road surface, and repairs to culverts; the worst bit of the road was about the 17th mile, near Amtala. Here was an ascent to the hills too steep and abrupt to allow even a cart to pass in safety. During the year this difficult bit was avoided and a diversion road was constructed by a village called Delhaee, of which the gradient has been made gentle and easy. The inspection bungalow on this road at Mooraroe was repaired. The Amra nulla and the Kurria nulla, which the road crosses on the 3rd and 4th miles, are to be bridged over during the current year.

12. General repairs were carried out to the road from Doomka to Deoghur. Metal was renewed on the approaches to the Moor river, which the road crosses at the 6th mile. The side drains were all cleared, surface repairs done to the road, and bits of earthwork were executed in the first eleven miles. One culvert was constructed towards the Deoghur end of the road. This road has a good deal of traffic on it, as it is the main road to the Deoghur sub-division.

13. During the year under report, the Kumrabad road, which branches off from the 74th mile of the Bhagulpore and Sooree road, and the Kendwa road, which branches off from the 7th mile of the Doomka to Mooraroe road, were undertaken in hand and repaired. The Kumrabad road, which is only three miles in length, is however an useful road, as the place, Kumrabad, where it leads to is a place of some importance.

14. The Harindanga road, which leads to Dulian on the river bank, and the road from Pakour to Heranpore were repaired during the year. Patch repairs were done to the metal on the Harindanga road, as also repairs to earthwork. During the year before last, *i.e.* 1876-77, the first mile of the Pakour to Heranpore road was metalled with six inches of kunkur, and there being a good deal of traffic on the 1st mile, a layer of three inches of kunkur was added during the year under report throughout the entire mile to stand heavy traffic, besides the necessary repairs were carried out to this road.

15. In the Rajmehal sub-division the following roads were during the year undertaken in hand and repaired; the road from Bahawa to Barahait, and the road from Sahibgunge to Burahait. In accordance with the Government order, a road was constructed from Bahawa to Radhanapore on the river bank. This road runs in an easterly direction from the Bahawa railway station. During the year the Rajmehal station roads have undergone thorough repairs.

16. In the sub-division of Godda, the only two roads that were undertaken in hand and repaired were the Godda to Panjwarra road, which includes the Godda station roads and the road from Godda to Peerpointee.

17. The only work of importance that was done during the year in the Deoghur sub-division was the construction of the Deoghur to Saruth road. It is the main road from Deoghur to Sooree and to the Police stations of Sarwan and Saruth. Besides this original work repairs were done to those portions of the road that were constructed during the previous year.

18. The establishment cost less than one-fourth of the income, as will be seen from the annual accounts submitted. I am not at all satisfied with our plan of establishments; luckily it is improving itself out of the district; I find I had too many sub-overseers; they did not

pay for their salaries; two have resigned and I do not intend to fill up their places. The district overseer only gives partial satisfaction. He seems to have knowledge enough of his business, but to be deficient in quick perception of the right thing to do. I think he is a man of weak bodily health, and this causes want of energy. My overseer ought to be a good horseman, a hard man, and a light weight, with plenty of life; all added to sufficient professional knowledge, and that readiness to see things requiring to be put right that makes nearly half his usefulness.

19. The Deputy Commissioner as Chairman signs all cheques.

20. In the sudder sub-division, work done by contract is paid for by cheques issued in their favor. Petty works and work done by daily labor are paid for by the overseer out of his imprest, which is recouped by cheques drawn on receipt of accounts of work done.

21. At other sub-divisions the practice is as follows. Cheques are issued in favor of sub-divisional officers for Rs. 1,000 or Rs. 2,000 at a time, and from money thus placed at their disposal they pay for work done.

22. I find this practice to be faulty. The proper plan would be to allow an imprest to each sub-division, from which the cost of petty works could be defrayed and all large works or work done by contract should be paid for by cheques drawn by the Chairman on receipt of work certificate.

23. By the enforcement of this rule, accounts would never be as they now are in arrears. I shall, however, endeavour to amend the mode of working during the current year.

24. The Deputy Commissioner was out in camp when the annual account was submitted. It was examined by the officer in charge of the office.

No. 6.—Part I.

NYA DUMKA,
The 12th December 1878.

W. B. MARTIN,
For Offg. Deputy Commissioner, Sonthal Pergunnahs.

No. 26P.W., dated Bhagulpore, the 5th April 1879.

From—G. N. BARLOW, ESQ., C.S.I., Commissioner of the Bhagulpore Division,
To—The Secy. to the Govt. of Bengal, P. W. Dept.

I HAVE the honor to submit the local improvement report of the Bhagulpore Division and Sonthal Pergunnahs for the cess year 1877-78.

2. The district accounts and reports have already been submitted.

3. There has been great delay in the submission of the above papers and also of this report :—

1st,—because some of the district reports and accounts came in very late, and

2ndly,—because they had to be returned for revision, owing to mistakes found in them.

4. The following general meetings were held by the District and Branch Committees in each of the districts of this division during the past cess year :—

Monghyr	(district)	6
Jamui	(sub-division)	4
Begu Serai	(ditto)	4
Bhagulpore	(district)	4
Banka	(sub-division)	5
Modhepoorah	(ditto)	Not given.
Soopool	(ditto)	No report received.
Purneah	(district)	5
Kissengunge	(sub-divison)	2
Arrareah	(ditto)	5
Maldah	(district)	7

The number of meetings held by the Branch Committee at Kissengunge alone falls short of the minimum number fixed by section 54 of Act X of 1871 (B.C.) The fact is stated to be owing to misapprehension on the part of successive sub-divisional officers that their sole duty was confined to spending the amount of money allotted to them.

5. A statement showing the abstract of particulars regarding the meetings of District and Branch Committees held during the past year is appended.

6. The following table shows the receipts and disbursements of the Road Fund of the districts of this division for the past cess year. In every instance during the year under report the rate taken was the maximum one.

Name of district.	TOTAL RECEIPTS INCLUDING BALANCE OF PREVIOUS YEAR.		Increase.	Decrease.
	1876-77.	1877-78.		
	Rs.	Rs.	Rs.	Rs.
Monghyr	1,87,945	1,82,735	.....	5,210
Bhagulpore	1,91,644	1,54,804	.....	36,840
Purneah	1,62,725	1,58,162	.....	4,563
Maldah	68,319	62,292	.....	6,027
Sonthal Pergunnahs	1,25,298	1,49,058	23,760	.....

The increase in the Sonthal Pergunnahs was owing to the district officers having drawn the grant-in-aid sanctioned in the Resolution of Government, No. 470A of the 9th May 1878, for 1878-79 before the year commenced. The decrease in all the other districts was generally owing to the Government having discontinued making over to the fund the proceeds from ferries, and also to the stoppage of house cess collections. A large portion of

the decrease in Bhagulpore was owing to the balance at the beginning of 1876-77 being much larger than in the beginning of 1877-78.

7. The following table shows the expenditure and the financial condition of the Road Cess Fund in each district :—

District.	Total income including the balance from the last year.	Total expenditure.	Balance at credit at the end of the year.
	Rs.	Rs.	Rs.
Monghyr	1,82,735	1,12,973	69,763
Bhagulpore	1,54,804	85,448	69,356
Purneah	1,58,162	1,01,240	56,922
Maldah	62,292	21,902	40,390
Sonthal Pergunnahs	1,49,058	1,16,775	32,283

8. Regarding the feelings of the people towards the road cess system, the Chairman of the District Road Committee of Monghyr states that, excluding the carter class, who do not pay road-cess, the people would much rather have no roads, if they could thereby escape the payment of the tax. At the same time they paid in the cess as soon as they found that they could evade payment no longer. I cannot help suspecting that the above represents correctly the state of general feeling that would certainly be ascertained by polling the people, as also the private views of many a tax-payer who, wishing to pass for an enlightened man, chimes in when the officials represent to him the blessings of progress in the shape of improved roads and communication. However this may be, of course the fact that the cess has become an established institution is not without its bearing upon the practical conduct of the people. A good deal of credit for the system is gained by officers announcing that village road, improvement is popular; but except in the case of Purneah, where the Chairman writes applications for village works "from day to day," I believe that Mr. Magrath's experience properly exhibits the state of affairs still existing here, where he observes that the offer of the Committee to give half the amount for any village road, provided the remaining half was paid by the inhabitants, met with no response, and that the village roads that have been made, have been made chiefly on the representation of the Collector himself. The state of affairs is to be regretted, but I do not deem it discouraging. The house cess, which has now been discontinued, was considered, to be a very oppressive tax, and I am glad we are rid of it.

9. The following memo. compares the percentage of the current road fund collections of the several districts of this division with that of the previous year, 1876-77 :—

	1876-77.	1877-78.
Monghyr	87	90
Bhagulpore	95	96
Purneah	98	96
Maldah	84	87

The percentage in Monghyr and Maldah falls short of 95 per cent., the standard fixed by Government. The cause is stated in the Monghyr district to have been neglect on the part of some of the principal zemindars to pay in their instalments for September 1878 within the year. Compulsory proceedings have since been resorted to for the realization of the arrears. The Collector states that the petty lakhiraj estates, and estates belonging to joint proprietors, chiefly fall into arrears, and hence much time and labor is expended by the peons in tracing out the actual owners, their places of residence, and so forth. Moreover the defaulters when found will rarely pay to the peons, and withhold the payment till the very day fixed for the sale of their property. The percentage in Maldah has improved, though it has not reached the standard required, under a system whereby the work formerly done by the Collectorate Nazir has been transferred to a clerk of the collecting department. The new arrangement has not had full time for development this year; the Collector expects better results in the next year. The fact that all officers do their best to push forward collections is beyond doubt. In one district a system prevailed of refusing to credit Government revenue until road cess arrears were made good. This had to be put a stop to. So long as all goes smoothly nothing need be said, but when arrears accrue, and at the very time help is wanted, the provisions of the law for recovery are so cumbersome as to be almost useless. I anxiously look for a law making road cess recoverable with the land revenue, and I think the time is ripe for the measure.

10. *Working of the District Road Committee.*—The average attendance of the members of District Committees, as shown below, was not satisfactory :—

Monghyr	7
Bhagulpore	6·5
Purneah	8·4
Maldah	6·85

The Chairman of the Monghyr District Committee states that outside members take little or no interest. In this district two members, who are residents of the town, were absent from all the meetings held during the year. They should be replaced by others. In Bhagulpore all the members, with the exception of Roy Thacoormun Singh of Sookpore, are

said to have evinced a lively and intelligent interest in the business of the committee. The Chairman of the District Road Committee of Purneah remarks as follows:—

"The attendance of the members has not been satisfactory; the supervision of work is thought by them to be the most essential part of their duties."

In Maldah most of the meetings are attended by the members residing in the town, some of whom are very regular in attending meetings, and take pleasure in co-operating with the Committee and rendering such assistance as they can.

In my opinion a good deal can be got out of Committees where the members are properly chosen and judiciously handled. Nothing, however, will supply the place of an efficient Chairman (or some one representing him), who is the mainspring of the whole machinery.

Working of the Branch Road Committee.—The following memorandum shows the average attendance of members of the Branch Committee in this division:—

Monghyr	Jamui ...	... 4
	Begu Serai ...	... 7
Bhagulpore	Modhepoorah	... No information received.
	Soopool ...	... No report received.
	Banka ...	... No information received.
Purneah	Kissengunge...	... 4
	Arrareah ...	... 4

In Begu Serai the indigo-planters are said to take special interest in the Branch Committee's work. In the Jamui sub-division one of the members entrusted with the road cess work is stated to have expended about Rs. 150 out of his own pocket. The remarks contained in the Bhagulpore Chairman's letter, that the report of the Soopool Branch Committee "is not to hand, and those from Banka and Modhepoorah are, as usual, meagre," indicate pretty plainly that he has not himself been at the pains to get these Committees into order. I have addressed him upon the subject. From what is stated in paragraph 8 of the report of the Branch Committee of Modhepoorah, there is no doubt that if members are properly selected, they will do all that is required of them. I think the Branch Committee system will gradually improve, but it certainly requires more attention from the district officers than it usually has at present.

MONGHYR.

12. The total receipts of this district, including Rs. 65,360-4, the unexpended balance of the previous year, amounted to Rs. 1,82,784-15. The expenditure incurred out of this sum was Rs. 1,12,972-0-8 as follows, leaving an unexpended balance of Rs. 69,762-14-4:—

	Rs.	A.	P.
Establishment for collection of revenue under Committee's control	5,496	7	2
Contingent charges	766	8	2
Original works	46,077	5	7
Repairs	40,820	5	2
Executive establishment	19,678	7	7
Tools and plant	133	4	0
Total ...	1,12,972	0	8

13. Out of a total income of Rs. 1,17,374-11, a sum of Rs. 25,174-14-9, or 21 per cent. in round numbers, which is less than the limit fixed by law, was expended on account of establishment.

14. A sum of Rs. 46,077-5-7 was expended on account of original works, of which the following are deserving of notice:—

Secundra and Nawada road.—The sanctioned estimate for the construction of this road is Rs. 27,555. Works were commenced on it during the past cess year, and a sum of Rs. 23,015 expended. The greater portion of the works were completed during the year, and whatever was remaining to be done has since been completed satisfactorily. This is a very useful road, joining Monghyr and Gya districts.

Kujra road.—The whole five miles of the Kujra road, it is said, have been finished at an expenditure of Rs. 1,027 during the year.

Burearpore and Ghore Ghât roads, No. 3.—The metalling of this road has been finished at a cost of Rs. 1,919. The sanctioned estimate has been exceeded by Rs 172.

Seetacoond and Peerparhar roads.—The Chairman has reported the completion of these two roads at a cost of Rs. 1,353 during the year.

Metalling Mullehpore to Jamui road.—The expenditure on this road exceeded the sanctioned estimate.

Bridging Secundra and Jamui roads.—The expenditure on this work of Rs. 15,496-3-2 up to the last cess year shows that the bridging of this road has been almost completed.

Bridging Gungta road.—The expenditure incurred on this road has been Rs. 2,348-11-2 in excess of the sanctioned estimate.

Lukheserai and Balgoozur road.—The total expenditure incurred in the completion of this road as per annual account is Rs. 6,581-2-2, which differs from the expenditure reported in the completion report.

REPAIRS.

15. Rs. 40,820-5-2 were expended on repairs as follows :—

		Rs.	A.	P.
8	1st class roads	16,296	0	1
14	2nd ,, ,, ...	11,212	0	9
1	3rd ,, road	536	9	5
4	4th ,, roads	1,338	0	6
	Village roads, Begu Serai sub-division ...	5,543	1	3
	Ditto ditto, Jamui ditto ...	3,876	10	6
	Ditto ditto, the Sudder ditto ...	2,017	14	8
	Total ...	40,820	5	2

16. I regret to find that the expenditure incurred on account of the village roads in the Sudder sub-division is less than the sum expended in the previous year, viz. Rs. 3,704-12-6. The amount expended on this account in Begu Serai and Jamui sub-divisions was Rs. 5,543 and Rs. 3,876 respectively, against Rs. 1,367 and Rs. 1,000 of last year.

GENERAL REMARKS.

17. The Engineering and other establishment in the Monghyr district seem to have worked satisfactorily during the past cess year. The Chairman specially notices that no work is undertaken except upon regular estimates and plans sanctioned by proper authority. He adds—"It unfortunately happens that in many instances estimates framed with perfect correctness have not been sanctioned within six months even. * * * In some cases the estimates were detained for what seemed very trifling and slight inaccuracies and omissions. The result of this is that large sums of money lie idle in the treasury and our outturn of works for the year is reduced." The system of executing works observed is chiefly by contract after advertisement in the papers. A little daily work only is done. The Road Cess Committee have their own office building now. The accounts were duly inspected during the year by the Deputy Examiner of Public Works Accounts, and found to be satisfactory. Some inspection of works was done by the Superintending Engineer.

BHAGULPORE.

18. The total receipts of this district, including Rs. 21,759-6-5, balance of the previous year, amounted to Rs. 1,54,804-1-6. The total expenditure incurred during the year was Rs. 85,448-3-5, as follows :—

	Rs.	A.	P.
On account of establishment on collection of revenue and Committee's control ...	4,567	8	5
Contingencies of ditto ...	2,139	0	3
Original works	18,675	6	3
Repairs	40,750	1	3
Executive establishment ...	18,779	9	2
Tools and plant	536	10	1
Total ...	85,448	3	5

In this district repair works were of necessity more attended to than original works, owing to several estimates for the latter having not been submitted at all, or disapproved of by the Superintending Engineer. The amount expended on account of all sorts of establishment did not exceed 25 per cent. of the Committee's entire income for the year.

ORIGINAL WORKS.

19. The only original works the estimate of which have been sanctioned are :—

	Rs.	A.	P.
Bridging Modhepoorah and Shahpore road ...	27,587	0	0
Office building	8,038	0	0

The failures and difficulties about estimates are disclosed by the following remarks :—

Protabgunge to Beerpore road.—Forwarded to Superintending Engineer in October 1877, returned approved by him in following December; further information asked for, regarding one bridge which was supplied during the same month. In October 1878 the project was returned disapproved throughout, with remarks that the scheme had been prepared in a most unsatisfactory and perfunctory manner.

Peepra to Protabgunge road.—Submitted to Superintending Engineer in August 1878, and returned disapproved in following October.

Revised estimate received in this office in March 1879, with a remark by the Chairman that the road is little used, and the Koosy river has approached it so nearly that it will probably be swept away within two years. I have sent the estimates back, but these things should have been thought of before; as it is, there has been immense waste of time and labor.

Peerpointee and Burahat road.—The estimate for Rs. 9,988 for the construction of bridges and culverts in this road is with the Superintending Engineer, to whom it was sent on the 10th October last.

Soopool and Peepra road.—Estimate for this road was disapproved by the Superintending Engineer in 1877; nothing further has been done.

Singesher and Peepra road.—Same as above.

Bhagulpore and Umerpore road.—No estimate has been received for this road, although the expenditure incurred on it exceeded the Committee's power of sanction.

Banka and Umerpore road, No. 16.—A sum of Rs. 139-8 was expended on this road without an estimate.

Construction of Koa nullah bridge.—An estimate for Rs. 8,395 for this work was received in January 1878. It was disapproved of by the Superintending Engineer and returned in March 1878. The project was re-submitted after the close of the year, but I returned it for an expression of the views of the Chairman and the Committee, after more fully considering the advisability or otherwise of incurring a large expenditure for this work.

It is not clear what is meant by the *minus* charges entered in the Chairman's report against the following roads:—

	Rs.	A.	P.
Soopool and Peepra road	51	12	6
Singessor and Peepra road	308	1	3
Bhagulpore and Umerpore road	59	3	0

REPAIRS.

20. Of the sum of Rs. 40,750-1-3 expended on repairs, Rs. 13,796 were expended in the repairs of the Bhagulpore and Soory road. The other repairs were of minor importance.

21. The rule for the transfer of budget grants was not observed in this district. In some cases, although the expenditure incurred exceeded the budget allotments, no steps were taken to obtain the necessary sanction.

22. The following memorandum shows the amount budgeted and expended on account of village roads during the year:—

	Amount budgeted for the cess year 1877-78.	Amount expended during the cess year 1877-78.
	Rs.	
Village roads in the Soopool sub-division ...	2,500	Not known.
		Rs. A. P.
Ditto Modhepoora ditto ...	3,500	3,877 4 11
Ditto Head-quarters ditto ...	4,000	5 0 0
Ditto Banka ditto ...	3,000	1,880 0 0

Village road.—The Soopool Branch Committee did nothing in 1876-77, and no report has been submitted this season. The state of this sub-division as regards road matters is very bad, and I have addressed the Chairman on the subject. The village roads in the Sudder sub-division have been neglected, and the Chairman has been requested to explain the cause.

The Branch Committee of Banka could not expend the whole of the Rs. 3,000 allotted to them.

23. Regarding the Engineering and other staff, the Chairman writes as follows:—

"There is a great want of both energy and discipline in the department. It appears to me to spend all its time in paper-work and to do little or nothing. Chaprassees are insolent to road sircars, and road sircars are insolent to overseers, and overseers are insubordinate to the District Engineer, and half their time is spent in long frothy letters of complaint and counter-complaint."

GENERAL REMARKS.

24. At the risk of tediousness I have given details regarding what I deem to be the grievous failure in Bhagulpore, because it discloses the weak points of the system, and affords me a good basis for the general remarks which I desire to offer in respect thereof. The only matter that astonishes me is the attitude taken by the Chairman in his present report, who, while expressly stating that he is dissatisfied with the state of things, seems to have stood aside awaiting deliverance in a manner quite unaccountable. I have told Mr. Newbery that he must forthwith bring things to a crisis, and decide upon the competence or otherwise of his Engineer.

It seems that the Committee are in favor of a contract system of working; it is added, however, that it has not had a fair trial during the year owing to the bitter hostility of the District Engineer and his subordinates. This reads curiously! The Road Cess Office building here is completed and the accounts were inspected by the Deputy Examiner.

PURNEAH.

25. The total receipts of this district, including Rs. 57,031-9-7, the unexpended balance of the previous year, amounted to Rs. 1,58,161-14-1; of this Rs. 1,01,239-11-11, or more than the receipts of the year, exclusive of the balance, were expended as follows :—

	Rs.	A.	P.
Establishment on collection of revenue and Committee's control	2,654	7	2
Contingencies	348	7	3
Original works	44,952	9	9
Repairs	36,679	8	1
Executive establishment	16,154	9	5
Contingencies of ditto	287	1	9
Tools and plant	163	0	6
	1,01,239	11	11

The amount expended, both on account of the Committee's and Engineering and other establishments, amounted to Rs. 18,809, which does not exceed the limit of 25 per cent. The greater portion of the Committee's income was expended on original works.

26. Very little progress appears to have been made with the following works, the projects of which have been sanctioned :—

(1) The first section of the road from Bunbaghghât to Kaotgama.
(2) The north emigration road (No. 2) from Nathpore to Atwari.
(3) The Purneah city to Bussuntpore road, No. 5.
(4) Road No. 13, Manusmara to Heyatpore.
(5) Road No. 28, Atwari to Titalya.

It appears that the Committee in this district have taken in hand many works of which the estimates have not yet been sanctioned, without completing the works, the projects of which have already been sanctioned.

The estimates for the following roads have been submitted, but not yet received back from the Superintending Engineer :—

Road No. 1,	section 2,	for bridging,	submitted on the	15th November 1878.
Ditto 3,	,, 2,	ditto	ditto	3rd May 1878.*
Ditto 3,	,, 3,	ditto	ditto	15th November 1878.
Ditto 4,	,, 1,	ditto	ditto	ditto.
Ditto 4,	,, 2,	ditto	ditto	ditto.
Ditto 7,	,, 2,	for earthwork and bridging		ditto.
Ditto 11,	,, 2,	ditto	ditto	ditto.
Ditto 12,	,, 1,	ditto	ditto	18th April 1878.
Ditto 14,		ditto	ditto	15th November 1878.
Ditto 15,		ditto	ditto	ditto.
Ditto 16,		ditto	ditto	ditto.
Ditto 18,		for bridging	ditto	ditto.
Ditto 21,		for earthwork and bridging		ditto.

The Chairman of the District Road Committee has been addressed on the subject of the following roads :—

Road No. 10, Purneah to Nathpore.
Ditto 17, Kourah to Sahebgunge.

The other works are within the Committee's power of sanction.

27. Of the sum of Rs. 36,679-8-1 expended on repairs, Rs. 33,524-7-1 were expended on district works, and Rs. 3,155-1-0 were expended on the village roads as follows :—

	Budget grant.	Expenditure.		
	Rs.	Rs.	A.	P.
Village roads, Sudder sub-division ...	4,000	1,623	0	9
Ditto Kissengunge ditto ...	1,500	1,189	13	9
Ditto Arrareah ditto ...	1,500	342	2	6
		3,155	1	0

It is to be regretted that the amounts allotted to the Branch Committees were not fully expended. I think the sub-divisional officers are to blame in the matter.

28. The Chairman observes—"Mr. Fernie was District Engineer, and has resigned his appointment; it is therefore unnecessary to say anything with reference to him. His work as far as it went was satisfactory." These remarks were written in November last, and I am sure that Mr. Hopkins has had reasons to change his views since that time. *

* * * * * * *

* Further explanations were called for on the 26th August 1878, and were submitted to Superintending Engineer on the 5th November 1878.

GENERAL REMARKS.

29. The Committee hope to have an office of their own ready by September this year. The accounts were examined during the year by Mr. Moore and found satisfactory. It is noticed that road No. 5 was inspected by the Executive Engineer of Ganges and Darjeeling Road Division, and road No. 3, section 3, by the Superintending Engineer.

MALDAH.

30. The total receipts of this district, including Rs. 31,232, the unexpended balance of the previous year, amounted to Rs. 62,292-6-1 ; out of this sum Rs. 21,902-6-2 were expended as follows :—

	Rs.	A.	P.
Establishment on collection of revenue and Committee's control	2,393	13	10
Contingencies	886	14	1
Original works	4,091	0	9
Repairs	8,792	5	5
Executive establishment	4,627	12	1
Contingencies of ditto	403	13	9
Tools and plant	706	10	3
Total ...	21,902	6	2

The expenditure incurred on account of establishment for collection of revenue and under Committee's control did not exceed 25 per cent. of the Committee's entire income for the year. Of the total expenditure incurred, the largest sum was expended on repairs.

31. The miserable outturn of work is attributable in a measure to the constant change of officers at Maldah, and chiefly to the fact of the resignation of the District Engineer (Mr. Meyer) in August 1877, and the delay which occurred in appointing a successor. This was, I believe, unavoidable. There are no works worthy of special notice

32. The amount expended in the repairs of the village roads during the year under review out of the allotment of Rs. 2,000 was 438-15-6, against Rs. 379-2-3 of the previous year.

33. The Chairman has been requested to submit supplementary statements under section 68 of the Road Cess Act for the roads from court-house to jail and Kooltoopore.

34. The difference between the figures entered in the annual account and the District Engineer's statement is owing to the latter officer having used the materials intended for one work in another, without reporting the same to the Committee for transfer in the accounts.

35. The Engineer appears to have done well, and has given satisfaction.

SONTHAL PERGUNNAHS.

36. Without reference to the slight discrepancies in the accounts of this district already reported to Government, the total income as per account submitted amounted to Rs. 1,49,058-6-5, including the sum of Rs. 98,033-10-8, balance of the previous year. The total expenditure incurred during the year was Rs. 1,16,775-8-3, as per details given below :—

	Rs.	A.	P.
Deputy Commissioner's office establishment ...	840	0	0
Contingencies	810	4	11
Original works	99,716	12	11
Repairs	9,757	2	5
Executive establishment	4,946	12	0
Tools and plant	430	0	0
Refund	274	8	0
	1,16,775	8	3

The expenditure incurred on account of office and executive establishment did not exceed 25 per cent. of the entire income for the year.

ORIGINAL WORKS.

37. The sum of Rs. 99,716-12-11 expended on account of original works, includes Rs. 77,208-11-2, expenditure incurred during the last famine year and adjusted during the past cess year. The following are the works deserving of notice :—

Rampore Haut road.—The amount sanctioned in the budget for this road was Rs. 6,000. The expenditure incurred during the year was Rs. 6,315-13-6. The Deputy Commissioner wanted the sum of Rs. 6,000 mentioned above for metalling portions of the road where

the embankment was likely to cut up. The detail given in the annual account and paragraph 6 of Mr. Boxwell's report show that many other improvements in connection with this road were also effected.

Bhagulpore and Soory road.—During the year I sanctioned an estimate for metalling that portion of the road which lies between the 55th and 61st miles. The expenditure entered against this road in the annual account includes costs of renewal of metal in the 50th to 54th, 62nd, 63rd, 65th, and 66th miles sanctioned in the previous year. This road is in very fair order.

Deoghur and Serat road.—The expenditure already incurred on this road exceeds the Deputy Commissioner's power of sanction, but no estimate has yet been submitted. The Deputy Commissioner has been requested to explain and remedy this irregularity.

REPAIRS.

38. *Dumka to Jamtarra road.*—From paragraph 8 of the Deputy Commissioner's annual report it appears that all the works done on this road were original, but it has been wrongly entered under the head of repairs.

Rs. 842-1-0 were expended, and it has been reported that Rs. 7,000 more will be required to complete the work. I have directed the Deputy Commissioner not to expend a single pice on this work before an estimate has been submitted and approved of.

Dumka station roads.—From paragraph 9 of the Deputy Commissioner's annual report it appears that the sum of Rs. 1,667-11-9 entered against this head should have been properly shown under the head of original works. The Deputy Commissioner has been told to avoid such errors in future.

PLANTING TREES.

The cost of planting trees, alluded to in the 10th paragraph of the Deputy Commissioner's report, has been wrongly included with the expenditure incurred on the road on which they were planted, and not shown separately.

GENERAL REMARKS.

39. The Sonthal Pergunnahs are not an average district for the purpose of discussing the merits and demerits of the road cess system; and during the past season Monghyr has worked fairly well, no great checks or irregularities having occurred to give rise to failure. In regard to the remaining districts of this division, from one cause or another the system has during the year under report proved unsuccessful. In the case of Bhagulpore nothing short of serious failure can be characterized. It is very easy, I think, to indicate the major evils involved in the system, and the direction where remedy is to be sought:—

(1).—A scheme needs to be devised whereby a regular supply of competent men for the post of District Engineer may be kept up. As a rule, the men we have had up to date are not suited for the place, and better are not procurable at the call of the Committee. It is decidedly not easy to fill the appointment efficiently, for we must have administrative power and zeal equivalent at least to that of a European, and at the same time that the men are not to be red-tapists, they must have sufficient professional knowledge to manage their important duties and satisfy the Department Public Works. In cases where the happy combination of talent may be found to exist, it will surely be found that the possessors command too high a price in the market to become servants of the Committee.

(2).—The rule regarding the preparation and submission of projects requires to be made much more distinct. There is a circular (No. $\frac{C}{607}$, dated 6th July 1878) which recognizes that road cess projects are not required to be submitted in the full detail and finish of Department Public Works schemes. Bearing this in mind, the Road Cess Engineer prepares his plans, &c., which are returned by the Superintending Engineer wholesale, and with scathing remarks as to the unprofessional character of the work submitted, and the waste of his time involved in examining useless papers. The District Engineer quotes the circular and says the Department is in fault. Something very like a dead-lock is thus produced.

(3).—To avoid the delay in dealing with estimates, which beyond doubt is a real evil, and which will be felt to be more serious each year that the road cess work advances towards efficiency; as also to provide the only possible security for good work, and against fraud, a better system must be adopted than the present one, which superadds a heavy burden of road cess work upon the Superintending Engineers of Department Public Works, who are already overworked. I repeat my proposal of last year, that a junior grade of Superintending Engineer be appointed, whose special duty it would be to supervise road cess work. There might be one to every one or two divisions, according to size. It would be real economy if every district contributed Rs. 200 to 300 a month towards the salary of such an officer, if it led to one having the whole system and the work controlled and examined by an officer on the spot.

It is my clear opinion that these reforms are urgently needed in connection with the road cess system. If carried out, I think successful results will immediately follow, otherwise everything must remain uncertain as to results, and at any time mismanagement and loss beyond remedy may be discovered.

G. N. BARLOW,
Commissioner.

LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Monghyr, will be put up to sale at the Monghyr Collectorate on the 7th June 1879, corresponding with 3rd Assar 1286 F.S.

The purchasers will be subject to the following conditions of sale :—

CONDITIONS OF SALE.

1*st.*—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2*nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteen day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

BERHAMPORE, the 5th May 1879.

The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage.	With postage.
For the Calcutta Series...	Rs. 35	Rs. 40
„ Madras Series ...	„ 8	„ 9
„ Bombay Series...	„ 8	„ 9
„ Allahabad Series	„ 8	„ 9
Complete set	45	„ 50

The Price of each part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

	Rs.	A.
For a part of the Calcutta Series ...	8	8
„ „ Madras Series ...	1	0
„ „ Bombay Series ...	1	0
„ „ Allahabad Series ...	1	0
Complete set ... ... — ...	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

Messrs. Thacker, Spink and Co., Calcutta;
„ Thacker, Vining and Co.;
„ Higginbotham and Co., Madras;
The Government Central Book Depôt, Bombay.
The Government Book Depôt, Allahabad.

PART III.

Acts of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[First Publication.]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 12th March 1879, and having received the assent of His Excellency the Governor-General on the 24th April 1879, is hereby promulgated for general information:—

ACT No. III OF 1879.

An Act to provide for the periodical inspection of Steam Boilers and Prime Movers attached thereto in the Town and Suburbs of Calcutta and in Howrah.

Preamble.

WHEREAS it is expedient to provide for the periodical inspection of steam boilers and prime movers attached thereto in the Town and Suburbs of Calcutta and in Howrah; It is enacted as follows:—

Extent and commencement of Act.

1. This Act extends to the Town of Calcutta, to the Suburbs of Calcutta, and to Howrah, as from time to time defined in the *Calcutta Gazette* under the provisions of any law for the time being in force;

and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Lieutenant-Governor may extend it further.

The Lieutenant-Governor of Bengal may, by notification published in the *Calcutta Gazette*, extend this Act to any place or district, and it shall come into force accordingly from the date which may be named in such notification.

It shall not apply to any locomotive engine used upon any railway, or to any steam vessel in the port of Calcutta.

Repeal of Bengal Acts VI of 1864 and III of 1875.

2. Bengal Act VI of 1864 and Bengal Act III of 1875 are hereby repealed.

But all certificates and rules in force at the commencement of this Act, which were granted or made under either of the said Acts, shall be deemed to have been granted and made respectively under this Act.

Interpretation.

3. In this Act, unless there be something repugnant in the subject or context,—

"Boiler."

"Boiler" includes any cylinder or vessel for generating steam under pressure.

"Prime Mover."

"Prime Mover" includes any steam engine, fly wheel, first driving shaft and pulley attached to any such engine.

"Owner."

"Owner" includes any agent or hirer using any boiler or prime mover.

Power to make rules.

4. The Lieutenant-Governor may from time to time make, and when made, revoke, add to, and alter, rules for all or any of the following purposes, that is to say,—

(1) for appointing and, when appointed, suspending or removing Inspectors under this Act;

(2) for determining the powers and duties of such Inspectors;

(3) for fixing the fees payable on account of certificates granted under this Act;

(4) for determining the time for which certificates granted under this Act shall be in force;

(5) for securing the attendance of assessors and affixing a penalty for non-attendance;

(6) for regulating the procedure on hearing appeals;

(7) for carrying out the purposes of this Act.

Such rules shall be published three times in the *Calcutta Gazette*, and shall come into operation at the date of the last publication or at any later period mentioned in the order.

On notice from owner an Inspector to examine boiler or prime mover.

5. The owner of any boiler or prime mover in respect of which a certificate is not in force in the manner hereinafter described shall, before using the same, give notice to an Inspector appointed under this Act of his intention to use or continue to use the same. The Inspector to whom such notice is given shall appoint a time between sunrise and sunset, and within fourteen days from the receipt of such notice, for the inspection of such boiler or prime mover, and at such time shall carefully examine such boiler or prime mover, and every part thereof, and the owner or person in charge thereof shall afford to such Inspector all reasonable facilities for such examination, and all such information as may reasonably be required.

Inspector may order owner to alter boiler or prime mover.

6. If on making the inspection the Inspector is of opinion that the boiler or prime mover requires any alteration or addition, he shall serve on the owner or person in charge thereof a written notice requiring him to make such alteration or addition, and no certificate shall be granted in respect of such boiler or prime mover until such alteration or addition has been made in the manner required by the Inspector, or the owner has obtained a certificate under section 9 of this Act.

When Inspector to grant certificate.

7. If the Inspector is satisfied that such boiler or prime mover is in good condition, and not so exposed as to be likely to be dangerous,

and, in case any alteration or addition in such boiler or prime mover has been ordered under the last preceding section, as soon as he is satisfied that such alteration or addition has been properly made,

he shall give to the owner or person in charge thereof a certificate signed by him to that effect in the form in the Schedule hereto annexed, on payment, by the owner or person in charge, of such fees as may be fixed under the rules hereinbefore mentioned;

and such certificate shall state the period for which such boiler or prime mover may be used, and shall cease to be in force on the expiration of such period.

Revocation or suspension of certificate.

8. Any person authorized by the Lieutenant-Governor in that behalf may revoke or suspend any certificate granted under this Act when he has reason to believe—

(1) That such certificate has been fraudulently obtained, or has been granted erroneously, or without sufficient inspection;

(2) That the boiler or prime mover in respect of which it has been granted is not in charge of a person competent to have charge of it, or has since the granting of such certificate sustained injury, or is not in good condition.

Appeal against refusal, revocation, or suspension of certificate.

9. The owner of any boiler or prime mover dissatisfied with any notice or order under sections 6, 7, or 8 of this Act may, within seven days from receipt thereof, appeal either to some person authorized by the Lieutenant-Governor in that behalf, or to some such person assisted by two experts as assessors.

If such person is satisfied that the owner is entitled to a certificate, he shall, on payment of the fee, grant a certificate in the form in the Schedule hereto annexed, or shall allow the former certificate to continue in force, as the case may be, and shall direct that the expenses of the appeal incurred by Government and certified to by him shall be paid out of the fees and penalties realised under this Act.

If such person decides that the owner is not entitled to a certificate, he shall dismiss the appeal, and the expenses of the appeal incurred and certified in manner aforesaid shall be recoverable from the owner as a fine by any Magistrate having jurisdiction in the place where the boiler or prime mover is situated.

Power of entry of Inspectors.

10. Any Inspector appointed under this Act may at any time enter into any place where he has reason to believe that a boiler or prime mover is used, for the purpose of inspecting the same.

Penalties.

11. The owner or person in charge of any boiler or prime mover who shall use, or, after conviction, continue to use the same without a certificate duly obtained and in force in respect thereof under this Act, or having obtained a certificate shall at any reasonable time during the period for which the same may be in force, fail to produce it when called upon to do so by any Magistrate having jurisdiction in the place in which such boiler or prime mover is situated, or by any person authorized in writing by such Magistrate to demand its production, and

any person who shall prevent an Inspector from entering any place or building where the Inspector has reason to believe that a boiler or prime mover is used,

shall be punished with a fine not exceeding five hundred rupees.

Charges within what period to be brought.

12. No charge shall be brought against any person for the recovery of any penalty under this Act before such day as the Lieutenant-Governor shall fix by notification in the *Calcutta Gazette*; and no charge at all shall be brought without the authority of an Inspector appointed under this Act, or after the expiration of six months from the date of the commission of the offence.

Disposal of penalties.

13. All penalties to be levied under this Act shall, subject to the provisions of section 9, be disposed of in such manner as the Lieutenant-Governor shall from time to time direct.

SCHEDULE.

(See Sections 7 and 9.)

FORM OF CERTIFICATE.

Name of owner	Description of boiler and age	Description of prime mover and age	Power.	When and where made	When and where last repaired.	Time for which certificate to be in force	REMARKS.

I, the undersigned, certify that I have examined the above-named boiler (*or prime mover*), and to the best of my judgment the boiler (*or prime mover*), as shown in the above statement, is in good condition, and is not so exposed as to be likely to be dangerous [and (*in case alterations or additions have been ordered*) that the alterations (*or additions*) required by me have been properly made.]

A. B,
Inspector.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 3rd May 1879.

No	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
	BENGAL.		
	Western Districts.		
Burdwan Divn. 1	Burdwan, May 3 '79	Nil	Weather—hot. Rain much wanted for standing crops and for cultivation. Cases of small-pox and cholera reported in Raneegunge, Bood-Bood, and Culna sub-divisions.
	Jehanabad ...	0·41	
2	Bankoora, „ 3 „	Nil	Slight rain on 25th ultimo at Joypore only. In Joypore and Saltora outposts crops already begun to wither for want of rain.
3	Beerbhoom, „ 3 „	0·14	Weather—cloudy and windy. A trifling fall of rain on 1st. Rain very much wanted.
4	Midnapore, „ 3 „	Nil	Weather—hot and dry. State and prospects of crops not favourable. Rain very much needed. Small-pox still prevalent throughout district causing considerable mortality, especially in town. Cholera decreasing.
5	Hooghly, „ 3 „	0·15	Rain on night of 1st. Other evenings cloudy, but no rain. Weather hot. Wind chiefly from south. Vegetables suffering, and sowing of rice hindered, for want of rain. Fever and small-pox prevail in parts of district.
	Howrah, „ 5 „	Nil	Weather—hot. Everything at a stand for want of rain. Prices show a tendency to rise.
	Central Districts.		
Presidency Divn. 6	24-Pergunnahs, May 3 '79	Nil	Weather—hot. High winds and clouds at times. Rain wanted for cultivation of *aus* paddy. Small-pox and cholera still prevail in Suburbs, and fresh cases reported daily.
7	Nuddea, „ 3 „	0·61	Weather—hot during day, but cloudy and threatening every evening. High winds prevailed. Rain, except in Ranaghat and Bongong sub-divisions. It has done some good, but more wanted. Ploughing and sowing commenced. Cholera and small-pox somewhat less.
	Kooshtea ...	0·65	
	Meherpore ...	1·10	
	Chooadanga ...	0 30	
8	Jessore, „ 3 „	0 60	Weather—Cloudy generally, but rainfall not sufficient. Hailstorm at Magoorah on 29th. Rain done good where it has fallen. It is most urgently wanted in Khoolna and Bagirhat for crops. Cholera still reported. Cow-pox bad in Bagirhat.
	Jhenida ...	1·50	
	Magoorah ...	1·75	
	Narail ...	0·63	
9	Moorshedabad, „ 3 „	2·30	Weather—showery. Rain badly wanted. Rain on night of 2nd not so fully saturated lands as to expedite their preparation for cultivation of *aus* crop. In some parts lands partially cultivated. Sugarcane not very healthy. Prices still very high. Stock of grains in bazars in and about Sudder sub-division not very large.
Rajshahye and Cooch Behar Divn. 10	Dinagepore, „ 2 „	3·65	Severe dust-storm on evening of 28th. Thunderstorm with heavy rain on night of 30th. Rain much cooled air and done great good to country.
11	Rajshahye, „ 3. „	0·29	Weather—somewhat cooler owing to high winds. Rain much wanted. Sowing retarded and standing crops being injured in consequence of drought. Cholera and small-pox cases still reported.
12	Rungpore, „ 2 „	2·43	Weather—cool since 1st. Rain not yet reported from Gaibanda and Bagdogra sub-divisions, and only to a slight extent from Kurigram. Rain has benefited crops. Small-pox still prevalent in north-west.
	Kurigram ...	0·23	
13	Bogra, „ 3 „	4·41	Heavy rain on 1st and more threatening. *Aus* and jute, where sown, much benefited by rain. Ploughing for *amun* commenced.
14	Pubna, „ 3 „	0·18	Weather—cool, with wind and stormy clouds, but slight rain. Heavy storm at Serajgunge on 28th April. Spring crops harvested. Rain fallen partially, and ploughing for rice and other crops backward. Small-pox and cholera not abated.
15	Darjeeling, „ 3 „	1·23	Weather—cloudy. Rain done much good for cultivation. Sowing of early rice commenced in Terai. In Hills Indian-corn and potato doing well. Ten per cent. of tea outturn lost from drought.
16	Julpigoree, „ 3 „	1·39	Rain greatly cooled air. Preparation of land and *bhadoi* sowing going on well.
	Cooch Behar, „ 1 „	1·45	Weather—close and cloudy during first part of week; rain on 28th April with hail. Rain probably general. Rain greatly improved prospects, but more still badly wanted. Crops, however, look greener already. Cholera still very bad in some places.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
	BENGAL.—(*Continued.*)		
	Eastern Districts.		
DACCA DIVN. 17	Dacca, May 3 '79	1·26	Weather—much cooler. Very much more rain in interior than at head-quarters. Ploughing going on in all directions. Drought must have caused considerable injury to standing crops, but if rains do not come early, there is still time to sow for a fresh crop.
18	Furreedpore, „ 3 „	0·92	Storms every evening. Rain done good, but more still wanted.
	Goalundo ...	1·55	
	Madaripore ...	1·00	
19	Backergunge, „ 1 „	„	Weather—cloudy and sultry. A shower on morning of 1st and more rain expected. Prospects bad. Even if rain comes now the season is too far advanced for a fair *aus* crop. Prices rising. A slight improvement in public health, but cholera and small-pox still prevalent in Sudder and Perozepore sub-divisions. Cattle disease also prevails in Perozepore and in parts of Patuakhali sub-division.
20	Mymensingh, „ 2 „	3·49	Heavy storms with hail and a good deal of rain. Rain will do good. Ploughing and sowing begun again and going on briskly.
21	Tipperah, „ 2 „	2·79	Three north-westers on 29th and 30th April and 1st May at head-quarters with good rainfall. More rain expected. In Chandpore sub-division only slight rain, but in all other parts rain on several days of week. *Aus* crop being sown, but in Chandpore sub-division more rain wanted.
	Brahmunbaria ...	1·25	
	Chandpore ...	0·03	
CHITTAGONG DIVN. 22	Chittagong, „ 1 „	0·52	Weather—hot; occasionally cloudy. More rain urgently required for cultivation.
23	Noakholly, „ 1 „	A slight shower to-day (1st May), prospect of more rain.	Weather—hot, with high wind. Cooler at close of week. Indifferent outturn of *rubbee* crops. Rain much wanted for *aus* crop now being sown and in some places coming up. Fever prevalent.
24	Chittagong Hill Tracts, Apl. 29 '79	0·55	Weather—very warm during first part of week, but rainfall with squalls on night of 28th lowered temperature. Rain improved prospects of chilly and *aus* paddy crops, but more wanted for sowing in jooms.
	Hill Tipperah, „ 30 '79	1·30	Weather—cloudy and stormy. Slight rain on 28th and 29th ultimo. Fields being prepared for cultivation of *aus* paddy. Chillies being gathered. Cholera and small-pox still prevailing.
	BEHAR.		
PATNA DIVN. 25	Patna, May 3 '79	Nil	Weather—very hot. Rain wanted for standing crops and for ploughing and sowing operations.
26	Gya, „ 3 „	Nil	Weather—hot. Maximum reading in shade 112·2°. Prices stationary. Small-pox still prevalent. A few cases of cholera reported. Health of plough-cattle good.
27	Shahabad, „ 3 „	Nil	Weather—very hot. No crops on ground. Cholera and small-pox abated.
28	Durbhunga, „ 3 „	Nil	Weather—hot, with strong east wind. Rain very urgently needed throughout district. Prices risen. Small-pox appeared in some places.
29	Mozufferpore, „ 3 „	0·12	Weather—warm, with east wind. Nothing to report with regard to crops. A thunderstorm on evening of 1st cooled air, but rain too light to do much good.
	Seetamurhee ...	0·14	
30	Sarun, „ 3 „	Nil	Weather—hot. East wind prevailing. Rain much wanted for standing crops and for preparation of ground for *bhadoi* rice. Information of wells running dry in some localities. Prices stationary. Small-pox still prevalent.
31	Chumparun, „ 3 „	Slight.	Weather—muggy rather than hot, with east winds. Heavy hail at head-quarters. *Cheena* withered in many places. Rain much wanted.
BHAGULPORE DIVISION. 32	Monghyr, „ 3 „	Nil	High east wind prevailing with appearance of rain. Rain much wanted.
33	Bhagulpore, „ 3 „	Nil	Violent easterly winds causing great variations of temperature. No crops on ground. *Rubbee* crops harvested. Outturn short and prices very high.
34	Purneah, „ 3 „	0·85	Weather—very hot and sultry up to 1st May. A general improvement in the country since rainfall on night of 1st. Rain still needed for cultivation.
35	Maldah, „ 3 „	0·91	Weather—cloudy and much cooler than last week. Rain in morning of 1st and night of 2nd. *Boro* and *bhadoi* paddy crops suffered much for want of rain. Cases of cholera and small-pox still reported.
36	Sonthal Perghs. „ 3 „	Nil	Strong south and east winds. Clouds and sheet-lightning. No crops. *Mohwa* good. Rain wanted.

No.	District, and date of return	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date
ORISSA.			
Orissa Divn. 37	Cuttack May 3 '79	Nil	Weather—hot, windy, and dry. *Dalua* rice, cotton, sugarcane, and *cheena* being gathered. *Dalua* suffered in places from want of rain. Outturn of cotton and sugarcane poor. Mangoes plentiful. Rain much wanted.
38	Pooree, „ 1 „	Nil	Weather—seasonable in Pooree. Very hot in Khoorda. Harvesting of early *dalua* crop completed and of late crop commenced. Cotton, sugarcane, and mango crops doing well. Rain wanted. Rice sells at 17½ to 21 seers a rupee. Many cases of fever reported.
39	Balasore, „ 2 „	0·83	Weather—very hot during day with high winds from south-west; cool nights and mornings. Rainfall of week done good, but limited to certain parts of district. Generally speaking rain much wanted. Numerous cholera deaths reported. Small-pox and fever in places.
CHOTA NAGPORE			
	South-West Frontier Agency.		
40	Hazareebagh, May 2 '79	Nil	Heat excessive. No crops on ground, nor any present appearance of any cultivation being undertaken owing to want of rain.
41	Lohardugga, „ 3 „	Nil	Weather—hot. West winds Still no rain. Prices very high and show no tendency to fall. In Palamow price of rice a little better. Small-pox prevalent, and three cases of cholera reported.
42	Singbhoom, „ 2 „	Nil	Weather—seasonable and fiercely hot. Rain urgently wanted for ploughing and sowing operations. Mangoes suffering severely from heat and drought.
43	Manbhoom, „ 3 „	Nil	Weather—very hot. Clouds. Rain much wanted for ploughing. Surgarcane withering.

Published for general information.

The average fall of the corresponding period for 24 years, S. G. Office ...	...	5·23

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h.; the maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground.

o overcast, *g* gloomy, *lr*. lightning reflection.

HORACE A. COCKERELL,
Secy. to the Govt. of Bengal.

[First Publication.]

The 7th May 1879.—The following notification is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION

UNDER SECTION 5 OF ACT VI OF 1878.

It is hereby notified, under Section 5 of the Indian Treasure Trove Act VI of 1878, that, on or about the 29th March 1879, the following treasure was found in the garden of one Coppachi Jounden, in the village of Konghieu, Dharapuram Taluq., Coimbatore district.

All persons claiming the treasure or any part thereof are required to appear personally or by agent before the Collector of Coimbatore at his office on the 1st September 1879, in order to the matter being enquired into and determined in accordance with the provisions of the said Act.

One gold ring weighing 11 fonams.
Seven pieces of gold weighing 19¼ fonams. } Value, Rs. 15.

GEO. MCWATTERS, Acting Collector.

DISTRICT COIMBATORE, COLLECTOR'S OFFICE, the 28th April 1879.

[First Publication.]

The 12th May 1879.—The following notification is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

TREASURE TROVE.

It is hereby notified, under Section 5 of the Indian Treasure Trove Act (VI of 1878) that, on or about the 20th March 1879, the following treasure was found in the Government waste land opposite to the Mantapam attached to Malaikolundisvaran Temple in the village of Miwaraivenran in the taluq of Srivilliputtur of the Tinnevelly district.

All persons claiming the treasure, or any part thereof, are required to appear personally or by agent before the Collector of Tinnevelly at his office on the 22nd of September 1879, in order to the matter being enquired into and determined in accordance with the provisions of the said Act.

	Value. Rs.	A.	P.
One gold ear ornament, called " tanga olai "	17	8	0
,, ,, head ornament, called " jadaibillai "	3	0	0
,, ,, ear ornament, called " onnappu "	2	0	0
	22	8	0

J. B. PENNINGTON, *Collector, Tinnevelly.*

NOTIFICATION.

The 13th May 1879.—In the exercise of the powers conferred on him by section 234 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased, on the recommendation of the Commissioners of the Municipality of Chatra, in the district of Hazareebagh, made at a meeting, to order that all the provisions of Part VII, Chapter II of the said Act, except sections 274 to 284, both inclusive, shall be in force in the said Municipality.

H. L. HARRISON,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 5th May 1879.—In part supersession of the notification dated 2nd June, published in the *Calcutta Gazette* of the 8th September 1869, the Lieutenant-Governor of Bengal is pleased to sanction the transfer of the undermentioned villages in district Bhagalpur from Thana Behipore to Thana Colgong, with effect from the 1st April 1878.

In consequence of the above transfer it is also declared that the revised boundaries of thanas Colgong and Behipore will be as hereafter described.

List of Villages transferred from Thana Behipore to Thana Colgong.

Serial No.	Names of Villages.	Thak-bust No.	Names of pergunnahs.	Serial No.	Names of Villages.	Thak-bust No.	Names of pergunnahs
1	Gobindpore Koslee oorf Munrownee	265	Chhai		Koondur Mundur Melik ...	76	Chhai.
	Ramchunderpore Suhora ...	266	Ditto		Azimpore or Rungra Melik ...	81	Ditto.

	Kehzurpore Lutra	78	Ditto		Ditto	135	Ditto.
				54	Azimabad Ar. Kitteh 2nd ...	139	Ditto.

* Parts of these villages are in thana Bhagalpur.

NOTE.—In the above list the names given are those of the villages as surveyed and demarcated by the Revenue Survey Department, and as shown on their maps and records.

REVISED BOUNDARY OF THANAS COLGONG AND BEHIPORE.

THANA COLGONG.

Is bounded on the north by the zillah boundary between the villages of Juhangeerpore Bysee and Babooporc Foolkeah,

On the East and South.—The boundary accords with that of sub-division Bhagalpur, as defined in the notification dated 2nd June 1869, between the villages of Babooporc Foolkeah and Azumpore.

On the West.—The boundary accords with the eastern boundary of thana Bhagalpur, between the villages of Azumpore and Boodhoo Chuk; thence it runs westwards along the southern bank of the river Ganges, which it crosses at the village of Muhadeopore; thence it follows the boundaries of the following villages, viz.—Muhadeopore, Sulumpore Ullawul, Parbutta Deoree, Ismaelpore, Narainpore, Malpore Arazee, Luchmeepore, Bishoonpore Gopee Melik, Ufzul Chuk Arazee Melik, Bishoonpore Gopee Melik, Bishoonpore Gopee, Mukundpore, Jusmulpore Baso oorf Dhurhura, Mukundpore or Bhowaneepore, and Juhangeerpore Bysee.

THANA BEHIPORE.

On the North.—The boundary remains the same as defined in the notification dated 2nd June 1869.

On the East.—The boundary accords with portion of the western boundary of thana Colgong above described.

On the South and West.—The boundaries remain the same as defined in the notification dated 2nd June 1869.

NOTE.—All the above-named villages are within the limits of the thanas to which reference is being made.

Darwanie	Birudangah... ...	Tangormarie to Uttarasasa.	Puchapukhar.
Ditto	Juboonessurie ...	Ditto	Uttarasasa.
Jaldhaka	Ulasie	Ghoramara to Tangormarie.	Nikbukh.
Ditto	Aulikholer	Ditto	Choraga.
Ditto	Dhaigan	Ditto	Khalisa Khutama Desiby and Bugilugarie.

H. L. HARRISON,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 6th May 1879.—In supersession of the notification published at page 401, Part I of the *Calcutta Gazette* of 30th April 1879, it is hereby notified for general information that, under the provisions of clause C, section 11, Act VIII of 1878, the space on the east bank of the river Hooghly, lying between jetty No. 8 on the north and Chandpal Ghât on the south, is appointed the wharf for landing all goods discharged from vessels not lying at the jetties, which the Collector of Customs may require to be taken to the Custom House.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 6th May 1879.—In substitution of the rules under sections 5 and 13 of the Opium Act, 1878, published in the *Calcutta Gazette* of the 21st and 28th August and 4th September 1878, the following revised rules, which have received the sanction of the Governor-General in Council, are hereby published.

Interpretation-clause.

I. In these Rules, unless there be something repugnant in the subject or context—

(1) "Board" means the Board of Revenue for the Provinces for the time being subject to the Lieutenant-Governor of Bengal:

(2) "Commissioner" means the Commissioner of a Revenue Division:

(3) "Collector" includes a Deputy Collector or other Revenue Officer in independent charge of a district and a Superintendent of Excise Revenue:

(4) "Preventive-officer" means any officer of any of the departments mentioned in Section 14 of the Opium Act:

(5) "Intendant" means any officer in charge of Government opium stores at Calcutta:

(6) "Farmer" means a person who has obtained from the Collector a farm under Rule XXXIX or XLIV:

(7) "Licensed-vendor" means a person who has obtained a license for retail sale under Rules XXXV, XXXVII, XLI and XLIV:

(8) "Retail sale" means the sale of any quantity of opium or intoxicating drugs not exceeding five tolas, and of any quantity of poppy-heads not exceeding five seers:

(9) "Opium" means the inspissated juice of the poppy:

(10) "Intoxicating drugs" includes mádak and chandu, and every preparation and admixture thereof, and kafa, and all other intoxicating or narcotic preparations of opium and of the poppy, but does not include poppy-heads:

(11) "Poppy-heads" means the dry capsules of the poppy plant:

(12) The words "import," "export," and "transport" have the respective meanings assigned to them in the Opium Act, 1878.

(13) "Bengal" means the territories administered by the Lieutenant-Governor of Bengal:

(14) "India" means the country included within the British frontier lines on the extreme west, north, and east of British India.

II. Rules XIV to XXIX apply only to Calcutta; the remaining rules apply to all the territories for the time being subject to the Lieutenant-Governor of Bengal, including Calcutta.

Manufacture.

III. The manufacture of opium, except by the Government or by a cultivator licensed under Act XIII of 1857 for delivery to the Government, and the manufacture of more than five tolas weight of intoxicating drugs without a license from the Collector or a farmer granted under these rules, are prohibited.

Possession.

IV. Except as provided in Rule V—

(1) no person shall have in his possession any opium other than opium purchased from the Government or from a farmer or licensed-vendor:

(2) no person, not being a farmer, licensed-vendor, or medical practitioner, shall have in his possession more than five tolas of opium or intoxicating drugs, or more than five seers of poppy-heads.

V. Rule IV does not apply to—

(1) travellers and visitors from foreign countries beyond the boundaries of India having in their possession any quantity of opium produced in such foreign territory, or intoxicating drugs prepared therefrom, not exceeding two seers in all for the whole party intended for the personal use of such travellers and visitors or their attendants, and not for sale or barter:

(2) foreign horse-dealers entering India with their horses, having in their possession opium produced in such foreign territory, or intoxicating drugs prepared therefrom, limited to ten tolas weight per horse:

(3) opium, intoxicating drugs, or poppy-heads in transit covered by a pass under these rules:

(4) cultivators duly licensed under Act XIII of 1857 having poppy-heads and newly extracted opium in their possession during the usual period between the full growth of the poppy and the delivery of the produce to the opium agent.

VI. The Collector may grant to any medical practitioner residing within his district a license in Form I appended to these rules for the possession and retail of opium, intoxicating drugs, and poppy-heads for medical purposes only: provided that such medical practitioner shall not have in his possession at one time more than a seer of either opium or intoxicating drugs, and more than ten seers of poppy-heads.

Transport.

VII. When a farmer or licensed-vendor desires to transport opium, intoxicating drugs, or poppy-heads, he shall obtain for each consignment a pass from the Collector in such form as the Board may from time to time prescribe.

The pass shall specify—

(1) the time within which the transport shall be effected;
(2) the place from which the consignment is to be transported;
(3) the name of the person in charge of the consignment;
(4) the name of the consignee;
(5) the number of packages, and the weight and contents of each; and
(6) the place to which the consignment is to be transported.

Each package in every such consignment shall be stamped in the presence of the officer granting the pass with his official seal.

VIII. The bulk of a consignment shall not be broken during transport.

IX. The Collector may make it a condition of the pass that the bulk of the consignment for which it is granted shall not be broken until after the consignment shall have been examined at the place to which it is carried by an officer deputed or authorized by the Collector for that purpose. Provided that such examination shall be made within seven days from the date on which the Collector is informed of the arrival of the consignment.

X. If any officer competent to exercise the powers of seizure, detention, and search under sections 14 and 15 of the Opium Act, finds that the packages are fewer, or the amount of opium and intoxicating drugs less (by more than the dryage allowance of one-quarter per cent.) than the number or amount specified in the pass, he shall immediately report the circumstances to the Collector, who will decide whether a prosecution shall, or shall not, be instituted.

Import.

XI. Opium, intoxicating drugs, or poppy-heads may be imported into Bengal—

(*a*) by Government for its own purposes;
(*b*) by the persons described in clauses 1 and 2 of Rule V in the quantities which, and for the purposes for which, those persons may, under those clauses, possess opium.

Export.

XII. Opium, intoxicating drugs, or poppy-heads may be exported from Bengal—

(*a*) by Government for its own purposes;
(*b*) by the persons described in clauses 1 and 2 of Rule V in the quantities which, and for the purposes for which, those persons may, under those clauses, possess opium;
(*c*) to the territories under the Government of Chandernagore under the conditions specified in Rule XIII;
(*d*) by sea from the port of Calcutta in the manner provided by Rules XIV to XXIX.

XIII. Opium, intoxicating drugs, and poppy-heads may be exported from Calcutta to the territories under the Government of Chandernagore, subject, while in transit through British territory, to the conditions of Rules VII, VIII, and X.

XIV. Opium may be exported by sea from the port of Calcutta if it has been purchased from Government at a public sale held by the Board, and is covered by a pass or certificate granted by the Board.

XV. Shipping bills for exportation of opium must be printed in red ink and presented at the Custom-house in duplicate, accompanied by the usual certificate from the Board. The duplicate on which the pass is granted will be returned to the shipper to obtain delivery from the opium godown, the original being forwarded to the Gate-officer on the wharf, to expedite the passing of the opium out of the Custom-house.

XVI. On ordinary working days, no treasury receipt in payment of opium and no pass will be accepted by the Board after 3-30 P.M., nor will any certificate be supplied after 4 P.M. On Saturdays, no receipt or pass will be accepted after 1-30 P.M., and no certificate granted after 2 P.M.

XVII. The certificates granted by the Board are to be returned to the Board, duly cancelled, at the close of the month.

XVIII. A fee of Rs. 5 will be charged to each shipper on presentation of shipping bills after 4 P.M. on the day of clearance of the China steamer.

XIX. All opium intended for export, which shall not be cleared from the godowns before 4-30 P.M., shall be conveyed to the steamer or ship from the ghât opposite to the opium godowns in covered cargo-boats, with properly-secured hatches.

XX. As soon as the Intendant of Opium Godowns is aware that clearances will be made after 4-30 P.M. he shall make immediate report to the Collector of Customs, who will at once appoint one or more Preventive-officers, as may be necessary, to be in attendance at the ghât at which the cargo-boats shall lie. In his report the Intendant shall mention the probable number of chests which will be removed during the evening, and each day, as long as clearances are going on, he shall furnish a similar report to the Collector.

XXI. The Preventive-officer at the ghât shall examine all boat-notes and chests, and shall see the latter placed in the hold of the cargo-boat. He shall then secure and seal the hatches or any other openings or doors of the cargo-boat, by which access may be had to the hold, with a distinctive mark before allowing the boat to proceed to the steamer or ship. He shall also make an entry in the boat-note specifying that the hatches have been sealed.

XXII. The Preventive-officer on board the receiving ship or steamer shall carefully examine the seals affixed to the hatches, &c., of all cargo-boats laden with opium as soon as they arrive alongside the vessel, and shall not allow the seals to be broken in any case until he is actually prepared to receive the opium on board, and to superintend the removal of the chests from the hold of the cargo-boat.

XXIII. Should it appear to the Preventive-officer on board the receiving vessel that the seals placed on the hatches, &c, of the cargo-boats have been broken in transit, or have been in any way tampered with, he shall bring the matter to the immediate notice of the officer in charge of the vessel, and shall examine each chest carefully. If any theft of opium is discovered, the Preventive-officer shall make an immediate report to the River Police and to the Collector of Customs, mentioning at the same time the number of the cargo-boat and the name of the owner and manjee.

XXIV. Each shipper who removes his chests of opium from the Government premises after 4-30 P.M. shall be required to pay Rs. 2 for any number of chests up to 20, Rs. 3 for any number of chests above 20 and up to 50, and Rs. 5 for any larger number of chests, as remuneration to the Preventive-officer at the ghât employed beyond the usual hours.

XXV. These fees shall be realized by the Intendant before delivery of the chests to the shippers, and all such fees shall be remitted daily by the Intendant to the Collector of Customs, and shall form a special fund for the remuneration of the Preventive-officers who may be employed beyond the usual working hours.

XXVI. No application shall be received by the Intendant for the delivery of opium chests after 9 o'clock P.M.

XXVII. On account of each requisition made for the delivery of chests, and presented to the Intendant between the hours of 5 o'clock and 9 o'clock P.M. on ordinary working days, or between 2 P.M. and 9 P.M. on Saturdays, the Intendant shall be authorized to demand a fee of Rs. 16, and a further fee of 2 annas on account of each chest delivered.

XXVIII. The procedure described in Rules XVIII to XXV of this section is enjoined specially in the case of opium cleared from the godowns after 4-30 P.M., but it may be followed in the case of opium cleared before that time, if the shipper so desires, and on application made to the Intendant.

Export of Chandu.

XXIX. Subject to the provisions of the law relating to sea-customs for the time being in force, the export of chandu is permitted under a pass from the Superintendent of Excise Revenue, Calcutta.

Export passes shall only be granted to licensed vendors of chandu, and on payment of such export duty as may from time to time be fixed by the Board. The pass must be produced at the Custom-house at the time of exportation, and must certify that the chandu which it covers has been prepared from opium supplied from Government stores.

Sale, Wholesale.

XXX. Opium, in quantities of not less than one seer, shall be supplied, on prepayment, at such rates as the Lieutenant-Governor of Bengal may from time to time prescribe by Notification in the *Calcutta Gazette*, from the Collector's office only to the treasurer or his agent, or to a farmer, licensed-vendor, or medical practitioner licensed under Rule VI.

XXXI. Opium may be sold wholesale by the Board for export by sea

Sale, Retail.

XXXII. No person shall retail opium, intoxicating drugs, or poppy-heads, except under license from the Collector or from a farmer, and in accordance with the conditions specified in the license.

XXXIII. No larger quantity than five tolas of opium or intoxicating drugs or five seers of poppy-heads shall be sold, except to a licensed-vendor or to a medical practitioner, licensed under Rule VI, or under a special order from an officer exercising the powers of a Collector. A licensed-vendor may sell any quantity not exceeding one seer of opium or intoxicating drugs, and not exceeding ten seers of poppy-heads, to a medical practitioner licensed under Rule VI.

XXXIV. Opium shall not be retailed at any Government office.

XXXV. Licenses for the retail of opium shall be granted to licensed vendors in Form II.

XXXVI. Licenses for the manufacture and retail sale of intoxicating drugs shall be granted by the Collector in Form III.

XXXVII. Whenever the Collector grants a license for the retail of opium or of intoxicating drugs, he shall impose such conditions on the licensee, besides those specified in the license, as may from time to time be prescribed by the Board.

XXXVIII. Licenses for retail sale shall be granted for one year only, unless the Board shall otherwise specifically direct.

Such limited number of shops for the retail vend of opium or intoxicating drugs as the Board may from time to time decide shall be allowed in each district, and the monopoly of retail vend at such shops shall be put up to auction, or otherwise contracted for at the commencement of each official year. The shops shall be sold or contracted for singly, or in such groups as the Board may direct.

XXXIX. With the sanction of the Board the Collector may let in farm the duties leviable on the retail vend of opium or of all or any intoxicating drugs within any specified area for a term not exceeding five years. The Board may prescribe rules (*a*) for the invitation and acceptance of tenders for such farms; (*b*) for the requisition of security for the due fulfilment of the engagements entered into by the farmers; and (*c*) as to the form and conditions of such leases. Any breach of such engagement shall render the lease liable to annulment by the authority by whom the farm was sanctioned.

XL. When the duties leviable, on opium or any intoxicating drug are let in farm, the farmer may make his own arrangements for the retail of opium or for the manufacture and retail of any intoxicating drugs within the limits of his farm; provided that no opium, except that supplied from the Collector's office, shall be used in the manufacture of such drugs. No person shall sell by retail opium or any intoxicating drugs within such limits except he holds a license from the farmer to that effect.

XLI. Before entering into engagements for any such farm, the Collector may, with the sanction of the Board, make such reservations or restrictions with respect to the grant of licenses by the farmer as he thinks fit.

Such licenses shall be granted in Form IV, and, when countersigned by the Collector, shall have the same validity as licenses granted directly by the Collector.

XLII. Every farmer shall file in the Collector's office, in such form as may from time to time be prescribed by the Board, a list of all licenses granted by him.

XLIII. With the sanction of the Board, obtained through the Commissioner, the Collector may cancel any lease granted under Rule XXXIX, or may, within the period of the lease, impose any new reservation or restriction on the farmer.

If a lease be cancelled for any cause other than a breach of the conditions of the lease, or if any reservation or restriction with respect to the grant of licenses be imposed during the lease, the Board may award to the farmer compensation for any loss thereby caused to him.

XLIV. The Collector may grant licenses for the retail of poppy-heads, or may farm the duties leviable on the retail of the same, on such terms as the Board shall from time to time prescribe.

XLV. If any licensed vendor or farmer shall have in his possession, on the expiry of his license or farm, any opium, intoxicating drugs, or poppy-heads, which he is unable to dispose of to the satisfaction of the Collector by private sale to other licensed vendors or farmers, he shall surrender the same to the officer in charge of the excise revenue; and the incoming licensed vendor or farmer, or, if the expired license or farm is not renewed, any licensed vendor or farmer within the district, when required by the Collector, shall be bound to purchase the articles aforesaid to the extent of two months' supply, at such price, and in such quantities, as the Collector shall adjudge; provided that, if such articles be declared by the Civil Surgeon of the district to be unfit for use, the Collector shall cause them to be destroyed.

Disposal of things confiscated

XLVI. (*i*).—All things confiscated under the Opium Act, 1878, except opium, intoxicating drugs, and poppy-heads, shall be disposed of by the Collector by public sale.

(*ii*).—Opium so confiscated shall be sent for examination to the Civil Surgeon of the district, and, if declared by him to be fit for use, shall be disposed of in such manner as the Board may, by general order, direct. If declared to be unfit for use, it shall be immediately destroyed.

(*iii*).—Intoxicating drug so confiscated shall be immediately destroyed.

(*iv*).—Poppy-heads so confiscated shall be disposed of as the officer in charge of the excise revenue of the district in which the confiscation is made may direct.

The value of confiscated poppy shall be calculated at the rate of Rs. 12 per agency bigah of 3,025 square yards, and of confiscated opium declared to be fit for use at the rate of Rs. 8 per seer. Opium declared to be unfit for use shall be deemed to be of no value.

Rewards to be paid to officers and informers.

XLVII. Any Magistrate convicting an offender under section 9, or any Magistrate or other authorized officer ordering the confiscation of opium under section 12 of the Opium

Act, 1878, may grant, in such proportions as he thinks fit, to any person or persons who have contributed to the seizure of the opium or the conviction of the offender, a reward not exceeding the value of the opium and other articles confiscated in the case, *plus* the amount of any fine imposed.

XLVIII. In any case in which, in the opinion of the Board, any person has performed any service of special merit in respect of the prevention or detection of opium-smuggling or of any offence against the Opium Act, 1878, the Board may grant to such person a reward not exceeding in amount Rs. 500.

The Board or, with the sanction of the Board, a Collector may incur expenditure not exceeding Rs. 500 in each case for the employment of informers, or for any other purpose connected with the prevention or detection of opium-smuggling or of any offence against the Opium Act, 1878.

Appeals.

XLIX. An appeal shall lie to the Commissioner against every order of a Collector under these Rules if presented to the Commissioner, or to the Collector for transmission to the Commissioner, within thirty days of the date of the order appealed against. An appeal shall lie to the Board against every order of a Commissioner under these Rules if presented to the Board within sixty days of the date of the order appealed against. Provided that it shall be discretional with the Board to receive appeals direct from orders passed by a Collector.

L. The petition of appeal should be accompanied by the order appealed against in original, or an authenticated copy of the same, or the omission to produce such order or copy should be explained.

FORMS.

I.—Special license to medical practitioner under Rule VI.

Special license granted to A. B., following the profession of at in the district of , for the retail sale of opium, intoxicating drugs, or poppy-heads, on the condition that such opium shall be procured from a licensed vendor, and shall be used *bond fide* as medicine or in medical preparations or prescriptions.

District

Dated

*II.—License for Retail Sale of Opium.**

District.
No. of license in Register
Name of retailer
Locality of shop

Be it known that resident of pergunnah district of is hereby authorized by the Collector of to sell opium by retail at in from the date of this license to the day of 18 , upon the following conditions :—

I.—That he shall pay to Government a monthly fee of

II.—That he shall sell no opium but such as he may purchase from the Collector's office, and that he will not receive, or have in his possession, opium obtained otherwise.

III.—That he shall retail opium only in the shop for which this license is granted.

IV.—That, except to a medical practitioner holding a special license from the Collector, he shall not sell more than five tolas weight of opium to any person at one time.

V.—That he shall not adulterate the opium sold by him.

VI.—That he shall not receive any wearing apparel, or other goods, in barter for opium.

VII.—That he shall not open his shop, or make sales therein, before sunrise; that he shall not keep it open, or make sales therein, after ; and that he shall not harbour any person therein during the night.

VIII.—That he shall not permit persons of notoriously bad character to resort to his shop; that he shall prevent gaming and disorderly conduct therein; and that he shall give information to the nearest Magistrate or police officer of any suspected person who may resort to his shop.

IX.—That he shall have constantly fixed up, at the entrance of his shop, a signboard bearing the following inscription, in legible characters, in the vernacular language :—

(*Name of vendor.*)

"Licensed to retail opium."

X.—That if he buy less than , which is the quanti itimated to be retailed at in each month, he shall, if required, explai reason of the falling off to the Collector.

* Counterpart of this will be signed by the license-holder and deposited in the Collector's office.

XI.—That he shall keep up daily an account in this form, showing the receipts and deliveries of opium at his shop each day, and the balance in store:—

Date.	Quantity of opium in store from yesterday.	Quantity of opium received this day, and whence received.	Total quantity to be accounted for.	Quantity sold this day.	Quantity left in store.

XII.—That he shall at once produce his license and accounts for inspection, on the demand of any officer of any of the Departments of Excise, Police, Customs, Salt, Opium, or Revenue, superior in rank to a peon or constable, empowered under section 14 of the Opium Act; and that he shall not prevent any such officer, of whatever rank, from entering his shop at any hour of the day or night.

XIII.—That if the holder of this license does not intend to renew it on the expiry of the period for which it is granted, he shall give notice to the Collector that he contemplates its surrender at least 15 days before the expiry of the period for which it is granted, *i.e.* before the day of 18 .

If such notice be not given, or if this license be not recalled by the Collector under the authority reserved to him in clause XIV, this license, and any counterpart engagement for the due observance of these conditions that the license-holder may have entered into, shall remain in force, as if this license and the engagement were formally renewed for a further term of one year, viz. to the day of 18 .

XIV.—This license may be recalled by the Collector—

(*a*) for default of punctual payment of the fee stipulated to be paid in clause I;
(*b*) for violation of any of the conditions specified in this license;
(*c*) if the holder of this license be convicted of breach of the peace or of any other criminal offence during the currency of this license.

Should the license be recalled for any of these causes, the license-holder will have no claim to any compensation whatever, or to any refund of any fee, or instalment of fee, already paid. But it shall be in the discretion of the Collector to make such compensation or refund, should he consider it necessary or advisable to do so.

Should the Collector desire to recall this license before the expiry of the period for which it has been granted for any cause other than those above specified, (*a*), (*b*), and (*c*), he shall give 15 days' previous notice, and remit a sum equal to the fee for 15 days, or, if notice be not given, shall make such further compensation, in default of notice, as the Commissioner may direct.

XV.—This license may be surrendered by the license-holder on his giving one month's notice to the Collector, and paying such fine, not exceeding the amount of the duty for six months, or the loss caused to Government by the failure to carry out any condition imposed, as the Collector may adjudge.

Should the Collector be satisfied that the reason for resigning the license is adequate, he may, with the sanction of the Commissioner, remit the fine.

XVI.—On the infringement of any of the above articles, or of any of the conditions imposed by the Opium Act, 1878, or by the rules made thereunder, this license, and any other license or licenses that the holder may have obtained for the sale of opium or for the manufacture or sale of madak or chandu, shall be forfeited.

*III.—License for the Manufacture and Retail Sale of Madak or of Chandu.**

District
No. in Register
Name of vendor
Locality of shop

Be it known that resident of pargana district of , is authorized by the Collector of to open a shop for the retail sale of madak (or chandu, as the case may be), at , from the date of this license to the 18 , upon the following conditions:—

I.—That he shall pay to Government a monthly fee of

II.—That he shall purchase all the opium he may use in the manufacture of madak (or chandu, &c., as the case may be) direct from the Collector's office and not from any opium vendor.

III.—That he shall sell madak (or chandu) only in the shop for which this license is granted, and that he shall not sell madak (or chandu) in any other place.

IV.—That, except to a medical practitioner duly licensed, he shall not sell more than five tolas weight of madak (or chandu) to one person at one time.

V.—That he shall not receive any wearing apparel, and other goods, in barter for the drug.

* Counterpart of this will be signed by the license-holder and deposited in the Collector's office.

VI.—That he shall not open his shop, or make sales therein, before sunrise; that he shall not keep it open, or make sales therein, after ; and that he shall not harbour any suspected person therein.

VII.—That he shall not permit persons of notoriously bad character to resort to his shop; that he shall prevent gaming and disorderly conduct therein; and that he shall give information to the nearest Magistrate or police officer of any suspected person who may resort to his shop.

VIII.—That he shall have constantly fixed up, at the entrance of his shop, a signboard bearing the following inscription, in the vernacular language of the country:—

(*Name of vendor.*)

"Licensed vendor of madak (or chandu)."

IX.—That he shall keep up daily the following accounts, showing the receipts of opium in his shop, the quantity used in the manufacture of madak (or chandu), and the balance remaining in store at the end of the day:—

I.—OPIUM.

Date.	Quantity of opium remaining in store yesterday.	Quantity received to-day, and whence received.	Total quantity of opium to be accounted for. M. S. C.	Opium used in the preparation of madak (or chandu). M. S. C.	Quantity remaining in store.
1	2	3	4	5	6

II.—MADAK OR CHANDU.

Date.	Quantity remaining in store yesterday.	Quantity manufactured out of opium to-day.	Total quantity of madak or chandu to be accounted for.	Madak or chandu sold to-day. M. S. C.	Quantity remaining in store this day.
1	2	3	4	5	6

X.—That he shall at once produce his license and accounts for inspection on the demand of any officer of any of the Departments of Excise, Police, Customs, Salt, Opium, or Revenue, superior in rank to a peon or constable, empowered under section 14 of the Opium Act; and that he shall not prevent any such officer, of whatever rank, from entering his shop at any hour of the day or night.

XI.—That if the holder of this license does not intend to renew it on the expiry of the period for which it is granted, he shall give notice to the Collector that he contemplates its surrender at least 15 days before the expiry of the term for which it is granted, *i.e.* before the day of 18 .

If such notice be not given, or if this license be not recalled by the Collector under the authority reserved to him in clause XII, this license, and any counterpart engagement for the due observance of these conditions that the license-holder may have entered into, shall remain in force; as if this license and the engagement were formally renewed for a further term of one year, viz. to the day of 18 .

XII.—This license may be recalled by the Collector—

(*a*) for default of punctual payment of the fee stipulated to be paid in clause I;
(*b*) for violation of any of the conditions specified in this license;
(*c*) if the holder of this license be convicted of breach of the peace, or of any other criminal offence during the currency of this license.

Should the license be recalled for any of these causes, the license-holder will have no claim to any compensation whatever, or to any refund of any fee, or instalment of fee, already paid. But it shall be in the discretion of the Collector to make such compensation or refund, should he consider it necessary or advisable to do so.

Should the Collector desire to recall this license before the expiry of the period for which it has been granted for any cause other than those above specified (*a*), (*b*), and (*c*), he shall give 15 days previous notice, and remit a sum equal to the fee for 15 days, or if notice be not given, shall make such further compensation, in default of notice, as the Commissioner may direct.

XIII.—This license may be surrendered by the license-holder on his giving one month's previous notice to the Collector, and paying such fine not exceeding the amount of the duty for six months, or the loss caused to Government by the failure to carry out any condition imposed, as the Collector may adjudge.

Should the Collector be satisfied that the reason for resigning the license is adequate, he may, with the sanction of the Commissioner, remit the fine.

XIV.—On the infringement of any of the above articles, or any of the conditions imposed by the Opium Act, 1878, or by the rules made thereunder, this license and any other

license or licenses that the holder may have obtained for the sale of opium, or for the manufacture or sale of madak or chandu, shall be forfeited.

IV.—License for the Retail Sale of Opium, Madak or Chandu granted by a farmer.

District
No. in Register
Name of vendor
Locality of shop

Be it known that resident of pargana district of , is authorized by the farmer of , to open a shop for the retail sale of opium, madak (or chandu, as the case may be), at , from the date of this license to the 18 , on the following conditions:—

I.—That he shall pay to the farmer a monthly fee of

II.—That he shall purchase all the opium he may sell or use in the manufacture of madak (or chandu, as the case may be) direct from the farmer, and not from any opium-vendor.

III.—That he shall sell opium madak (or chandu) only in the shop for which this license is granted.

IV.—That he shall not sell more than five tolas weight of opium madak (or chandu) to one person at one time, except to a licensed vendor or medical practitioner, holding a special license from the Collector.

V.—That he shall not adulterate the opium sold by him.

VI.—That he shall not receive any wearing apparel, or other goods, in barter for the drug.

VII.—That he shall not open his shop, or make sales therein, before sunrise; that he shall not keep it open, or effect sales therein, after ; and that he shall not harbour any suspected person therein.

VIII.—That he shall not permit persons of notoriously bad character to resort to his shop; that he shall prevent gaming and disorderly conduct therein; and that he shall give information to the nearest Magistrate or police officer of any suspected person who may resort to his shop.

IX.—That he shall have constantly fixed up, at the entrance of his shop, a signboard bearing the following inscription in the vernacular language of the country:—

(*Name of vendor.*)

"Licensed-vendor of madak (or chandu)."

X.—That he shall keep up daily the following account, showing the receipts of opium, in his shop, the quantity used in the manufacture of and the balance remaining in store at the end of the day:—

I.—OPIUM.

Date.	Quantity of opium remaining in store yesterday.	Quantity received to-day, and whence received.	Total quantity of opium to be accounted for. M. S. C.	Opium sold this day or used in the preparation of madak (or chandu). M. S. C.	Quantity remaining in store.
1	2	3	4	5	6

II.—MADAK OR CHANDU.

Date.	Quantity remaining in store yesterday.	Quantity manufactured out of opium to-day.	Total quantity of madak or chandu to be accounted for.	Madak or chandu sold to-day. M. S. C.	Quantity remaining in store this day.
1	2	3	4	5	6

XI.—That he shall at once produce his license and accounts for inspection, on the demand of any officer of any of the Departments of Excise, Police, Customs, Salt, Opium, or Revenue superior in rank to a peon or constable, empowered under section 14 of the Opium Act: and that he shall not prevent any such officer, of whatever rank, from entering his shop at any hour of the day or night.

XII.—This license may be recalled by the farmer—

(*a*) for default of punctual payment of the fee stipulated to be paid in clause I; d by the farmer or Collector—

(*b*) for violation of any of the conditions specified in this license;

(*c*) if the holder of this license be convicted of breach of the peace, or of any other criminal offence during the currency of this license.

XIII.—On the infringement of any of the above articles, or of any of the conditions imposed by the Opium Act, 1878, or by the rules made thereunder, this license and any other license or licenses that the holder may have taken out for the sale of opium, or for the manufacture or sale of madak or chandu, shall be forfeited.

Garlic	... ...	1/16
Tamarind	... ...	1/16
Turmeric	... ...	1/16
Coriander seed	... ...	1/16
Chillies	... ...	1/48

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 28th April 1879.—In modification of rules 3 and 12 of the rules for the registration and licensing of cargo-boats published in the *Calcutta Gazette* of the 18th December 1878, the Lieutenant-Governor orders the publication of the following amended rules for general information :—

Amended Rule 3.

Every license granted under these rules shall continue in force for one year from the date on which such license was issued, unless it shall have been revoked under the provisions of these rules. The license is not transferable, and if the ownership of the boat is changed notice of the transfer must be given to the Port Commissioners before the boat again plies in the port.

Amended Rule 12.

Every cargo-boat shall be provided with an iron caboose or fire-place to be kept on deck, or in such other part of the boat as the Surveyor may direct, and no fire shall be permitted in any other part of the boat. Every cargo-boat shall carry a light in a lantern in the fore-part of the boat where it can be distinctly seen when under weigh after dark.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Third Publication.]

The 28th April 1879.—The following notification is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

NOTICE TO MARINERS.

(No. 20.)

Africa—South Coast.

(1) SHOAL GROUND WESTWARD OF DURNFORD POINT.

The Hydrographic Department of the British Admiralty notifies that the following information has been received from Commodore F. W. Sullivan, C.B., C.M.G., Senior Officer, Cape of Good Hope, relative to the existence of dangerous shoal ground, the south-western extreme of which lies W. ¾ S., distant 6¼ miles from Durnford point :—

This danger *(Tenedos shoal)*, composed of uneven coralline rock, extends apparently about 3 miles from the shore, and is steep-to on its south-western edge, where the least water obtained was 12 feet.

Position approximate, latitude 28° 59′ S., longitude 31° 54′ E.

NOTE.—As there are no marks on the adjacent shore by which the position may be determined, and as the sea only breaks on the shoal in heavy weather, vessels should not

approach this part of the coast nearer than 4 miles, nor bring Durnford point to bear eastward of E. N. E., and also keeping without the depth of 10 fathoms.

An easterly current is occasionally experienced at the distance of 3 to 4 miles from this coast.

(2) TUGELA RIVER.

The mouth of Tugela river may be easily recognized by the southern entrance point being thickly wooded and dark, and by a conical hill, also thickly wooded, situated about 7 miles north-eastward of the entrance.

(3) UMHLOTI RIVER.

The mouth of Umhloti river may be known by a long flat rock about 10 feet high situated close to the shore, and about one mile south-westward of the entrance.

(The bearings are Magnetic. Variations 25¾° Westerly in 1879.)

By Direction of the Government of India,

R. C. CARRINGTON,

for A. DUNDAS TAYLOR, *Comdr.* (*late I. N.*),

Superintendent, Marine Survey of India.

MARINE SURVEY DEPARTMENT, CALCUTTA, the 25th April 1879.

This notice affects the following British Admiralty publications:—

Charts Nos. 2088 and 2089.

Sailing Directions, *Africa Pilot*, Part III, 1878, page 149.

If this notice is received on boardship, the substance of it should be inserted on the Charts affected by it, and introduced into the Sailing Directions to which it relates.

DECLARATION.

The 12th May 1879.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the expense of the Calcutta Municipality for a public purpose, viz. for a new road from Moonshee Suderoodeen's Lane to Bysack Deegee, in the town of Calcutta, district 24-Pergunnahs, it is hereby declared that for the above purpose pieces of land Nos. 29, 38, 39, 40, 41, 42, Moonshee Suderoodeen's Lane; 129, 131, 132, 135, Muchooa Bazar Street; and No. 3, Mitter's Lane, situated in the town of Calcutta, measuring more or less 2 beegahs and 19 cottahs, are required. The boundaries of the two plots of land are as follows:—Mark A, bounded on the north partly by public drain; partly by No. 39, Moonshee Suderoodeen's Lane, belonging to Syad Kureemoodeen; partly by No. 38, Moonshee Suderoodeen's Lane, belonging to Gunga Gobindo Sain; partly by No. 3, Mitter's Lane, belonging to Golap Coomaree Dossee; and partly by No. 129, Muchooa Bazar Street, belonging to Gopaul Loll Bysack and others: on the south partly by Moonshee Suderoodeen's Lane; partly by No. 37, Moonshee Suderoodeen's Lane, belonging to Bunnah Meah; partly by public drain, partly by No. 135, Muchooa Bazar Street, belonging to Durponarain Bysack; partly by No. 3, Mitter's Lane, belonging to Golap Coomaree Dossee; partly by No. 132, Muchooa Bazar Street, belonging to Preonath Sett; partly by No. 131, Muchooa Bazar Street, belonging to Ramanauth Sett; and partly by No. 129, Muchooa Bazar Street, belonging to Gopal Loll Bysack: on the east partly by No. 128, Muchooa Bazar Street, belonging to Gopal Loll Bysack and others; and partly by public drain: and on the west by public drain. Mark B, bounded on the north and east by Moonshee Suderoodeen's Lane; on the south by No. 29, Moonshee Suderoodeen's Lane, belonging to Baboo Rajendro Mullick; and on the west by No. 28, Moonshee Suderoodeen's Lane, belonging to Ticca Sing.

Plans and specifications of the lands are deposited in the office of the Municipal Commissioners of Calcutta, and may be seen there on application to the Secretary to the Corporation.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

H. L. HARRISON,

Offg. Secy. to the Govt. of Bengal.

JUDICIAL DEPARTMENT.

No. 2938A.

The 30th April 1879.—The Lieutenant-Governor accepts the resignation tendered by Coomar Kanty Chunder Singh of his appointment of Presidency Magistrate.

The 6th May 1879.—Baboo Rajendro Nath Roy, Deputy Magistrate and Deputy Collector, Gya, is vested with the powers of a Magistrate of the Second Class.

The 7th May 1879.—Baboo Amirto Lall Chatterjee, Judge of the Courts of Small Causes of Dacca and Moonshegunge, is allowed leave for three months, under Rule 1, Section 43 of the Civil Leave Code, with effect from the afternoon of the 28th ultimo.

Baboo Amirto Lal Pal, B.L., Moonsif of Burdwan, is appointed to act as Judge of the Courts of Small Causes of Dacca and Moonsheegunge, during the absence, on leave, of Baboo Amirto Lall Chatterjee, or until further orders.

Mr. Avinasa Chundra Mittra, Barrister-at-Law, is appointed to act as a Moonsif in the district of Burdwan during the absence, on deputation, of Baboo Amirto Lal Pal, B.L., or until further orders.

Mr. Mittra will ordinarily be employed in the Sudder Moonsiffee of the Burdwan district.

The 9th May 1879.—Mr. Rajkishen Sen, Barrister-at-Law, Third Moonsif of Berhampore, and Additional Moonsif of Azimgunge, in Moorshedabad, is appointed to be a Moonsif in the district of Moorshedabad.

Mr. Sen will ordinarily be employed at the Sudder Station of the district.

The 12th May 1879.—Baboo Radha Madhub Bose, Officiating Deputy Magistrate and Deputy Collector, Lohardugga, is vested with the power to try cases under Act I of 1878 (the Opium Act) in that district.

NOTIFICATION.

The 29th April 1879.—It is hereby notified that, under the authority vested in him by Section 3, Act IV (B.C.) of 1865 (an Act for the prohibition of the practice of inoculation), the Lieutenant-Governor extends the provisions of the said Act to the sub-division of Bagdogra in the district of Rungpore.

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 2nd May 1879.—The following extract from paragraph 14 of the Rules for the conduct of the Legislative business of the Council of the Governor-General is republished for general information:—

PARA. 14. "Communications on matters connected with any Bill before the Council may be addressed either in the form of a petition to the Governor-General in Council, or in a letter to the Secretary, and must in either case be sent to the Secretary. Ordinarily, such communications will not be answered.

"Except in the case of the High Court at Fort William, such communications from courts, officials, or public bodies shall ordinarily be sent through the local Government."

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 1st May 1879.—It is hereby notified that, under the powers vested in him by Section 3 of Regulation I of 1872, the Lieutenant-Governor directs that the Indian Arms Act (XI of 1878) shall have force and effect in the whole of the Sonthal Pergunnahs.

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 3rd May 1879.—With the view of affording facilities for registering receipts for compensation money, the Lieutenant-Governor, under the provisions of section 7 of the Indian Registration Act III of 1877, appoints Mr. A. H. Warde-Jones, Land Acquisition

Officer, Sone Canals, to be a Joint Sub-Registrar having concurrent jurisdiction with all the Sub-Registrars in the district of Shahabad, with the Sub-Registrars of Nowbatpore and Dinapore in the district of Patna, and with the Sub-Registrars of Aurungabad and of Jehanabad in Gya, so far as thana Arwal is concerned. For the purposes of the Indian Registration Act and rules, the Sub-Registrar now appointed will be subordinate to the Registrars of Shahabad, Patna, and Gya, so far as the registration of receipts for compensation money is concerned.

This notification will take effect from the date of its publication.

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 21st April 1879.—Under Section 3, Act I (B.C.) of 1876 (an Act to provide for the voluntary registration of Mahomedan marriages and divorces), the Lieutenant-Governor has granted a license to Meer Furrokh Hossain authorizing him to register Mahomedan marriages and divorces, and to exercise the other functions of a Mahomedan Registrar within the police-station of Nawabgunj, in the district of Dacca, during the absence, on leave, of Mahomed Yakoob Khan.

COLMAN MACAULAY,

† Bengal Government (Public Works Department) Notification No. 97, of the 17th April 1879.

(LOCAL COMMUNICATIONS.)

The 12th May 1879.

No. 125.—*Declaration under section 6 of Act X of 1870 of the Government of India.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for the construction of a road from Tarnirhat to Kaligunge running through the villages of Jaynagar, Mahanpura, Dhanpura, Lakhipura, Baramanika, and Petmanika, in the island of Dakhin Shabazpore, zillah Backergunge, it is hereby declared that for the above purpose a piece of land seven and a half miles in length and 80 feet in breadth, measuring more or less 220 bighas 11 cottahs and one chittack of standard measurement, is required within the aforesaid villages of Jaynagar, Mahanpura, Dhanpura, Lakhipura, Baramanika, and Petmanika.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

By order of the Lieutenant-Governor of Bengal,

T. H. WICKES,

Offg. Asst. Secy. to the Govt. of Bengal in the P. W. Dept.

IRRIGATION.

The 13th May 1879.

No. 140.—*Notifications.*—It is hereby notified, under Section 2 of the Canals' Act of 1864 [No. V (B.C.)], that the provisions of the said Act shall apply to the following navigable channel from the 1st May 1879:—

Canal taking off from the 5th mile of the Midnapore canal in the Khurruckpore Pergunnah and terminating at Narainghur, in Pergunnah Narainghur, both in the district of Midnapore. The length of the channel is 17 miles, and is commonly called the "Narainghur Distributary."

No. 141.—The following draft rules, having reference to the Narainghur Distributary, referred to in this Department Notification No. 140, dated the 13th May 1879, are hereby published under the provision of Section 12 of the Canals Act of 1864 [No. V (B.C.)]:—

I.—Every vessel on entering the canal shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorized by Government to be charged on the canal.

II.—The tonnage of every vessel, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

(*a*) The product of half the length of the vessel, from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(*c*)—In calculating the amount of toll to be levied on vessels exceeding 100 maunds tonnage, any fraction of 100 maunds less than 25 and not exceeding 50 maunds, is to be charged as 25 maunds only; exceeding 50 and not exceeding 75 maunds, to be charged as 50 maunds only; and exceeding 75 maunds, as 75 maunds only. Above one thousand maunds no fraction of 100 maunds tonnage is to be charged. Toll will be charged on vessels under 100 maunds tonnage on the actual measurements of the vessels, omitting fractions of tens of maunds.

III.—Every vessel entering the above canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date the vessel entered the canal, the point to which it may proceed in the canal, the maundage of the vessel, the amount of toll charged, and the number of days for which the vessel may remain in the canal and the date of such last day. The number of days which the vessel may remain in the canal without additional payment shall be calculated at the rate of one day for every eight miles or portion of eight miles to be traversed.

IV.—Toll may be paid at the first station for the entire line of navigation.

V.—The tickets thus given may be demanded for inspection by any duly authorised canal officer, and must be on board and at hand for that purpose. The tickets should be delivered up at the last toll station

VI.—Owners of vessels may compound, by the payment of a fixed sum, for the use of the whole or a portion of the above canal for any period that may be agreed upon not exceeding one year. Each vessel so compounded for shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded for, and the limits of the canals within which the vessel may pass: such ticket shall be kept on board the vessel and shall be produced when required under Rule V, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

VII.—Duplicates of lost tickets, of which the numbers and the dates of entry can be satisfactorily established, will be granted by the officer in charge of toll station on payment of a fee of one rupee.

VIII.—Vessels remaining in the canal for a period exceeding that allowed under Rule III, will pay a demurrage of 8 annas per 100 maunds per diem for each day or part of a day that they remain in excess.

IX.—No boats above 10 feet beam over all, and no rafts or floats of more than 10 feet width and 60 feet in length, will be allowed to enter the canal.

X.—It will not be compulsory for the lock to be opened to single vessels of less than 500 maunds burthen, except in the case of mail or despatch boats; but the lock shall be opened for the passage of boats at least twice a day.

XI.—Vessels must have their masts fitted so that they can let down with ease and speed, and when under sail, vessels must always keep in the middle of the canal: when being tracked, vessels are, as far as practicable, to keep to their port or left side of the canal.

XII.—All vessels anchoring at night are to keep to their port or left bank of the canal.

XIII.—Only one vessel shall be allowed to make fast along, and in a line with the canal banks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a canal officer. No vessels shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation, and no bamboos or poles shall be allowed to be erected on vessels when at anchor. Any infringement of this rule will be punishable by a fine not exceeding Rs. 5 for each offence.

XIV.—Every vessel when put to shall be securely fastened, and shall at all times have some person in attendance on board of it. Any infringement of this rule will be punishable by a fine not exceeding Rs. 5 for each offence.

XV.—In every case of wreck or obstruction of the channel by sunken vessels, the canal officer may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the canal officer, this officer may undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act of 1864."

XVI.—If the canal officer be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boat seized under the Canals Act, he shall notify the seizure in the most public manner available.

XVII.—In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the canal officer may detain the vessel within the canal for a period not exceeding 24 hours, provided that within that period the canal officer shall lodge a complaint against such person in charge of the vessel before a Magistrate under Section 16 of the Canals Act.

XVIII.—The banks or berms of the canal shall not be used as wharves for the deposit of goods, under a penalty of Rs. 10 for each offence; but except in special cases, when the permission of the canal officer will be necessary, all articles shall be removed to the outer banks of the canal, and all such articles as shall not be finally removed from within the boundaries of the canal, within a period of six days after being so deposited, shall be liable to a charge of 4 annas per 100 maunds.

XIX.—The canal may be closed once a year for effecting the necessary repairs to it, on one month's notice of the intention so to close it; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim shall be made in such case by owners of vessels or others for compensation on account of detention.

XX.—All offences against the provisions of these rules shall be punishable as provided for in section 18 of the "Canals Act of 1864," and all fines imposed may be recovered in the manner mentioned in section 17 of the same Act.

XXI.—The term "Canal Officer" in the foregoing rules shall include the person alluded to in section 8 of the "Canals Act of 1864," and any other person who may be specially appointed to exercise such powers by the person appointed to collect the tolls.

Dated the 13th May 1879.

No 142, Notification—With reference to Notification by this Department, No. 141, dated the 13th May 1879, it is hereby notified, under Section 6 of the "Canals Act, 1864," that it is intended to levy toll at the following rates, and at the Krishnaghur Lock on the Naraingbur Distributary:—

Rs	A.	P.	
0	12	0	per 100 maunds for loaded boats entering the canal.
0	4	0	per 100 bamboos.
0	2	0	per each timber.
0	0	6	per each passenger.

Mr. Hamilton's services are placed at the disposal of the Government of Bengal.

The following orders, issued by the Government of India in the Financial Department, are republished for general information :—

NOTIFICATIONS.—ACCOUNTS.

Simla, the 1st May 1879.

No. 410.—The following Resolution is published for general information :—

Read again—

Resolution in the Financial Department, No. 4063, dated 9th November 1878, and the Financial Statement for 1879-80.

RESOLUTION.—By the Resolution of the 9th November 1878, the Governor-General in Council urged on the several Local Governments and Administrations the necessity of reducing the ordinary expenditure of the country within the narrowest possible limits. It was directed that measures should be taken for suspending or postponing all optional expenditure, whether Imperial, Provincial, or even from Local Funds, and that no proposals for increases of salaries or establishments should be entertained without real necessity. His Excellency in Council does not doubt that earnest attention has been given to those instructions, but it has now become requisite to repeat them in still stronger and more definite terms.

2. The Government of India has repeatedly declared it to be necessary, in ordinary times, that a surplus of revenue over expenditure of not less than £2,000,000 should, each year, be provided to furnish the means of protecting the country against famine, and to leave a margin to meet unforeseen contingencies. Less than a year ago, it appeared that this object had been attained; but the expectations then expressed by the Government in regard to the satisfactory condition and prospects of the finances have, during the last few months, been dispelled. The Financial Statement, published with the Resolution of the 12th March 1879, shows an estimated deficit of revenue compared with the estimated Ordinary Expenditure in 1879-80 of £1,395,000.

3. In paragraph 265 of that Resolution, the true surplus, apart from the War in Afghanistan, is estimated at £813,000, being £1,187,000 less than the required surplus of £2,000,000.

4. Although other causes for anxiety are not wanting, this unfortunate change in the financial position of the Government may be considered wholly due to the state of the Exchange with England. The estimated loss by Exchange for the current year would, if provision were made to cover the whole of the Home charges, be £4,140,000, an amount exceeding by more than £1,000,000, the entry under this head in the Budget Estimate for the year which has lately closed, and it is impossible to say that this loss will not continue and go on increasing.

5. The task is serious of dealing with a difficulty of so indefinite a character, and one of which the causes are so entirely beyond the control of this Government; but the Governor-General in Council is resolved to spare no efforts to maintain the finances of the Empire in a completely satisfactory condition.

6. Apart from other measures which may become unavoidable for increasing the public revenues, it is obviously necessary that all practicable limits should be placed on the public expenditure.

7. It has been shown, on former occasions, that during the last ten years there has been a very large reduction in the net Civil Expenditure of the Empire. Excluding Famine Relief and Loss by Exchange—an element, as just stated, beyond control—that reduction has not been less than £1,500,000 a year. Still further reductions must now be made.

8. The Public Expenditure, excluding that incurred from local funds, is now divided into two branches, Imperial and Provincial, for which the Government of India and the Local Governments and Administrations are respectively responsible.

9. The Military charges constitute the most serious part of the Imperial obligations, but the present Resolution is not intended to refer to them; and His Excellency in Council will now only say regarding them that he is fully alive to the urgent and paramount duty which rests on the Government of India of striving to the utmost of its power to reduce the Military Expenditure within the narrowest limits consistent with the public safety. His Excellency in Council knows that the Government of Her Majesty feels no less anxiety in this matter.

10. In respect to the Civil Expenditure, excepting the charges on account of the public debt and other heads of service, which, as they concern the Empire at large, have been retained under the management of the Supreme Government, the greater portion of the ordinary civil expenditure of British India is now mainly entrusted to the Provincial Governments. With regard to that part of this expenditure which is under his more immediate control, and, in particular, the expenditure on the central establishments of the Supreme Government, the Governor-General in Council is taking the most effective means in his power to obtain every possible economy. He has now again to notify to the several Departments under the Government of India that no increase of the public expenditure will be allowed which is not essential and unavoidable; and it will be the immediate duty of every Department to make, without delay, a searching review of the whole of the charges under its control. Unless positive necessity exists, no improvements in administration, however desirable, must be undertaken, if they involve increased charges; no fresh establishments must be entertained; no new offices must be created; no new works, which it is possible to postpone, must be commenced.

11. The policy thus announced, in regard to the expenditure under the immediate control of the Government of India, must, the Governor-General in Council regrets to say, be extended also to the Provincial Government and to the Provincial Services. The policy of maintaining Provincial responsibility for the management of Provincial Finances inaugurated by the Government of India, in December 1870, has now been in course of development for nine years, with a success which has equalled the most sanguine expectations of its authors. It has led to greatly increased efficiency in many of the chief branches of the public service, to the development of the revenues without addition to the public burdens, and to economy in expenditure. It was one important object of that policy that the normal and obligatory administration of the country should be, as far as possible, shielded from the effects of ordinary vicissitudes affecting the Imperial Finances; and during the last nine years, notwithstanding the serious financial pressure that has often been experienced, as for example that caused by the Famine in Bengal in 1874, by the Famine in the Madras and Bombay Presidencies in 1876 and 1877, and by the present War on the Frontier, the Governor-General in Council has left at the disposal of the Provincial Governments, without diminution, the whole of the Resources assigned to them.

12. The pledge, however, originally given and subsequently repeated by the Government of India, that no fresh Imperial demand would be made on those Resources, has always been declared subject to the condition that, if some great fiscal misfortune or urgent national necessity should occur, it might become unavoidable to call on the Provincial Governments to sacrifice for the relief of the Empire generally some portion of the revenues allotted to them. The anxiety of the Government of India not to exercise this power and to interfere in no way with the free development of the system of Provincial Finance, has been amply proved in the past; and no one will doubt the reluctance with which His Excellency in Council now contemplates the necessity of inviting the Provincial Governments to give him their assistance in obtaining necessary relief to the Imperial Treasury and in averting, so far as may be possible, the necessity of imposing fresh burdens, whether Imperial or Provincial, on the country. But the unforeseen fiscal misfortune which has befallen British India in the disturbance of the relation formerly existing between the values of Silver and Gold, is more serious than any of those difficulties which it has hitherto been necessary to meet. It is more indefinite in extent, and may be more lasting; and, as already observed, the causes which led to it, and which are still in operation, are altogether beyond the control of this Government. The Governor-General in Council is most unwillingly forced to the conclusion that it has become necessary to make a revision, which he trusts may be only temporary, in the existing arrangements with the Local Governments, and this revision must involve some reduction of the resources now at their disposal.

13. Nothing is further from the intention of His Excellency in Council than to interfere in any way with the principles of the policy which has for some years past been followed with such signal success. He feels, indeed, that the emergency which has now occurred affords another and one of the strongest possible proofs that this policy is wise. But for this policy, he believes that the reductions of the public expenditure, which must now be made, would have hardly been practicable. This, at least, is certain that they will be carried out with far greater ease, and in a far more satisfactory manner, by the Local Governments than would have been possible under a system by which the Government of India attempted minutely to supervise all the details of the administration. In preparation for a contingency which must be regarded as imminent, the Governor-General in Council is compelled to direct that the prohibition of every avoidable increase of expenditure must extend not only to all Imperial Services, but to all Provincial Services also. The chief reductions in every Province will doubtless be made in the expenditure on Public Works. Without in any way contemplating greater restrictions on the power of the Local Governments in future than have been exercised under the rules actually in force, the Governor-General in Council, as a temporary measure, and with the object of preventing fresh avoidable expenditure until further arrangements can be settled with the Local Governments, thinks it necessary to direct that no new work estimated to cost more than Rs. 2,500, shall be commenced at the cost of Imperial or Provincial Funds, even though it may already have received the sanction of the Government. If, for some special reason, a Local Government desires that this order should in any case be relaxed, it will be at liberty to represent the circumstances to the Government of India. The same rule will be applicable to all departments under the immediate administration of the Supreme Government.

14. The present Resolution is intended chiefly to refer to the ordinary expenditure; but it has been decided to make large reductions in the expenditure on Productive Public Works also. On this subject further orders will be issued.

15. His Excellency in Council knows that he may confidently trust in the loyal co-operation of all the Local Governments and Administrations in giving effect to the instructions contained in the present Resolution. The Governor-General in Council will immediately place himself in communication with the several Local Governments and Administrations, and will consult them in regard to the particular measures which should be adopted for effecting the objects which have now been stated. It will be the duty of the several officers of audit and account to remind the Local Governments of this Resolution, whenever it seems necessary.

PAY AND ALLOWANCES.

Travelling Allowances.

The 30th April 1879.

No. 387.—The following Resolution is published for general information:—

Read again the following Pay and Allowance Proceedings:—

October 1877, Nos. 61 to 63.

Abstract, May 1878, Nos. 437-438.

Read—

Letter from the Chief Secretary to the Government of Bombay, to the Secretary in the Revenue Department, No. 28, dated 4th January 1878.

RESOLUTION.—In supersession of the orders contained in Resolution No. 3957, dated 29th October 1877, and letter to the Government of Bombay, No. 164, dated 1st May 1878, and of all other orders on the subject, His Excellency the Governor-General in Council is pleased to sanction the following travelling allowances for Ministerial and Menial Officers

who are entitled to travelling allowances, when travelling by railway on duty, or on transfer from one office to another :—

For an officer whose service is superior under the Civil Pension Code.

At the option of the officer, in lieu of any daily or monthly travelling allowance to which he may be otherwise entitled—

If the officer's salary is not less than Rs. 50 ...	Second class fare.
Otherwise	Intermediate class fare, or if there be no intermediate class accommodation in the train by which he is required to travel, second class fare.

For an officer whose service is inferior under the Civil Pension Code.

In addition to any daily or monthly travelling allowance to which he may be otherwise entitled.	Third class fare.

2. If the journey involves the absence of the officer from his head-quarters or standing-camp for one or more nights so that, presumably, it becomes necessary for him to carry with him servants and baggage, double the fare to which he would otherwise be entitled may, at the discretion of his superior officer, be granted to him.

3. An officer in Superior Service may not, except as provided in paragraph 4, charge railway fare on any day for which he receives daily or monthly travelling allowance.

4. If an officer in Superior Service is required to travel on one day partly by railway and partly otherwise, or to make a railway journey in the course of another journey, or of a tour, then, at the discretion of his superior officer, he may be reimbursed his actual expenses, not exceeding, on the whole, the amount to which he is entitled under paragraph 1 or 2 of this Resolution added to the amount to which he would be otherwise entitled, for the period occupied by the journey by railway, as daily or monthly (contract) travelling allowance.

PENSIONS, GRATUITIES, &c.

The 25th April 1879.

No. 402.—The Fourth Authorised Edition of the Civil Pension, Leave, and Acting Allowance Codes, revised and corrected to date, has now been published, and is in course of supply to all public officers entitled to receive it.

Henceforth this Edition only should be quoted.

The following orders, issued by the Government of India in the Military Department, are republished for general information :—

MEDICAL DEPARTMENT.

Simla, the 2nd May 1879.

No. 355.—Her Majesty has been pleased to appoint the undermentioned gentlemen to be Surgeons in Her Majesty's Indian Military Forces in the Presidency of Bengal. They are accordingly admitted into the service :—

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 120.

The 6th May 1879.

UNDER section 89 of Act X (B C.) of 1871, the following annual accounts and reports of the Road Cess Committees of the 24-Pergunnahs, Nuddea, Jessore, and Moorshedabad, of works done and in progress during the past cess year 1877-78, together with the remarks thereon of the Commissioner, Presidency Division, are published for general information.

T. H. WICKES,
Offg. Asst. Secy. to the Govt. of Bengal in the P. W. Dept.

No. 53R, dated Alipore, the 30th December 1878.

From—W. S. WELLS, ESQ., Magistrate and Chairman, Road Cess Committee, 24-Pergunnahs,

To—The Commissioner of the Presidency Division.

I HAVE the honor to submit herewith the annual Road Fund accounts of this district for the cess year 1877-78, together with the following report of the works of local improvement carried on during the year.

2. *Committee.*—The following gentlemen were members of the District Committee for the year under review :—

1. The Magistrate of the District.
2. Senior Covenanted Officer under the Magistrate.
3. District Superintendent of Police
4. Executive Engineer of the Public Works Department.
5. Rajah Hurrendra Krishna Bahadur.
6. Rai Ram Shunker Sen Bahadur.
7. Baboo Issur Chunder Mitter (since left the station.)
8. „ Cally Churn Ghose.
9. The Hon'ble Maharajah Nurrendra Krishna Bahadoor.
10. Prince Mahomed Furrok Shah.
11. „ Nusseeruddin Hyder.
12. Coomar Kanti Chunder Singha.
13. Baboo Sham Churn Law.
14. Mr. R. Harvey.
15. Baboo Kally Coomar Rai Chowdry.
16. „ Debendra Coomar Rai Chowdry.
17. „ Annundo Chunder Ghose.
18. „ Nobin Chand Ghose.
19. Mr. Cowasjee Eduljee.
20. Baboo Shama Churn Pottitundo.
21. Rai Mohun Mitter.
22. Baboo Nundo Lall Gosscin.
23. „ Gyanendra Coomar Rai Chowdry.
24. „ Jagendra Choitouno Ghose.
25. „ Grish Chunder Bose.
26. „ Hurry Choitonno Ghose.
27. „ Radha Mohun Mundle.

3. *Committee Meetings.*—There were five general meetings held during the year in all, of which there was a quorum, the members exhibiting great interest in their work.

4. The following table gives an abstract of the attendance at the meetings of the District and Sub-divisional Committees for the year under review:—

Branch Committees.—There are seven Branch Committees at each magisterial sub-division of the district, viz. at Barripore, Diamond Harbour, Baraset, Barrackpore, Dum-Dum, Busseerhat and Satkhira. Of the gentlemen composing these Branch Committees, the names of Baboos Debendra Coomar Roy Chowdry, Anundo Chunder Ghose, Prosonno Coomar Banerjee, Khetter Mohun Roy Chowdry, and Debnarain Dutt of Barripore, Gopal Kristo Chuckerbutty of Diamond Harbour, Jogessur Basu of Busseerhat, may be mentioned as having shown prominent zeal in village road work. The other members do not appear to have taken as much interest as could be desired. At Dum-Dum only one meeting appears to have been held within the year, and at Baraset and Satkhira there were three meetings. It will be pointed out to the Chairman of these committees that this not only shows an inclination on their part to act independently of their committees, but is opposed to the scope of section 54 of the Act, which lays down that there shall be at least four meetings during the year. The Branch Committees have lately been reorganized, the present members having completed the term of service allowed under the law, and a revised list has been submitted for sanction.

5. *Income.*—The total income of the year, including the unexpended balance of the passed year, amounted to Rs. 1,59,354-8-8 as detailed below:—

	Rs.	A.	P.
Last year's unexpended balance	28,258	13	5
Land cess	1,06,954	4	0
House cess	5,823	1	0
Fines	143	14	0
Road cess leviable otherwise than under the District Road Cess Act	225	4	4
Road tolls	13,027	10	9
Sale proceeds of produce and stores	912	7	9
Arrear ferry collections	1,375	9	0
Miscellaneous	2,633	8	5
Total Income ...	1,59,354	8	8

The decrease on the land cess, as compared with the figures of the last year, is owing to a large amount of arrears having been realized in that year. The sum realized during the year under review does not fall far short of the amount shown in the budget. The house cess has fallen off in consequence of the introduction of the Bengal License Act. The other figures show that there has been a general increase in income from other heads.

6. *Expenditure.*—There was a total expenditure of Rs. 1,46,547-12-1 under the following heads:—

	Rs.	A.	P.
Collection and office establishment	7,406	4	0
Contingent charges	1,001	14	2
Original works	7,568	11	7
Repairs...	1,07,485	14	10
Engineer's establishment	21,737	11	6
Tools and plant	1,347	4	0
Total Expenditure ...	1,46,547	12	1

From the details of expenditure given in Form No. 6, Part II of the annual accounts herewith submitted, it will be seen that there is an increase on the head of Establishments, &c., over the figures of the past year. This is merely nominal, as the establishments had to be paid twice in September, owing to the Doorgapoojah holidays having fallen at the close of that month. There was a smaller expenditure in original works, as a large sum had to be devoted to repairs. Two iron rollers were purchased during the year.

7. *Sub-Committee's report on examination of the annual accounts.*—The Sub-Committee appointed for the purpose of examining and auditing the accounts for the year under section 88 of the Act consisted, with the Vice-Chairman, of the following members:—

Baboo Jogendra Chunder Ghose. | Baboo Nobin Chand Ghose.

Baboo Sham Churn Law.

* The other two members have left the district.

Their report is extracted below—

"We, the Sub-Committee appointed to examine the accounts of the year ending 30th September 1878, beg to submit our report as follows :—

'We have compared the cash abstract book with cheque book, treasury pass-book and vouchers, and found them correct, with the exception of a trifling error of 3 annas, which has been corrected.

'We have compared the budget allotments with the actual outlay, and have found the latter to be generally within the amounts allotted. We remark that the actual outlay for contingencies exceeds the allotment by Rs. 101-14-2. In the expenditure on original works and repairs, the sum of Rs. 1,15,054-10-5 has been spent, while the amount sanctioned was Rs. 1,26,627, thus showing a saving of Rs. 11,572-5-7. We notice, however, that out of an allotment of Rs. 24,534 for original works, only Rs. 7,568-11-7 have been spent, whereas in place of Rs. 1,02,093 allotted for repairs, the sum of Rs. 1,07,485-14-10 has been spent. It appears that the Goburdanga bridge, for which Rs. 15,000 was allotted, has not been commenced, the contribution promised by the Court of Wards not having been advanced. It may not be out of place to mention here that the District Committee have had to undertake the repairs of a bridge, and number of roads converging towards the metropolis, while the funds they have at their disposal appear to be inadequate to maintain them throughout in an efficient state. The consequence is, that greater portion of the income is laid out in repairs and very little is available for original works.

"The cess on lands has been realized to the extent of Rs. 1,06,954-4-0, the amount estimated for the year being Rs. 1,08,000. The arrear thus shown amounts to Rs. 1,045-12-0. The House cess collection amounting Rs. 5,823-1-0 is short of the estimated amount, Rs. 8,000 owing to remissions allowed under the Imperial License Tax Act (1 of 1878).

8. In all other items the account shows an increase.

JOGENDRA CHUNDER GHOSE.
NOBIN CHAND GHOSE.
SHAM CHURN LAW.
RAM SUNKER SEN.

ALIPORE,
The 28th December 1878.

Original Works.—Of the original works undertaken this year, I may mention the following as the most important :—

(1)—The construction of a wooden bridge on double T iron posts across the Uster khal on the Uster road. This work has removed a long standing grievance of the inhabitants of a large tract of the country in the Diamond Harbour sub-division ;

(2)—Construction of a wooden bridge on masonry abutments, over the Kistopore khal in the Dum-Dum sub-division. This has also benefited a large number of villages within the Dum-Dum and Bhangore thannas.

(3)—Construction of a wooden bridge on masonry abutments at Port Canning on the Barripore and Mutlah Road.

(4)—Construction of a temporary wooden foot-bridge over the Bonbaria khal in the Barripore sub-division.

(5)—Several other bridges and culverts have also been constructed in other parts of the district where they were very much wanted.

(6)—The Goburdanga road has been completely metalled; but the gap of 3½ miles in the Jessore and Calcutta road (under the Public Works Department), of which mention was made in the last year's report, still continues to interfere with its usefulness.

9. *Repairs.*—It will be seen from the statement submitted herewith that Rs. 1,07,485-14-10 were spent on repairs. Out of this amount the sum of Rs. 79,396-8-9 was spent on the repairs of metalled roads, Rs. 15,171-7-2 on those of unmetalled roads, and Rs. 12,917-14-11 in the improvement and repairs of village roads. The total amounts allotted to each sub-division for village roads could not be fully spent on account of the early setting in of the rains. The most important repair work has been the repairs of Barripore road with stone metal. About seven miles of this road have received a coating of 3 inches of the same. This road is one of the most important in the district, and it was found very difficult to keep it in order by renewal of jhama khoa metal.

10. *Village roads, Diamond Harbour.*—Rs. 3,000 were allotted for the improvement of village roads of this sub-division (which contains no municipalities), under the superintendence of the sub-divisional branch committee, and from this amount nine village roads and three masonry culverts were constructed and fourteen roads repaired during the year at an aggregate cost of Rs. 2,617-6-6, by which about 175 villages have been benefitted. In addition to the above-mentioned grant by the District Committee, Baboo Bhim Sen Dass, Baboo Peari Mohun Roy and Baboo Kader Nath Dass made voluntary contributions of Rs. 75, Rs. 50 and Rs. 60 respectively for construction and repair of village roads of the sub-division. The construction and repairs of village roads in this sub-division were mostly entrusted to the head-men of the villages benefitted, and agreements taken from them by the Branch Committee for the due performance of their work. This has satisfied the people in general and made the imposition of the cess somewhat popular. The examination of the road-marks in this sub-division was made by the Subordinate Executive Establishment.

11. *Barripore.*—The total amount sanctioned for the village road works of this sub-division which contains two municipalities, and is intersected by at least three main district roads, was Rs. 2,200, and the full amount has been all spent during the year on improvement of village communications in the sub-division. The superintendence and examination of these works were mostly in charge of the Vice-Chairman of the Branch Committee, Baboo Debendro Coomar Roy Chowdry, who the sub-divisional officer reports took a lively interest in the work. I may mention this gentleman is also an useful member of the District Committee. The cost incurred during the year under report for improvement of village roads may be

divided under head "original work," Rs. 1,573; under head "repairs," Rs. 372; and Rs. 250 for bridges and culverts.

12. *Barrackpore.*—As this sub-division contains two municipalities, the sum of Rs. 700 only was allotted for improvement of village roads in the rural portion of this sub-division. Out of this sum 25 village roads and seven culverts were improved, by which almost all the ryots of the sub-division have been benefitted. The Vice-Chairman of the Branch Committee of this sub-division, Baboo Umbica Churn Mookerjee, has evinced great zeal in the discharge of his duties.

13. *Dum-Dum.*—A sum of Rs. 600 was sanctioned by the District Committee for repairs and construction of village roads and culverts in this sub-division, situated beyond cantonment and municipal limits and 18 village roads, &c., have been repaired from this amount at a cost of Rs. 479-4-9. The sub-divisional officer speaks favorably of the Vice-Chairman as having taken interest in his work.

14. *Baraset.*—As this sub-division contains two municipalities, and is intersected by several main roads maintained from the District Fund, a sum of Rs. 1,400 was allotted for improvement of its village roads, and from this amount 12 roads and 12 culverts have been constructed and repaired during the year under review at an aggregate cost of Rs. 1,105-13; by these works about 60 villages have been benefitted. The works were carried on by the principal residents of the localities where the roads are situated, and in some cases by the village chowkidari punchayet, and thus the works were done economically and well.

15. *Bussecrhat.*—Out of the total amount of Rs. 2,000 sanctioned for repairs of village roads in this sub-division, which contains four municipalities, ten roads with culverts were constructed mostly under the supervision of the Vice-Chairman and the Chairman of the sub-divisional branch committee at a total cost of Rs. 1,990. The other members did not evince much interest in the road cess work as was desirable.

16. *Satkhirah.*—Rs. 2,500 were sanctioned for the repairs of village roads in this sub-division, which contains five municipalities, and 13 roads with culverts have been put in order out of this amount, at a cost of Rs. 2,496. The roads have been so selected that in all the thannas of the sub-division the most important roads were taken up without assigning the total allotment to one or two particular thannas. This has satisfied the people and the sub-divisional officer reports that Baboo Preonath Sircar, of Debhatta, very much helped the committee in supervising and practically executing the important works in the Kallygunge thanna.

17. *Superintendence of works.*—The District Engineer under the Road Cess Committee and his staff of overseers and sub-overseers carry out and supervise as usual all the works in the district, and at sub-divisions the village road works are superintended mainly by the sub-divisional officers assisted by the members of the Sub-divisional Branch Committees. In the execution of works requiring professional skill they are assisted by the overseers and sub-overseers under the Committee's Engineer.

18. *The Chairman.*—Mr. W. M. Souttar was the Chairman of the District Road Cess Committee for the whole of the year under report with the exception of three months when he went away on leave.

19. *The Vice-Chairman.*—Baboo Ram Sunker Sen continued Vice-Chairman throughout the year.

20. *The Sub-divisional Officers who are ex-officio Chairmen of Branch Committees.*—All the sub-divisional officers deserve the District Committee's acknowledgments for the zeal and interest shown by them in connection with the road cess work.

21. *The District Engineer.*—The District Engineer, Baboo Radhica Prosad Mookerjee, Branch Committee Engineer, who holds the rank of an Executive Engineer in the Department Public Works, was in charge of the district works throughout the year and has shown great intelligence and energy in the discharge of his arduous duties.

22. *Feelings of the people with regard to the cess.*—On this subject I have but little to add to what was said last year. The road cess is now regarded as a tax which cannot be avoided, its redeeming feature being that the proceeds are spent in improving the communications and village roads of the district.

23. *Operations of the next year.*—The following is a brief account of the proposed road cess operations for the next cess year 1878-79.

24. *Expected Income.*—The income from all sources is estimated as follows:—

	Rs.	A.	P.
Land cess	1,08,000	0	0
Ditto on houses	400	0	0
Peons' fees, &c.	1,300	0	0
Other cesses	100	0	0
Road toll	1,300	0	0
Sales of produce, &c.	735	0	0
Total ...	1,28,000	0	0
Estimated balance on 30th September 1878 ...	12,806	12	7
GRAND TOTAL ...	1,35,806	12	7

25. *Proposed Expenditure.*—The expenditure on original works has been put down at Rs. 15,000, against Rs. 7,568 in 1877-78, and in maintenance and repairs Rs. 90,700, against Rs. 1,07,485 in 1877-78. The last-named amount includes Rs. 16,000 on account of improvement for village roads and Rs. 7,000 reserved for relief and unforeseen works. The original work which the Committee propose to undertake in the present year is the construction of an iron girder bridge at Goberdanga, on the Joboona, half the expense being contributed by the Court of Wards from the funds of the Goberdanga minor's estate.

RAM SUNKER SEN,

The 28th December 1878. *Vice-Chairman, Road Cess Committee, 24-Pergunnahs.*

No. 310RF, dated Kishnaghar, the 18th February 1879.

From—The Magistrate, and Chairman of the District Road Cess Committee, Nuddea,

To—The Commissioner of the Presidency Division.

I HAVE the honor to submit the following report on the road cess administration of this district during the cess year ending September last, together with a copy of the annual account as prepared and passed in accordance with section 88 of Act X (B.C.) of 1871.

2. The period for which the District Committee as well as several branch committees of this district were appointed having expired, they were reappointed in July last with such revisions in the list of members as were considered necessary from the experience gained during the previous years. Prior to this reorganization the District Committee consisted of 19 non-official members according to the list. But their actual number was sixteen only. Two members, Baboos Bamondass Mookerjee and Rameshur Bhowmick, died, and Mr. Eddis left the district. Of these sixteen members Moonshee Hafizooddin and Baboo Koylash Chundra Paul Chowdhuri never attended any meeting, and Baboos Shoombhoo Nath Mookerjee, Nrosing Prosad Dass and Dwarka Nath Paul Chowdhuri attended only one meeting since their appointment. My predecessor at first selected a large number of members from gentlemen residing at some distances from the sudder station, apparently with the expectation that by such arrangement all parts of the district would be equally and fairly represented at the meetings. The result, however, was quite contrary to expectation. With the exception of some gentlemen, viz. Mr. Savi of Moheshgunge factory and Baboos Nuffur Chundra Paul, Prosunno Chundra Rai, Sura Nath Rai and Anunda Moy Moitra, none of the other mofussil members attended meetings regularly. This defect, I am glad to state, does not exist in the present committee. The meetings now have a much better attendance and the members generally take a lively interest in the administration of the funds placed at their disposal. There are altogether 22 members in the list at present, of whom 19 are non-official. Rai Jodu Nath Roy Bahadoor was Vice-Chairman for the whole year and he took his full share of work. My predecessor was in office till the end of July last. Five meetings were held during the year under review. Three of them were duly attended but a quorum was not present in either of the remaining two.

3. The Branch Committee at Meherpore, I regret to say, held only one meeting during the year, at which they considered the distribution of the fund placed at their disposal. The members helped their Chairman throughout the year with their advice and by undertaking the repairs and construction of village roads in their neighbourhood. The Vice-Chairman, Mr. Patrick Smith, spent Rs. 150 very usefully on the repairs of the fair-weather road from Bhatpara to Amjhupy and carried out also a good many other works. As usual Mr. Sibbald, a member of the branch committee, has had the greatest share in keeping the roads of the sub-division in good repairs. The forty miles of road which surround Sibbaldgunge were maintained by him very satisfactorily.

4. There were altogether four meetings of the Kooshtea Branch Committee during the year. In two of these five out of 14 members attended, and in each of the remaining two the attendance was six. The branch committee repaired a good many of the existing fair-weather roads of the sub-division and constructed sixteen new village roads. Eight of these roads were constructed entirely under the superintendence of members, and the others through official agency.

5. The Branch Committee at Chooadanga held two meetings only. At the first meeting a quorum was not present. The subjects for discussion were the construction and repairs of village roads and the distribution of funds which they had at their disposal. Among the members Mr. Sherriff and Baboos Nuffur Chundra Paul Chowdhuri and Prosunno Chandra Roy took a lively interest in the repairs and construction of roads in their neighbourhood. Works were done on fifty-five miles of village roads in this sub-division, including repairs. The Committee on the whole discharged their duties satisfactorily.

6. The Ranaghat Branch Committee met only twice during the year, and the question of the construction and repairs of village roads and other important matters formed the subjects of their deliberation. The members of this Committee entertain the notion that their chief duty is to secure the improvement of roads in the immediate vicinity of their own residences. Although they thus take a narrow view of their duties, they bring in a good deal of local information, of which good use may be made by the Chairman. The repairs, as well as construction of some village roads, were undertaken by members, and contribution for construction and repairs of some roads were made to native gentlemen of villages likely to carry out works efficiently. The result in both cases was not satisfactory. In most cases want of coolies was pleaded in excuse, and there was an undue delay in carrying out the works entrusted to them. The heavy rains in April, which flooded the land on the sides of roads and gaps in them, interfered to some extent with the execution of works in this sub-division.

7. The Branch Committee at Bongong met twice during the year, and both of these meetings were well attended. The members of this Committee did not take much interest in their work. Many of them undertook to construct some village roads under their personal supervision, but they failed to satisfy the Chairman by their works. The greatest defect of this Committee was that the members had very little knowledge of the requirements of places beyond their immediate neighbourhood. The appointment of Baboo Mudhusuddun Banerjee, Sub-Inspector of Schools, as a member of this Committee, will in a great measure remedy the evil arising from the deficient local knowledge of this body.

8. Appendix A gives detail of attendance of members of the Sudder as well as the several branch committees of the district.

9. The members on the whole took a good deal of interest in the work entrusted to them, but notwithstanding this, I regret to notice the working of this department did not give general satisfaction to the public. I had occasion to report, through you, to Government on the subject, and I beg to remark here again that the cess can never be popular with the people unless it secures to them more direct and palpable advantage in return than it now does. The

district is traversed, as it were, by a net-work of roads of different descriptions. Prior to introduction of the road cess their aggregate length amounted to 642 miles, of which 159 miles were metalled and 483 miles were unmetalled. Of these twelve miles metalled and fifteen miles unmetalled roads are repaired by Public Works Department at present. A good many new roads have been constructed since, and the metalling on some of the old roads has been extended. The total length of existing roads amounts to 749 miles at present, exclusive of village communications, of which there are over 300 miles in this district. The necessity of the existing metalled roads is quite unquestionable. With the exception of two, they are all feeders to the Eastern Bengal Railway. The Government constructed them at an enormous outlay pressed by the sense that they were greatly needed, and prior to the introduction of the road cess, spent a large sum annually from the Provincial Funds for their renewal and maintenance. And besides this, the Government used to give a separate grant, varying between Rs. 40,000 and Rs. 65,000 annually, for the improvement and annual maintenance repairs of the existing unmetalled roads. These grants have been stopped now, and the Committee have hardly means at their disposal to keep these existing roads in order, much less to undertake the construction of new, though indispensable, works. The result of all this is, that though the people have been taxed at the maximum rate provided by the law, they have benefitted little by it. The public, at the passing of the Road Cess Act, expected that the revenue to be derived from this this source would be mostly spent in constructing new roads and bridges in accordance with their requirements. I regret that the committee in this district, by the course of things, have been able to do so little in the way of fulfilling the hopes of the people in this respect.

10. The same cause stands in the way of the development of village communications. Though something has been done in that way, it is quite inadequate to meet the requirements of the district, or popularize the cess amongst those who pay it.

11. When the budget was prepared it was anticipated that the opening balance of the year under review would be Rs. 10,500, as there was some probability of some works of the year in which the budget in question was framed, not having been finished before its expiration. The actual result, however, was contrary to expectation. The year opened with a plus balance of Rs. 9,595-14-2, against a liability incurred for work amounting to Rs. 4,008-7-1.

12. The estimated income of the committee for the year under review was Rs. 84,930 exclusive of the opening balance, viz :—

	Rs.
Cess on lands	70,000
Do. on houses	10,900
Fines	100
Road toll	2,530
Sales of produce and stores	1,000
Miscellaneous	400
Total ...	84,930

13. The actual revenue from various sources was Rs. 78,467 as per detail given in the following statement :—

Sources of Income.	Amount.	Worse than estimated by	Better than estimated by	Remarks.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	
Cess on lands	67,746 3 6	2,253 12 6	.....	
Do. on houses	5,464 15 6	5,435 0 6	.....	
Road cess leviable otherwise than under District Road Cess Act	286 0 3	.....	286 0 3	
Road tolls	1,934 0 0	596 0 0	.....	
Ferry tolls	1,009 0 6	.....	1,009 0 6	
Sales of produce and stores	120 2 3	879 13 9	.....	
Fines	13 14 3	86 1 9	.....	
Miscellaneous	1,893 13 5	.....	1,492 13 5	
Total ...	78,467 0 3	.....	.....	

14. The revenue from cess on lands was worse by Rs. 2,253-12-6 simply because collection had been made from certain establishments in advance during the previous year. The imposition of the license tax during the year interfered with the collection of house rate, and therefore the revenue derived from this source was worse than the estimate by Rs. 5,435-0-6.

15. Rs. 286-0-3 was collected during the year under the head of road cess leviable otherwise than under the District Road Cess Act. No revenue was estimated in the budget from this source of income. Apparently this was a mistake.

16. The collection under the head of road tolls was worse by Rs. 596. This was owing to the farmer of the Gopalnuggur toll bar having failed to pay up during the year the whole amount due from him. Rs. 1,009-0-6, shown as collection from ferry tolls, was the arrears of the previous year realized during the last year.

17. The actual collection from sales of produce and stores amounted to Rs. 120-2-3 only, against an estimated income of Rs. 1,000. This was the result of some saleable properties not having been disposed of during the year.

18. The revenue under the head of miscellaneous was better by Rs. 1,492-12 5, owing to a large sum of money derived from the sale of some properties belonging to Benee Gopal, the late Accountant, having been shown under that head.

19. The committee's income on the whole was worse by Rs. 11,875-8-3.

	Rs.	A.	P.
Income as per budget	95,430	0	0
Actual revenue collected during the year, including net opening balance	84,054	7	9
Difference ...	11,375	8	3

Owing to these circumstances the year ended with a large deficit in the shape of liability for work instead of a plus balance, as anticipated when the budget for the current cess year was framed.

20. The outlay for the year, as per budget estimate, was as follows :—

	Rs.
Establishment on collection of revenue	3,374
Contingent charges of collection office	300
Original works	18,992
Repairs	59,233
Establishment on work	12,471
Contingencies	910
Tools and Plant	150
Total ...	95,430

21. The actual expenditure of the year was as follows :—

Heads of Expenditure.	Amount.			Below estimate.			Above estimate.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
Collection of revenue (Establishment) ...	4,313	6	5	.....			639	6	5
Original Works	10,602	6	11	8,389	9	1	.....		
Repairs	63,890	13	3	.....			4,657	13	3
Establishment on Works	12,965	12	6	.....			494	12	6
Contingencies	1,109	13	5	.....			199	13	5
Tools and Plant	174	9	9	.....			24	9	9
Total ...	93,056	14	3	8,389	9	1	6,016	7	4

22. I regret that the committee had to make some alterations in the works as laid down in the budget; it occurred in this wise. The budget was prepared before the annual floods when they had no means of knowing the precise nature of the effect they would have upon their works. The imposition of the license tax and other circumstances besides reduced their income. They had therefore in some cases to undertake new works and repairs not originally included in the programme and make some other alterations in it which circumstances forced upon them. The actual aggregate outlay for the year was, however, below the estimated expenditure by Rs. 2,373-1-9. But it was more than the committee's actual income by Rs. 9,002-6-6. The committee spared no means in their power to curtail their expenditure in order to keep it within their income; but I regret that necessity compelled them to exceed it.

23. The expenditure under the heads "Establishment on collection of revenue" and "Establishment on works," exceeded the budget grants by Rs. 1,334-0-4. This was simply due to the fact that the establishment for September was paid during the year as the Doorga-pooja holidays commenced before the expiration of the month.

24. The inclusion of expenditure incurred in purchase of office furniture under the head of "Tools and Plant" has increased the amount beyond the estimate.

25. Form No. 6, part II of the accompanying annual accounts shows details of every description of expenditure incurred in this district during the year under review. The works undertaken were mostly repairs of the existing roads and bridges and culverts on them. Rs. 10,602-6-11 were spent in original works, which consisted of reconstruction of small bridges which gave way on some of the existing roads and construction and restoration of village communications. The following were the principal works done during the year.

26. *Original Works.*—Bhaga Bridge. This bridge was constructed over a gap in the 22nd mile of the Kishnaghur and Berhampore road. It is a timber bridge on tál posts, having four openings each of 10 feet clear span. This work was undertaken the year before last and completed last year. The total outlay on this was Rs. 541-11-3, against an estimated cost of Rs. 567. The sum spent last year was Rs. 107-5-3. This bridge though temporary has supplied a very great want of this important road.

27. Ghurkhual Bridge. Only bricks have been manufactured for this bridge at an expense of Rs. 686-13-9. This bridge will be built over a khal in the 1st mile of the Culna and Santipore road on the site of an old masonry bridge which has been washed away. This is a very important work. The road on which this is to be built connects Culna, a

sub-division in the Burdwan district, with the Eastern Bengal Railway at Ranaghat joining with the Ranaghat and Santipore feeder at Santipore. The new bridge will consist of a strong timber truss supported on masonry piers and abutments, and it will have two openings each of 12 feet clear span. It will be completed during the current cess year.

28. *Tangra Bridge.*—In the annual account this has been dealt with as original work simply because all reconstructions as a rule should be treated as such. The whole bridge was not rebuilt; only certain parts of it which were damaged were replaced. The total outlay on this work was Rs. 480 8-6, against an estimated cost of Rs. 486. This is an important bridge standing over Tangra khal in the 5th mile of the Buggoola and Bagadanga road.

29. *Bassantpore Bridge.*—This is a timber skin bridge on tâl posts built on the site of an old masonry bridge which stood on a khal in the 3rd mile of the Meherpore and Gangna road. The old bridge gave way during the floods of the year 1876, owing to insufficient waterway. The new bridge consists of three openings, each of 10 feet clear span. This waterway measures five times that of the old bridge. The estimated cost of this bridge was Rs. 332. It has been completed satisfactorily at an expense of Rs. 330-8-3.

30. Two wings of the Koyalkhally Bridge, on the Nischindpore and Haut Boalia road, were reconstructed at the cost of Rs. 984-2-9. The estimated outlay for this work was Rs. 1,327. The saving was large because the casualties provided for in the estimate did not actually come in the way of reconstruction of those wings. This work was commenced the year before last, but owing to interruptions caused by the rains and floods it could not be completed that year.

31. A temporary timber bridge was constructed at Amkholla, on the Guyghatta and Ichapore road, at an expense of Rs. 427-10-3. The estimated outlay for this bridge was Rs. 482. The roadway consists of teak-wood planks supported on strong beams of the same wood. There are three openings, each of which measures ten feet in clear span. The truss is supported by strong tâl posts firmly driven into the ground. The reconstruction of this temporary bridge was the only original work done in the Bongong sub-division, which deserves mention in this general report. The old bridge which stood at this place became unsafe, but this escaped the notice of the branch committee on the occasion of the preparation of the budget for the year under review, and therefore nothing was provided in it for this work. The expense incurred on it was met from the reserved fund. This bridge is quite substantial and the people residing in the neighbourhood are greatly benefitted by it.

32. Two bridges which were commenced the year before last on the Buggoolla and Kishnaghur feeder road were completed last year. The estimated cost of these bridges was Rs. 1,584 altogether. The actual outlay on them was Rs. 1,538-1-6, including the amount spent on them during the previous year. These bridges consist of timber plat forms supported on strong wrought-iron girders, which rest on strong masonry abutments, and both of them have been finished satisfactorily.

33. A temporary tâl bridge was constructed at Maruckdoho, on the Ramnuggur and Manicknuggur road, the estimated cost of this work was Rs. 404, the actual outlay was Rs. 418-1-2. This bridge is very useful to the public. A permanent bridge will be constructed here as soon as the committee are in a position to do so.

34. Rs. 251-1-3 was spent on the construction of a masonry culvert on the Kishnaghur and Berhampore road. This culvert has improved the sanitary condition of the large and populous village of Debogram very greatly. The estimated cost of this culvert was Rs. 262.

35. Rs. 5,608-6-6 was spent during the year on the construction of new village roads. Of this sum Rs. 888-8-3 was spent in the sudder, Rs. 1,159-9 in Kooshtea, Rs. 595 in Meherpore, Rs. 960 in Chooadangah, Rs. 1,000 in Ranaghat, and Rs. 1,005-5-3 in Bongong sub-division. Altogether 63 new village roads were constructed and a large number of existing village tracks were improved by spending small sums on each in each village. Of the 63 new roads 17 were constructed in Ranaghat, 16 in Kooshtea, 10 in the Sudder, 10 in Chooadangah, 7 in Meherpore and 3 in Bongong, of which one connects several villages and measures over 4½ miles in length. The outlay on the road was Rs. 487-2-9.

36. Rs. 512-14-9 was spent on arboriculture undertaken on the Buggoolla and Kishnaghur road, Kishnaghur and Santipore road, Chagda and Bongong road, Kissengunge and Baromeshia road and Chooadangah and Meherpore road. A large number of young trees has been transplanted on each of these roads.

37. Rs. 63,890-13-3 was the total outlay in repairs of the existing lines of communications of the district. Of this sum, Rs. 45,325-14-3 was spent on the maintenance, repairs and annual renewals of the metalled roads, and Rs. 18,564-15 on the repairs of unmetalled roads and bridges and culverts on them, and other miscellaneous work connected with them.

38. As usual the village roads in sub-divisions were undertaken under the supervision of members of the Branch Committee. In the sudder they were constructed under the immediate superintendence of the District Engineer.

39. Some roads and village roads were not repaired at all, although provision for them was made in the budget. I have explained already the cause of this in paragraph 22 of this report.

40. The outlay on original works during the current year has been estimated at Rs. 12,974, and that on the repairs of existing roads at Rs. 60,972. The principal original works for this year are the following.

41. A timber bridge will be constructed on the Salgamudia road at an expense of Rs. 500. A culvert on the 10th mile of Chagda and Bongong road will be built at a cost of

Rs. 342. Rs. 1,800 has been provided in the budget for the completion of Gurkhaul bridge on the Culna and Santipore road. Two bridges will be constructed in the Kooshtea sub-division; one on the Coomercolly and Simla road and the other on the Halsa and Doorgapore road. The budget allotments for them are Rs. 935 and Rs. 540 respectively. Rs. 1,532 will be spent on the completion of the Byedangee bridge on the Coomercolly and Kanchadia road. A small bridge and a culvert will be constructed on the Allumdanga and Jamjamy road, at the cost of Rs. 600 and 250 respectively. Rs. 200 will be spent on the construction of a small masonry culvert on the road from Chooadangah kutcherry to Chooadangah railway station.

42. Several reports about the extensive defalcations committed by the notorious late Accountant, Benee Gopaul, with full details of his flight, arrest and conviction, have been already submitted to Government, and therefore I need not dwell upon the circumstance here again.

43. I am unable to report specially on the manner in which the several members of the establishment have conducted their duties, as I was in this district during only the last three months of the year under report and my predecessor has left no memorandum on the subject. All that has come under my notice during my incumbency I was well satisfied with; and I have had no grounds since the close of the year to think otherwise than well of the capabilities and fitness of the District Engineer, or to find fault with any of the others.

The Sub-divisional officers report that the sub-overseers under them have worked satisfactorily.

No. 61R, dated Jessore, the 28th December 1878.

From—W. H. PAGE, ESQ., Chairman, District Road Cess Committee, Jessore,
To—The Commissioner of the Presidency Division.

I HAVE the honor to submit herewith the Road Fund Annual Report and Accounts for the cess year 1877-78, together with the requisite explanatory notes required under Government circular No. 8A, dated 4th February 1878.

2. The estimates of income and expenditure for the year under review, were considered and passed by the District Committee at a meeting held on the 25th August 1877. The receipts were estimated at Rs. 1,17,745 and the expenditure at Rs. 1,12,819. The actual receipts were Rs. 1,21,627-3-4, inclusive of the balance of the previous year. The actual expenditure amounted to Rs. 1,09,770-3-1. The details of the expenditure are given in form No. 6, Part II of the annual accounts. All the important local works were carried out by the District Engineer, and the village roads and minor works by the Branch Committees under the supervision of the Chairman and members.

3. The District Committee met four times,—once at the beginning to pass the annual accounts for 1876-77, once in the middle, and twice towards the close of the year,—to consider various estimates, sanction appointments in their establishments, pass the budget, and fix the rates for 1878-79, and to consider the proposal of new members for the District Committee. With a few exceptions, the non-official members took little or no interest in the administration of the fund at their disposal.

4. The requirements of the sub-divisions for the year are first considered by the Branch Committees, and each submits an estimate to the District Committee of its requirements. The District Committee then selects the measures to be carried out during the year, the larger works which require professional skill are carried out by the Engineer and his staff, the smaller ones being dealt with by the Branch Committees under the supervision of the local overseers, members of the Committee, or of trustworthy gentlemen of the localities concerned. In the northern portion of the district the European members of the Branch Committees have in

this way rendered very valuable aid, and native gentlemen elsewhere have rendered similar assistance.

5. The Committee resolved, at a meeting held on 29th September 1877, consisting of eleven members, to levy the maximum rates of cess during the year, to meet the estimate for expenditure passed at its last meeting.

6. The accounts now submitted for the year were laid before a meeting on the 16th November 1878, when a Sub-Committee, consisting of the Vice-Chairman and three members, was appointed to examine them, under section 88 of the Act. The report of the Sub-Committee was received at another meeting held on the 21st December 1878, and the accounts as now submitted were formally passed, *vide* report of the Sub-Committee herewith attached.

7. The result of the inspection made by Mr. F. Moore, Deputy Examiner, on the 15th April 1878, for the first-half of the year, was considered satisfactory in regard to the accounts and books kept in the combined offices of the Chairman and District Engineer.

8. The following is a brief description of the works carried out in each of the sub-divisions during the year and the expenditure incurred thereon :—

JESSORE SUB-DIVISION.

9. *Jessore and Afra Road.*—Patch-work to metalling from the 4th to 12th mile, also earthwork in repairs to flanks.

The following is the quantity of work executed during the year :—

Surface repairs to flanks	8 miles.
Metalling consolidated	9,588 c. ft.

The expenditure up to date is Rs. 12,339, of which Rs. 1,073 were expended during the current year.

10. *Roads outside Jessore Municipality.*—Renewal of metal on the Chachra to Mooralee road. The following is the quantity of work executed during the year :—

Surface repairs	4 miles.
Metal collected and consolidated	1,125 c. ft.

The expenditure up to date is Rs. 10,207, of which Rs. 333 were expended during the current year.

11. *Jessore and Kallygunge Road.*—The metalling has been completed on the 9th, 10th and portion of the 11th miles. The road has also been raised above flood level and widened on this portion, and a new pipe culvert constructed. The surface repairs for the remaining portion of sixteen miles have been executed throughout.

The following is the quantity of work executed during the year :—

Surface repairs	16 miles.
Earthwork	369,910 c. ft.
Dressing surface	90 chains.
Turfing slopes	5,829 s. ft.
Soling and edging	110,440 s. ft.
Collection and consolidation	40,961 c. ft.
Construction of pipe culverts	1 in No.

The expenditure up to date is Rs. 36,186, of which Rs. 8,112 were expended during the current year.

12. *Singhea and Basantea Road.*—Patch-work to metalling has been executed throughout the whole length.

The following is the quantity of work executed :—

Consolidation of metal	3,912 c. ft.

The expenditure up to date is Rs. 7,450, of which Rs. 65 were expended during the current year.

13. *Rajahat and Kessubpore Road.*—The surface repairs have been executed throughout and the road metalled for three-fourths of a mile.

The following is the quantity of work executed during the year :—

Earthwork in surface repairs	17½ miles.
Metal collected and consolidated	15,075 c. ft.

The expenditure up to date is Rs. 27,457, of which Rs. 1,475 were expended during the current year.

14. *Jessore and Khajoora Road.*—Surface repairs have been executed throughout the entire length of eight and a half miles, at a cost of Rs. 472, making the total expenditure up to date Rs. 3,227.

15. *Khajoora and Magoora Road (within Sudder sub-division).*—The first three miles on portion of the road towards Raghabpore has been raised above flood level and widened, and on the last portion a palm tree culvert of ten feet span has been constructed.

The following is the quantity of work executed duri ear :—

Earthwork	6,94,851 c. ft.
Dressing surface	146½ chains.
Temporary pipe culvert	1 in No.
Temporary palm-tree culvert	1 in No.

The expenditure up to date is Rs. 6,816, of whi ,292 were expended during the current year.

16. *Chowgatcha to Kotechandpore Road.*—Surface repairs have been executed throughout the whole length of ten and a half miles, at a cost of Rs. 520, making the total expenditure up to date Rs. 4,719.

17. *Churamunkatty to Chowgatcha Road.*—Surface repairs have been executed throughout the entire length of 10 miles, and a new pipe culvert constructed in the 7th mile at a cost of Rs. 513, making the total expenditure up to date Rs. 18,790.

18 *Turagunge and Narail Road* (*1st section within the Sudder sub-division*).—Surface repairs have been executed throughout, and the embankment raised above flood level on the second and third miles.

The following is the quantity of work executed during the year :—

Surface repairs	8 miles.
Earthwork	213,977 c. ft.
Dressing slopes	107 chains.

The expenditure up to date is Rs. 9,032, of which Rs. 919 were expended during the current year.

19. *Surface repairs to other roads.*—Besides the above works, surface repairs have been executed to the following roads, aggregating 92 miles, at a cost of Rs. 3,442.

	Miles.
Singhea to Khoolna road (extensive repairs)	28
Poolughat to Dodaria	10½
Kesubpore to Trimohanee	6
Chowgatcha to ditto	30½
Jessore to Sulkea	17
Total ...	92

20. *Maintenance of Bridges and Culverts.*—Twenty-one culverts have been repaired on the following roads at a cost of Rs. 894-2 :—

Churamunkatty to Chowgatcha road	4
Jessore and Kallygunge road	9
Jessore and Khajoora road	3
Kesubpore and Trimohanee road	3
Chowgatcha and Trimohanee road	2
Total ...	21

And the following new bridges and culverts have been constructed on the roads named below, viz :—

	No.
Chowgatcha and Trimohanee Road.—A masonry bridge of 15 feet span at Manickgunge with timber superstructure	1
Poolughat and Dodaria Road.—A palm-tree bridge of two openings of 12 feet each	1
Kesubpore and Trimohanee Road.—A pipe culvert	1
Churamunkatty to Chowgatcha Road.—A pipe culvert	1
Jessore and Kallygunge Road.—A pipe culvert	1
Jessore and Magoora Road.—A palm-tree bridge of ten feet ...	1
Total ...	6

at a total cost of Rs. 1,458.

21. *Arboriculture.*—Eight hundred cuttings from banian and peepul trees have been planted on the Jessore and Kallygunge road, at a cost of Rs. 196.

22. *Inspection Bungalows.*—There being no accommodation available at Barobazar for the due inspection of the important works now in progress on the Jessore and Kallygunge road, an inspection bungalow has been built there at a cost of Rs. 617, including the stabling and out-offices.

23. *Village roads (in the Sudder sub-division.)*—A sum of Rs. 1,455 has been expended in constructing and repairing 16 miles of roads, making three new culverts, and in repairing the wood work of an old bridge over the Mooktasherry river near the village of Aranda.

JHENIDA SUB-DIVISION.

24. *Kallygunge and Jhenida road.*—The embankment on the 20th and 21st miles has been widened throughout, and raised six inches above the flood level of 1871, and dressed and turfed ; and three palm-tree culverts of 12 feet span each, aggregating 48 lineal feet, have been constructed to provide the additional waterway which has been found necessary.

The surface repairs have also been executed throughout the entire length.

The following is the quantity of work executed during the current year, viz :—

Earthwork	761,301 c. feet
Turfing slopes	258,450 s. feet
Dressing surface and slopes	462,930 ,,
Surface repairs	8 miles
Palm-tree culverts of 12 feet span	Three in No.

The expenditure up to date is Rs. 18,088, of which Rs. 4,654 were expended during the current year.

25. *Jhenida to Borain Road (Chooadanga Road.)*—Renewal of metal on the 18th, 19th, 22nd and 23rd miles, and also repairs to flanks throughout the entire length of 12½ miles have been carried out.

The following is the quantity of work executed during the year :—

Surface repairs to flanks	12 miles.
Renewal of metal and consolidation	7,256 c. feet.

The expenditure up to date is Rs. 19,229, of which Rs. 1,284 were expended during the current year.

26. *Kallygunge and Khalishpore Road.*—Renewal of metal on the 7th and 8th miles, and patch work on the 1st, 4th and 5th miles; also renewal and widening of the flanks on one side for a distance of two miles.

The following is the quantity of work executed during the year—

Earthwork	249,755 c. feet.
Renewal and consolidation of metal	27,404

The total expenditure up to date is Rs. 18,894, of which Rs. 2,967 were expended during the current year.

27. *Jhenida and Magoorah Road (within the Jhenida Sub-division).*—Surface repairs have been executed throughout the entire length and an additional pipe culvert has been constructed at Jhenida. The several protective bunds at Doodarea, Dhobaghatta, Porahattee and Lohajunga have been maintained in good order, and the Dhobaghatta khal was also ramped down for convenience of the cold-weather traffic.

The following is the quantity of work executed during the year :—

Surface repairs	9 miles.
Earthwork	51,427 c. ft.
Bamboo piling	312 l. ft.
Turfing	680 spl. ft.
Construction of pipe culverts	1 in No.

The expenditure up to date is Rs. 36,831, of which Rs. 764 were expended during the current year.

28. *Kallygunge and Kharagoda Road.*—Surface repairs have been executed throughout, and expensive repairs on the 10th and 12th miles; additional waterway has also been provided by the construction of four pipe culverts.

The following is the quantity of work executed during the year :—

Surface repairs	15 miles.
Earthwork	130,081 c. ft.
Turfing slopes	19,317 spl. ft.
Dressing slopes	19,317 ,,
Pipe culverts	4 in No.

The total expenditure up to date is Rs. 3,801, of which Rs. 855 were expended during the current year.

29. *Surface repairs to Roads.*—Besides the above works, surface repairs have been executed to the following roads, aggregating 36¾ miles, viz. :—

	Miles.
Jhenida and Kacharkole road (Pubna road)	14
Gharakola to Sealcopa road	3¾
Sindooree to Bowanipore (through the agency of Messrs. William and James Sherriff)	11
Bowanipore to Dhulea (through the agency of Mr. Alex. Sherriff)...	3½
Gopalpore to Narainpore (extensive repairs)	4½
Total ...	36¾

at a cost of Rs. 1,107.

30. *Maintenance of Bridges and Culverts.*—Twenty-two culverts have been repaired on the following roads, viz. :—

	No.
Jhenidah and Magoora road	3
Kallygunge and Jhenida ,, ...	6
Ditto and Kharagoda ,, ...	5
Gopalpore to Narainpore ,, ...	1
Jhenida and Boram ,, ...	7
Total ...	22

at a cost of Rs. 1,612.

31. *Arboriculture.*—Seven hundred and fifty-six cuttings from banian and peepul trees have been planted on the Jhenida and Boram and Jhenidah and Magoora roads, at a cost of Rs. 94.

32. *Village Roads.*—The allotment for village roads was Rs. 2,500, of which sum Rs. 2,388 has been spent either in constructing or repairing 17 roads and two bridges, all of which have been personally inspected by the Chairman, Branch Committee, or by some of the members.

33. *Station Roads.*—A sum of Rs 200 was allotted for this purpose, the whole of which was spent under the immediate supervision of the Deputy Magistrate, in repairing the existing roads and in metalling a portion of the main road between Jhenidah and the Bhobaghatta khal.

34. *Magoora Sub-division.*—Magoora and Jhenida road (within limits of the Magoora sub-division).

Surface repairs have been executed throughout, and all the masonry and soondry wood bridges have been thoroughly repaired. The embankment has been widened and raised above flood level throughout the 15th mile, and the Kassinathpore Haor has also been ramped down for convenience of the cold-weather traffic.

The following is the quantity of work executed during the year:—

Surface repairs	7 miles.
Earthwork	294,143 c. ft.
Dressing slopes and turfing	80,641 spl. ft.
Ditto surface	64 chains.

The expenditure up to date is Rs. 7,322, of which Rs. 1,971 were expended during the current year.

35. *Magoora and Benodpore Road.*—Surface repairs have been executed throughout and the existing temporary bridges have been thoroughly repaired at a cost of Rs. 472, the total expenditure up to date being Rs. 3,923.

36. *Khagoora and Magoora Road (within Magoora Sub-division).*—The new low-level road has been completed for a distance of 11 miles, but owing to scarcity of labour it was not possible to complete the remaining two and a half miles, which work will, however, be resumed next year.

The following is the quantity of work executed during the year at a cost of Rs. 2,539, the total expenditure up to date being Rs. 6,319 :—

Earthwork	5,90,168 rupees.
Surface repairs	7½ miles.
Dressing slopes	10,900 superficial feet.

37. *Maintenance of bridges and culverts.*—Eighteen culverts and bridges have been repaired on the following roads—

Magoora and Jhenidah road	12 miles.
„ „ Benodpore „	6 „
Total ...	18 „

at a total cost of Rs 560.

38. *Surface repairs to roads.*—Besides the above works, surface repairs have been executed to the following roads, aggregating 21 miles, under the supervision of Mr. Charles Selby, indigo-planter, manager of the Nohatta concern, who has also constructed three temporary bridges and one masonry bridge of 10 feet span with timber superstructure on the Benodpore and Singhea road—

Benodpore to Singhea	14 miles.
Solkea to Nohatta	5 „
Nohatta to Mahomedpore	2 „
Total ...	21

at a total cost of Rs. 1,076.

39. *Inspection bungalows.*—There being no accommodation available on the new road between Khagoora and Magoora, an inspection bungalow has been built at Arpara, on the river Futki, at a cost of Rs. 824, including the stabling and out offices.

40. *Bandal work.*—Bandal work was constructed on both banks of the Nobogunga river, near Boraiee, for a length of 1,000 feet, with a view to deepening the channel for boat traffic. The work proved successful, the channel having been deepened from 3½ feet to 12 feet. The cost of the work was Rs. 564.

41. *Village roads.*—The allotment for village roads was Rs. 2,500, of which sum Rs. 2,409 has been spent either in constructing or repairing 42 roads, some of which have been personally inspected by the Chairman, Branch Committee.

42. *Station roads.*—A sum of Rs. 200 was allotted for this purpose, the whole of which was spent under the immediate supervision of the Assistant Magistrate in repairing the existing roads.

43. *Narail Sub-division, Taragunge and Narail road (2nd section between Chachra and Narail, five miles).*—Surface repairs have been executed throughout the entire length, and the embankment has been raised for half a mile on the 10th mile.

The following is the quantity of work executed during the year:—

Earthwork	407,497 cubic feet.

The expenditure up to date is Rs. 12,018, of which Rs. 1,500 were expended during the current year.

Peearakhal bridge.—On the 13th mile of the above road a masonry bridge of two arches of 25 feet span each has been constructed over one of the flood openings, and the approaches completed

The following is the quantity of work executed during the year—

Masonry in abutments, piers and superstructure ...	15,850 cubic feet.
„ in arches and inverts	3,325
Kutcha-pucca masonry	1,541
Concrete	3,604 cubic feet.
Pointing	4,593 superficial feet.
Cornice	828 lineal feet.
Earthwork in approaches	1,13,609 cubic feet.
„ in foundations	17,382
Turfing and dressing slopes	15,549 superficial feet.
Metalling in approaches	450 cubic feet.

The expenditure up to date is Rs. 10,100 of which Rs. 4,352 were expended during the current year.

45. *Bashbuta bridge.*—On the 12th mile of the above road, it is proposed to construct a masonry bridge of two arches of 25 feet span each, over one of the flood openings. This work has been commenced and the masonry work completed up to the springing of the arches; the rest of the work will be resumed next year.

The following is the quantity of work executed during the year:—

Masonry in abutments and piers	11,561 c. ft.
Concrete	5,763 „
Earthwork in foundations	17,238 „
Ditto in approaches	62,906 „

The expenditure up to date is Rs. 6,452, of which the whole sum was expended during the current year.

46. *Ghorakhalee and Singhea Road.*—Surface repairs have been executed throughout, and the third mile and portion of first mile have been raised above flood level.

The following is the quantity of work executed during the year:—

Earth-work	160,084 c. ft.
Dressing surface	23 chains.
Surface repairs	5¾ miles.

The expenditure up to date is Rs. 3,851, of which Rs. 723 were expended during the current year.

47. *Nurrail to Gorakhally Road.*—Surface repairs have been executed throughout, and 16 chains of the embankment on either side of the Tortoria bridge have been raised and widened. The bridge itself has been thoroughly repaired, the planking has been entirely renewed, and also five of the girders.

The following is the quantity of work executed up to date—

Earth work	224,557 c. ft.
Dressing slopes	16 chains.
Turfing do.	24,278 s. ft.
Masonry	259 c. ft.
Plastering	867 s. ft.
Wood-work in flooring and beams	145 c. ft.
Coal-tarring	1,949 s. ft.
Pointing	247 s. ft.

The expenditure up to date is Rs. 2,527, of which Rs. 1,147 were expended during the current year.

48. *Maintenance of Bridges and Culverts.*—Culverts and bridges have been repaired on the following roads, viz., Nurrail and Ghorakhalee road, at a total cost of Rs. 733.

49. *Village Roads.*—The allotment for village roads was Rs. 2,500, the whole of which sum has been expended in constructing or repairing twelve roads, and in making tow path from Luckhipassa to Gazirhat viâ Kalea, and also another one from Malna to Gazirhat.

50. *Station Roads.*—A sum of Rs. 200 was spent under the immediate supervision of the Deputy Magistrate in repairing the existing roads and culverts, and road leading to the cutcherry.

51. *Khoolna Sub-division.*—No works of magnitude were undertaken in the sub-division during the year, the chief expenditure being on account of village roads. A sum of Rs. 5,250 was sanctioned for this purpose and for station roads, the whole of which sum was expended

by the Branch Committee in constructing and repairing 27 roads, 59 wooden bridges, and seven masonry culverts, the distribution of the charges being as follows :—

	Rs.
Establishment	517
Earth-work in roads and in construction of bridges	4,258
Repairing station roads	250
Value of plot of land in Rungpore bheel	19
Boat-hire for inspection and measurement of the works ...	141
Contingencies	65
Total ...	5,250

52. *Bagirhat Sub-Division.*—No works of magnitude were undertaken in this sub-division during the year, the chief expenditure being on account of village roads. A sum of Rs. 6,250 was sanctioned for this purpose and for station roads, the whole of which sum was expended by the Branch Committee in constructing and repairing 21 roads, four rustic bridges, and a masonry culvert, the distribution of the charges being as follows :—

	Rs.
Establishment and contingencies	190
Village road and bridges	5,818
Station roads	242
Total ...	6,250

53. I now proceed to state briefly the proposed road cess operations for the ensuing year 1878-79, as required by Government circular No. 50, dated 23rd July 1873.

54. The expected income from cesses leviable under the Act and from other sources is estimated at Rs. 1,09,753, of which sum it is proposed to expend Rs. 28,502 on original works, and Rs. 58,883 on maintenance and repairs. The sum last named includes Rs. 19,500 allotted to village roads.

55. The principal works for execution are the following :—

(*a*)—The existing roads which are (exclusive of the station roads) 356 miles in length will be repaired and kept in order;

(*b*)—Two miles of the Jessore and Kallygunge road will be metalled and the slopes widened;

(*c*)—One and three quarter miles of the Kallygunge and Jhenidah road will be raised above flood level and widened;

(*d*)—The remaining portion of the new road between Khajoora and Magoora will be completed for a distance of three miles, and the first section also raised and widened for a mile;

(*e*)—One mile of the Jhenidah and Magoora road will be raised above flood level and widened;

(*f*)—One mile of the Poologhât and Doodarea road will be raised above flood level and widened;

(*g*)—Two and a half miles of the Chowgatcha and Trimohanee road will be raised and widened;

(*h*)—One mile of the Jessore and Khajoora road will be raised and widened;

(*i*)—One and three quarter miles of the Kallygunge and Kharagoda road will be raised above flood level and widened;

(*j*)—Portions of the metalling on the Kallygunge and Khalispore road will be renewed;

(*k*)—Portions of the metaling on the Jhenidah and Boram road;

(*l*)—Portions of the metalling on the Jessore and Agra road will be renewed;

(*m*)—The masonry bridge of two arches of 25 feet span each, over the Bashbeeta khal will be completed.

(*n*)—An iron girder screw pile bridge of three spans of 30 feet each will be completed over the Sectarampore khal on the Taragunge and Narail road, and also two causeways and a pipe culvert.

(*o*)—Three pipe culverts will be constructed on the Chowgatcha and Trimohanee road.

(*p*)— „ ditto ditto on the Kallygunge and Kharagoda road.

(*q*)—One ditto ditto on the Kallygunge and Jhenidah road.

(*r*)— „ ditto ditto on the Jhenidah and Magoora road.

(*s*)—The existing bridges and culverts in the different sub-divisions will be repaired to the extent of the budget allotments aggregating Rs. 4,000.

(*t*)—New village roads will be constructed and the old ones kept in repair.

56. A statement is herewith appended showing the meetings held by the district and branch committees for the cess year 1877-78, as per form referred to in Bengal Government Resolution, No. 395A, dated 15th May 1877.

57. All the Sub-divisional Officers in the district displayed great interest in the welfare of their respective sub-divisions, by actively supervising the construction and repairs of the

village roads situated therein; and the undermentioned gentlemen also deserve prominent notice for the active interest taken by them in the working of the road cess operations:—

Jhenidah Sub-division.

Mr. William Shirriff.
„ W. L. Fyfe.
Baboo Taruck Chunder Chatterjee.
Baboo Hurnath Chatterjee.
„ Sreenath Roy.

Magoora Sub-division.

Mr. C. Selby.
Baboo Jogendra Sunker Chuckerbutty.

Bagirhat Sub-division.

Baboo Akhaya Kumar Chowdhuri, Canoongoe.
Baboo Ashutosh Chuckerbutty.

Khoolnah Sub-division.

Khidir Gain.

58. On the whole the Act has worked well in the district; the people appreciate it because they know that the money is spent in the district, and they see before them the fruits in the shape of improved communication.

59. The District Engineer, Mr. C. H. Burt, continues to render excellent service to the Committee by his careful energetic supervision of the works in progress. His office establishment and the collection establishment have worked well during the year. Baboo Mohim Chunder Sen, Accountant, is worthy of special commendation.

60. The collections have been Rs. 1,02,779 out of Rs. 1,01,600 for the land cess and Rs. 2,314 out of Rs. 5,800 for house cess (current and arrear demand both included).

APPENDIX A.

Abstract of particulars regarding Meetings of District and Branch Road Cess Committees for the cess year 1877-78.

Commissionership.	District.	Number of members forming Committee.		Number required to form a quorum.	Number of meetings held.	Meetings at which there were no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	Number of members who attended only						Percentage of average attendance to whole Committee.
									One meeting.		Two meetings.		Three meetings.		
		Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Presidency Division.	Jessore District Committee ...	(a) 6	16	8	4	...	11	8	2	8	...	1	3	6	45
	Jhenidah Branch Committee ...	(b) 1	9	3	3	...	4	3	...	3	...	1	1	2	46
	Magoora ditto ...	(c) 1	14	4	5	...	7	3	...	3	...	2	..	3	47

(a). The majority of non-official members take very little interest in the administration of the fund at the disposal of the committee.
(b). The members generally took much interest in their work, and rendered great assistance to their Chairman.
(c). Ditto ditto ditto but in the matter of supervision the works were left almost entirely in the hands of the Chairman.
(d). The committee generally has taken interest in its works.
(e). Ditto ditto ditto.
(f). The committee worked well. Both official and non-official members are reported to have done a good deal in the way of undertaking and supervising most of the works and in freely offering their suggestions to the Chairman, thus displaying a lively interest.

W. H. PAGE,

Chairman, District Road Cess Committee, Jessore.

No. 115R, dated Jessore, the 28th February 1879.

From—E. H. RUDDOCK, Esq., Chairman, District Road Cess Committee, Jessore,
To—The Commissioner of the Presidency Division.

WITH reference to your No. 4PR, dated the 17th ultimo, I have the honor to report as following.

In Nurrail, Baboo Rai Churn Roy does not seem to have taken any interest in the proceedings of the Road Cess Committee. He attended no meetings during the year.

2. From Bagirhaut, the Deputy Magistrate reports that he can give no information owing to the short time that he has been in the sub-division. Baboo Mohendra Chunder Roy, Dinnobundho Sanyal, Guru Churn Sen, Kalicoomar Sen, Nobinkrishna Banerjea and Umesh Chunder Dass did not attend any meetings during the year.

3. I quote the following paragraph from Mr. Pargiter's report on the Magoora Committee.

"(2)—With regard to attendance, the following members were particularly assiduous: Baboos Nilcomul Sen, Jagan Mohun Mozoomdar, Prosunno Coomar Sen, Prosunno Coomar Mitra and Jogendro Sunkur Chuckervutty. Three members did not attend at all,—Messrs. Oatts, Meares and Slatter; they were appointed during the year, and after the principal business had been transacted.

"(3)—With regard to the carrying out of work, Messrs. Selby, Vice-Chairman, Oatts, W. Savi and Slatter and Baboos Nilcomul Sen, Jogendro Sunkur Chuckerbutty, Prosunno Coomar Mitra, Joya Nath Sen and Omesh Chunder Sanyal, all undertook various works, by far the largest sums being expended by Mr. Selby and Baboo Jogendro Sunker Chuckerbutty. The works have all, I believe, been done satisfactorily.

4. Mr. Peterson of Khulna names Baboos Poreshnath Sing, Ram Narain Roy, Prosunno Coomar Mitra, Pran Huri Dass and Lokenath Chatterjea as not taking a lively interest in the affairs of the committee.

5. No shortcomings are mentioned on the part of the members of the Jhenidah Committee.

6. A few members of the Sudder Committee failed to attend any of the meetings, but that was owing to private engagements. Most of these gentlemen are members of the Sub-Divisional Committees, and are reported as having given valuable assistance to the Sub-divisional Officer. The table given in Appendix A of the district report shows the numbers of meetings, and the average attendance.

7. The following gentlemen have been specially mentioned by the Sub-Divisional Officers as having rendered them assistance.

In Narail.—Baboo Radhakanto Banerjea, Kunjolall Mookerjea, Rojonikant Ghose, Kali Prosunno Roy, Bepin Behary Bose, Kaliprosunno Mookerjea and Boroda Dass Bose.

In Magoora.—See above paragraph.

In Khoolnah.—All the members, except those noted above.

In Jhenidah.—Mr. W. Sherriff, and Baboos Taruck Chundra Chatterjea, Sreenath Roy, Horonath Chatterjea and Mr. Fyfe, members.

Collection establishment	3,982 0 0	4,832 2 11	850 2 11	.....	Rs. 4,328-10-1, expended on the collection establishment, which include Rs. 328-11-4, the salary paid in September on account of one month's pay in advance for the Doorga Poojah holiday, and Rs. 492-8 was paid for the travelling charges of members for attending the meeting. These charges have ceased since the receipt of Bengal Government No. 534A, dated 28th May 1878, in the Public Works Department.
Collection contingencies	300 0 0	236 8 9	.....	63 7 3	The decrease is due to a saving effected in the quantity and purchase of country stationery and printing forms.
Committee contingencies—					
Chairman's and District Engineer's office. — Stationery ...	400 0 0	193 5 0	.....	206 11 0	Decrease of Rs. 206-11 is due to the saving effected in the quantity of stationery purchased.
Chairman's and District Engineer's office. — Printing forms...	700 0 0	315 0 0	.....	385 0 0	Decrease of Rs. 385 is due to so many printing forms not being required.
Chairman's and District Engineer's office. — Office rent ...	360 0 0	390 0 0	30 0 0	.....	Excess of Rs. 30 on account of office rent for September 1878, disbursed with the establishment salary bill for that month as usual.
Original works ...	24,150 0 0	24,002 15 7	.....	147 0 5	Savings effected on some of the estimates.
Repairs	58,349 0 0	57,599 7 1	.....	749 8 11	
Engineering establishments	17,616 0 0	18,711 1 0	1,095 1 0	....	Excess of Rs. 1,095-1. This arises from the establishment salary for September having been disbursed in advance on account of the poojah holidays. This makes 13 months altogether.
Tools and plant ...	1,950 0 0	2,141 11 0	191 11 0	.....	This has arisen for the repairs to Pugmill, freight to and from Calcutta, extra cost of iron, brick moulds and cost of eight teak planks remaining in stock not having been provided for in the budget.

W. H. PAGE, *Chairman.*

F. B. TAYLOR, *Vice-Chairman.*

Sub-Committee's Report on examination of the Annual Account, under section 88 *of the Act, dated Jessore,* 23*rd November* 1878.

F. B. TAYLOR, ESQ. ... ... *Vice-Chairman.*
MR. R. J. F. STEVENS ... ...
BABOO DOKHMA PROSAD BOSE... ... ... *Members.*
„ JODUNATH CHOWDRY ... ...

We, the Sub-Committee, beg to lay our report on the accounts for the year 1877-78 before the District Road Cess Committee.

We have compared the accounts of each quarter with the quarterly accounts and have found them correct.

The accounts of the first two quarters were audited by a special officer of the Accounts Department, and we are informed that his suggestions and corrections have been adopted in the office.

We have also compared the quarterly accounts with the annual account and have found them to be correct.

We have most carefully looked into some of the largest items examining the bills and vouchers and checking the rates of work in every detail.

We have compared the budget as prepared at the commencement of the year with the actual expenditure and have found very few points calling for special remark or notice.

There has been some excess in the expenditure on establishment. This is due to the fact that the establishment has really been paid for 13 months during the year under review owing to the Doorga Poojahs which commenced in September.

There has been considerable saving on stationery and contingencies, and some excess in the expenditure on tools and plant owing to certain repairs and purchases not foreseen at the time of preparing the budget.

No. 54R, dated Jessore, the 15th November 1878.

From—BABOO JADUNATH CHOWDHRY, Deputy Collr., Road Cess Dept., Jessore,
To—The Magistrate and Chairman, District Road Cess Committee, Jessore.

WITH reference to your letter No. 6R, dated the 2nd instant, on the subject of differences in the receipts of road cess lands and houses, I have the honor to state that the receipts from road cess on lands for the year 1876-77 amounted to Rs 1,00,605, as has been pointed out by this office No. 136R, dated the 9th February last, and not Rs. 92,278-3-11 as shown by you.

2. Two principal reasons to account for the increase of Rs. 2,174-0-3:—

1*st*.—That there was an increase in the demand of 1877-78 of Rs. 463, as compared with the preceding year, owing to a mistake having been pointed out by the Board as regards the calculation of the cess of Government estates (Harijhipatan and others) in their demi-official note;

2*nd*.—That the arrear cess for 1875-76, amounting to Rs. 7,759, was collected in 1876-77, whereas in the year 1877-78 collections under the same head for the previous year amounted to Rs. 9,223.

3. These causes account for Rs. 1,927 out of Rs. 2,174-0-3, but as the collections in any one year will not exactly agree with those of another there is still a small sum of Rs. 247-0-3 due to casual fluctuations.

4. The cause of decrease in the receipts of road cess on houses is that the collection for the second half-year of 1877-78 was postponed owing to the receipt of the Board's circular No. 266A of the 23rd April last, communicated to this office with Commissioner's No. 2MG of the 1st May last, a further cause of decrease being that a large amount has been recommended to the Commissioner for remission.

No. 24, dated Moorshedabad, the

From—F. W. J. REES, ESQ., Chairman of the Moorshedabad District Road Cess Committee,

To—The Commissioner of the Presidency Division.

I HAVE the honor to submit the road fund annual report for the cess year ending 30th September 1878.

2. The estimates of income and expenditure for the year were determined by the committee at a meeting held on the 17th August 1877. The income, including the unexpended balance of the previous year, was fixed at Rs. 74,002, and the expenditure at Rs. 73,615.

The actuals, especially on the income side, were very different. The actual revenue at the committee's disposal, including the unexpended balance (Rs. 27,928-15-11) of the previous year, amounted to Rs. 94,285-12-8, and the actual expenditure was Rs. 75,931-11-0.

3. The committee, at a meeting held on the 25th October 1877, resolved to levy during the year three-fourths of the maximum rates of cess. As there was a large unexpended balance at the committee's disposal, and as the estimate of expenditure had been curtailed, no actual inconvenience was experienced, but too many roads were neglected.

4. The roads of this district, exclusive of the village roads, are 47 in number and 647½ miles in length. For the maintenance and construction of these roads, and for other district works, the sum originally allotted was Rs. 69,309; Rs. 47,268 being the estimated cost of repairing and constructing the main roads and bridges, Rs. 10,000 being allotted for the village roads, and Rs. 499 being sanctioned for the Berhampore dâk bungalow. The remainder, Rs. 11,542, was for work establishment and plant.

5. The original works executed during the year were—two bridges at a cost of Rs. 4,043-10-5, eight culverts at a cost of Rs. 2,768-9-10, and an inspection bungalow at Dadpore, at a cost of Rs. 389-7-3. Besides these works 1,085,000 bricks were manufactured at a cost of Rs. 6,123-7-0 for the construction of bridges, culverts, and roads, which will be taken in hand next year. Statement A, is annexed to show the details of the original works mentioned above.

6. The cost of manufacturing bricks was mostly met from the saving effected from other works. The savings are detailed in the memorandum of items which have been submitted with the annual accounts, and they were applied to the manufacture of bricks with the committee's sanction.

7. *Repairs*.—Of the 47 roads 36, with a mileage of 538¼ miles, were more or less repaired, and the cost incurred amounted to Rs. 37,510-2-10. The Berhampore dâk bungalow was also repaired at a cost of Rs. 389-3-0.

Statement B is annexed to show the details and character of the repairs.

8. *Village roads*.—Rs. 10,000 was sanctioned for the village roads, and was distributed as follows:—

		Rs.
Jungipore sub-division	...	1,750
Sudder ditto	...	2,600
Lalbagh ditto	...	900
Rampore Hât ditto	...	2,250
Kandi branch committee	...	1,000
Choa branch committee	...	1,500
Total	...	10,000

In the Sudder sub-division 22 village roads were raised and repaired at a cost of Rs. 2,282-3-3.

In the Lalbagh sub-division five village roads only were repaired during the year at a cost of Rs. 407-13-6. The Jungipore branch committee repaired nine village roads at a cost of Rs. 694-8-6.

The Rampore Hât branch committee repaired six village roads at a cost of Rs. 735-4-9.

The Kandi branch committee spent Rs. 958-1-6 in repairing 13 village roads and two bridges; Rs. 1,000 was allotted to the committee; and the Choa branch committee repaired 17 village roads at a cost of Rs. 1,499-2-9; and Rs. 2,146-10-6 was adjusted during the year, though spent by the branch committee during the previous year. So Rs. 8,723-12-9, including the amount adjusted, was spent on village roads out of Rs. 12,146-10-6.

9. The Kandi and Choa branch committees have spent nearly the entire amounts allotted to them with respect to the small expenditure in the Jungipore sub-division. The Chairman of the branch committee remarks that the members of the committee who were entrusted with the works habitually took little or no interest in the matter, and that until a paid overseer is employed to superintend the works, it cannot be expected that any real improvement in village communications will be effected.

10. The Chairman of the Rampore Hât branch committee says, in explanation of the small expenditure incurred by the committee, that the well-to-do ryots of the villages, though directed by perwannahs to attend, in some instances did not attend, and in some, though they attended, declined to receive the several amounts allotted for repairs and construction of the roads in their villages, and, in one or two instances, money which had been made over for expenditure on roads was returned unexpended. In one of these two instances the party who received the money (Rs. 50) is an Honorary Magistrate, and the reason he assigned for not spending the amount on the roads in his village was, that being Government money he did not like the responsibility attached thereto. In fact there was a general reluctance to accept the responsibility of receiving and spending the money, and it was with difficulty that the amount (Rs. 735-4-9) was expended during the year. He further remarks that the system of repairing and constructing village roads through the mandols and respectable residents of each village has not worked well, and if the sub-divisional officer is allowed greater latitude in the mode of laying out and expending the different sums sanctioned for each village, the expenditure would, no doubt, absorb the sanctioned amount.

11. With reference to the saving from the allotment for the village roads in the Sudder sub-division, the District Engineer states that he could not do the work of two of the roads, for the repairs of which provision had been made in the budget, because the zemindars from whose lands earth had to be taken for the purpose objected to excavations being made on their lands, and the season was too far advanced to admit of the amount being utilized in other village works.

12. The sub-divisional officer of Lalbagh says, in explanation of his being unable to spend the entire amount allotted for the village roads of his sub-division, that he received the money late in the year, and had not sufficient time to do the work before the rains set in. I trust more activity will be shown in the current year.

13. The Road Cess Act, so far as the collection of the cess was concerned, worked well during the year. The zemindar, generally speaking, paid the sums due from them on the revenue days. Only the revenue-free holders and some of the aymadars, and some holders of small shares in undivided revenue-paying estates, did not pay up regularly the instalments of cess due by them. The percentage of collection was 94·5 in respect of the cess demand of the year, exclusive of the arrears of the previous year.

14. The house-cess portion of the tax is more unpopular than that on lands.

15. It cannot be said that all the members of the sudder committee evinced equal interest in their work. Those who live in outlying places seldom attended meetings, and it was often difficult to procure a quorum for the transaction of business. The members living in and about the Sudder station also did not invariably attend. When the budget estimates were discussed the native members mostly attended with a view to oppose the levy of the maximum rates.

Statement C is annexed, to show the details of the meetings and attendance of members of the Sudder and branch committees.

16. There are four branch committees, namely Jungipore, Rampore Hât, Kandi, and Choa. The members of the Jungipore and Rampore Hât committees, it appears, took very little interest in the working of the Act. The other two committees appear to have worked well.

17. The establishments under the Road Cess Deputy Collector and the District Engineer, costing together Rs. 15,791-11-2, worked well during the year. The Vice-Chairman of the Sudder committee has a clerk, who performs all clerical work connected with the meetings, and keeps the accounts of the District Road Fund.

18. The District Engineer performed his work to the satisfaction of the committee, and the committee, as an expression of their satisfaction, allowed him an increase of pay of Rs. 50 from 1st July last. The establishment under him appears to have worked well under his supervision.

18. The annual accounts, which have already been submitted, were laid before a meeting of the committee on the 21st December 1878, when a sub-committee was appointed to examine and report on them. The sub-committee's report has not yet been received. If any modifications are made which is not expected they will be duly intimated.

19. For the coming year it has been determined by the committee to levy the maximum rates of the cess, and it is expected that the receipts, with the unexpended balance of the year under report, will amount to Rs. 97,422; and the expenditure sanctioned amounts to Rs. 92,955. Of this sum Rs. 5,195 is intended to be spent on original works, Rs. 56,190 on repairs, and Rs. 15,000 has been allowed for the village roads.

STATEMENT C.

Abstract of particulars regarding meetings of Sudder and Branch Committees for the cess year 1877-78.

DINONATH ADDY, *Vice-Chairman.*

MOORSHEDABAD DISTRICT ROAD FUND.

Explanatory Note of the discrepancies of the Receipts and Expenditure to accompany the Annual Accounts for the year 1877-78.

ITEMS.	Amount as per budget estimate	Collection and Expenditure during the year	Difference	EXPLANATION
	Rs A. P.	Rs A P.	Rs A. P	
Cess on lands	56,873 0 0	61,847 14 4	2,973 14 4	The collection of arrears of past years is the cause of the increase.
Cess on houses	4,200 0 0	4,002 4 4	197 11 8	The realization of the second instalment being stopped under the Board's orders, has caused the decrease, notwithstanding the collection of arrears of previous year.
Ferry toll minus	....	. ... .	230 8 0	A sum of Rs 37 on account of ferry receipts was credited this year by order of the Accountant-General, but a sum of Rs 267 8 had to be refunded to the Berhampore Municipality as the amount was the rent of the Gorabazar ferry and was errone usly credited to the District Road Fund in the treasury in the accounts of last year
Sales of produce and stores ..	50 0 0	79 1 6	29 1 6	
Fines and refunds ...	. . ...	113 7 3	112 7 3	The item of fines and refunds was not entered in the budget, it being very uncertain.
Miscellaneous	200 0 0	228 11 0	28 11 0	
Fines .. .	100 0 0		100 0 0	No fine has been realised during the year
Road cess on temporarily-settled estates	577 0 0	310 14 4	260 1 8	The estates are in arrears
Establishment.				
1 Head clerk	600 0 0	787 11 10	41 11 10	The increased expenditure is owing to the salary of September 1877 being paid in October 1877, while the salary of September 1878 was paid in the same month
1 Clerk	360 0 0	390 0 0	30 0 0	
2 Clerks	600 0 0	647 9 3	47 9 3	
2 Mohurrirs	360 0 0	385 9 10	25 9 10	
1 Duftry	72 0 0	78 0 0	6 0 0	
9 Peons	648 0 0	663 5 1	14 10 11	
2 Temporary clerks ..	140 0 0	143 3 7	6 13 5	
2 Extra clerks	150 0 0	122 8 3	27 7 9	
Charges of establishment for Accountant General and Commissioner's office	.. ...	85 10 6	85 10 6	This charge was not provided for in the budget, but was passed by the committee—*vide* proceedings of the meetings held on the 26th March 1878
1 Clerk and accountant ..	600 0 0	650 0 0	50 0 0	The explanation is the same as above given against permanent establishment of road cess office
1 Poon	60 0 0	65 0 0	5 0 0	
1 Clerk	120 0 0	40 0 0	80 0 0	The monthly payment of Rs 10 to the second clerk of Magistrate's office was discontinued since 1st January 1878
Contingencies	490 0 0	724 1 7	234 1 7	A sum of Rs 103 was required for the rent of the road cess office in addition to that provided in the budget, and was sanctioned by the committee—*vide* the proceedings of the meeting held on the 17th May 1878; and Rs 90 on account of extra mohurrirs employed in the treasury during the last time had to be paid, though not provided for in the budget
Original work, rebuilding a culvert on the 18th mile of Jellenghi road.	755 0 0	964 11 9	209 11 9	There are materials at site to the value of Rs 140-14. These can be used in other works The actual excess therefore is only Rs 69-13-9, and this has been owing to some extra works done to protect the culvert, such as foundations were carried deeper and made wide, &c
Manufacturing bricks for other bridges on the above road	....	572 12 6	572 12 6	The proposal for manufacturing bricks for other bridges was approved by the committee—*vide* Resolution No 6 of the meeting held on the 8th January 1878, though not provided for in the budget
Constructing a bridge of two spans at Khursa on Kandee road	1,135 0 0	1,702 6 6	564 6 6	There are at site materials to the value of Rs. 725-10. These can be used in other works; so in reality there was no excess expenditure at all
Rebuilding a bridge of three spans on the Mooraroe and Jungipore road	1,680 0 0	2,341 8 11	661 8 11	There are materials at site to the value of Rs 726 0 11 These materials, bricks, &c, may be required for other works
Constructing two culverts on the Mooraroe and Jungipore road	256 0 0	210 2 9	45 13 3	This saving has been due to using ghooting lime in the work
Constructing one inspection hut at Dadpur	389 0 0	389 7 3	0 7 3	
Rebuilding two culverts on Jeagung and Khanuserai road	280 0 0	166 11 5	113 4 7	This saving has been owing to using ghooting lime and also bricks for which no expenditure was incurred.
Constructing and bridging Patkabaria road	2,500 0 0	2,769 10 2	269 10 2	No regular estimate was prepared, but a lump sum was put down for the work This excess is covered by the value of the outturn of the bricks manufactured during the year
Constructing two culverts on Barromassia and Jellenghi road	786 0 0	1,427 9 11	641 9 11	The value of materials at present remaining at site is Rs 614-5-8.
Constructing and bridging Panchgaon road surveying	70 0 0	.. .. .	70 0 0	This work was proposed to be done by Public Works Department

ITEMS.	Amount as per budget estimate.	Collection and Expenditure during the year.	Difference.	EXPLANATION.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	
Manufacturing bricks	.....	308 2 6	308 2 6	The proposal for manufacturing bricks for bridges was approved by the committee—*vide* Resolution No. 6 of the meetings held on the 8th January 1878.
Constructing and bridging Badshahi road, manufacturing bricks.	.....	1,785 1 9	1,785 1 9	Ditto ditto ditto.
Manufacturing bricks for bridges on the Barromassia road.	.....	687 12 1	687 12 1	Ditto ditto ditto.
Repairs.				
Bhukowan Gola road	10,321 0 0	10,336 13 11	15 13 11	There are materials at site to the value of Rs. 586-12-9.
Berhampore station road ...	1,894 0 0	1,844 0 9	49 15 3	Ditto ditto Rs. 107-1-3.
Rampore Hât station road ...	367 0 0	382 15 0	15 15 0	A sum of Rs. 800 was sanctioned in addition to budget allotment—*vide* proceedings of the meeting held on the 13th July 1878.
Choonakhali to Jellinghi road	2,900 0 0	3,229 0 9	329 0 9	There are materials at site to the value of Rs. 157-14, and the actual excess is therefore Rs. 81-2-9 only. This was due to extra work done in repairing bridges, &c.
Dangram to Rampore Hât road.	500 0 0	439 11 6	60 4 6	This is a saving of the estimate.
Radhaghat to Kulee road ...	1,570 0 0	1,721 3 7	151 3 7	This excess has been due to executing thorough repairs and the two bridges at Poorunderpore and Bankaree.
Jungipore to Mooraroe road ...	1,531 0 0	1,404 5 10	126 10 2	This is due to some culverts not being repaired for want of materials.
Ajimgunge to Nulhatti road ...	515 0 0	488 6 6	26 9 6	This is a saving of the estimate in repairing the bridges.
Puranadowri to Murcha road...	1,500 0 0	1,520 1 6	20 1 6	This small excess was due to repairing and removing the temporary bridge at Gowreebag ghât.
Gorabazar to Mankura road ...	210 0 0	203 10 9	6 5 3	
Berhampore to Lokenathpore road.	1,410 0 0	1,445 5 9	35 5 9	
Barromassia road	850 0 0	447 2 0	402 14 0	Petty repairs were not carried on to the full extent—*vide* Committee's Resolution No. 6 of 8th January 1878.
Meanpur to Sonatekree road ...	125 0 0	113 7 9	11 8 3	
Paikur to Rampore Hât road	636 0 0	444 11 3	191 4 9	Petty repairs were not carried out to the full extent—*vide* Committee's Resolution No. 6 of 8th January 1878.
Ramnagore to Dhulian road ...	2,250 0 0	2,356 7 3	76 7 3	This excess was due to reconstructing some temporary bridges.
Jeagunge to Khamra serai road	1,905 0 0	1,510 7 3	394 8 9	Petty repairs were not done to the extent provided for in the estimate—*vide* Resolution No. 6 of 8th January 1878 of the Committee.
Dewan serai to Murcha road ...	600 0 0	652 13 3	52 13 3	An additional sum of Rs. 39-2-3 was sanctioned for this road—*vide* proceedings of the meeting of 13th July 1878.
Dewan serai to Lalgola road ...	90 0 0	.....	90 0 0	This road was repaired at private expense by the zemindars of Lalgola.
Beldanga to Majumpur road ...	100 0 0	93 5 9	66 10 3	The work was not done to the full extent—*vide* Committee's Resolution No. 6 of 8th January 1878.
Faresdanga to Lalbag road ...	225 0 0	232 14 9	7 14 9	This small excess was caused by repairing and removing the temporary bridge at Faresdanga.
Punchanund to Chaltea road ...	87 0 0	110 8 6	23 8 6	This excess was owing to constructing one culvert.
Chandpur to Dhulian road ...	450 0 0	302 7 6	147 8 6	Some works were not done—*vide* Committee's Resolution No. 6 of 8th January 1878.

Tools and plant	200 0 0	191 10 9	8 5 3	

A sum of Rs. 71-15-6, which was charged by the District Engineer by mistake to repairs, has been transferred to original works for which it was spent.

DINONATH ADDY, *Vice-Chairman.*

Report by the Members of the Moorshedabad Road Cess Committee appointed to examine the Road Cess Accounts under Section 88 of the Road Cess Act.

WE, the undersigned members of the Road Cess Committee, appointed under section 88 of the Road Cess Act to examine the annual accounts of the Vice-Chairman for the cess year 1877-78, beg leave to report that we have examined the said accounts and found them to be correct.

We have examined the statement of totals of outstandings due at the end of the cess year 1877-78, and would recommend that a statement of the arrears due should be added in future accounts to the list of Receipts.

We also have had prepared a general abstract showing the total value of materials at site of different works at end of cess year, and the proportion of same available for transfer to works for the coming year, as also the proportion available for disposal by sale or otherwise, and would recommend that this statement be in future compiled and submitted with the yearly accounts.

DINONATH ADDY, *Vice-Chairman.*
T. BEATTY, *Executive Engineer.*
RAM DASS SEN.
BAIKUNTO NATH SEN.

BERHAMPORE, *the 30th January* 1879.

No. 19PR, dated Calcutta, the 26th March 1879.

From—R. L. MANGLES, ESQ., Commissioner of the Presidency Division,
To—The Secretary to the Government of Bengal in the P. W. Dept.

I HAVE the honor to submit the annual accounts of income and expenditure of the Road Funds in each of the districts of this division for the past cess year, ending the 30th of September 1878, together with copies of the administration reports received from the Chairman of the different Road Cess Committees, as noted in the margin.*

* No. 53R, dated 30th December 1878, from the Magistrate and Chairman, 24-Pergunnahs.
No 310RF, dated 18th February 1879, from the Magistrate and Chairman, Nuddea.
No. 61R, dated 28th December 1878.
No. 115R, dated 26th February 1879, from the Magistrate and Chairman, Jessore.
No. 24, dated 14th January 1879, from the Magistrate and Chairman, Moorshedabad.

2. The statement given in the margin† shows the dates on which replies were received from each District Officer to the references which it was found necessary to make for further information or explanations in connection with their annual reports. It will be seen that complete explanations from the Nuddea district were not received in this office until the 13th instant. It is to be observed also that though the Magistrate was called upon to submit the explanatory memorandum required by the Government circular No. 8A, dated the 4th of February 1878, immediately on receipt of his first report, it has not yet been furnished. As this officer has omitted to furnish any explanation of the cause of the very great delay which has occurred in the submission of his replies to the references made to him, he has been requested to do so at once, and to see that no similar delays occur in future. The Magistrate of Moorshedabad also has not furnished up to date the requisite particulars regarding the proceedings of the Branch Committees at Rampore Hât and Chooa; *vide* the enclosed statement. A reminder has again been issued this day, and a supplementary statement will be submitted when received.

† | Districts. | Date on which complete explanations were received. |
|---|---|
| † 24-Pergunnahs... ... | 22nd February 1879. |
| Nuddea ... ... | 18th March ,, |
| Jessore ... ... | 3rd ,, ,, |
| Moorshedabad ... ... | 12th February ,, |

3. The following statement shows the number of general meetings which were held during the year by the Road Cess Committees in each district—

District.	No. of Meetings.
24-Pergunnahs	5
Nuddea	5
Jessore	4
Moorshedabad	12

4. In the accounts for each district the balances at the close of the previous cess year, as exhibited in the annual accounts published in the *Calcutta Gazette*, have been correctly brought forward. In all the district accounts also, with the exception of those received from the 24-Pergunnahs, the total given under each heading agree with the aggregate of the figures which were previously furnished in the four quarterly returns. The Chairman of the Committee of the 24-Pergunnahs district explains that the discrepancy of Rs. 182-5-10, as shown in the margin, is due to the transfer of that amount from the heading of "Fines and Fees" to that of "Miscellaneous."

	As per quarterly accounts. Rs. A. P.	As per annual accounts. Rs. A. P.	Difference. Rs. A. P.
Fines under Road Cess Act ...	326 3 10	143 14 0	182 5 10
Miscellaneous ...	2,451 2 7	2,633 8 5	182 5 10

5. The following table shows the total cess, &c., realized and income available for expenditure in each district, during the year under report, as compared with the previous year:—

District.	Total receipts.		Increase.	Decrease.
	1876-77.	1877-78.		
	Rs. A. P.	Rs. A. P.		Rs. A. P.
24-Pergunnahs	1,71,989 14 6	1,59,354 8 8	...	12,635 5 10
Nuddea	1,10,581 6 8	84,054 7 9	...	26,526 14 11
Jessore	1,38,731 15 1	1,21,627 3 4	...	17,104 11 9
Moorshedabad	1,17,461 8 1	94,285 12 8	...	23,175 11 5

6. The comparative decrease in the 24-Pergunnahs is said to be mainly due to the realization of large outstanding arrears in the year 1876-77, which swelled the receipts of that year.

In Nuddea the decrease is attributed to the fact that some collections of the cess on lands were made in advances during the year 1876-77, to the imposition of the license tax during the past year, which interfered with the collection of house cess, and to the withdrawal of the receipts from ferries, under the orders of Government dated the 25th of April 1877.

The decrease in the Jessore district is reported to be chiefly attributable to the large balance of Rs. 31,942-12-1, which remained in hand in the previous year, against Rs. 15,510-2-0 only in the year under report.

In Moorshedabad the decrease is owing to the fact that during the year under review the Committee levied the cess at one-fourth less than the maximum rate which had been levied in the previous year.

7. The following table shows the total expenditure incurred in each district during the year, and the financial condition of each of the funds at the close of the year:—

District.	Total income, including the balance of the last year.	Total expenditure.	Balance in hand at the close of the year.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
24-Pergunnahs	1,59,354 8 8	1,46,547 12 1	12,806 12 7
Nuddea	84,054 7 9	93,056 14 3	9,002 6 6
Jessore	1,21,627 3 4	1,09,770 3 1	11,857 0 3
Moorshedabad	94,285 12 8	75,931 11 0	18,354 1 8

8. A statement, giving all information regarding the attendance of members at the meetings of District and Branch Road Committees in the several districts of this division, is appended.

9. *Working of the District Committee.*—The Chairman of the 24-Pergunnahs reports that all the members of the District Committee evinced great interest in their work. In Nuddea the committee was reorganized in July last, with the result, it is stated, that the meetings are now much better attended, as the present members generally take a lively interest in the administration of the funds placed at their disposal.

The Chairman of the Jessore Committee writes that, with a few exceptions only, the non-official members took little or no interest in the administration of the fund. In Moorshedabad the Chairman states that it cannot be said that all the members of the Sudder Committee evinced equal interest in their work. Those who live in outlying places seldom attended meetings, and it was often difficult to procure a quorum for the transaction of business. The members living in and about the sudder station also did not invariably attend the meetings.

10. *Working of the Branch Committees.*—At Dum-Dum, Baraset and Satkhirah, the number of meetings held during the year by the Branch Committees fell short of the minimum number prescribed by law. Meetings, however, were regularly held by the remaining four Branch Committees in the district. Of the gentlemen belonging to these Branch Committees, five members of the Barripore Committee, one member of the Diamond Harbour Committee, and one also of the Busserhaut Committee have been mentioned by the Chairman of the District Road Committee as having shown considerable interest in the execution of village road work, but the other members are said not to have taken as much interest in the matter as could be desired. All the Branch Committees of the district have been recently reorganized, and a revised list has been already sanctioned by Government. It is to be hoped that the new members will evince more interest in the discharge of their duties than their predecessors have done. In the Nuddea district, the Branch Committee at Kooshtea alone held the prescribed number of meetings. Of the members of the Branch Committees, special mention is made of the services rendered by Messrs. Sibbald and Sheriff, and Baboos Nuffur Chunder Paul Chowdry and Prosunno Chundra Rai. It is also stated that the members generally, with the exception of those belonging to the Committee at Bongong, took a good deal of interest in the work entrusted to them.

In the Jessore district an insufficient number of meetings was held by the Jhenida Branch Committee, but the District Engineer and the Magistrate report that in other respects the members afforded satisfaction by the interest taken by them in the improvement of communications and by the assistance rendered by them to their Chairman. The members of the remaining Branch Committees are reported to have complied with the provisions of section 54 of the Act, and to have generally superintended with care and attention the expenditure of the funds placed at their disposal.

In the Moorshedabad district the members of the Branch Committees at Jungypore and Rampore Hât are said to have taken little or no interest in their work, whilst the members of the committees at Kandi and Chooa are reported to have discharged their duties to the satisfaction of the public and their Chairmen.

11. I have requested all the Chairmen of the Road Fund Committees in this division to communicate the remarks and orders of Government, as contained in paragraph 18 of their resolution on the annual reports for the cess years 1875-76 and 1876-77, to each of the members of the District and Branch Committees, and to warn them that should they neglect their duties and responsibilities, they will have to be removed so as to give place to others who will attend to them.

The Chairmen have also been directed to watch the future proceedings of each individual member of each committee, and informed that if hereafter any member fails to attend meetings with regularity, or to act up to all the requirements of membership, as indicated by the Government, the fact should be immediately reported with the view to his removal from the committee.

12. *Working of the Road Cess system.*—As regards the working of the Road Cess Act, the Magistrate of the 24-Pergunnahs reports "that the road cess is now regarded as a tax which cannot be avoided, its redeeming feature being that the proceeds are spent in improving the communications and village roads of the district.

The Magistrate of Nuddea states that the cess can never be popular with the people, unless it secures to them more direct and palpable advantage in return than it now does. He then adds that the grants which used to be formerly made by Government every year for the improvement, maintenance and repairs of the existing unmetalled roads, and which varied between Rs. 40,000 and Rs. 65,000 annually, having been stopped, the Road Committee of the district "have hardly means at their disposal to keep the existing roads in order, much less to undertake the construction of new, though indispensable, works. The result of all this is, that though the people have been taxed at the maximum rate provided by the law they have benefited little by it. The public at the passing of the Road Cess Act expected that the revenue to be derived from this source would be mostly spent in constructing new roads and bridges in accordance with their requirements. It is to be regretted that the committee in this district by the course of things have been able to do so little in the way of fulfilling the hopes of the people in this respect." With reference to these remarks it is to be noted that on a representation made by me, the Government has by its letter No. 275A, dated 27th ultimo, sanctioned a special grant of Rs. 25,000 to be expended in the district.

The Magistrate of Jessore reports that, on the whole, "the Act has worked well in the district. The people appreciate it because they know that the money is spent in the district, and they see before them the fruits in the shape of improved communications."

The Magistrate of the Moorshedabad district states "that the Road Cess Act, so far as the collection of the cess was concerned, worked well during the year. The zemindars, generally speaking, paid the sums due from them on the revenue days. Only the revenue free-holders and some of the aymadars, and some holders of small shares in undivided revenue paying estates, did not pay up regularly the instalments of cess due by them.

On the whole it appears that the Act has worked smoothly and that the collections, with but few exceptions have been made without any difficulty.

13. I now proceed to notice briefly the accounts of each district separately, as well as the chief operations carried on during the year in each district.

14. *24-Pergunnahs.*—In the 24-Pergunnahs, the receipts during the year under review, including the balance of the previous year, aggregated Rs. 1,59,354-8-8 as noted in the margin, against Rs. 1,71,989 in the previous year, showing a decrease of Rs. 12,635. The cause of this decrease has been already explained above.

	Rs.	A.	P.
Balance on the 1st October 1878 ...	28,258	13	5
Cess on land	1,06,954	4	0
„ on houses	5,823	1	0
Fines	143	14	0
Cess otherwise levied	235	4	4
Road tolls	13,037	10	9
Sale proceeds and stores	912	7	9
Ferry tolls	1,395	9	0
Miscellaneous	2,633	8	5
Total ...	1,59,354	8	8

15. The receipts fom the cess on lands and houses amounted to Rs. 1,06,954-4 and Rs. 5,823-1 respectively, against Rs. 1,16,136-13-10 and Rs. 9,204-8-8 in the previous year, showing a decrease of Rs. 9,182-9-10 in the cess on lands and of Rs. 3,381-7-8 in the cess on houses. The decrease in the cess on houses was owing to the introduction of the License Tax Act.

16. Of the total sum of Rs. 1,59,354-8-8 at the disposal of the committee, Rs. 30,145-13-8, or 18 per cent., were spent on establishments; Rs. 7,568-11-7, or 4 per cent., on original works; Rs. 1,07,405-14-10, or 67 per cent., on repairs; and Rs. 1,347-4 on tools and plant, leaving a balance of Rs. 12,806 at the close of the year.

17. Under the head of "Original works" the following were the chief undertakings of the year:—

(1.) Metalling the Goberdanga road, on which a sum of Rs. 2,068-11-3 was spent;
(2.) Construction of a bridge over the Kistopore khal at an outlay of Rs. 1,262-14-6;
(3.) Construction of a wooden bridge on double T iron posts across the Usti khal at an outlay of Rs. 2,439-7-4.

18. Of the sum of Rs. 1,07,485-14-10, expended under the head of "Repairs," the following call for notice :—

(1)—Repairing the Takee road at an outlay of Rs. 19,697-6-6;
(2)—Repairing the Russa and Banshdonee road at a cost of Rs. 4,592-8-9;
(3)—Repairs of the Barripore road on which a sum of Rs. 34,381-8-0 was spent;
(4)—Repairing the Culpee road on which a sum of Rs. 4,459-9-0 was expended.

19. Rs. 12,067 only were provided in the budget for the improvement of village roads, but the committee expended a sum of Rs. 12,917-14-11. Although the budget allotment should not have been exceeded, still the excess expenditure indicates that the committee have a just sense of the importance of spending a fair amount in the improvement of village communications.

20. I concur with the opinion expressed by the Chairman in paragraph 24 of his report, regarding the manner in which the District Engineer, Baboo Radhica Prosad Mookerjea, conducted the duties of his office during the year under review.

21. *Nuddea District.*—In the Nuddea district the actual receipts, including the balance of the previous year, amounted to Rs. 84,054-7-9, as noted in the margin, against Rs. 1,10,581-6-8 in the year preceding, showing a decrease of Rs. 26,526-14-11. This result is mainly attributable to the fact that in the previous year the receipts from ferries aggregated Rs. 22,143-9-6, whilst in the year under review Rs. 1,009-0-6 only have been derived from that source; *vide* the Government resolution No. 358A, dated the 25th April 1877. The decrease is also ascribable to the other causes mentioned in paragraph 6 above.

	Rs.	A.	P.
Balance on the 1st October	5,587	7	1
Cess on lands	677,46	3	6
Do. on houses	5,464	15	6
Otherwise levied	286	0	3
Road tolls	1,934	0	0
Ferry do.	1,009	0	6
Sales of produce	120	2	3
Fines	13	14	3
Miscellaneous	1,892	12	5
Total ...	84,054	7	9

22. The receipts from the cess on lands and on houses amounted to Rs. 67,746-3-6 and Rs. 5,464-15-6 respectively, against Rs. 74,237-13-4 and Rs. 10,226-1-6 in the previous year, showing a decrease of Rs. 6,491-9-10 in the cess on lands and of Rs. 4,761-2-0 in that on houses.

23. Of the sum of Rs. 84,054-7-9, which were under the committee's disposal during the year under review, Rs. 18,389-0-4, or 21 per cent., were spent on establishments; Rs. 10,602-6-11, or 12 per cent., on original works; Rs. 63,890-13-3, or 76 per cent., on repairs; and Rs. 174-9-9 on tools and plant.

24. The most important undertakings carried out under the head of "Original Works" were as follows :—

(1)—The reconstruction of wings to the Koyalkhali bridge on the Nischindpore and Hatboolia road, for which a sum of Rs. 744-2-9 was expended.
(2)—Construction of a timber bridge over the Ghorakhali, Santipore and Culna road, at an outlay of Rs. 686-13-9.

25. Under the head of Repairs, Rs. 63,890-13-3 were expended, against Rs. 64,877-9-0 in the previous year. The most important repairs effected were the following :—

(1)—The repairs of the Bagoola and Kishnaghur road at a cost of Rs. 9,534-1-0.
(2)—The repairs of the Chagdah to Bongong road, on which a sum of Rs. 8,516-6-6 was spent.
(3)—Repairs of the Ranaghat and Santipore road, at an outlay of Rs. 6,494-1-0.
(4)—Repairs of the Kishengunge to Baromashia road, at an outlay of Rs. 6,433-7-9.

26. In the budget estimate of the year 1877-78, a sum of Rs. 6,000 was provided for the improvement of village roads, out of which Rs. 5,792-7-6 were spent during the year.

27. As regards the manner in which the District Engineer has performed his duties, the Magistrate states that from what he has seen of the District Engineer's work, he is of opinion that it has been performed satisfactorily.

28. *Jessore District.*—In Jessore the receipts during the year under review, including the balance of the previous year, amounted to Rs. 1,21,627 as noted in the margin, against Rs. 1,38,731 in the previous year, thus showing a decrease of Rs. 17,104. This decrease is chiefly attributable to the fact that in the previous year the balance brought forward was Rs. 31,942, against Rs. 15,510 in the year under notice.

	Rs.	A.	P.
Balance on the 1st October 1877 ...	15,510	2	0
Cess on lands	102,779	0	3
Do. on houses	2,314	5	7
Otherwise leviable	471	9	9
Ferry tolls	20	7	3
Sales of produce and stores	13	4	0
Fines	1	0	0
Miscellaneous	513	14	6
Total ...	121,627	3	4

29. The receipts from the cess on lands and on houses during the year 1876-77, were Rs. 92,278-3-10 and Rs. 5,228-8-0 respectively, but in the year under review the receipts from the same sources were Rs. 1,02,779-0-3 and Rs. 2,314-5-7 respectively, showing an increase of Rs. 10,501-12-5 in the cess on land, and a decrease of Rs. 2,914-2-5 in the cess on houses. The Chairman explains that the cause of decrease in the cess on houses is that the collections for the second half-year 1877-78 were postponed agreeably to the Board's circular No. 266A of the 23rd April last.

30. Of the total sum of Rs. 1,21,627 at the committee's disposal during the year under review, Rs. 26,026-1-5, or more than 21 per cent., were spent on establishments; Rs. 24,002, or 19½ per cent., on original works; Rs. 57,599-7-1, or 47 per cent., on repairs; and Rs. 2,141-11-0, or more than 1 per cent., on tools and plant.

31. The most important undertakings carried out under the head of Original Works were the following :—

(1)—The construction of a masonry bridge of two spans of 25 feet each, with arches and a clear roadway of 18 feet over the Peera khâl on the 13th mile of the Jessore and Nurail road, for which a sum of Rs. 4,351-12-4 was spent;

(2)—The construction of a masonry bridge of two arches of 25 feet span each, with roadway of 18 feet over the Bushbatta khâl on the 12th mile of Jessore and Nurail road, on which Rs. 6,452-5-7 were expended.

(3)—The metalling of two and a quarter miles of the Jessore and Kallygunge road, at an outlay of Rs. 6,305-15-1.

32. Under the head of "Repairs" Rs. 57,599-7-1 were expended, against Rs. 63,311-10-7 in the previous year. The most important works were as follows :—

(1)—Raising of the embankment of the Kallygunge and Jhenida road, at an outlay of Rs. 4,452-12-4;

(2)—Repairing the road from Kallygunge to Khalispore, at a cost of Rs. 2,967-8-8;

(3)—Repairing the road from Jhenida to Magoorah, on which a sum of Rs. 2,735-6-1 was spent;

(4)—Repairing the road from Khajoorah to Majoorah, at an outlay of Rs. 2,696-9-8.

33. A sum of Rs. 20,500 was provided in the estimate for the improvement of village roads. Of this amount Rs. 20,424, or 16 per cent. of the total income of the year, was expended. The importance of spending a fair amount of the year's income in this direction is duly observed in this district.

34. It has been reported that all the sub-divisional officers in this district have taken an interest in the welfare of their respective sub-divisions by actively supervising the construction and repairs of village roads, and that several gentlemen, both European and native, evinced active interest in the working of the road cess operations. The names of all these gentlemen have been mentioned in paragraph 57 of the Chairman's report.

35. I concur with the remarks made by the Chairman regarding the services rendered by the District Engineer, Mr. Burt.

36. *Moorshedabad District.*—In Moorshedabad the receipts during the year under review, including the balance of the previous year, amounted to Rs. 94,285-12-8, as noted in the margin, against Rs. 1,17,461-8-1, thus showing a decrease of Rs. 23,175. This decrease is attributable to the fact that in the year under notice the Committee levied the cess at one-fourth less than the maximum rate, while the full rate was levied in the previous year.

	Rs.	A.	P.
Balance on the 1st of October 1878 ...	27,928	15	11
Cess on lands	61,847	14	4
Do. on houses	4,002	4	4
Do. otherwise levied	316	14	4
Ferry tolls	230	8	0
Sales of produce and stores	79	1	6
Fines	112	7	3
Miscellaneous	228	11	0
Total ...	94 285	12	8

37. The receipts from the cess on lands and houses were Rs. 61,847-14-4 and Rs. 4,002-4-4 respectively, during the year under notice, against Rs. 81,028-3 and Rs. 5,275-11-10 in the previous year, showing a decrease of Rs. 19,180-4-8 in the cess on lands and of Rs. 1,273-7-6 in that on houses. These fluctuations in the cesses have been explained above.

38. Of the total sum of Rs. 94,285-12-8 at the disposal of the Committee, Rs. 15,791-11-2, or 16 per cent, were spent on establishments: Rs. 13,325-2-6, or 14 per cent, on original works; Rs. 46,623-2-7, or 49 per cent., on repairs; and Rs. 191-10-9 on tools and plant, leaving Rs. 18,354-1-8, balance in hand at the close of the year.

39. Of the original works, on account of which a sum of Rs. 13,325-2-6 was spent during the year, the most important were the following :—

(1)—Rebuilding a bridge of three spans at Rughoonathgunge, on the Mooraroe and Jungypore road, at a cost of Rs. 2,551-6-8;

(2)—The construction of a bridge of two spans at Khursa on the Kandhi road, on which a sum of Rs. 1,702-6-6 were expended;

(3)—Constructing and bridging the Patkabaree road, at an outlay of Rs. 2,769-10-2.

(4)—Constructing and bridging the Badshahee road, on which a sum Rs. 1,785-1-9 was spent;

(5)—Rebuilding a culvert on the 18th mile of the Jungypore road, at an outlay of Rs. 1,537-8-3.

40. Under the head of "Repairs" a sum of Rs. 46,623-2-7 was expended. The chief works were the following :—

(1)—Metalling of the Bhugwangola road at a cost of Rs. 10,336-13-11;

(2)—Repairing the Choonakhali to Jellinghee road, on which a sum of Rs. 8,229-0-9 was spent.

41. In the budget estimate of 1877-78, Rs. 10,000 were provided for the improvement of village roads, but it is to be regretted that Rs. 8,723-12-9 only were spent under this head. The remarks conveyed in paragraph 8 of the Government Resolution No. 944A, dated the 13th of September last, have been communicated to the Magistrate of Moorshedabad, and he was requested by my *locum tenens*, Mr. Pencock, to set apart in future an adequate amount every year for the construction, maintenance and repairs of village roads and pathways.

42. I fully endorse the favourable remarks recorded by the Chairman regarding the District Engineer, Baboo Sooiji Coomar Pundit.

No. 22PR, dated Calcutta, the 4th April 1879.

From—R. L. MANGLES, ESQ., Commissioner of the Presidency Division,

To—The Secretary to the Government of Bengal, Public Works Department.

IN continuation of my letter No. 19PR., dated 26th ultimo, submitting the annual, accounts of income and expenditure of the Road Funds in each of the districts of this division for the cess year 1877-78, I have the honor to submit a supplementary statement giving all information regarding the attendance of members at the meetings of the Branch Road Committees at Rampore Hât and Choa, referred to in paragraph 2 of my letter.

SUPPLEMENTAL STATEMENT C.

Abstract of particulars regarding Meetings of the Rampore Hát and Choa Branch Committees for the Cess year 1877-78.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 121.

The 7th May 1879.

UNDER section 69 of Act X (B.C.) of 1871, the following annual accounts and reports of the road cess committees of Patna, Gya, Shahabad, Mozufferpore, Durbhunga, Sarun, and Chumparun, of works done and in progress during the past cess year 1877-78, together with the remarks thereon of the Commissioner of the Patna division, are published for general information.

T. H. WICKES,
Offg. Asst. Secy. to the Govt. of Bengal,
P. W. Dept.

No. 142, dated Bankipore, the 28th December 1878.

From—The Chairman, District Road Fund Committee, Patna,
To—The Commissioner of the Patna Division.

I HAVE the honor to forward the annual report and accounts* of the District Road Fund for the road cess year ending 30th September 1878.

2. The year opened with a balance of about half a lakh of rupees, and closed with a balance of similar amount. It was found impossible, under the circumstances described in last year's report, to spend the whole income to advantage.

* In duplicate, duly passed by a sub-committee consisting of four members, including Vice-Chairman and subsequently laid before a general meeting of the Road Fund Committee (section 88, Road Cess Act).

3. The chief heads of expenditure are—

				Rs.
Establishment for (*a*) collections	...	...	...	6,921
Ditto (*b*) works ...	...	...	...	14,148
			Total	21,069
Original works	...	...	...	26,912
Repairs	...	...	...	30,850
Tools and plant	...	...	...	2,068
			Grand Total	80,899

4. The establishment charges require no remark, being similar to those of the previous year. They are shown in detail in the accompanying accounts.

5. Under the head of "Original works," the chief items requiring explanation are the following :—

Rs. 9,968. Rs. 7,715 of this was expended in the manufacture of bricks and lime for future masonry works on the Bukhtearpore to Behar road. Plans and estimates of this road are now being prepared. Rs. 1,909 were spent on constructing two small masonry culverts and two temporary wooden bridges over two pynes. Four boats were purchased at a cost of Rs. 300 for similar pynes, and Rs. 44 were spent on surveying charges.

Rs. 969 was expended in earth-work for raising the road between Ata Serai and Ranibagh.

Rs. 1,462 were spent in preparing bricks for metalling and for culverts on the Futwa to Burhea road.

Rs. 4,237. Of this sum Rs. 909 was the cost of a staging bungalow at Ekanger Serai and Rs. 3,216 of a staging bungalow at Bukhtearpore. Rs. 81 were spent in collecting materials for another inspection bungalow at Bihta, the orders for which were countermanded.

Rs. 2,982. The details of this are—earth-work Rs. 2,396, bricks Rs. 573, surveying charges Rs. 12.

The other items explain themselves.

6. What has been done during the past year as regards "Original works" may be summed up as follows :—

The great work which the Committee have in hand, viz. the construction of a good road from the East Indian Railway station at Bukhtearpore to the large and important sub-divisional head-quarters town of Behar, has been advanced a stage by the construction of bricks which must be required, and by the construction of a dâk bungalow at either end of the road. At Behar the dâk bungalow has been made by altering three rooms in the Bayley Serai which were made over to the Committee by the Municipal Committee of that place At Bukhtearpore a new bungalow has been built. These two dâk bungalows were necessary, not only for the comfort and convenience of travellers, but to enable the District Engineer to efficiently supervise the work to be done in future.

A small inspection bungalow has also been built at Ekanger Serai for the convenience of the District Engineer and Sub-Divisional Officer as Chairman of the Behar Branch Committee. A road leading from the East Indian Railway station at Mokama to the ghât at that place has been metalled in order to facilitate the traffic between the rail and the river.

Several small culverts have been constructed on the road from Behar to Silao, which is now completely bridged.

The bricks that have been made for bridges on other roads will be utilised during the current year.

7. Under the head of "Repairs" but few remarks are required, the work done being of the ordinary nature of repairs required to metalled and unmetalled roads. Of the grant of Rs. 10,000 for village roads more than half has been spent to the great comfort and convenience of the people. This work has been done entirely by the Branch Committees.

8. Speaking generally, I am not able to say that the money spent during the year on original works and on repairs has been spent to the best advantage, owing to the want of proper professional skill and supervision. The late District Engineer, Baboo Rajendro Nath Roy, resigned his appointment in the month of June, and temporary arrangements were made until his successor was appointed. The whole engineering department was in a sort of transition state, and no good work was to be expected under the circumstances described last year.

9. The Road Cess Act has worked fairly well, except in the matter of collections. The zemindars knowing that the sunset law is not applicable to arrears of road cess do not pay with any fair degree of punctuality. Considerable hardship is incurred owing to the provision of the law which makes the cess recoverable from any one of several joint sharers. As the amendment of the Act is under the consideration of the Government, it is not necessary to notice this subject further.

10. The working of the Sudder Committee has been satisfactory. The members have taken an intelligent interest in the matters brought before them, and have been regular and punctual in their attendance.

11. Branch Committees have been established during the year at Barrh, Behar, and Dinapore, the three sub-divisional stations of the district. Several of the members have taken an active part in superintending the repairs of village roads, and the Branch Committees have on the whole rendered material assistance to the Sudder Committee. The entire charge of village roads, and of the less important roads in the district, were committed to their charge and management. The Deputy Magistrate of Behar, Chairman of the Branch Road Cess Committee of that place, and Baboo Durga Prosad, a zemindar of Behar, have been conspicuous in their attention to this part of their duties.

12. The engineering establishments under the Committee have not worked well. The late District Engineer seemed utterly unable to supervise them properly and a new staff is required. The collecting staff performed its work satisfactorily.

13. The subject of village roads has been noticed in paragraph 7. The work done has been generally carried out in the spirit, if not to the letter, of Sir George Campbell's circular, and the supervision has been done by the Branch Committees. Generally speaking, the work consists in marking out, smoothing and improving village paths and tracks which are much used by pack-bullocks in the dry season. The most important of these tracks will eventually, when time and funds avail, be taken in hand and made into roads. The main object now is to make them passable, and protect them from encroachment by the cultivators. It is difficult to get the villagers themselves to spend the money, as there are so many conflicting interests to be taken into account. As they become aware of the intention of the District Committee to set aside annually a considerable sum for this purpose, the intention of the Government circular will be more strictly carried out. Notices to the above effect have been printed and widely circulated to all the villages with a view of letting the people know that they are expected to make their wants known.

14. The only subject of satisfaction, as regards the results of the past year's work, is that the Road Cess Committee have discovered that they were not spending their funds to the best advantage. They have taken steps to remedy the evils which have been disclosed. The Committee has raised the rate of the cess to the full amount for the current year, and they have procured the services of a fully qualified District Engineer (Mr. A. McD. Salmon) from the Irrigation Department of the Public Works Department. Mr. Salmon's experience of irrigation works will stand him in good stead in a district of the physical characteristics described in last year's report.

15 As to the future, we begin the current year with a doubled income and a balance of half a lakh of rupees, with a new District Engineer and a new staff. A lakh of rupees has been set aside for the Bukhtearpore and Behar road. Provision has been made for the thorough repair of the other roads and for temporary bridges and for culverts, &c., by means of which the general comfort and convenience of the public will be much added to. The plans and estimates for the Behar and for other roads are being prepared, and this is the big work to which, for the present, the Committee intend to devote the greater portion of their funds. When it is finished, the improvement of the next most important road from Futwa to Ranibagh will be taken in hand. During the current year it is hoped that the reforms begun last year will be fully carried out, and that the department will be placed on a sound and permanent footing under the present District Engineer. The Branch

Committees will devote their time to village roads, while the District Engineer takes up the regular roads.

The above remarks are subject to modification owing to the receipt of order* from the Commissioner not to spend any funds on original works. The opportunity will be taken of preparing surveys, plans, and estimates for the future year's work, and of making the sum allotted for repairs go, as far as possible, towards the comfort and convenience of the people during the coming rains.

*This order has since been revoked.
F. M. H.

A. McD. SALMON,
District Engineer, Patna.

* Since refunded to the treasury on the 16th October 1878.

No. 96, dated Gya, the 27th December 1878.

From—E. J. BARTON, Esq., Chairman of the District Road Cess, Committee, Gya,
To—The Commissioner of the Patna Division.

I HAVE the honor to submit the annual report and accounts of the District Road Fund operations of Gya for the cess year 1877-78, prepared in the manner laid down in section 88 of Act X of 1871 (B.C.), and Bengal Government circular No. 8A of 4th February 1878. Copy of the report of the Sub-Committee which audited the accounts, and of the resolution of the meeting of the Committee which finally passed the accounts, are also enclosed.

2. *Working of Road Cess system.*—In this district the road cess system, now in force for the last two years, has worked fairly and successfully. No complaints about its enforcement are heard of. The only complaint in this district was on account of the levy of the cess on houses, which has been postponed until further orders from April 1878 (*vide* Government's No. 52T, dated 23rd September 1878, forwarded with Board's letter No. 784H, dated 18th October 1878, and received with your No. 164CP of 31st October 1878). Further particulars of realization of cesses will be found in the Deputy Collector's report, copy of which is enclosed.

3. *Road Cess Sudder Committee.*—The following is a list of the members who composed the Road Cess Committee during the year:—

D. W. M. Testro, Esq., Magistrate and Collector, Chairman.
E. J. Barton, Esq., Magistrate and Collector, Chairman.

Ex-officio Members.

R. H. Greaves, Esq., Joint-Magistrate, Vice-Chairman.
J. A. Windle, Esq., Executive Engineer, Patna Division, Public Works Department.
Baboo Barhan Deo Narain, Sub-Deputy Collector in charge of Road Cess.
„ Sant Prosad, Deputy Collector in charge of Road Cess.
„ Rajendro Nath Roy, Deputy Collector in charge of Road Cess.

Official, but not ex-officio Members.

A. H. Giles, Esq., District Superintendent of Police.
C. A. Mills, Esq., Assistant Engineer, Public Works Department.

Non-official Members.

Mr. W. B. Chardon, Indigo-planter.
Maharajah Sir Joy Prokash Sing, Bahadoor, K.C.S.I.
Baboo Bal Kissen Dass, Trader.
„ Gocool Chand Poorohit, Trader.
Moonshee Rewat Lal, Dewan of Deo Raj.
Baboo Run Bahadoor Sing, Zemindar.
Mirza Dost Mahomed „
Moonshee Ekbal Ally „
Rai Sham Lall Mitter, Zemindar.
Syud Abu Said „
Syud Abu Sala „
Jehangir Bux Khan „
Baboo Ramessur Prosad Singh, Zemindar.
„ Diuo Doyal Lall, „
„ Bhoop Sen Singh, Zemindar and Pleader.
Deela Mahto Koiru, Cultivator.
Thacoor Prosad „

The annexed Statement (A) shows the particulars of the meetings of the several Committees, and the Statement (B) the names of the members who did not attend any meeting during the year 1877-78. The Committee met five times during the year, *i.e.*, on the 28th December 1877, 25th March 1878, 10th April 1878, 6th June 1878, and 22nd July 1878. The attendance at the meeting held on the 25th March 1878 was not sufficient to form a quorum. The non-official members, with a few exceptions, take an interest in the Committee meetings.

4. *Change of Members.*—Mr. E. J. Barton, C.S., Chairman, from 20th June 1878, *vice* Mr. D. W. M. Testro, C.S.; Mr. H. R. Greaves, C.S., Vice-Chairman, from 22nd July 1878, *vice* Mr. C. J. O'Donnell, C.S.; Baboo Sant Prosad, Deputy Collector, Road Cess, from 16th May 1878, *vice* Baboo Barhan Deo Narain.

Baboo Rajendra Nath Roy, Deputy Collector, Road Cess, from 1st July 1878, *vice* Baboo Sant Prosad.

Baboo Din Doyal Lal (a member) died, and no election has since been made to fill up the place. Mr. Mills being now District Engineer, tendered his resignation from the 1st April, *vide* Bengal Government Circular No. 3164A of 1st July 1878.

5. *Removal of Members.*—No members were removed during the year.

6. *Road Cess Branch Committee.*—The following is a list of the gentlemen who composed the Committees during the year:—

Nowada Sub-Division.

The Sub-Divisional Officer, Chairman, *ex-officio.*

Non-official Members.

Baboo Goorbun Lal, Zemindar.
,, Toral Narain, ,,
,, Dhoond Lal, ,,
Sheik Afzul Ally, Zemindar.
Baboo Degun Sing, Cultivator.

Aurungabad Sub-Division.

The Sub-Divisional Officer, Chairman, *ex-officio.*

Non-official Members.

Baboo Hit Narain Sing, Zemindar.
,, Bal Bahadoor Protap Sing, Zemindar.
Baboo Thacoor Sing, Zemindar.
,, Chiburu Sing, Cultivator.

Jehanabad Sub-Division.

The Sub-Divisional Officer, Chairman, *ex-officio.*

Non-official Members.

Sheik Azmut Ally, Zemindar.
Mallic Fazooloolah ,,
Baboo Thacoor Prosad Sing, Zemindar and Pleader.
Kharaj Mahto Koormy, Cultivator.

The particulars of the meetings of the several Sub-Committees, and the names of the absentees throughout the year, will appear in the Statements A and B respectively. In the former two sub-divisions the Committee met four times during the year, and in the latter six times. They met in order to determine the works to be undertaken in the current cess year, the amount to be allotted in the budget estimate for each work, and the village roads to be improved during the past cess year, to frame estimates for them, and to do other miscellaneous duties connected with the accounts and public improvements.

7. *Accounts.*—The enclosed accounts shew that the year opened with a balance of Rs. 71,846-15-8, which added to Rs. 1,11,123-0-5 received during the year under different heads as detailed in the accounts, gave an available income of Rs. 1,82,470-0-1 at the disposal of the Road Cess Committee. The total expenditure under the several heads was Rs. 61,266-11-0, leaving an unexpended balance of Rs. 1,21,203-5-1 on the 1st October 1877. The budget estimate for the past cess year shews an income of Rs. 2,15,799, and an expenditure of Rs. 1,90,624. The difference between the actual and the estimated income is due to a sum of Rs. 19,334 on account of a contribution by the Maharanee of Tecaree for the improvement of the Tecaree road. This has been struck off from the head of "Miscellaneous receipts" and will be treated as a deposit when realized (*vide* Public Works Department Code, Chapter XX, section 5, paragraph 16). The estimated income was reduced to Rs. 1,96,465 by striking out the above amount; and if to this amount be added* Rs. 6,554, less Rs. 278 (remitted under the head of cess on houses during the year 1876-77); the net difference will be about Rs. 20,271, which is an unrealized outstanding balance, as per the committee's office book (No. 2) of revenue assessed and realized. This amount is distributed as follows. Under the head of cess on lands Rs. 10,235, and Rs. 10,037-2-3 under the head of cess on houses; thus the total outstanding balance to be realized by the end of the year comes to Rs. 20,272-10-11. The slight difference between

	Rs.	As.	P.
* Difference in cess of land omitted in assessment during the year 1876-77 ...	1,216	0	9
Difference in assessment on cess of mines ...	23	10	0
Ditto ditto on fines ...	210	1	10
Ditto ditto on other cess ...	289	2	0
Ditto ditto on toll bars ...	2,956	6	3
Ditto ditto on sale proceeds ...	6	7	9
Ditto ditto on miscellaneous receipts	1,867	14	9
Total ...	6,553	11	4
Less remission cess on houses in 1876-77 ...	278	0	0
Total ...	6,275	11	4

the book and the estimated outstanding unrealized balance is owing to the omission o fractions of rupees on the income side of the budget estimate. The expenditure on road work and on the work establishment was less than the amount in the budget, and th balance in hand on the 1st October 1878 is therefore greater than was anticipated. Th Accounts Branch, under the direct control of the Committee, has been inspected during th last cess year by the Deputy Collector in charge of Road Cess and the District Engineer both of whom were deputed by me; and lastly, by Mr. W. A. Billings, Deputy Examiner Public Works Accounts, Bengal, on the 19th September 1878. The latter reported, in hi No. 662D of 25th September last, that the accounts and books kept by the accountant were found statisfactory. A similar remark has also been made in the report of inspection of th District Engineer's Office.

8. *Status of the District.*—The district was raised from the 2nd to the 1st class from 1st April 1878,—*vide* Government letter No. 222E of 12th February 1878.

9. *Work Establishment.*—The engineering and subordinate establishment consisted o the following officers during the past year: viz.—one District Engineer, one Overseer, three Sub-Overseers. Of these, one Sub-Overseer is under suspension from May last. The nomination of one Overseer and one Sub-Overseer has not been approved by the Chief Engineer, and another Sub-Overseer has been dismissed from Government service. The services of the above three men will have to be dispensed with as soon as they are relieved. There was no separate accountant in the District Engineer's Office, but the staff attached to the Accounts Branch under the Committee's control performed the duties of both offices as far as the accounts were concerned.

10. *Office Establishment under Committee's control.*—There was no change in this establishment throughout the year, except that the entire services of one clerk and one peon have been placed under the disposal of the District Engineer from April 1878.

11. *Road Works.*—The road works were executed under the contract system, in strict conformity with the instructions laid down in the Government resolution No. 6903 of 1st December 1874. On comparing the number of works and the amount budgeted for them, with the number of works actually executed and the money spent, it will be seen that out of Rs. 1,90,624 estimated, only Rs. 61,266-11-0 have been expended during the year under review. This apparent slow progess is accounted for in some measure by the following facts:—

1*st.*—We had no District Engineer during six months of the year. The District Engineer assumed charge of the district on the 1st April 1878, when the best part of the working season was over. He commenced his work with a staff of two Sub-Overseers who had been already in the employ of the District Road Committee. One Overseer and two Sub-Overseers were appointed subsequently.

2*nd.*—The plans and estimates of some of our most important works proposed to be taken in hand had to be revised by the Superintending Engineer's orders. These estimates were originally handed over by the Executive Engineer, Patna Division.

3*rd.*—Land was required for the construction of new roads and inspection bungalows, and it was thought that it might be obtained by private arrangement, but the season was over before the negotiations were completed. Henceforth, it will be better to acquire land required for the road cess under the Land Acquisition Act, and three of the Deputy Collectors in this district have been recently granted the necessary powers to do this under Act X of 1870.

12. *Work how executed.*—The District Engineer states that nearly all the works undertaken have been completed under the head of Repairs, but, so far as I have personally seen, the work has been indifferently done. Under the head of Original Works, only a few have been completed. Bricks have been burnt and timbers purchased for bridges and culverts. A comparison of the amounts spent in each quarter of the year on works will show what progress has been made—

Total	...		44,498	9	7

13. *General state of the roads.*—I cannot say that the roads are in anything like good order: a very great deal remains to be done to most of them. Much requires to be done on nearly every road under the heads of bridging, embankment, improving the line or direction, widening, waterway, metalling, general and heavy repairs of old works, approaches to and crossings of rivers and streams. Inspection bungalows also are urgently wanted. Very much remains to be done before the district lines of communications can be reported to be in good order, even as fair-weather roads. For reasons already stated, the progress achieved during the past cess year has not been much, and it is hoped that the outturn of work of the current year will be better.

Expenditure on roads.—Out of the total expenditure of Rs. 61,266-11-0, Rs. 43,763-13-1 was incurred in road works and construction; of this, Rs. 18,929-8-2 were spent in original

works, and Rs. 24,834 4-11 in repairs. The requisite particulars of road works, construction of buildings, bridges, and culverts of importance are noted below. Those not requiring any special comment are omitted in this report, but the details of expenditure and nature of work done against each road are shewn in the enclosed annual account.

Original Work. Gya to Daudnagore Road (*No* 1 *in the General list*), *length* 41 *miles.*—Part of this road from Gya to Pally bridge is metalled, and from Pally to Daudnagore is a kutcha road. The total estimated cost for metalling was Rs. 448, against which Rs. 258-10-9 was spent. The work is in progress. Bridging was not taken in hand during this year. The materials have been collected in a few places, and some estimates have been prepared.

Gya to Sherghotty Road (*No.* 2 *in General list*), 19¾ *miles in length.*—Of this road, the portion from Gya to Belthoo, about five miles, is metalled. The remaining portion is a kutcha a road. Provision was made for metalling from the 6th to the 5th mile in the past cess year's budget, the estimated cost of which was Rs. 3,950, of which Rs. 588-4-9 was spent in the collection of metal. The work is in progress and will be finished during the ensuing rainy season.

Behar and Rajowlee Road (*No.* 3 *in General list*), 24 *miles in length.*—Provision for seven culverts of five feet span each was made in the past year's budget. About one-half of this work has been done. No payments were made last year, except Rs. 13-4, which was the cost of petty establishment, against the estimated amount of Rs. 2,387. The work is in progress.

Gya to Nowada Road (*No.* 4 *in General list*), *length* 36 *miles.*—This road is kutcha throughout. A sum for metalling from the 3rd to the 5th mile was allotted in the budget. Very little progress has been made by the contractor. He has been warned by the District Engineer to shew better progress in the current year; failing this, his contract will be annulled

The important bridges over the Pamer and Jokri rivers were proposed to be undertaken since the year 1874. Plans and estimates were prepared several times by different Executive Engineers of the Gya and Patna Divisions. These plans have been taken over by the District Engineer, who will shortly submit them to the Superintending Engineer for approval, and include in them the revisions pointed out by that officer. The expenditure on these two bridges is as follows:—

Bridge on Jokri river.—Rs 700, against the budget grant of Rs. 4,000. This has been spent on the purchase of timber.

Bridge on Pamer river—Total expenditure Rs. 896-8-1, for collection of stone, against the budget grant of Rs. 8,282.

Inspection Bungalow at Woozirgunge.—The construction of this bungalow was undertaken by the Public Works Department before taking over the land from the District Road Committee. The foundation of the building had been already laid out, and work executed up to plinth level by the Public Works Department, when the owner of the land objected to give the site. The work was therefore stopped, and no payment was made to the contractor. Orders have been received that the amount due to him will be paid by the Public Works Department.

Jehanabad to Urwal Road (*No.* 9 *in General list*), *length* 20 *miles.*—Bricks to the value of Rs. 2,069 have been burnt, against the sanctioned estimated cost (Rs. 2,125) for culverts and bridges. The work will be taken in hand during the current year.

Nowada to Pakree Barowan Road (*No.* 12 *in the General list*), *length* 12 *miles.*—The cost of bridges on this road exceeds the estimated amount, though they are not completed. The cause of this excess is partly owing to the low rate for the masonry work provided for in the old estimate framed some time ago, namely Rs. 12 per 100 cubic feet, and partly because the price of the bricks manufactured was assumed in the accounts during manufacture at Rs. 8 per 1,000 cubic feet, whereas they really cost less than that amount when the outturn was completed. This will be adjusted, and a revised estimate will be submitted for sanction during the current year.

Jehanabad to Hoolasgunge Road (*No.* 14 *in General list*), 16 *miles in length.*—Bricks worth Rs.1,622-11-9 have been burnt, against the sanctioned estimated cost, Rs. 2,097. The work of building culverts has been started.

Gya to Aurungabad vid Ruffigunge (*No.* 17 *in General list*), *length* 40 *miles.*—An inspection bungalow on this road was purchased from the Police authorities. The purchase was approved of by you in your No. 1360P, dated 12th January 1878. The cost was met from the amount allotted, namely Rs. 3,000, for three inspection bungalows in the budget.

Pakree Barowan to Pachumba Road (*No.* 40 *in General list*), *length* 14 *miles.*—About one-third of the work on this road was done. The remaining portion will be taken in hand this year. The reason for not completing the work is that it was taken in hand too late to finish during the past year.

Kadirgunge to Worsiligunge Road (*No.* 41 *in General list*), 4 *miles in length.*—Twelve culverts of two feet span were taken in hand during the year 1876-77, but only two were completed up to the end of the cess year.

Furha to Gobindpore Road (*No.* 42 *in General list*), 12 *miles in length.*—Seven culverts were completed this year.

Jehanabad to Kurtha Road (*No.* 44 *in General list*), 15 *miles in length*—The estimate for raising the earth-work was framed and submitted for sanction, but was not received back with your No. 169CP, dated 6th March 1878, for revision; the work has been kept in hand for the current year. This road is not an important one, and was not started owing to the want of establishment necessary to make the surveys and level sections, &c., which are required. Till

lately also there were no Deputy Collectors empowered to take up the land which would have been required.

Dursia to Bundhoogunge vid Kuckoo (*No.* 46 *in General list*), 7 *miles in length.*—The work was taken in hand, and a little earth-work executed. The proprietors of the land, however, objected to allow the line of the road to pass over their fields, and the work was stopped until the land could be properly acquired under the Act.

Nobinagore to Mohewari Road (*No.* 48 *in General list*), 10 *miles in length.*—The work was begun late in the season and partly completed.

Ruffigunge to Goh Road (*No.* 49 *in General list*), 12 *miles in length.*—As above.

Constructing Road Cess building in the Kutchery compound.—The construction of the building was begun in the middle of July last, and will shortly be completed.

Surveying district roads.—Surveying operations commenced in February last. From that period up to the end of the cess year the survey of the greater portion of the district roads has been completed and the plotting done.

Futtehpore to Tecaree Road (*No.* 35 *in General list*), 4 *miles in length.*—This work was estimated for at the requisition of the Maharanee of Tecaree, who paid the money for the work when the working season was nearly over. The work has been commenced.

REPAIRS.

Gya to Daudnagore Road (*No.* 1 *in General list*), *length* 41 *miles.*—Estimates for Rs. 3,081 for repairing both the kutcha and pucca portions were sanctioned. The works were completed and Rs. 2,670-1 spent. There is a small balance due to the Contractor still.

Gya to Sherghotty Road (*No.* 2 *in General list*), *length* 19¾ *miles.*—The estimated amount for this work was Rs 1,542 for earth-work, repairing bridges, and renewal of metal of the pucca portion of the road, against which Rs. 1,465-10-4 was spent. The works were completed.

Behar and Rajowlee Road (*No* 3 *in General list*), *length* 24 *miles.*—The estimates for the works were Rs. 3,617 for earth-work, repairing bridges and inspection bungalows, and picking up loose stones. The total expenditure against this estimate was Rs. 1,557-5-3. The works were completed as far as they could be done in the limited time we had to carry them out.

Gya to Nowada Road (*No.* 4 *in General list*), *length* 36 *miles.*—Estimates sanctioned for Rs. 1,815, against which a sum of Rs. 1,641-1-6 was spent for repairing earth-work and turfing. The works proposed were completed.

Gya to Futtehpore and Futtehpore to Rajowlee (*No.* 5 *in General list*), 35 *miles in length.*—Estimates sanctioned for Rs. 1,499, against which a sum of Rs. 1,070-4-6 was spent for repairing earth-work. The work was completed, with the exception of the earth-work of two miles.

Imamgunge to Doomry Road (*No.* 25 *in General list*), *length* 14 *miles.*—An estimate for Rs. 2,098 was sanctioned, against which a sum of Rs. 689-12-9 was spent for repairing earth-work. The work was not completed, and was commenced when the season was far advanced.

Luchaipore to Burachutty Road (*No.* 28 *in General list*), 5 *miles in length.*—An estimate was sanctioned for Rs. 464, against which a sum of Rs. 55-13-5 was spent for repairing earth-work. The work was not completed, as it was not taken in hand till the end of the working season.

14. *Village roads.*—There are three sub-divisions in this district—viz., Nowada, Jehanabad, and Aurungabad. The Sub-Divisional Officer of each has an advance of Rs. 900 for this work, but very little was done during the year. Owing to the district having been raised to the first-class for such a short period, works of this nature naturally received less attention than they would otherwise have got. However, I trust that the operations of the current year will show much improvement under this head. The Chairman of the Sudder Committee resolved to undertake some village roads attached to the head-quarters. For this purpose lists of roads were called for from each outpost through the police, but they reached him too late for action to be taken in the matter.

15. *Adjustment.*—Rupees 13-12-6, being proceeds of sale of trees and service stamps, has been written back from "Miscellaneous revenue" to the head of "Sale of produce and stones" subsequent to the submission of the last quarterly return. Of the establishment charges under the Deputy Collector in charge of the road cess shown in the accounts, a sum of Rs. 480-6-2 was credited in the treasury for an advance made by the Treasury Officer on account of pay of establishment and contingent expenses during July 1876 and March 1877—*vide* Accountant-General's No. 665TA of 20th November 1877, to Chairman, and No. 19SR of 3rd August 1878, to Treasury Officer) Rs. 164-6-3 will appear in red ink figures in the account, being the value of bricks transferred from site of the work on road No. 12 to several other works.

17. *Toll Bars.*—These were abolished from July 1878 (*vide* your No. 360P, dated 17th June 1878).

ESTABLISHMENT—HOW THE OFFICERS WORKED DURING THE YEAR.

Account branch under Committee—

Baboo Bepin Behary Ghose, Accountant—satisfactory.
Baboo Peary Mohun Ghose, Assistant Accountant and Estimator—satisfactory.
Baboo Doorga Churn, Clerk—fair.

WORK ESTABLISHMENT.

Mr. C. A. Mills, District Engineer.—I have not yet seen sufficient of Mr. Mills' work to form a definite opinion of him as a District Engineer. He has, I believe, a good knowledge of his profession; but I should like to see him display more care for the district communications, and more energy and zeal in his work.

Baboo Badan Chundra Dass, Overseer.—Nomination not approved by Government, and services about to be dispensed with.

Shaik M. Ismyle, Sub-Overseer.—Dismissed from Government service and about to be relieved.

Baboo Hem Chundra Sen, Sub-Overseer.—Under suspension.

Mr. A. Madeira, Sub-Overseer.—Conduct not so satisfactory as I could wish.

Baboo Kirty Chunder Mookerjee, Sub-Overseer.—Conduct satisfactory, but nomination not approved.

Baboo Ram Kristo Gosamy, Clerk.—Conduct satisfactory.

Mohun Lal, Draftsman.—Conduct satisfactory.

ESTABLISHMENT UNDER DEPUTY COLLECTOR, ROAD CESS.

Baboo Tarini Churn Mozoomdar, head clerk, Baboo Mohun Lal, second clerk. Baboo Koonjo Behary Lal, third clerk, Moonshee Hussun Bux, mohurir, and Moonshee Gurshahai Lal, mohurir, who have, so far as I have seen, worked well last year.

Besides the above, there were two assessors for the realization of the house cess, who have also worked satisfactorily.

No.—, dated Gya, the 17th December 1878.

From—R. H. GREAVES, ESQ., BABOO RAJENDRO NATH ROY, BABOO B. N. SING, AND A. H. GILES, ESQ., (Members of the District Road Committee, Gya,) being the Sub-Committee for auditing the Annual Accounts for 1877-78,

To—The Chairman, Distict Road Committee, Gya.

WE, the Sub-Committee, were appointed under section 88 of the Road Cess Act.

2. We have very carefully examined the cash book and the other authorized books cited in the margin. We have checked every item of receipt in the cash book with the pass book, and we have checked the cash book with the cash abstract book, and the latter with the register of monthly receipts and expenditure, and finally with the annual accounts of receipts. We have compared, as regards expenditure, the counterfoils of the cheques with the treasury pass book and also with the cash book, and we have compared the vouchers with the entries in the cash book, and from the cash book we have checked the cash abstract book of expenditure, and we have compared this with the register of monthly receipt and expenditure, and finally with the annual accounts. We find everything substantially correct; a few clerical errors were detected in the comparison of the different books.

Cash book, cash abstract book, both receipt and expenditure, register of receipts and expenditure, advance account book and deposit account book.

3. One voucher for the sum of Rs. 96 was found to be unstamped, and in the case of another voucher the duplicate was stamped through mistake; on another voucher the amount was not written in words, and the acquittance roll in one case was wrongly dated, and in two cases one man had signed not only for himself, but for his subordinates also.

Expenditure.—On the expenditure side there were also a few clerical errors of no importance. We find that one cheque drawn on the 11th of July last has not yet been cashed, and is still with the Vice-Chairman.

We have noticed one erasure in the acquittance roll which was not initialled. We have ascertained that voucher No. 16 of July last was not forthcoming, but the amount has been correctly paid to the payee, who himself admitted the receipt of the money.

We think, on the whole, the accounts are very well kept, and that the accountant, Baboo Bepin Behari Ghose, has done his work carefully and satisfactorily.

No. 86RC, dated Gya, the 20th November 1878.

From—BABOO RAJENDRO NATH ROY, Deputy Collector in charge of Road Cess, Gya,
To—The Chairman, District Road Cess Committee, Gya.

I HAVE the honor to report that the cess year commenced from 1st October 1877, when the collection of both the Road and Public Works cesses had partially run into arrears, in consequence of which measures were adopted to realize the same with but partial success.

2. From March 1878 Road and Public Works cesses were received in one challan, but the amounts were, for the information of the towji department, distinctly shown therein.

3. With a view to secure facility in the collections, the then Collector, Mr. Testro, directed that the collections for the Road and Public Works cesses shall, from March 1878, be made by the towji department along with the Government revenue, and that the nazir be directed to serve all the processes for the realization of the arrears.

4. Under the orders of the Board, dated the 20th idem, the Road and Public Works cesses were amalgamated.

5. Arrears continued to accumulate till it amounted to between thirty and forty thousand rupees, when the coercive measures were enforced to realize them, and how far this measure is a success will be duly reported upon next year.

6. The agency employed to recover the house cess consisted of two assessors and 12 peons, of which one was discharged ere the work was completed, whilst the other had to work not only for himself, but also for his abolished colleague. The outturn of work done was far from satisfactory.

7. In the collection of cesses on lands, the agency of the nazir was largely employed. Enclosed is a statement showing the collection of road cess under the different headings of the cess year 1877-78.

Statement showing the collection of Road Cess under different headings for the year 1877-78.

R. H. GREAVES,
Vice-Chairman.

E. J. BARTON,
Chairman.

No. 93, dated Arrah, the 24th December 1878.

From—J. WARE EDGAR, ESQ., C.S.I., Magistrate and Chairman, District Road Fund Committee, Shahabad,

To—The Commissioner of Patna.

I HAVE been directed by the Road Cess Committee to submit the annual accounts of the Shahabad district for the year ending the 30th September 1878, together with the report prescribed in section LXXXIX.

Working of the Road Cess Act.—The accounts were prepared by the Vice-Chairman, submitted under section LXXXIX to three members of the Committee, viz. Messrs. Windle and Myhee and Baboo Hurbuns Sahoy, and, after examination by them, were passed at a meeting of the Committee held on the 18th. In a previous letter, I called attention to the inconvenience caused by the order under which you have to submit your divisional report

on the 1st January, and explained how it practically curtails the time allowed by law for the consideration of the annual reports by the Committees, and I have been asked by the Committee to state that they agree with my view on this point, and desire to be allowed, in future years, to delay the submission of their report till the last week in January.

2. Early during the year under report some difficulty was experienced in realizing the Road Cess collections. The balance in the Treasury was insufficient to meet current requirements. Bills were outstanding that could not be met from the funds available, and works had to be stopped at the most favourable period of the working season. The Collector had to bring considerable pressure to bear on the defaulting *zemindars* before the money was collected. Doubtless the difficulty was, in a great measure, due to the bad *kharif* harvest of 1877, but there can be no doubt that some more stringent process for the realization of arrears than that provided by the Act is required. The *zemindars* complain loudly of the difficulty they find in realizing from their tenants. On the other hand, I have found cases in which, according to the story of the *ryots*, they actually pay more to the zemindars than the total amount payable by the latter on account of the combined Road and Public Works cesses. I am taking advantage of my cold weather tour to enquire more fully into the matter, and, if necessary, shall submit a special report. In my last year's report, I called attention to the oppressive character of the house road cess, but as the collection of this cess has since been discontinued no remarks on the subject are called for here.

3. *Working of Sudder Committee.*—The Committee is composed of 19 members, 14 of whom are non-official. Ten meetings were held during the year, and on three occasions there were not sufficient members to form a quorum. Three members failed to attend any of the meetings, and a special report will be submitted about them. Most of the remaining members shew an increasing interest in their duties, and some, among the unofficial members, shew much zeal and intelligence. Prominent among these are Mr. Mylne and Baboo Hurbuns Sahoy. Baboo Bhugwan Dass has also given much assistance.

Branch Committee.—There were no meetings of the Branch Committees held during the year. On taking charge of this district in February, I found these Committees thoroughly dissatisfied with their position, and unwilling to keep up the pretence of attending meetings in which they have no power to do anything. I was unable for some time to propose any remedy for this, but in September I submitted a proposal for the re-organization of these Committees, investing them with the powers of the District Committees with regard to certain roads, making over to them specified works to maintain, and giving them a definite sum to spend on their works. Orders have not yet been received on this proposal.

4. *Accounts.*—The Road Fund and District Engineer's offices were inspected by Mr. W. A. Billings, Deputy Examiner of Public Works Accounts, Bengal, on the 24th and 27th September 1878, as recorded in Examiner of Public Works Accounts, Bengal, endorsement No. 664D. of the 27th October last. In the Road Fund Office some minor irregularities were pointed out, which will at once be corrected.

In the District Engineer's Office the accounts and books were found satisfactory; but the remark was made that the "imprests with subordinates continue large, that they were not utilized by them to the full extent possible, and that recoupments, if made more frequently than once a month, would certainly afford the opportunity for affecting a reduction, which seems desirable." The question of imprests had previously formed the subject of investigation by a Sub-Committee, of which the Superintending Engineer, Sone Circle, was one of the members, and our practice was based on their recommendations.

It might perhaps be well if some general rules for the guidance of District Committees on this head were drawn up by the Account Department.

5. *How the Establishment worked during the year.*—The cost of establishment for collection of Revenue and Committee's control estimated in the budget at Rs. 5,142 has amounted to Rs. 8,352. This excess of actual over-estimated expenditure was partly due to payments having been made on account of past years under authority received from the Accountant-General, and partly to the great increase of extra peons made necessary by the difficulty in realizing the cess in 1877.

The cost of establishment on works including "Engineering" was estimated at Rs. 25,000, but the actual expenditure, including cost of surveys, has amounted to Rs. 21,684, against an expenditure on works and tools of Rs. 1,21,000, or 17·9 per cent. I mentioned in my report last year that it was the opinion of the Committee that the amount of work thrown on the District Engineer was more than could be properly supervised by any one man, since then I have been much over the district roads, and can of my own knowledge fully bear out the view of the Committee, which they still hold strongly. The proposals mentioned above, already made to Government, will, if approved of, relieve the District Engineer of the immediate supervision of all minor works, such as third class and village roads, small temporary bridges, and, in a word, of all matters not requiring professional skill or organized labor. All these petty works could be done by the Vice-Chairman and members of the District and Branch Committees, and the supervision and responsibility of the District Engineer concentrated on the construction and maintenance of heavy and expensive works. In spite of the difficulties Mr. McNamara has had to contend with he has done excellent work during the year, and I can bear testimony to his energy and zeal, and to the high quality of all the work to which he was apt to give sufficient personal attention. He writes in the following terms of his subordinates:—"On the whole

they have worked fairly during the year, and there is nothing very particular to mention in the way of blame." On the other hand, it affords me much pleasure to report favourably of 3rd grade Sub-Overseers Babu Troylucco Nath Ghosal, Munshi Chedi Alli, and Baboo Banee Proshad, who have shewn considerable zeal and activity in the discharge of the duties entrusted to them."

6. I extract the following account of the principal works undertaken during the year from the report of the District Engineer :—

I. *Construction of a raised and bridged road from Saraya to Rogonathpore, 12 miles in length, estimated to cost Rs.* 19,283.—The earthwork along the entire line was thrown up in time to be consolidated by the rains. Bricks were manufactured, and materials collected for the bridges and drains, and it is expected that the road will be completed and open to traffic early in the current year.

II. *The metalling of the road connecting the Grand Trunk Road at Mohania with the sub-divisional station at Bhabua.*—The estimate for the works was sanctioned by Government on the 3rd of May last. The metalling was most urgently needed, and every endeavour was made to push on the collection of *kunkur* before the rains, and about half the required quantity was collected. The season was a most unfortunate one for cattle. Fodder was selling at more than double the ordinary rates for the time of the year; grass was scarcely to be had at all, and the District Engineer ascertained from personal enquiry in June last, when complaints were most ripe, that cartmen could not afford to keep their cattle there, much less to work them, without a very considerable increase of rates. The collection has now been very nearly completed, the spreading is in progress, and the work ought easily to be completed in the first month of the ensuing rains. The bridges and culverts on this road were finished early in the season as seen by the Chairman.

III. *The metalling and drainage of a portion of road (No.* 11 *of the printed list) through Nasriganj Bazar, estimated to cost Rs.* 5,295.—Completed.

IV. *Construction of a raised road from the Ganges at Bulliahghat to the Railway station at Doomraon.*—The surveys and road project were prepared and submitted by the District Engineer early in the year, but the difficulties to be overcome in the shape of floods were shewn to be so formidable, and the estimated cost so great, that the Committee decided that the work could not be undertaken. It was agreed, however, as an alternative to improve the road from Doomraon to the Ganges at Buxar, and this work has been very nearly completed

V. *Metalling the portion of the Sasseram and Arrah road from the Main Western Canal at Mokur to Sasseram, nearly* 5 *miles in length.*—This work was completed in August last, and is now under heavy traffic. The following works have also been completed :—

1. Raising Road No. 2 of printed list from Mokur (Sasseram) to Arrah, preparatory to metalling, 55 miles in length.
2. Metalling portion of ditto from Railway crossing to Nowada in the town of Arrah, lately transferred from the Municipality. Also portion of the Sahar and Arrah road, and Koelwar and Chowsah road.
3. Raising road from Nasriganj to Doomraon, 36 miles of raising.
4. *Road Cess office at Arrah.*—The principal new work which it is proposed to undertake during the current year is the metalling of the road from Tendoni to Doomraon Railway Station, 26 miles, being part of the road from Doomraon to Sasseram, the detailed plans, estimates, and specifications of which were submitted with our budget estimates.

7. *Village paths.*—Referring to the concluding paragraph of last year's report, village roads to the following extent have been opened out in the several sub-divisions, shewing an aggregate expenditure of Rs. 4,880-5-3 :—

		Rs.	A.	P.
Arrah Sub-division		2,104	5	9
Buxar ditto		385	8	0
Sasseram ditto		324	2	6
Bhabua ditto		2,066	5	0
Total ...		4,880	5	3

I am not at all satisfied with the progress made in the matter of village roads. Much of the work done should not really be described as village road making, and, under our present system, we cannot look for any great extension of the rough cart tracks with the cheapest possible bridges over very muddy streams, which I look on as what we want for village communications. Such work can only be done through the people themselves, and one of the chief objects of my District Committee and myself is to enlist the aid of the people in doing it. I hope that a great extension of village path made by the persons benefiting by them, out of the rates paid by themselves, will be an easy result of my plan for the re-organization of the Branch Committees, if sanctioned.

8. *Planting Trees.*—A nursery has been maintained for the supply of roadside trees, and, in accordance with the recent orders of Government, arrangements are in progress for the supply of good fruit trees, mostly mango and jack. Nearly 400 mango trees have been planted on the Sasseram and Arrah road, and about 5,000 jack, seesoo, toon, and other trees on the roads in the Arrah sub-division.

APPENDIX A.

Abstract of particulars regarding Meetings of the District Road Committees for 1877-78.

Commissionership.	District and Sub-Division.	Number of members forming Committee.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	Number of members who attended only						Percentage of average attendance to whole Committee.
									One meeting.		Two meetings.		Three meetings.

ARRAH,

The 16*th November* 1878.

J. MOOKERJEE,

For Vice-Chairman.

No. 134, dated Durbhunga, the 14th January 1879.

From—C. C. QUINN, Esq., Chairman, District Road Cess Committee, Durbhunga,

To—The Commissioner of Patna.

UNDER section 69 of Act X of 1871, I have the honor to submit the following report on the working of the Road Cess Department of this district during the cess year 1877-78.

COMMITTEE.

(a.) *Sudder Committee.*—At the beginning of the year 16 members were appointed to the Committee (*vide* Government notification No. 4765A of 11th September 1877) including

the Chairman and the Vice-Chairman. The names of the members and the number of meetings attended by each are noted below :—

		Number of meetings.
1.	Magistrate and Collector, Chairman	7
2.	Assistant ditto, Vice-Chairman	4
3.	District Superintendent of Police	6
4.	Road Cess Deputy Collector	6
5.	Executive Engineer	4
6.	Manager, Durbhunga Estate	6
7.	Mr. G. Anderson	4
8.	,, E. May	Nil
9.	,, E. Carlisle	2
10.	Kumar Guneshur Singh	Nil
11.	,, Gopeshur Singh	Nil
12.	Baboo Bunseedhari Sing	1
13.	Nazimuddi Hossein	Nil
14.	Sadiq Ally Khan	1
15.	Roy Goburdhun Lal	3
16.	Mitro Lal Chowdry	3

For two months, *i.e.* up to November, the Committee worked with these 16 members; but the Chairman finding it necessary to strengthen the Committee's staff nominated seven more members, who were accordingly appointed (*vide* Government notification No. 59A, dated 2nd January 1878). The names of these members and the number of meetings attended by each during the year are also noted below :—

		Number of meetings.
1.	Mr. T. Lloyd	5
2.	,, H. L. Gale	1
3.	,, H Mackenzie	1
4.	Baboo Bhagbut Persad Singh	Nil
5.	,, Jugdip Narain Singh	2
6.	,, Sheo Persad Singh	1
7.	,, Sri Narain Singh	4

Two members resigned during the year, Mr. May and Kumar Guneshur Singh, and one more member was added to the list, viz Mr. MacNaughten, who attended two meetings.

There were seven meetings held during the year on the following dates, in all of which there was found a quorum :—

One on 7th November 1877.
,, 2nd January 1878.
,, 2nd March ,,
,, 1st June ,,
One on 31st July 1878.
,, 11th September ,,
,, 28th September ,,

A statement is given below shewing the result of the attendance of the members :—

District.	Number of Members.		Number required for a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance of members.	Number of members who did not attend any meeting.	Number of members who attended only						Percentage of average attendance to whole Committee.
								One meetings		Two meetings		hree meetings		
	Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Durbhunga	5	17	7	7	Nil	9	3	.	5	..	8		2	41

From the above it will appear that the percentage of attendance of members was only 41, which, however, is 2 per cent. more than that of the previous year. Almost all the official members and a few of the non-official took a fair amount of interest in the Committee's work; but, as usual, the greater part of non-official members, specially the zemindars of the district, showed themselves aphathetic, and attended but few meetings. Three of them did not attend a single meeting.

BRANCH COMMITTEES.

There were two Branch Committees in the district, one in each of the two sub divisions of Madhubani and Tajpore. These Committees were organized only last year. As regards execution of work, the chief functions of a Branch Committee are to superintend the improvement of village communications, and no provision under this head having been made in last year's budget, the Branch Committees of this district had not much scope for their energies. Some valuable suggestions for the improvement and extension of the district roads were, however, received, especially from the Madhubani Branch Committee.

Towards the close of the year measures were initiated for the development of village communications, and much assistance in this branch of the work is expected from the Sub-divisional Committees during the current year.

Copies of reports received from the Chairman of these Committees are enclosed.

The financial working of the Act during the year was as follows :—

Income.—The total income of the year was Rs. 85,259-4-2, and the year commenced with a balance in hand of Rs. 95,201-15-10. The total amount available for expenditure was therefore Rs. 1,80,461-4.

The details of the income were as follow :—

	Rs.	A.	P.
Cess on lands	75,555	7	0
,, on houses	1,654	13	0
Fines	69	6	0
Other cesses	207	3	6
Ferry tolls (previous years)	3,757	12	8
Refunds, &c.	2	0	0
Miscellaneous	1,012	10	0
Total ...	85,259	4	2

Cess on Lands.—As a report on the collection of revenue under the Road Cess Act has already been separately submitted to you by the Collector, it does not appear necessary to deal with this matter in the present report at any great length. The collection of the cess during the year has been on the whole satisfactory, being 88·7 per cent. on the whole demand. The arrears were mostly due from large revenue-paying estates, having numerous petty shareholders who looked to each other for payment of the cess. Processes for attachment of property were issued for the realization of these arrears ; and it is satisfactory to note that in the majority of cases the defaulters paid their dues as soon as the process-servers appeared. In very few instances only recourse was had to the extreme measure of actual sale of property.

House Cess.—Regarding the collections under this head, I quote the following from the report of the Collector :—

"The demand of house cess under the Road Cess Act for the first half-year was Rs. 881, against which Rs. 677 were collected, leaving a balance of Rs 204. The arrear at the end of the year ending 30th September 1878 was Rs. 637, against which Rs. 564 was collected, leaving a balance of Rs. 73. Hence the total arrears was Rs. 277 ; but out of this, Rs. 24 has already been remitted by the Board, and for the remission of the balance an application will shortly be made."

The other headings of the income do not call for any special comments.

Expenditure.—As stated above, the total amount available for expenditure was Rs. 1,80,461-4, but the actual sum expended during the year was Rs. 1,07,600-0-11 under the following heads :—

WORKS.

	Rs.	A.	P.
Original works	6,267	7	2
Repairs	76,774	11	4
Ferry (previous year)	301	15	3
Collection establishment	5,396	5	7
Engineering ditto	17,376	2	9
Tools and plant	1,483	6	10
Total ...	1,07,600	0	11

(*A*). *Original works.*—Original works to the amount of Rs. 53,705 were estimated for in the budget for the year, but works to the value of Rs. 6,267-7-2 only were execute as shown below :—

	Rs.	A.	P.
1. A pucca masonry bridge on the road from Harahi to the new Railway station, which cost	1,738	1	6
2. Metalling of the road from the Durbhunga bazar to the railway station, which cost	4,529	5	8

In addition to these certain pucca bridges were constructed during the year on the North Emigration Road ; but as the works were not completely measured up and paid for they have not been shown in the accounts of the year.

(6). *Repairs.*—The total amount expended under this head was Rs. 76,774-11-4. The works chiefly consisted of earthwork, repairs on roads, and bridge repairs. Almost all the existing roads in the district have been thoroughly repaired during the year. The following remarks are made regarding particular roads :—

DURBHUNGA SUB-DIVISION.

1. *Road from Durbhunga to Roserah vid Hathowri.*—Some pucca bridges between Durbhunga and Hathowri were proposed to be built during the year. The old bridges have

been kept passable, and it is now intended to build the bridges during the current year. The estimates for the bridges were sent back by the Superintending Engineer for more detailed information regarding flood-levels, &c. They have been completed and will now be resubmitted for sanction.

2. *Road from Durbhunga to Bohera.*—In consequence of the high floods in the Kumla river during the last rains considerable difficulty was experienced in preventing the injurious action of the scour round the abutments of some of the bridges to the west of Dhui Ghât; but the difficulty was overcome and the bridges were preserved.

3. *Road from Durbhunga to Gopalpore Ghât.*—Heavy earthwork repairs and some wooden bridge work have been done on this road. Some portions of it between Pipra Ghât and Gopalpore Ghât should be raised, and it is proposed to do this during the current year. It is also proposed to metal this road as far as Gousa Ghât, and the metal will be collected before the rains, so that it may be spread and consolidated during the wet season. Some pucca bridgework was budgetted for for the current year, and the materials are at least to be collected. It has been found on a further examination that the present bridges can be made to last during the next rains.

4 *Road from Durbhunga to Raika.*—This road has very heavy traffic, and becomes very much cut up, especially during the cold season. At the worst places earth is not obtainable till the rice harvest commences, and it is impossible to obtain labour until the end of December, so that it is difficult to put the road into good order before January.

5. *Road from Durbhunga to Kumtowl.*—Considerable difficulty was experienced in protecting this road from the action of the Bagmutti river, which broke a zemindaree bund and burst through a bridge opening. The bridge was carried away, and the bank could not be made up till the flood subsided. Provision has been made in the estimate of the current year for diverting this road in three places.

MADHUBANI SUB-DIVISION.

In the Madhubani Sub-division the principal work done has been on the North Emigration Road, the Mudheypore to Berhampore Road, the Kelwai Road, the Madhubani and Ladania Road, the Madhubani and Baniputty Road, the Baniputty Road and the Sursoo Road. On the first-named three pucca bridges have been built, viz. one of 10 feet span, one of 2 tens, and one of 3 spans. Four masonry bridges, which were left unfinished when the road was handed over by the Raj Durbhunga, have also been completed. On the Berhampore and Mudheypore Road much damage was done by the floods at the end of last rains. The whole of the Bhutea Ballan water crosses this road. The bank was breached, and temporary bridges were destroyed in several places. More openings will be necessary, and the bank in several places will have to be raised.

TAJPORE SUB-DIVISION.

The Tajpore roads have all received light repairs with the exception of the portion of the Nurhan and Jitwarpore Road between Nurhan and Singhea Ghât.

Village Roads.—As mentioned above, no provision was made in the budget at the beginning of the year for the improvement of village roads. In the latter part of the year an attempt was made to take up some work under this head, but the year closed before anything could be done. Rs. 6,000 has been set apart for this purpose in the current year's budget.

Works proposed.—The following new works have been proposed for the current year, and a sum of Rs. 72,376 has been provided for them in the budget:—

		Rs.
1.	Bridges on the road from Durbhunga to Roserah *viâ* Hathowri	15,504
2.	Bidges on Durbhunga to Gopalpore Ghât Road ...	22,000
3.	Metalling of roadway on bridge on road to Gopalpore Ghât	9,000
4.	Diversion of road from Durbhunga to Kumtowl ...	1,035
5.	Metalling of Gangwarah Road	2,415
6.	Bridges on North Emigration Road	17,200
7.	Ditto on road from Narayah to Lowkahi	2,400
8.	Ditto on road from Nurhan to Jitwarpore	700
9.	Ditto on road from Poorah to Mhow	1,000
10.	Engineer's Office buildings	1,122

Besides the above, Rs. 1,01,244 has been provided for in the budget for the repairs of all the existing roads in the district.

WORKING OF THE ESTABLISHMENT.

1. *Collection Establishment.*—This comprises the establishments both under the Collector and the Chairman. Deputy Collector Baboo Peary Mohun Banerjea has been in charge of the Department in the Collector's office. The work in both the Collector's and the Chairman's offices has been satisfactorily conducted throughout the year.

2. *Engineering Establishment.*—The Engineering establishment, which cost Rs. 17,376-2-9 consisted of the District Engineer, of his office establishment, and his other Subordinates, such as Overseers and Sub-Overseers.

The District Engineer has been Mr. N. G. Beaumont, who has now served the Committee for the last two years on probation. Although the Committee has had frequently to find fault with the Engineer for a want of system and punctuality in the preparation and submission of estimates and returns, they have been, on the whole, satisfied with the manner in which the essential work of maintaining the district communications has been performed, and in this respect there has been a marked improvement during the latter half of the year.

The annual accounts are herewith submitted in duplicate. The accounts were duly examined and audited by a Sub-Committee, as required under section 88 of the Road Cess Act.

No. 249, dated Tajpore, the 30th November 1878.

From—G. E. MANISTY, Esq., Sub-Divisional Officer of Tajpore,

To—The Chairman of the District Road Cess Committee, Durbhunga.

WITH reference to your No. 45, dated 21st instant, I have the honor to report that three out of four non-official European Members of the Committee, as constituted in 1877, have left India, and the native members, who live at a distance from sub-divisional head-quarters and seem to take little interest in this important work, could hardly be made to attend the meeting. Two formal notices were issued, once by Mr. Dey in November 1877, and again by Mr. Grimwood in July 1878, to the members for attending the meetings, but I regret to find that none of them appear to have been cordially responded to by the members, and on both these occasions the meeting had to be dissolved for want of a quorum, and the sub-divisional officer's personal opinion was on each occasion submitted to the District Road Cess Committee.

DISTRICT.	NUMBER OF MEETING.		Number required to form a quorum.	Number of meetings held.	Meeting at which there was no quorum.	Average attendance at meetings. PEARY MOHUN BOSE, *Sub-deputy Collector,*
for Sub-divisional Officer.

No. 435, dated Madhubani, the 25th November 1878.

From—G. A. GRIERSON, Esq., Vice-Chairman, Branch Road Cess Committee, Madhubani,

To—The Chairman, District Road Cess Committee, Durbhunga.

WITH reference to your No. 45, dated the 21st instant, I have the honor to report as follows

There were five meetings held during the year, at two of which there were no quorums. The only member of the Committee who took any interest in the work was Mr. Trevor Lloyd, of Narhar. The other European member left for Europe during the year, and the native members one and all exhibited a perfect apathy on the subject. I have proposed two other gentlemen as members, Mr. Hamilton and Mr. John Gale, of Pundoul, but I have as yet received no intimation of my proposal being sanctioned. I would press upon your notice the delay that has taken place in this point It is with the greatest difficulty that I can induce native members to attend or to take slightest interest in the work; and the addition of one or two intelligent Europeans to the Committee is absolutely necessary to strengthen my hands. As a matter of fact, the whole work of the Committee has been performed in private consultation by Mr. Trevor Lloyd and myself, aided by the advice of two or three outsiders, such as the Inspector of Police. At the most important meeting of the whole year, that in which we formulated our wants for the year 1878-79, Mr. Lloyd was the only member present.

* * * * * * * *

3. In the ensuing year 1878-79, I hope that the Committee will be of more use. A sum of money has been allotted to it for village roads, and if Messrs. John Gale and Hamilton are appointed members, I have no doubt that the Committee will spend the money to the best advantage.

4. I enclose the form filled up as desired.

District.	Number of meeting.		Number required to form a quorum.	Number of meetings held.	Meeting at which there was no quorum.	Average attendance at meetings. No. 30, dated Mozufferpore, the 30th January 1879.

From—C. F. WORSLEY, Esq., Collector and Chairman, District Road Committee, Mozufferpore,

To—The Commissioner of Patna

WITH reference to your circular No. 193CP., dated the 11th instant, and enclosure, I have the honor to submit herewith the annual account of the District Road Fund for the cess year 1877-78, and to report as follows on the administration of the fund during the year.

2. The road cess system has now been in force here for the last two years, and it may be said to have worked satisfactorily. I must, however, admit that the payment of the cess was not so punctual as I could have wished, but this was not in all cases due to wilful evasion, but to want of unanimity among co-sharers and the difficulty of apportioning liabilities among them. Equal co-sharers make unequal payments, the road cess being calculated on the annual assets of an estate and not distributed among the proprietors generally in proportion to their respective interests; while in some instances large co sharers are forced to pay small sums strictly due from petty co-sharers, and which can only be recovered by troublesome suits in the civil courts. This difficulty, however, may be obviated by an amendment of the law, now that registration of proprietory interest has been nearly completed. With regard to house cess, I have already in previous reports from the revenue side of this office expressed my opinion, and as it is understood that the abolition of this cess is under the consideration of Government, there is no necessity for offering further remarks on the subject.

3. There were seven meetings of the Road Committee during the year, all of which were fairly attended, as will appear from the following tables:—

NAMES OF MEMBERS.	Number of meeting attended.	Number of meeting at which absent.	Total number of meeting.

4. It may be mentioned that more than one-third of the members whose names appear in this statement were either absent from the district or were not members of the Committee during considerable portions of the year.

The changes which took place among the members of the Committee were due partly to the departure to Europe of Messrs. Collingridge Swaine, and Robertson, in whose places Messrs. Abbott, Mackintosh, and Grant were appointed as members, and partly to the transfer of officers to other districts. Consequent on the transfer of Mr. C. H. Vowell

to Rajshahye, the office of Vice-Chairman of the Committee fell vacant, and Mr. J. Toomey, Manager of Kantie Factory, was elected in his place. I have much pleasure in stating that the Committee, as usual, afforded me very great assistance, and that this district is specially fortunate in being represented by gentlemen who are well acquainted with its wants and much interested in improving its communications.

5. From the reports of the Chairman of the Branch Road Committees at Hajeepore and Seetamurhee, it appears that at the former station no meeting was held, and that at the latter there was only one meeting during the year. My own opinion is that in this district Branch Committees are not needed, and that the interests of the sub-divisions can be, and are, most thoroughly guarded by the members of the Sudder Committee.

6. The year opened with a positive balance of Rs. 62,224-8-8. The receipts during the year from all sources amounted to Rs. 1,69,694-5-3½, details of which are given in the margin. The total amount at the disposal of the Committee was thus Rs. 2,31,918-13-11½. The total outlay on district works amounted to Rs. 1,41,923-1-1 as per margin, leaving a balance of Rs. 89,995-12-10½ for the current year.

	Rs.	A.	P.
Cess on lands	1,29,999	14	9½
" on houses	3,454	11	11
Road cess leviable otherwise than under the District Road Cess Act	107	12	7
Ferry tolls (arrears)	14,911	7	8
Sales of produce and store	3,750	13	7
Fines	11	12	0
Miscellaneous revenue	17,467	12	9
Total ...	1,69,694	5	3½

	Rs.	A.	P.
Establishment on Committee's control, &c.	5,785	7	3
Contingencies	677	4	9
Original works	65,988	2	2
Repairs	37,865	6	3
Road establishment	28,618	14	0
Tools and plant	4,987	14	8
Total ...	1,41,923	1	1

7. It will be seen that Rs. 65,988-2-2 was expended in the execution of original works, which consisted principally of masonry bridges and culverts. Many of the roads in the district run through badly drained tracts, and have always been more or less impassable in the rainy season. It has, therefore, been a special object of the Committee to make these roads serviceable throughout the year Besides the above, something was done in the way of metalling heavy portions of roads, and raising and widening them where necessary. Trees have also been planted (as in the previous year) on the sides of several roads, and the young plantations which consist principally of jack trees, mango trees, and sissoos, now extend along 100 miles of roads. The details of the several original works executed during the year are shown in the annual account herewith enclosed. I propose therefore to give below only an abstract of the expenditure showing the disbursement made on account of each kind of work executed during the year:—

		Rs.	A.	P.
1.	Constructing masonry Bridge of 175 feet water-way ...	7,210	12	1
2.	Ditto ditto of 70 feet ditto ...	86	14	6
3.	Ditto ditto of 120 feet ditto ...	2,136	14	4
4.	Ditto culverts from 2 feet to 45 feet ditto ...	29,524	7	8
5.	Metalling roads	7,793	5	7
6.	Planting trees	5,484	10	0
7.	Raising roads and widening them	4,980	3	1
8.	Office building	4,965	0	5
9.	Fixing mile-stones	408	14	6
10.	Constructing dâk sheds	263	3	5
11.	Minor works	3,133	12	7

8. The first item represents expenditure on the bridge at Gooriat Ghât on Hajeepore road (No. 5 in the general list). The budget allotment for this work was Rs. 20,000, but no more than Rs. 7,210-12-1 could be expended on this account during the year. The estimate for this work was sanctioned only at the end of January 1878, and about three months elapsed before arrangement could be made for the commencement of the bridge, and during the rainy season the work was frequently interrupted. Within the year, however, 20 wells were sunk, and the progress of the work has on the whole been quite satisfactory. The bridge is now rapidly approaching completion.

9. The next item of expenditure is on account of the bridge at the Dunda Nulla on the Shahibgunge road (No 11 in the list). Estimate for this bridge was only sanctioned in July last, so that little progress was made in this work during the year. The small expenditure shown is on account of pay of chowkeedars, &c., kept on for the bricks manufactured for the bridge. The masonry works of the bridge have, however, been commenced, and the bridge will be finished before the rains set in.

10. The third item represents expenditure on account of the bridge on the nulla at Khuruckpore on Mohanur road (No. 25 in the list). Bricks were only manufactured during the year, the masonry works have since been commenced and are progressing well.

11. Item 4 represents expenditure on general masonry culvert, ranging from 2 to 45 feet waterway on different roads, as per annual account. Most of these culverts were finished during the year, and those that were in progress are shown in the statement annexed.

12. Item 5 represents expenditure on metalling the following roads :—

No. in list.		Rs.	A.	P.
1.	Portion of Durbhunga road	1,624	0	0
3.	One mile of Poosah road	3,798	7	6
5.	Thirty-second mile of Hajeepore road	646	0	10
	Renewing metalling first portion of Hajeepore road ...	771	0	0
12.	One-fourth mile of Motiharee road	953	13	3

The portions of the roads metalled used formerly to get into very bad condition, more especially during the rains. The metalling of all these portions, with exception of Durbhunga road, where the works are still in progress, was finished during the year.

13. The next item shows expenditure on account of planting of trees. During the year trees were planted on the following roads at a cost noted opposite them :—

No. in list.		Rs.	A.	P.
3.	Poosa road	1,462	8	0
4.	Koorbaghat road	687	7	0
5.	Hajeepore road	750	0	0
10.	Rewaghat road	724	4	0
12.	Motiharee road	780	7	0
15.	Mallye road	1,080	0	0

14. Item 7. *Raising of roads.*—The largest expenditure incurred under this head was on account of the Hajeepore Road (No. 5). This is a very important line of communication, but in consequence of the heavy cart traffic it has never been found possible to keep it in good order throughout the year. At the suggestion of the District Engineer, the Committee undertook, as a tentative measure, to raise the centre of this road at a width of 12 feet for foot passengers and light traffic, leaving the two berms each of 8 feet for cart traffic. The work has been finished, and has proved a very great success. The road now is in excellent order, and the Committee propose to follow this course in respect of all the main roads in the district.

15. The next item represents expenditure in connection with the Committee's office building. This work has nearly been finished. All the clerks, except those who are employed in the toujee department, will be accommodated in this building, and thus a saving of about Rs. 600 per annum, now paid as rent, will be effected.

16. The other items represent expenditure of a petty nature and do not require any special explanation.

17. The allotment for original works in the budget was Rs. 1,38,188, but the total expenditure under this head during the year amounted only to Rs. 65,988-2-2. The saving effected is principally on account of the large bridges referred to in paragraphs 8, 9, and 10 of this report, estimates for which were sanctioned at a time when the season was too far advanced to admit of the works being finished and paid for within the year.

18. With the exception of repairs to a bridge over the Jamoram Nulla on Poosa road, I have nothing particular to say under head Repair works. This bridge consists of 14 spans of 15 feet each, and was constructed about fifty years ago. The timber roadway of the bridge had become much decayed and was quite unsafe for traffic. The Committee therefore decided to substitute arches for the timber roadway. The work has been commenced and is now in progress. The other works executed under this head were of an ordinary nature. During the year the Committee had 793 miles of roads on the list, of which 328½ miles were repaired by the engineering establishment, and the rest by the managers of indigo factories. Under this head nearly the whole of the allotment provided in our budget was expended, the small saving, viz. Rs. 1,158-9-9 being attributable to non-submission of accounts by factory managers in connection with the few roads noted below : —

No. 4A. Rusulpore Ghât road.
„ 11. Shahibgunge road.
„ 14. Jointpur road.
„ 14B. Jointpur road, section 3.
No. 18. Snapore road.
„ 23. Mowah road.
„ 26. Dhooly road.

19. Under the head tools and plant our expenditure has exceeded the budget estimate by Rs. 2,487-14-8. The allotment made therein was only Rs. 2,500, but the expenditure amounted to Rs. 4,987-14-7 ; this was on account of value of one set of boring tools and two tents purchased for the District Engineer, for which provision was omitted to be made in the budget. The Committee, however, accorded special sanction for purchase of the same.

20. I regret that nothing was done in the way of repairing village roads during the year, owing to no provision having been made for them in the budget. The Committee, however, have decided to devote a large sum of money to this purpose during the current year.

21. With regard to the different establishments under the Committee I may remark as follows. The District Engineer, Mr. H. W. Stevens, has discharged the duties of his office to the entire satisfaction of the Committee. He is a most active officer and exercises thorough supervision over his subordinates. The value of his services is warmly appreciated by all who are interested in the improvement of roads. The subordinate establishment consists of three overseers, each of them being assisted by a sub-overseer. They are in

charge of three sub-divisions, and have all worked satisfactorily. Baboo Koylash Chundra Mittra and Mutty Lall Sen, however, deserve special credit for their works. The office establishment of the District Engineer have also worked most satisfactorily. Baboo Kheroda Prosad Banerjee, head clerk and accountant of the Chairman's office, has worked zealously and efficiently.

22. With regard to future schemes, the following works deserve special mention:—

(1.) Constructing an iron viaduct at Chuckdanga on the Koortea Ghât road (No. 4 in the list) at a cost of Rs. 20,000, estimate for this work has been prepared.

(2.) Constructing other railway feeder road from Otter to junction with Shapore road, *vid* Moniary Railway station, length five miles, at a cost of Rs. 5,922. This is considered a very important work, there being no direct communication with the Moniary station of the Tirhoot State Railway. The feeder road will tap the traffic of the three very important roads leading from Mozufferpore to Poosa, Dulsing Serai, and Mowah *vid* Shapore road, and will facilitate cart and other traffic from those roads to the railway station, and will also be a great boon to ordinary travellers. The provision made in the budget for the current year for all other original works, with the exception of some small culverts, are mere re-appropriation for work in progress which were previously sanctioned. With regard to repair works, provision has been made for the proper maintenance of all the existing roads and bridges, besides which the Committee propose to do something in the way of improving the village roads, and these are entered in the budget under class IV. Thirty-three roads of this description, aggregating a distance of 361½ miles, have been taken on in the Committee's list, and for this no less than Rs. 42,883 has been provided for in the budget.

23. In conclusion, I beg to state that the general condition of the roads and bridges is very satisfactory.

Statement showing masonry culverts of 2 to 45 feet water-way, commenced during the cess year 1877-78 but were not finished.

Name of Works.	Remarks.
Constructing a 45 feet culvert on the Soorsund road	In progress.
Ditto a 40 feet ditto on Jutkowleeghat road	ditto.
Ditto a 30 feet ditto at Rampore Hurree on Koorbaghat road	ditto.
Ditto a 20 feet ditto on the third mile af Soorsund road ...	ditto.
Ditto a 10 feet ditto on the 34th mile of Bettiah road ...	ditto.
Ditto a 10 feet ditto on the 23rd mile of Bettiah road ...	ditto.

G. TAWNEY,
Vice-Chairman.

No. 149, dated Sarun, the 13th January 1879.

From—The Chairman of the Road Cess Committee, Sarun,
To—The Commissioner of the Patna Division.

IN reply to your memorandum No. 193C.—P. (circular) of 11th instant, I have the honour to submit herewith copies of the District Road Fund accounts and report for the cess year 1877-78.

2. Copies of the above have also been this day forwarded direct to the Examiner of Public Works Accounts, Bengal.

Administration Report of the Sarun District Road Fund for the cess year 1877-78.

1. *Committee.*—The present Road Cess Committee was appointed in July 1877. It consisted of 21 members, viz.—

The Magistrate and Collector ... ... *Chairman.*
The Joint-Magistrate and Deputy Collector (for the time being)... *Vice-Chairman.*

Members.

The District Superintendent of Police (for the time being).
The Executive Engineer, Mozufferpore Division (for the time being).
Baboo Ramanugra Narain, Manager, Court of Wards.

Mr. W. N. Reid.
„ H. W. Llewhellin.
„ N. S. Urquhart.
„ E. G. Williams.
Roy Mohabir Persad Shah, Bahadoor.
Baboo Deo Coomar Sing.
„ Opendro Deo Narain Sing.
„ Debi Prosad Sahee.
Moulvie Dost Mahomed.
„ Abdul Alli.
Baboo Chooni Lall.
„ Debi Prosad, Agrawalla.
„ Janwar Doss.
„ Salgram Sing.
„ Debi Prosad.
„ Seo Govinda Shah.

Messrs. Reid and Urquhart having afterwards resigned, Mr. Macrae and Baboo Nobin Chundra Mitter were selected in their stead. The Sub-divisional Officer, Sewan, was also taken as a member of this Committee from July 1878, under section 77 of Act X (B.C.) of 1871.

15. The following works, for which no provision was made in the budget estimate, were executed under sanction of the Committee. These works were of urgent nature, and there would have been a great inconvenience had their construction been deferred :—

Constructing a culvert of eight feet speen on the second mile, Gopalgunge and Thaway road.
Ditto a hut, 19th mile, Chupra and Sallempore road.
Ditto ditto Manjhi and Burrowli road.
Ditto a culvert of eight feet span, 38th mile, Chupra and Sewan road.
Metalling Burrowli Bazar road.
Sinking a trial well in the bed of the Daha.
Constructing a culvert of four feet span, seventh mile, Sewan and Siswan road.

16. The expenditure incurred in constructing temporary bridges was Rs. 234-8-7 against the budget allotment of Rs. 1,000, and has been shown against the temporary bridges constructed under their respective roads.

17. The following works, for which allotments were made in the budget, were not undertaken, as it was found convenient to defer them in favour of others substituted (paragraph 15) :—

Constructing a culvert of eight feet span, 10th mile, Chupra and Sonepore road.
Ditto ditto of four feet span, at Doomra on Meergunge and Sutterghat road.
Ditto a barrel-drain, second mile, Sewan and Gootturi road.
Ditto a barrel of three feet span, 47th mile, Moharajgunge and Bewa-aima road.
Ditto a culvert of six feet span, third mile, Sewan and Durrowlee road.
Ditto ditto ditto 7th mile, Sewan and Durrowlee road.
Ditto a barrel-drain, three feet span, Rajaputty and Bansghat road.
Earthwork on Cheerand and Gurlcha road.

18. The following works have exceeded the budget allotment :—

Constructing a bridge of 10 feet span across first Nasee Meergunge and Sutterghat road.
Ditto a bridge of four feet span at Nobigunge on ditto.
Ditto a culvert of five feet span, 15th mile, Sewan and Gootturi road.
Ditto a bridge of two openings on Rajaputty and Sohasighat road.
Ditto Ajaibgunge sluice.

These excesses were due to the additions and alterations which were found necessary to be made at the time of carrying out the works; and with regard to the sluice bridge at Ajaibgunge, the excess was due to the work having been completed within the year, which was estimated at Rs. 8,307, and the budget appropriation was Rs. 5,722. But the estimated amount has not been exceeded.

19. The total cost of constructing a bridge of three openings, 10 feet each, on the 5th mile of Sewan and Durrowlee road was Rs. 1,872-11-11 ; but in the annual accounts an expenditure of Rs. 1,175-1-3 has been shewn, the balance (Rs. 697-10-8) being due to the contractor, who did not come to receive payment within the year.

20. *Repairs.*—The total outlay on "repair works" amounts to Rs. 38,122-6, including Rs. 2,798-8-5 expended on relief works, and Rs. 4,139-9 on village roads.

21. The following repair works have exceeded the budget appropriation made for them :—

Repairing bridges and culverts on Chupra and Sewan road.
Ditto ditto on Khyra and Ramcolla road.
Ditto road from Seetalpore to Mokair.
Ditto ditto Digwara to Bamangaon.
Ditto bridges on ditto ditto.
Ditto Durrowlee serai, on Sewan and Durrowlee road.
Ditto metalled portion of Sewan and Lukree road.
Ditto Rajaputty and Bansghat road.
Ditto bridges and culverts in the vicinity of Buhrowli factory.
Ditto Chupra inspection bungalow.
Ditto Telperghat road.

22. The above works were of urgent nature, and were therefore repaired from savings transferred to these from other works.

23. Rs. 165-12 incurred for repairing Sonepore godown was on account of liability of the previous year, and Rs. 223-14 was expended for repairing Bunkut Bridge. These works were not provided for in the budget, but the expenditure was incurred thereon with the sanction of the Committee.

24. In repairing roads, bridges, culverts, bungalows, and serais, the following sub-head of works were executed and materials collected :—

Earthwork	c. ft.	5,187,417

25. *Establishment on works.*—The total charges for establishment employed on works were Rs. 45,731-14-3; of this, Rs. 21,194-7-1 were paid to the Public Works Department as contribution for their services under the Committee for the cess years 1874-75, 1875-76, and part of 1876-77.

26. Rs. 458, paid on account of salaries of bungalow chowkidars, &c., were charged to "establishment on works," but in accordance with paragraph 5 of Government Resolution No. 744A., dated 8th August 1878, they have now been shown under the head of "repairs," reducing the establishment charges on works from Rs. 46,189-14-3 to Rs. 45,731-14-3, and increasing the outlay on "repairs" from Rs. 37,664-6 to Rs. 38,122-6.

27. Under this head there was an expenditure of Rs. 892-3-4, including cost of carriage and repairs Rs. 43-14 and Rs. 19-1-6, respectively.

28. The Committee took no assistance from the Public Works Department, as they had their own establishment.

29. After meeting the expenditure of the year, there was a cash-balance of Rs. 30,318-8-11 left on the 30th September 1878, exclusive of Rs. 296-2-1 standing against "advance account." Of the above cash-balance, Rs. 30,246-8-11 were at treasury as per treasury pass-book, or Rs. 30,240-4-2 as per Committee's cash-book. The cause of this difference was that the amount of cheque No. 404, for Rs. 6-4-9, issued in September 1878, was not paid from the treasury within the month. The cheque has since been paid.

30. *Advance.*—Of Rs. 296-2-1 outstanding in the "Advance account," Rs. 150 are due from Baboo Guru Saran Dass as a famine advance. Steps are being taken by the sudder canoongo to realize the amount by selling the property of the defaulter. Once his property was put up to sale; but no one coming forward to purchase the same, sale could not take place. The canoongo has been directed to recover the amount anyhow. Stone lime to the value of Rs. 146-2-1 is in store in the godown.

2. There were seven meetings held during the past year, of which only one was adjourned for want of a quorum. The average attendance (7·57) at meetings was nearly equal to the number (eight) necessary for a quorum. Some of the officials and a few non-officials took great interest for the working of the Road Cess Act, and were generally regular in their attendance. Among the non-officials, Baboo Deo Coomar Sing attended six meetings, Moulvie Dost Mahomed and Baboo Chooni Lall five, Mr. Llewhellin and Baboo Seo Govinda Shah four, Roy Mohabir Prosad Shah, Bahadur and Baboo Debi Prosad, Agrawalla two; Mr. Macrae one, and the remaining seven attended no meeting at all. They appear to take no interest in the work of the Committee, and their names should be removed from the list of members. An abstract of particulars regarding attendance at Committee meetings is given in Appendix A.

3. *Branch Committee.*—There was one Branch Committee at Sewan, consisting of 15 members, viz. two officials and 13 non-officials. This Committee met only once during the cess year 1877-78. The points they discussed were those which have had attention of the District Engineer. They also applied for a grant of Rs. 10,000 annually, to enable them to undertake minor or urgent repairs on roads and bridges, but the Chairman of the District Committee did not think it advisable to accord his sanction to this, as, in his opinion, the interests of the people in general are better understood by the District Committee.

4. *Working of the Act.*—The Act may be said to have worked tolerably well in this district. The collections on account of cess on lands were much better during the year under review, not that the road cess has found favour with the people. As a matter of course, the imposition of a new tax, though it may tend to promote general interest, will create discontent in the minds of those who pay it. House cess assessments has been peculiarly unpopular, as its assessment has, for the most part, been done in an unsatisfactory manner.

5. *Income.*—The total receipts of the year under review amounted to Rs. 1,71,879-13-11, and were derived from sources detailed below—

	Rs.	A.	P.	Rs.	A.	P.
Cess on lands	1,53,436	13	4			
,, ,, houses	3,190	10	6			
,, fines	694	9	0			
				1,57,822	0	10
Other cesses	...			121	4	8
Road tolls	561	3	0			
Ferry ,, ...	9,878	15	8			
				10,440	2	8
Sale of produce and stores ...	...			47	5	0
Fines	...			715	5	0
Miscellaneous revenue ...	...			3,233	11	9
Total ...				1,71,879	13	11

The total funds at the disposal of the Committee, including the balance of previous year (Rs. 27,003-15-4), was therefore Rs. 1,98,883-13-3.

6. *Road cess (cess on lands).*—The total amount assessed under this head, including arrears due on account of 1876-77, was Rs. 1,86,184-1-5, of which Rs. 1,53,436-13-4 were realized, leaving a balance of Rs 32,747-4-1 due. The result, however, is satisfactory in comparison with the previous year; the collection being 82·41 per cent. of the demand, or 25·1 per cent. more than that of the previous year.

7. *Cess on houses.*—Out of Rs. 19,246-8 assessed on houses, including arrears of previous year, Rs. 3,190-10-6 only were realized, leaving a heavy balance of Rs. 16,055-13-6. The collection of this cess was poor, partly owing to incorrect assessment, and partly owing to its suspension under Board's No. 266A., dated the 23rd April 1878. The error in the assessment was on the side of excess, and there was naturally a difficulty in collecting the cess. Had the assessment under Part IV of Act X of 1871 been made in a judicious and satisfactory manner, the result would have been far different and the estimated receipts far less.

8. *Cess fines.*—Out of a total demand of Rs. 854-4, Rs. 694-9 were realized, leaving a balance of Rs. 159-11 due. But the actual balance due on this account should be Rs. 92-11, as Rs. 67 previously realized were by mistake included with the demand.

9. *Ferry Tolls.*—The unrealized balance of ferry tolls due for the period prior to 1st October 1877 was Rs. 15,407-6-3½; of this sum Rs 9,878-15-8 only were realized, and Rs. 5,000 remitted to the farmers of ferries as compensation for the loss they suffered, as per order of the Commissioner, No. 84C.—P. of 25th September 1878. Now the balance outstanding on this account is Rs. 528-6-7½ only. Steps are being taken to realize this sum by selling the property of the defaulters under section VII of Regulation XVIII of 1817 as authorized by section X of Regulation VI of 1819.

10. *Sales of produce and stores and miscellaneous revenue.*—The sums under the heads of "sale of produce and stores" and "miscellaneous revenue" are as per quarterly returns, Rs. 710-13 and Rs. 3,238-3-9 respectively, and as per annual accounts, Rs. 715-5 and Rs. 3,233-11-9. The cause of this difference is that in the quarterly returns As. 8 and Rs. 4, realized as fine from the road chowkidars in October 1877 and June 1878, were, by a

clerical error, credited to "miscellaneous revenue." The error has now been rectified in the annual accounts.

11. *Expenditure.*—As regards outlay, the actual total outlay of the year amounted to Rs. 1,68,269-2-3, as follows :—

	Rs. A. P.	Rs. A. P.
On establishment on collection of revenue and control—		
Establishment	5,291 15 11	
Contingencies	954 2 11	
		6,246 2 9
Original works—		
Roads and bridges	57,276 7 11	
Repairs—		
Roads and bridges	38,122 6 0	
		95,398 13 11
On establishment on works—		
Contribution to Public Works Department	21,194 7 1	
District Engineer's Establishment ...	24,537 7 2	
		45,731 14 3
Tools and plant		892 3 4
Refunds—		
Contribution towards famine relief		20,000 0 0
Total ...		1,68,269 2 3

12. *Establishment on collection.*—The expenditure incurred on account of establishment was Rs. 5,291-15-11, or Rs. 643-15-11 in excess of the budget provision. This excess is due partly to the payment of the salaries of the road cess establishment for September 1878 within the month, in consequence of the office being closed for the Doorga Pooja holidays, and partly to the entertainment of sub-divisional clerk and towjih establishment process peons and a potdar, otherwise there would have been a saving under this head. Moreover, Government cut off Rs. 600 and Rs. 84 originally provided for in the budget for two sub-divisional clerks and a potdar, which sums were nearly expended prior to the receipt of the Government order. Rs. 300 provided for a clerk under the Accountant, and Rs. 308-1-2 (600—291-14-10), balance of Rs. 600 provided for sub-divisional clerks, were expended in paying the salaries of towjih establishment and process peons sanctioned by the Committee in a meeting held on the 6th April 1878. Copy of the proceeding was sent to the Commissioner, with this office No. 394 of 8th April 1878.

13. *Contingencies.*—Under this head there was an expenditure of Rs. 954-2-10, against Rs. 177 estimated for.

14. *Original works.*—The total outlay on "original works" in constructing bridges, culverts, barrel-drains, and sheds, in sinking a trial well in the bed of the Daha, and in raising and improving certain roads, was Rs. 57,276-7-11. The quantities of the several items of works executed and materials collected were as follow :—

Earthwork in foundation...	c. ft.	409,961
Kunker cutting in ditto	...	6,305
Dismantling old masonry	...	10,197
Concrete in foundation	...	13,489
Pucca masonry in ditto	...	65,066
Ditto in superstructure	...	99,308
Pucca pointing	...	59,873
Do. plaster	...	2,514
Temporary roadways	No.	79
Centering	rg. ft.	552
Earth filling	c. ft.	83,382
Filling up with rubbish	...	412
Kutcha wall	c. ft.	6,093
Railing	rg. ft.	206
Coal-tarring	...	2,706
Iron-work	Mds.	30-16
Do. screws...	s. ft.	26
Tar woodwork	c. ft.	261
Sâl ditto	...	26
Tar planking	s. ft.	1,622
Sâl do.	,,	2,097
Kunker metal collected	...	781
Ditto consolidated	...	781
Bricks, manufactured	No.	78,920
Tar posts	rg. ft.	150
Earthwork on roads	c. ft.	904,000
Turfing	s. ft.	4,000

31. The following table shows the actual cost of each kind of establishment and the percentage it bears to the total cess collections, and the expenditure on works; also the percentage which the cost of establishment bears to the total income of the Committee :—

	Rs.
Total income	1,98,884
Total cost of establishment	51,978
Percentage	26·13
Total revenue under Act X of 1871	1,57,322
Cost of establishment on collection of revenue and Committee's control	6,246
Percentage	3·97
Expenditure on works	95,399
Cost of establishment on works	45,732
Percentage	47·93

32. The total cost of establishment bears a percentage of 26·13 to the total income of the Committee, and the cost of establishment on works bears a percentage of 47·93 to the expenditure on works. But the percentage would have been 15·47 and 25·72, respectively, had not Rs. 21,194, paid to the Public Works Department Establishment, been included in the establishment charges, and still less if Rs. 20,000, refunded to Government on account of contribution to famine relief, could have been expended on works. Henceforth it is expected that the charges on establishment would be less than those of the previous year, inasmuch as all miscellaneous have now been settled.

33. The district is divided into two sub-divisions, viz. Chupra and Sewan sub-divisions, under Captain May, the District Engineer. The Chupra sub-division is in charge of Supervisor Baboo Koylas Chundra Mookerjee, and the Sewan sub-division in charge of Baboo Bany Madhub Sing, Overseer. There are also two Sub-Overseers, one with the Supervisor, and the other with the Overseer. The number of main roads in this district was 47, but since 1878-79 two more roads have been brought into the list of roads, and supplementary statement for the same submitted to the Commissioner, with this office No. 671 of 28th September 1878.

The roads are thus classified :—

Class I	9
Class II	14
Class III	6
Class IV	20
Total number of roads ...	49

The total length of these roads is 938 miles, of which 915 miles are unmetalled and 23 metalled. The Supervisor with Sub-Overseer Baboo Gopi Kissen Ghose supervised the repairs of 638 miles of metalled and unmetalled road, and of bridges and bungalows over them, and the construction of 54 new bridges and culverts of various spans, besides a number of temporary bridges, and the improvement of some village roads. The Overseer with Baboo Keshub Chunder Ghose, Sub-Overseer, supervised 300 miles of metalled and unmetalled roads, including repairs of several bridges and bungalows over them, and some village roads, and also the construction of 28 masonry bridges and culverts of different sizes; the sinking of a trial well in the bed of the Daha, and making a number of temporary wooden bridges, which were well built. These subordinates conducted themselves well, and worked satisfactorily.

34. Tenders are publicly invited for all works (except the minor ones), which are let out either by regular contract or by piece-work agreement.

35. "Captain May, the District Engineer, has a most thorough acquaintance with the roads of his district, and it is to a great extent due to him that Sarun can boast of some of the best kept roads in Bengal, maintained at a very moderate expense when the large mileage is considered."

The foregoing is the record left by Mr. Hodgkinson of his estimate of the value of Captain May's services, and the present Chairman desires to express his entire concurrence therein.

H. G. COOKE,
Vice-Chairman.

The 18th December 1878.

APPENDIX A.

Abstract of Particulars regarding Meetings of District Road Committees for the cess year 1877-78.

Commissionership.	District.	Number of members forming new Committee		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	Number of members who attended only						Percentage of average attendance to whole Committee.
									One meeting.		Two meetings.		Three meetings.		
		Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Patna Division.	Sarun — District Committee ...	7	15	8	7	1	7·57	7	2	2	..	2	..	...	54·40
	Sarun — Branch Committee	2	13	5	1	...	6	9	1	5	.	...	...	...	40

REMARKS.—Up to end of June 1878 the quorum was formed by seven members only, but since July 1878 it was formed by eight members, the name of the Sub-divisional Officer of Sewan having been added to the list of members under section 77 of Act X of 1871.

Seven out of 15 non-official members failed to attend any meeting, nor did they take any interest in any other way in the general concerns of the district. Among those who were present, some only evinced interest in discussing matters that were laid before them; but the majority had no voice of their own, coinciding invariably with the view of the Chairman.

H. G. COOKE,

Vice-Chairman.

Nil.

H. G. COOKE,
Vice-Chairman.

The 18th December 1878.

No. 473D, dated Motihari, the 26th December 1878.

From—H. KEAN, ESQ., Chairman, Road Cess Committee, Chumparun,
To—The Commissioner of the Patna Division.

WITH reference to your circular No. 177C.—P., dated the 28th ultimo, I have the honor to submit herewith the annual accounts * and report of the District Road Fund for the cess year ending 30th September 1878, prepared in accordance with the instructions laid down in Government circular No. 8A, dated 4th February 1878.

* In duplicate.

The year opened with a balance of Rs. 1,23,376-13-11, and the receipts of the year amounted to Rs. 77,996-9-3, making a gross total of Rs. 2,01,373-7-2 available during the year.

The sources from which the income was derived are as follow : —

	Rs. A. P.
Cess on lands	76,272 7 4
Cess on houses	479 10 0
Other cesses	26 11 0
Ferry tolls	1,015 6 8
Miscellaneous receipts	202 6 3
Total ...	77,996 9 3

The sum of Rs. 1,015-6-8, shown under ferry tolls, represents the unrealized portion of ferry rents for 1876-77 ; this amount was realized last year and credited to the District Road Fund under orders from the Government of Bengal, Public Works Department, conveyed in their circular No. 73A, dated 20th August 1877.

The expenditure of the year amounts to Rs, 97,826-10-10, of which Rs. 45,752-15-5 were spent on the construction and maintenance of roads and bridges.

Part II of the annual account will shew in detail the particular heads on which this expenditure was incurred.

It will be seen from a comparison with the budget estimate that the expenditure actually incurred during the year on "roads and bridges" was much less than was provided for in the budget. This is partly owing to some of the works having been carried out at a cost below the estimate, but chiefly owing to some of the large works having had to be abandoned for want of proper sanction to the estimates.

The following is a list of works carried out during the year.

Road No. 1, *from Motihari to Kutkenwah.*—Ordinary surface repairs were made, and the road kept in good order. The cartleaks were raised where low to the extent of 489,436

cubic feet of earthwork, and a drainage cut has been made which obviated the necessity of building a bridge provided for in the budget, by relieving the embankment of excessive water lying against it. The gap on the road where the floods of the Sekrana used to pass off has also been filled up.

Road No. 2, *from Motihari to Dhaka.*—Ordinary surface repairs were made, and the road kept in good order. Three small drainage culverts were also constructed.

Road No. 3, *from Motihari to Taltoriah.*—Ordinary surface repairs made and the road kept in good order. Half a mile of metalling was also consolidated near Motihari, and about 83,000 cubic feet of earthwork put on the cartleaks to make them passable in wet weather. The protection embankment opposite the Bhelwah Chowur, constructed the year before, was thoroughly repaired, as well as a bridge on the Mozufferpore boundary, one abutment of which was rebuilt. Trees were planted in the first nine miles out of Motihari where they had died out.

Road No. 4, *from Motihari to Mehsee.*—Ordinary surface repairs were made, the road kept in good order, and the cartleaks raised to the extent of 740,000 cubic feet of earthwork. The first mile and a quarter from Motihari was consolidated with metalling, and in the first eight miles young trees were planted to replace the dead ones.

Road No. 5, *from Peeprah to Sutterghat.*—Ordinary surface repairs were made, and the road kept in good order. Wooden bridges were also kept in fair order. A diversion to straighten the road was not carried out, as the distance gained was not thought sufficient to justify the expense.

Road No. 6, *from Borrah to Rajpore.*—Ordinary repairs were made, and the road kept in good order; the timber work to bridges was also repaired.

Road No. 7, *from Rajpore to Sahebgunge.*—Ordinary surface repairs were made, and the road kept in good order.

Road No. 8, *from Rajpore to Tercoliah.*—Ordinary surface repairs were made, and the road kept in good order. A timber-topped bridge near Rajpore was thoroughly repaired, and a brick arch near Burhurwah rebuilt.

Road No. 9, *from Kessoriah to Gobindgunge.*—Ordinary surface repairs were made, and the road kept in good order. One brickwork culvert was also repaired, and 121,500 cubic feet of earthwork put on to raise cartleaks.

Road No. 10, *from Gobindgunge to Bettiah.*—Ordinary repairs were made, and the road kept in good order. The cortleaks were raised on one side of the road throughout its entire length, and about ¼ mile near Bettiah metalled.

Road No. 11, *from Gobindgunge to Segowli.*—Ordinary repairs were made, and the road kept in good order, timber has been procured for repairing the wooden bridges, which are in a very bad state of repair, and for which detailed estimates are being prepared.

Road No. 12, *from Segowli to Rnxole.*—Ordinary repairs were made, the road kept in good order and raised in places where required, and the gaps filled up. One pipe culvert was also built, and the timber-topped bridges kept in fair order. Thorough repairs to the latter are required.

Road No. 13, *from Motihari to Bettiah.*—Ordinary repairs were made, and the road kept in goed order. The cartleaks were raised to the extent of 648,000 cubic feet of earthwork and 17 miles trimming side of raised road to form high leaks for carts. Metalling for bridges was supplied to the extent of 650 cubic feet, and two bridges broken by traffic were repaired by new woodwork.

Road No. 14, *from Chuprah Bahas to Bettiah.*—Ordinary repairs were made, and the road kept in good order, 21 miles of cartleaks were raised by 719,000 cubic feet of earthwork, and are now in good order.

Road No. 15, *from Mudhoo Chupra near Peeprah to the Chupra Bahas and Bettiah Road near Soogong.*—Ordinary repairs were done, and the road kept in good order.

Road No. 16, *from Motihari to Gobindgunge.*—Ordinary repairs were made, and the road kept in good order. One mile of metalling out of Motihari was consolidated, and some dead trees replaced by young ones in the first two miles.

Road No. 17, *from Hurdiah to Burhurwah.*—Ordinary surface repairs were made, and the road kept in good order.

Road No. 18, *from Peeprah to Serraha.*—Surface repairs were made, and the road kept in good order, and three small drainage culverts built.

Road No. 19, *from Dhaka to Kullyanpore.*—Ordinary repairs were made, and the road kept in good order. About ¾ mile of metalling was consolidated through the Puckree Bazar, where the road was narrow and easily cut up, and 130,000 cubic feet of earthwork executed in raising cartleaks.

Road No. 20, *from Dhaka to Ghorasan.*—Ordinary repairs were made, and the road kept in good order.

Road No. 21, *from Dhaka to Jomooah Ghât.*—Ordinary repairs were made, and the road kept in good order.

Road No. 22, *from Serraha to Jomooah.*—Ordinary repairs were made, and the road kept in good order. About a mile of metalling was consolidated at Chaita Ghât, where the road passes over a bund formed of clay, and is nearly impassable during the rains.

Road No. 23, *from Merpore to Ghorasan.*—Ordinary repairs were made, and the road kept in good order, and four drainage culverts rebuilt.

Road No. 24, *from Semrah to Soogong.*—Ordinary repairs were made, and the road kept in good order.

Road No. 25, *from Barrah to Serraha.*—Ordinary repairs were made, and the road kept in good order.

Road No. 26, *from Dhaka to Pudemkore.*—Ordinary repairs were made, and the road kept in good order.

Road No. 27, *from Dhaka to Mudhoobun.*—Ordinary repairs were made, and the road kept in good order.

Road No. 28, *from Turcoliah to Sungrampore.*—Ordinary repairs were made, and the road kept in good order.

Road No. 29, *from Gobindgunge to Burhurwah.*—Ordinary repairs were made, and the road kept in good order.

Road No. 30, *Branch Road to Segowli cantonment.*—Ordinary repairs were made, and the road kept in good order.

Road No. 31, *from Dhaka to Pattahee.*—Ordinary repairs were made, and the road kept in good order.

Road No. 32, *from Muckwah to Ghyree.*—Ordinary repairs were made, and the road kept in good order.

Road No. 33, *from Kutkenwah to Adapore, Ruxole, Peepurpatty, and Dhoksaha.*—Ordinary repairs were made on part of this road, and it was raised between Peepurpatty Ghât and Ramgerwah Bazar by 493,000 cubic feet of earthwork; the road is in fair order, but is not of great importance.

Road No. 34, *from Chuckloohurun to Kataha Ghât and Lallgurh.*—Very little was done to this road during the year, as it is not very important.

Road No. 35, *from Tattoriah to Paharchuck.*—Very little was done to this road during the year, as it is not very important.

Road No. 36, *from Telhurrah to Ghorasan.*—Ordinary repairs were executed and the road kept in good order.

Road No. 37, *from Bettiah to Choonaha and Bughaha.*—Ordinary repairs were executed, and 491,320 cubic feet of earthwork put on cartleaks where low; the road has been washed away near Rutowul by the Gunduck, and the road from Pursah to Bughaha was constructed in its place in 1875-76. A cartleak was partly marked out last year on the bank of the river, as it is found that a heavy cart traffic still comes down by the old route from Rutowul and Mandpore. A timber bridge at Choonaha partly fell down, and was repaired during the year

Road No. 38, *from Bettiah to Bulthur.*—Ordinary repairs were executed, and the timber bridges built during the famine year were refixed where the foundations were not good. The road is generally in good order, but a few more culverts are still required. The cartleaks on first eight miles were raised by 404,994 cubic feet of earthwork.

Road No. 39, *from Bettiah to Ramnugger.*—Ordinary repairs were executed, and the road kept in good order. Kunker metalling was put over the planking of a large timber bridge in the 11th mile to protect the planking.

Road No. 40, *from Rajghat bridge to Dhoksaha.*—The earthwork on this road was made up to section, and the cartleaks raised in places where necessary. Three five-feet and two three-feet brickwork culverts were built and one 12-inch drainage pipe fixed. Also a timber bridge was repaired, and the road put into good order.

Road No. 41, *from Bettiah to Tengrahee Ghât.*—Ordinary repairs were executed, and the road kept in good order. Two five-feet brickwork culverts were also constructed.

Road No. 42, *from Lowriah to Suckyiah.*—Ordinary repairs were made, and the road kept in good order. Four 10-feet and two five-feet openings of woodwork were constructed.

Road No. 43, *from Lowriah to Shikarpore.*—Ordinary surface repairs were made, and the road kept in good order. The bungalow at Lowriah was also repaired.

Road No. 44, *from Ramnugger to Bughaha.*—The earthwork on this road was made up where washed away during the rains, and sloped down to openings left for bridges. Bricks have been burnt and carted to the site of bridges along the road.

Road No. 45, *from Bettiah to Peeprah Ghât.*—The earthwork throughout this road was made up to section, and kept in good order. Three five-feet brickwork culverts were built and one 12-inch drainage pipe fixed. The bridge over the Chundrabut, near Sant Ghât, was commenced, a concrete foundation was laid, and 400 cubic feet of brickwork set in foundation. The work was stopped for want of proper sanction.

Concrete was also laid in foundation of a small bridge over a drainage channel in second mile, which was also stopped for sanctioned estimates.

Road No. 46, *from Shikarpore to Ramnugger.*—Ordinary repairs were executed, and the road kept in good order.

Road No. 47, *from Bettiah to Shikarpore through Chainputtiah.*—The earthwork between Bettiah and Chainputtiah was repaired and kept in good order, and between Chainputtiah and Shikarpore made up to proper section, and sloped down where openings for bridges are left. Four five-feet and two 10-feet brickwork culverts and three small drainage pipe culverts were completed, and the foundation of a double 12-feet opening over the Torrkee Mullah was commenced, but the work was afterwards stopped for sanctioned estimates. About 250,000 bricks have been burnt and delivered, ready for completing the works.

Road No. 48, *from Dhaka to north-eastern boundary.*—Ordinary repairs were made, and the road kept in good order.

Road No. 49, *from Bughaha to Mudhoobunnee.*—Ordinary repairs to earthwork were made, and the road kept in good order. Two 10-feet brickwork culverts were also built.

Road No. 50, *from Pursah to Bughaha.*—Ordinary repairs were executed, and the road kept in good order. The earthwork was made near wooden bridges where necessary, and

two bridges in second and sixth miles had kunker spread over planking to protect the planks. Hand railing was also fixed to several wooden bridges and culverts built the year before.

Road No. 51, *from Lohoriah to Pursah.*—Ordinary repairs were made, and the road kept in good order. Five five-feet brickwork culverts were built and four drainage pipe culverts fixed, also one 12-feet and one 14-feet timber-topped openings renewed.

Road No. 52, *from Modhoobunnee to Roopowliah.*—This road was raised with 780,000 cubic feet of earthwork where it passes through some low land about a mile north of Mudhoobun thana, and the remainder had slight repairs and put in fair order.

Brick drain in Motihari.—A drain 500 feet long was constructed south of the Motihari road to carry off rain fall which used to accumulate on the side of the road.

VILLAGE ROADS.

A sum of Rs. 10,000 was set aside in the budget estimate for 1876-77 for village roads, but Rs 4,724-3-1 were actually spent.

The following is the list of village roads executed during the year:—

1.—Road from Burriarpore to Bullooah bridge, two miles.

2.—Road from Putoorah to Buriarpore, four miles, passes round the south-east end of the Motihari Lake, and is used by traffic from Burhurwah and Sungrampore going to Mudhoobun instead of coming through Motihari, besides the local benefit it gives.

3.—Chukker road connecting Chutownee village with the Motihari bazar kutcheries, and the Kutkenwah road connecting the Bussooraha village with the same, six miles.

4.—Road connecting Parwah village with the Meerpore village, and so connecting the Motihari and Dhaka to the Dhaka and Kullyanpore road, 6½ miles; takes a good deal of through traffic on its way from the north of the district and Nepal, besides opening up the country between the above roads, where without a raised road the public would be much inconvenienced during the rains.

5.—Road from Peeprah to Kotewah Burhurwah, seven miles, is an old village road, and a good deal used by people from the west of the district going to the Peeprah Bazar and Seetakund fair in March.

6.—Road from Muckwah, turning on the Segowli and Gobindgunge road through Lalseriah and on to Rajghat bridge, on the Motihari and Bettiah road, 13 miles, opens up a piece of country that is badly off for communication.

7.—Road connecting the Dhaka and Motihari road with Chitownee and the Motihari and Tatoriah road, 1½ miles long.

8.—Road from Lalseriah to Hurdwah, joining the Segowli and Gobindgunge and Bettiah and Gobindgunge roads, eight miles long.

9.—Ramgurwah Bazar to Dorwah village road intercepts a good deal of Nepal grain traffic, and connects the villages on the banks of the Sekrava river with the Ramgurwah Bazar.

10.—Road from Puttahee to Nowada,
11.—Road from Chaita to Sissance,
12.—Road from Kuttassee to Jetowrah,
} are short roads connecting the villages with the main roads in the Serraha dehât.

13.—Road from Surrayiah to Gumbhori,
14.—Road from Noonferwah to Debapore,
15.—Road from Gumbhoriah to Surrata,
} connect villages with the main roads in the north-east portion of the district near Dhoka.

16.—Sathee to Pursah road opens out a portion of the district east of Lowriah, and passes through several large bazars.

17.—Mulpooroah to Rajbuttiah road connects the Pursah and Bughaha and Bettiah and Bughaha road, near Mulpooroah, on the bank of the Hurhaha river, and is principally used by carts when the ghât at Mulpooroah is not fordable.

18.—Road from Manpore to Bughaha is a cart track on the banks of the Gunduck river.

19.—Road from Hurpooroah to Pursah connects the Bettiah and Bughaha road with the Bettiah and Ramnugger road, about four miles south of Lowriah, and is the shortest road from Lowriah thana to the Chunahaha outpost.

20.—Road from Sreenugger to Chainputtiah connects the former village with the main road.

All these roads were repaired, and some had earthwork done where they pass through low grounds.

21.—Road from Suttor Ghât to Sahebgunge, three miles long, was repaired, and seven small bridges thoroughly put in order. This is an old road, and is used very much by the inhabitants of Sahebgunge, besides being part of one of the straightest roads from the Chuprah district to the Mozufferpore district, passing through the south-east corner of Chumparun.

A sum of Rs. 9,431 has been allotted for village roads in the current year's budget, and measures have been taken to spend this amount as much as possible to the best advantage, agreeably to the instructions laid down in Government of Bengal's Circular No. 32, dated 27th September 1873.

A number of young trees have been grown during the past two rains, and will be ready for planting out next rainy season. The Bettiah to Peeprah Ghât road has been planted with mango trees throughout its whole length, 18 miles, eight miles of which, I am glad to report, were planted out by the Agent of the Dulhin Saheb of Bettiah, Baboo Hurhungi Misser, a member of the Branch Committee, who has also promised to plant trees during this year along the road from Bettiah to Chuprah. Bahas, a distance of 20 miles, parts of the

Motihari to Tatoriah, Motihari to Mozufferpore, and Motihari to Gobindgunge roads have also been planted out. Arrangements for collecting young mango, jack, and other fruit trees of a like description are being made for planting out in the proper season.

The roads and works were superintended by the District Engineer, Mr. E. T. Sealy, who has discharged his duties to the entire satisfaction of the Committee.

He was assisted in his work in the Motihari sub-division by Overseer Woodit Sing, who is reported to have worked satisfactorily and well.

In the Bettiah sub-division the Committee had (in addition to the District Engineer) an Assistant Engineer on Rs. 350, with a separate establishment under him; but the cost being too large, and quite out of proportion to the income of the Fund, his services were dispensed with in May last, in accordance with a resolution passed by the Committee in their meeting of the 24th November 1877, and the establishment there was reduced to one Overseer on Rs. 50, thus a saving of about Rs. 550 per month was effected under establishment, and I am glad to say without any loss of efficiency, as will be observed from the following extract from the sub-divisional officer's report: —

"A great saving was effected in the month of May this year by the reduction of establishment in the sub-division. This amounted to over Rs. 550 a month; and though, as will be seen by the resolution of the Branch Committee, passed on the 14th January, given in appendix, fears were entertained that this would prove false economy, I am bound to say that the effect was not alone not detrimental, but most decidedly beneficial, to the sub-division.

"I extract a paragraph from my administration report for last year, written in May, from which it will be seen that no very rapid progress had up to that time been made. Since that was written the works have been executed with greater energy and despatch, and the general state of the roads has been very much improved.

"Sheoruttun Lall, Overseer in charge of the sub-division, is a most efficient officer, and with the more methodical supervision of the District Engineer more work has been got through than under the former system.

"The roads in the sub-division now are in as satisfactory a condition as can be expected, and if sanction can be obtained within the year to the construction of some of the more indispensable bridges, I anticipate that before the end of it all the new roads already begun will be completed."

The correspondence and the accounts of the Committee were kept up by the Accountant Baboo Woopendra Nath Ganguly, who has been in office since November 1875, and who has been confirmed in his appointment by the Government of Bengal (*vide* their No. 1898E. dated the 30th November 1877). He is a pains-taking and efficient officer.

The accounts for last year were audited, under section 88 of the Act, by a Sub-Committee consisting of the Vice-Chairman and the three members of the Committee, and were afterwards considered and passed in a meeting of the District Committee as laid down in the said section.

A copy of the Sub-Committee's report is herewith appended.

The Road Cess Act worked well during the year, and the people generally seem to have perceived the benefit to be derived from its introduction, especially as more attention is now paid to the village road. Applications are coming in for the repairs of the village intercommunications and for the construcion of bridges over waterways that become impassable during the rains.

As regards the working of the District Committee, the official and the European members took great interest in their work, and the Indigo Planters gladly undertook the supervision of the works placed under their charge.

Of the native members, Baboo Ruktor Shaw took a lively interest in the affairs of the Committee, and attended almost all the meetings held during the year; the other members showed but little interest in the work.

Regarding the Branch Committee, the Sub-divisional Officer makes the following report:—

"The return annexed shows the attendance of the Committee members. It is hardly satisfactory. Baboo Hurhungi Misser has, as I have above stated, planted trees along the Peeprah Ghât road. Mr. Shaw has constructed the village road connecting his head factory with one of the outworks, Hordia, which, though of course primarily designed for his own benefit, is also very useful for many villages through which it passes.

"With regard to the non-attendance of some of the members, and the unfrequent attendance of all but Baboo Hurhungi Misser, it is only proper to remark that very many left the district during the year. Nor can their interest in the subject be at all fairly judged by the frequency of their attendance. The Planters take considerable, if very naturally somewhat selfish, interest in the affairs of the Road Cess."

A statement showing the particulars of the meetings of the District and Branch Road Cess Committees is herewith annexed.

The works proposed to be executed during the current year are the repairs and maintenance of the existing roads, the completion of the bridges on the Bettiah to Shikarpore and Bettiah to Peeprah Ghât road, the construction of an office building and a dâk bungalow at Motihari, the renewing of the timber bridges in the district, and metalling portions of some of the principal roads. The works have been detailed in the budget estimate of this year, which has been sanctioned in Commissioner's No. 65C.—P., dated 24th October 1878.

Dated Motihari, the 9th December 1878.

From—A. V. KNYVETT, Esq, Vice-Chairman, and three Members of the Sub-Committee,

To—The Chairman, Road Cess Committee, Chumparun.

IN accordance with your order endorsed on Commissioner's No. 48C.—P., dated the 6th June 1878, a Sub-Committee, consisting of the following members—Dr. C. Meadows, Messrs. A. Edwards and M. A. Knyvett, and Baboo Jadub Chundra Ghose,—met to review the road cess accounts for 1877-78.

2. We carefully examined the cash-balance statement and compared the total amount under each sub-head with the treasury pass-book, the district road cess cash-book, advance-book, monthly register of receipts and expenditure, register of works, &c., and satisfied ourselves, as far as lay in our power, of the correctness of the accounts.

3. The rules regarding the cheque book and the duplicate pass book have been observed.

4. The vouchers have been signed by the District Engineer and initialled by the Vice-Chairman, and the monthly accounts scrutinized month by month by the latter officer.

5. The balance brought forward to the credit of the Chumparun District Road Fund from the year 1876-77 amounts to Rs. 1,23,376-13-11. The actual receipts of the year amount to Rs. 77,996-9-3, making a gross total of Rs. 2,01,373-7-2 available during the year.

6. The expenditure incurred during the year excluding the sum of Rs. 32,585-14-9 refunded to credit of road cess account, and adjusted as per Examiner's No. 532D., dated 15th July 1878, amounts to Rs. 97,826-10-10, leaving a balance to the credit of the Fund of Rs. 1,03,546-12-4, of which Rs. 92,666-10-3, not including unpaid cheques to the value of Rs. 381-13-9, is the actual cash-balance in the treasury, Rs. 10,880-2-1 being the amount outstanding as advances.

7. We have examined the details of their outstanding advance, and find that a large proportion of it, viz. Rs. 7,709-6-8, is represented by timbers and bricks, &c., in stock, full details of which appear in the stock account books.

8. We have examined the accounts of each road, noting the amount sanctioned for it, the amount expended, and the savings and excess expenditure incurred in each instance.

9. *The Road No.* 4.—We remark that the large saving of Rs. 13,987-5-2 is due to the orders of Mr. Sharps, then Chairman, who stopped the works on the ground that, as the line of proposed railway runs parallel to this road, there was no longer any necessity for metalling the latter.

10. We note that road No. 30 is claimed by the Public Works Department Supervisor as an imperial road. In such case it should be expunged from the list of roads under sections 66 and 68 of the Road Cess Act.

11. A saving of Rs. 6,237-10 appears in road No. 33. It was found unnecessary to execute the greater portion of the earthwork originally estimated for.

12. *Road No.* 45.—Rs. 8,297-15-9 have been spent on this road.

This expenditure was incurred before the receipt of the sanction of the Superintending Engineer under a misapprehension that that officer's special sanction, in the face of the full Committee's sanction, was not necessary.

The error has since been explained and the proper plans and estimates submitted.

As the work has been executed, the Sub-Committees think that the expenditure incurred thereon should be passed.

13. Similarly, the savings on roads 10, 16, and 44 are owing to the District Engineer's inability to carry on the works which came under the head of "original works," and for which plans and estimates, &c., should have been submitted, but under a misapprehension were not, and which are consequently unfinished, pending the sanction of plan and estimates by the Commissioner.

14. The total savings accruing from unexecuted works, &c., are shown below :—

	Rs.	A.	P.
Original works	6,836	1	9
Repairs	60,816	6	8
Total ...	67,652	8	5

15. A sum of Rs. 793-15-4 has been spent in excess of estimates on the following roads :—

	Rs.	A.	P.
Road No. 3	99	0	2
„ „ 6	260	9	4
„ „ 8	258	15	8
„ „ 39	85	12	2
„ „ 46	23	13	9
Road Cess Office repairs	65	12	3
Total ...	793	15	4

16. This extra expenditure, as also that on the original works noted below—

	Rs.	A.	P.
Brick drain	42	0	8
Renewing Choonahaha bridge	1,390	7	0

require the special sanction of a full Committee.

NIL.

A. V. KNYVETT,
Vice-Chairman.

No. 262C.—P., dated Bankipore, the 12th February 1879.

From—F. M. HALLIDAY, Esq., Commissioner of Patna,
To—The Secretary to the Government of Bengal, Public Works Department.

IN accordance with the instructions contained in Government Circular No 8A, of the 4th February 1878, I have the honor to submit the following report on the District Road Funds for the cess year 1877-78, together with the original accounts and reports received from the Chairmen of the Road Cess Committees of the several districts in this division.

2. The district reports were received on the following dates:—

Shahabad	...	...	...	...	27th December	1878.
Gya	...	...	...	...	28th ditto	,,
Chumparun	...	...	...	...	28th ditto	,,
Patna	...	...	...	...	2nd January	1879.
Sarun	...	...	...	...	15th ditto	,,
Durbhunga	...	...	...	...	17th ditto	,,
Mozufferpore	...	...	...	...	4th February	,,

3. Although the reports were due in this office on 1st December last, none of them were received before the end of that month; some came in in the middle of January, and the report from Mozufferpore was received only on the 4th instant. In my letter No. 239C.—P. of the 27th December last, I have represented to Government the difficulty of submitting the report on the date fixed (1st January). The Chairman of the Shahabad Road Cess Committee even now urges that District Committees may not be required, under the existing state of the law, to submit their reports before the last week of January; in that case the divisional report cannot but be deferred till the latter end of February. I would urge that the question may now be authoritatively settled by Government.

4. The Chairmen of the several District Committees have already sent duplicate copies of their accounts direct to the Examiner of Public Works Accounts.

5. *Working of the system.*—The Road Cess Act has, on the whole, worked smoothly during the year under review. The general complaint is that zemindars do not in many instances make punctual payments of the cess along with the land revenue, and that consequently considerable pressure has to be brought to bear on them before the cess is realized. Arrears are, however, mostly due from estates owned by numerous shareholders, who look to each other for payment. But the balances are frequently paid as soon as processes are served. There have been hardly any instances in which recourse was had to the distraint of movable properties. It is, however, unanimously said that the procedure laid down in the present law for the realization of the cess is not sufficiently stringent, and is, moreover, tedious in its operation, and that an amendment in this respect is urgently called for. Much of the unpopularity of the Act has ceased in consequence of the suspension of the house cess.

6. *Working of the Committees.*—The annexed statement B shows the attendance of the meetings of the Committees. The Sudder Committees held a fair number of meetings, sufficient for the conduct of business, although the average attendance did not, in any case, exceed 44 per cent. of the total number of members. The gentlemen who formed the Committees acted more or less satisfactorily. Many of the native members, as usual, did not take much interest in the work, and some of them even did not attend any meetings; while most of the non-official European members rendered great assistance to the Chairman in the deliberations of the Committees. Indigo Planters in North Behar undertook to supervise many of the works which were entrusted to them.

7. The working of the Branch Committees again has been less satisfactory. Some of them held no meetings at all, on the ground that they had nothing to do; while others held only nominal meetings, in which all the work that was done was to make a few suggestions to the Sudder Committees. Mr. Worsley is of opinion that Branch Committees are not needed in his district, and that the interests of the sub-divisions can be, and are, thoroughly guarded by the Sudder Committee. In this view I do not concur. If certain sums of money are annually placed at the disposal of Branch Committees, they can not only effect material improvement in the sub-divisions under their charge, where their local knowledge would be of great use, but the Sudder Committees and the District Engineers would be relieved of the duty of looking after a great number of petty works, and would thus be able to devote their attention and energy to the execution of important works requiring engineering skill and involving large expenditure. I have, in my letter No. 168C.—P. of the 25th September last, submitted a proposition to Government in the Financial Department, for utilizing the Branch Committees, but no orders have yet been passed on it.

8. *Accounts.*—The statement A, accompanying, shows at a glance the demands, collections, and balances of the Road Fund for the past year. The road cess was levied at full rates in the districts of Shahabad, Mozufferpore, Sarun, and Chumparun, and at half rates in the remaining three districts of this Division.

9. The Committees commenced their operations with an aggregate balance of Rs. 4,46,158, which was much larger than what they had in their hands in the previous year (viz. Rs. 2,35,707). This balance, as explained in last year's report, had accrued

in consequence of the amount budgeted for not having been wholly spent, as the organization for carrying out works was not everywhere complete, or, if complete, the estimates for works were not sanctioned until late in the year. The result of the year under report does not, I regret to say, afford any increased matter for congratulation, so far as the appropriation of the funds is concerned. Out of a total income of Rs. 12,98,523, only Rs. 8,08,930, or 62·2 per cent., were spent, and the balance at the end of the year was as large as Rs. 4,89,593, or Rs. 43,435 over what it was in the beginning of the year. This indicates that funds were not sufficiently utilized. In Patna the Chairman says he could not spend larger sums than what he did spend, because the late District Engineer (a native) was not a competent man; in Gya the District Engineer and his staff were appointed in April, when the best part of the working season was over; in Mozufferpore the estimates for some of the important works were sanctioned too late in the year; and in Durbhunga and Chumparun the estimates prepared by the District Engineers being inaccurate, the Superintending Engineer was unable to pass them so speedily as to enable the Committees to undertake the works during the year.

10. *Receipts.*—The different sources of income of the year were as follow:—

	Rs.
(*a*) Road cess, including fines	7,78,071
(*b*) Road cess leviable otherwise than under the Road Cess Act	2,013
(*c*) Road tolls	3,517
(*d*) Ferry tolls	31,242
(*e*) Miscellaneous	37,522
Total receipts of the year	8,52,365
Balance of the previous year	4,46,158
Gross income	12,98,523

There is hardly anything to be said in regard to these items. The amount of cess levied during the year was Rs. 7,78,071 against Rs. 5,79,071 in the previous year. This increase was owing to the rates having been doubled in Mozufferpore and Sarun. Road tolls were levied only in Gya and Sarun, but these have since been, on my recommendation, abolished under the orders of Government. The income from ferries has been transferred to the Provincial Fund. The figures entered in the accounts, therefore, represent the collection of arrears. The miscellaneous receipts are chiefly on account of sales of stores and income from dâk bungalows. In Mozufferpore, however, Rs. 16,235, erroneously credited to deposits, but subsequently transferred to receipts, have been shewn under heading "Miscellaneous."

11. *Expenditure.*—The subjoined table shews the several items of disbursement, and their proportion to the gross income and total expenditure of the year. The establishment employed on collection of revenue and Committee's control, and those employed on works, have been shown separately.

ITEMS.	Amount expended.	Percentage on the gross income.	Percentage on the total expenditure.
	Rs.		
Collection of revenue and Committee's control	45,325	3·4	5·6
Original works	2,53,942	19·5	31·3
Repairs	2,94,696	22·6	36·4
Establishment on works	1,52,248	11·7	18·8
Tools and plant	12,212	·9	1·5
Miscellaneous	50,507	3·8	6·2
Total	8,08,930	62·2	..

12. *Collection of revenue.*—The total amount spent on collection of revenue was Rs. 45,325, or 3·4 per cent. on the income, against Rs. 50,687, or 4·8 per cent. in the previous year. This decrease is satisfactory.

13. *Works.*—The expenditure on original works amounted to Rs. 2,53,942, or 19·5 per cent. of the income, against Rs. 1,12,183, or 10·8 per cent. of the preceding year. In the matter of repairs, also, the expenditure was greater than in the previous year (Rs. 2,94,696 against Rs. 2,41,692). These figures are an improvement; but still more might have been done if the working staff had been equally efficient in all the districts, and if the plans and estimates of important works had been prepared with greater promptitude and exactness. The proportion of the cost of works to the total expenditure was in the ratio of 67·7 to 100.

14. The sums spent on original works and repairs in each of the districts in this division are given below :—

District.	Original works.	Repairs.	Total.	Percentage on gross income.
	Rs.	Rs.	Rs.	
Patna	26,913	30,850	57,763	44
Gya	18,930	24,834	43,764	23·9
Shahabad	76,356	42,709	1,19,065	69·9
Mozufferpore	65,988	37,865	1,03,853	44·7
Durbhunga	6,267	76,775	83,042	45·5
Sarun	57,276	38,122	95,398	47·9
Chumparun	2,212	43,541	45,753	22·7
Total ...	2,53,942	2,94,696	5,48,638	42·2

It will be seen that the largest amount was spent in Shahabad, where it was nearly 70 per cent. of the income. On the other hand, Gya and Chumparun show very poor results, only 24 and 23 per cent. of the income having been laid out on works in these two districts respectively. In Gya this small outturn was, as above explained, owing to the District Engineer having been appointed late in the year. But in Chumparun it was simply owing to the works having been retarded in consequence of the District Engineer having failed to prepare proper and accurate estimates, and in consequence the Superintending Engineer's sanction to them was delayed. This will I hope not occur again, as the District Engineer has been seriously warned. In the rest of the districts the outturn was only fair, the expenditure having fallen short of 50 per cent. of the income.

15. No very important works deserving special mention were completed during the year. In Patna the preliminary arrangements have been made for opening out the Behar to Buktearpore road—an important work greatly required, as my recent inspection has shown me. Earthwork on the Surya and Rughoonathpore road has been completed in Shahabad, and metal has been collected for the Mohaneah to Bhubooah road.

16. *District roads.*—The state of the district roads is reported to be generally satisfactory, particularly in Mozufferpore and Chumparun, and my own experience of the roads in these districts in my recent tour confirms this. In Gya, however, the case is different. The Chairman says :—"I cannot say that the roads are in anything like good order. A very great deal remains to be done to most of them. Much requires to be done on nearly every road under the heads of bridging, embankment, improving the line of direction, widening water-way, metalling, general and heavy repairs of old works, approaches to, and crossings of, rivers and streams. Inspection bungalows also are urgently wanted. Very much remains to be done before the district lines of communication can be reported to be in good order, even as fair-weather roads. For reasons already stated, the progress achieved during the past cess year has not been much, and it is hoped that the outturn of work of the current year will be better."

17. *Planting trees.*—Arrangements have been made in some of the districts for planting trees on road sides. In Mozufferpore Rs. 5,484 have been spent under this head.

18. *Village roads.*—The worst feature in the returns for the year under review is that very little was spent on village roads. Out of the total income (Rs. 12,98,523) in this division, apparently a sum of Rs. 20,000 only, or 1·5 per cent. of the income, was spent in three districts as noted below :—

	Rs.
Patna about	5,000
Shahabad	5,000
Chumparun	10,000

Nothing was spent in Gya, Mozufferpore, and Durbhunga. Indeed in the last two districts no provision even had been made in the budget for these useful works; and the omission was pointed out to the Chairmen when the budgets came up for review, with this result, that they have promised to spend larger sums during the current year. The Act gives little or no power to the Divisional Commissioner to interfere in such cases, as he is, under section 71, precluded from making any alterations in the budget when it has been approved by two-thirds of the members of the committee.

19. *Establishment.*—The total sum estimated for expenditure on establishments employed on works was Rs. 1,76,299, while that actually disbursed was Rs. 1,52,248, or

Rs. 24,051 less. The largest decrease was in Gya, where, owing to the Engineering establishment having been appointed late in the year, only Rs. 7,382 were spent out of Rs. 20,244 budgeted for. The expenditure in each district was as follows :—

DISTRICT.	Amount spent.	Percentage on income.	Percentage on cost of works.
	Rs.		
Patna	14,148	10·7	24·4
Gya	7,382	4	16·7
Shahabad	21,684	12·7	18 2
Mozufferpore	26,619	11·4	25·6
Durbhunga	17,376	9·5	20·9
Sarun	45,732	22·9	47 9
Chumparun	19,357	9·6	42·3
Total	1,52,248	11·7	27·7

The largest amount was spent in Sarun, but a great portion of it (viz. Rs. 21,195) was a nominal charge for establishment, as it was the contribution paid to the Public Works Department for the years 1874-75, 1875-76, and a portion of 1876-77. In other districts the cost was fair, the percentage on the income varying from 9 to 12, excluding Gya, where the percentage was exceptionally low (4) for reasons above explained. As regards the proportion of the cost of establishment to that of works, there were special causes, as already stated, for the apparently large discrepancy between the figures for Gya and Sarun. Amongst the other districts the proportion was unusually high in Chumparun, where the cost was 42·3 per cent. of the expenditure on works. This is much to be regretted, and it is evidently owing to sufficient work not having been done during the year.

20. *Working of the establishment.*—With regard to the staff employed under the Committees, it is satisfactory to notice that they have generally worked well. The undermentioned gentlemen were District Engineers :—

Baboo Rajendra Nath Roy	Patna.
Mr. C. A. Mills	Gya.
,, N. Macnamara	Shahabad.
,, H. W. Stevens	Mozufferpore.
,, N. G. Beaumont	Durbhunga.
Captain J. May	Sarun.
Mr. E. T. Sealy	Chumparun.

The first two officers were in charge only for a portion of the year. The former resigned the Committee's service, as he failed to give them satisfaction. Messrs. Macnamara, Stevens, and Sealy, and Captain May are said to have worked very satisfactorily, and to have kept the roads in very good order. As regards Mr. Mills, the Chairman of Gya says :—"I have not yet seen sufficient of Mr. Mills' work to form a definite opinion of him as a District Engineer. He has, I believe, a good knowledge of his profession, but I should like to see him display more care for the district communications and more energy and zeal in his work." The Chairman of Durbhunga has recorded the following opinion regarding Mr. Beaumont :—"Although the Committee has had frequently to find fault with the Engineer for a want of system and punctuality in the preparation and submission of estimates and returns, they have been, on the whole, satisfied with the manner in which the essential work of maintaining the district communications has been performed, and in this respect there has been a marked improvement during the latter half of the year." Both Messrs. Beaumont and Sealy have been found by the Superintending Engineer, North-Western Circle, to be deficient in preparing correct estimates and plans of works. They have not yet been confirmed in their appointments.

21. *Tools and plant.*—This item of expenditure calls for no particular notice.

22. *Miscellaneous.*—Out of Rs. 50,507 shewn under this heading, Rs. 50,000 represent the arrears due to Government, and paid during the year on account of famine relief expenses incurred in previous years.

PATNA COMMISSIONER'S OFFICE, BANKIPORE;
The 12th February 1878.

F. M. HALLIDAY,
Commissioner of Patna.

LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Monghyr, will be put up to sale at the Monghyr Collectorate on the 7th June 1879, corresponding with 3rd Assar 1286 F.S.

The purchasers will be subject to the following conditions of sale :—

CONDITIONS OF SALE.

1*st*.—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteen day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

RAJKOT,—MR. NARAINJEE SUNDERJEE, FOR MAPS OF KATTYWAR ONLY.
AHMEDABAD,—THE HUZOOR DEPUTY COLLECTOR, FOR MAPS OF GUZERAT ONLY.
LONDON,—MESSRS. ALLEN & Co., WATERLOO PLACE.
DITTO,—MR. EDWARD STANFORD, 6, CHARING CROSS.
SIMLA,—MESSRS. WILLIAMS & Co., FANCY REPOSITORY.

N.B.—Maps are *sold* at the Office of the Surveyor-General of India, Calcutta, for cash prepaid and issued *free of charge*, only on the Public Service. It is particularly requested that the nearest local Agent as above be first applied to for any map required on the Public Service before indenting on this Department. The *cost of packing and postage of parcels must be borne by applicants themselves*, as also such incidental charges as may be incurred at their request for mounting and binding maps. The best maps are invariably supplied in lieu of those asked for, which may not be available, and lists of all newly published maps are periodically notified in the Gazettes of India and of Local Governments.

The 5th May 1879. (976—1)

TO be peremptorily sold by the Registrar of the High Court at Fort William, in its ordinary original civil jurisdiction, in his sale-room in the Court-house, on Saturday, the 7th day of June 1879, at the hour of 12 o'clock, at noon, pursuant to the decree of the said court, made in suit No. 484 of 1878 (wherein Gunga Narain Mullick and Khetter Mohun Mullick are plaintiffs, and Shoshoobhoosun Seal and Chunder Cant Seal are defendants), and dated 29th day of August 1878, the following property.

All that stabling No. 1, Imambux Thanadar's Lane, Doorgah Churn Mitter's Street, in the town of Calcutta, and piece of waste land on the east thereof, in all about seven cottahs, which is bounded on the east by the Government drain and the premises of the late Sonatun Seal; on the west by the public lane; on the north by the Government drain and the premises of the late Narayan Dass and waste land purchased by Horibol Sadkhan; and on the south by the family dwelling-house purchased by the late Jogo Mohun Seal.

The abstract of title and conditions of sale may be seen at the office of the Registrar of the High Court, original jurisdiction, and at the office of Messieurs Beeby and Rutter on any day before the sale, and will be produced at the sale.

R. BELCHAMBERS, Registrar.
BEEBY & RUTTER, Plaintiff's Attorneys.
HIGH COURT, ORDINARY ORIGINAL CIVIL JURISDICTION, the 1st day of May 1879. (974—1)

PURSUANT to a decree of the High Court of Judicature at Fort William in Bengal, in its ordinary original civil jurisdiction, made on the 1st day of July 1878, in suit No. 27 of 1877 [wherein Tarineytonoo Roy is plaintiff and Omertololl Bonnerjee and Shama Churn Chatterjee, the executors of Modoosoodun Roy, deceased, and Sreemutty Bhoobunessory Dabee, Hurry Doss Chatterjee, *alias* Taratonoi Chatterjee and Otool Kristo Chatterjee are defendants,] the creditors of Modoosoodun Roy, late of Simlah, in the town of Calcutta, who died on or about the 7th day of January 1864, are, on or before Saturday, the 24th day of May 1879, to send to the office of the Registrar of this Court on the original side their names, addresses, and descriptions, the full particulars of their claims, a statement of their accounts, and the nature of the securities (if any) held by them, or in default thereof they will be peremptorily excluded from the benefit of the said decree.

Every creditor holding any security may produce the same to the Registrar with the particulars of his claim, or shall produce the same before the Honorable Mr. Justice Pontifex in the Court-house on Saturday, the 7th day of June next, at the hour of 11 o'clock in the forenoon, being the time appointed for adjudicating on the claims.

R. BELCHAMBERS, Registrar.
WOOMES CHUNDER BONNERJEE, Plaintiff's Attorney.
HIGH COURT, ORIGINAL SIDE, the 7th April 1879.
(938—1)

TO be peremptorily sold pursuant to a decree of the High Court of Judicature at Fort William in Bengal, in its ordinary original civil jurisdiction, made in suit No. 369 of 1878, and dated the 12th day of August 1878, wherein Bolly Doss Mullick is plaintiff and Chunnoo Loll Johury is defendant, by the Registrar of the said Court, in his sale-room at the said Court-house on Saturday, the seventh day of June 1879, at the hour of 12 o'clock, at noon, the undermentioned properties, that is to say:—

Lot No. 1.—All that portion of the premises No. 2, Lower Circular Road, called Colvin's Bustee, which is enclosed within blue lines and marked as lot A in the plan K annexed to the return of the Commissioners of Partition in suit No. 213 of 1876, and the area of which said portion, including a part of a small tank, is, by actual measurement eleven biggahs two cottahs four chittacks and twenty-two square feet, and which said portion is butted and bounded as follows, that is to say—on the north by a portion of the said bustee allotted to Sreemutty Moonee Bibee, and which is enclosed within yellow lines and marked B in the said plan; on the south by Circular Road; on the west partly by Bungsee Dhur Mullick's property and partly by the premises known as No. 10, Ellysium Row; and on the east by Camac Street.

Lot No. 2.—All that brick-built, tenanted messuage, tenement, or dwelling-house, situate, lying and being No. 72, Burtollah Street, in the town of Calcutta, together with the land whereon the same is built, con-

taining by estimation 4 cottahs 5 chittacks and 18 square feet, and bounded on the north by the house and premises No. 10, Hanspooker Lane; on the south by the said Burtollah Street; on the east by the said Hanspooker Lane; and on the west by the house of Sreenoth Chunder.

Lot No. 3.—And also all that piece or parcel of land or ground situate and being No. 12, Beadon Street, in the town of Calcutta, containing 15 chittacks, and bounded on the north by Beadon Street aforesaid; on the west by Cossy Ghose's Street; on the south by a piece of ground or passage 3 feet in width, leading from Cossy Ghose's Street aforesaid to a lane on the east side of the premises, and which said passage divides the said piece of ground from the last and premises now situate to the south of the said passage and belonging to Bholanath Soor; and on the east by a blind lane leading into Beadon Street aforesaid.

Lot No. 4.—And also all that piece or parcel of land or ground situate and being No. 11, Beadon Street aforesaid, containing two cottahs and fourteen chittacks, and bounded on the north by Beadon Street aforesaid; on the west by land next hereinafter described; on the south by the land and premises of Kally Kisto Ghose; and on the east by Cossy Ghose's Street aforesaid.

Lot No. 5.—And also all that piece or parcel of land or ground situate and being No. 10, Beadon Street aforesaid, containing one cottah and four chittacks and thirty-eight feet, and bounded on the north by Beadon Street aforesaid; on the west by the piece of land, lot No. A14, sold by the said Justices to Gunganarain Dutt; on the south by the land and premises of the said Kally Kisto Ghose; and on the east by the piece of ground hereinbefore lastly described.

Lot No. 6.—And also all that piece or parcel of land or ground situate and being No. 7, Beadon Street aforesaid, containing three cottahs and fifteen chittacks; and bounded on the north by Beadon Street aforesaid; on the west partly by Beadon Street aforesaid and partly by Rajah Gooroo Dosa's Street; on the south by the land and premises of Sreemutty Bhoobunnessury Gooptee, Boiconto Nath Nundy, and Grish Chunder Bonnerjee; and on the east by the land and premises of Doyal Chand Mitter.

The abstract of title and conditions of sale may be seen at the Office of the Registrar of the High Court in its ordinary original civil jurisdiction, or at the Office of Baboo Mooraly Dhur Sen, Attorney for the plaintiff, No. 8, Strand, on any day before the sale, and will be produced at the sale.

R. BELCHAMBERS, Registrar.

MOORALY DHUR SEN, Plaintiff's Attorney.

HIGH COURT, ORIGINAL SIDE, the 19th April 1879.

(942—1)

Notice.

R. SCOTT THOMSON & Co., "LD."

THE Thirty-second Half-yearly Ordinary General Meeting of Shareholders will be held at the registered Office of the Company, 15, Government Place, on Wednesday, the 28th May 1879, at noon, to receive and pass the accounts for the year ending 31st March last, to declare a dividend, and to transact such other business as may be brought forward.

By order of the Directors,

ROBERT J. CARBERY, Secretary and Accountant.

CALCUTTA, the 9th May 1879. (979—3)

Stolen and Destroyed.

H. H. Remfry, Attorney.

CHIEF CLERK'S OFFICE, the 14th day of May 1879.

POSTAL NOTICES.

CONSEQUENT upon increased expenditure owing to the demand for cattle and the high cost of maintenance the road mileage rates of bullock train charges have been increased by 25 per cent. on the line between Jhelum and Peshawar, and on the branches to Sialkot, Murree, and Thull.

2. The increased rates will have effect in respect of all goods booked on or after the 15th May 1879.

3. The following portion of the table of rates for the main line has consequently been revised, as well as the branch line tables, Nos. 6 and 7.

4. Printed copies of the whole table in the revised form will hereafter be issued.

SIMLA, the 3rd May 1879.

A. M. MONTEATH,
Director-Genl. of the Post Office of India.

MAIN LINE.—BETWEEN CALCUTTA AND PESHAWAR (PORTION REVISED).

N. B.—Special attention is directed to the fact that undeclared goods are charged at the highest or fifth class rates.

The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage.	With postage.
For the Calcutta Series...	Rs. 35	Rs. 40
,, Madras Series ...	,, 8	,, 9
,, Bombay Series...	,, 8	,, 9
,, Allahabad Series	,, 8	,, 9
Complete set	45	,, 50

The Price of each part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

	Rs.	A.
For a part of the Calcutta Series ...	3	8
,, ,, Madras Series ...	1	0
,, ,, Bombay Series ...	1	0
,, ,, Allahabad Series ...	1	0
Complete set	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

Messrs. Thacker, Spink and Co., Calcutta;
,, Thacker, Vining and Co.;
,, Higginbotham and Co., Madras;
The Government Central Book Depôt, Bombay.
The Government Book Depôt, Allahabad.

PART III.

Acts of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Second Publication.]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 12th March 1879, and having received the assent of His Excellency the Governor-General on the 24th April 1879, is hereby promulgated for general information:—

ACT No. III OF 1879.

An Act to provide for the periodical inspection of Steam Boilers and Prime Movers attached thereto in the Town and Suburbs of Calcutta and in Howrah.

Preamble.

WHEREAS it is expedient to provide for the periodical inspection of steam boilers and prime movers attached thereto in the Town and Suburbs of Calcutta and in Howrah; It is enacted as follows:—

Extent and commencement of Act.

1. This Act extends to the Town of Calcutta, to the Suburbs of Calcutta, and to Howrah, as from time to time defined in the *Calcutta Gazette* under the provisions of any law for the time being in force;

and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Lieutenant-Governor may extend it further.

The Lieutenant-Governor of Bengal may, by notification published in the *Calcutta Gazette*, extend this Act to any place or district, and it shall come into force accordingly from the date which may be named in such notification.

It shall not apply to any locomotive engine used upon any railway, or to any steam vessel in the port of Calcutta.

Repeal of Bengal Acts VI of 1864 and III of 1875.

2. Bengal Act VI of 1864 and Bengal Act III of 1875 are hereby repealed.

But all certificates and rules in force at the commencement of this Act, which were granted or made under either of the said Acts, shall be deemed to have been granted and made respectively under this Act.

Interpretation.

3. In this Act, unless there be something repugnant in the subject or context,—

"Boiler."

"Boiler" includes any cylinder or vessel for generating steam under pressure.

"Prime Mover."

"Prime Mover" includes any steam engine, fly wheel, first driving shaft and pulley attached to any such engine.

"Owner."

"Owner" includes any agent or hirer using any boiler or prime mover.

Power to make rules.

4. The Lieutenant-Governor may from time to time make, and when made, revoke, add to, and alter, rules for all or any of the following purposes, that is to say,—

(1) for appointing and, when appointed, suspending or removing Inspectors under this Act;

(2) for determining the powers and duties of such Inspectors;

(3) for fixing the fees payable on account of certificates granted under this Act;

(4) for determining the time for which certificates granted under this Act shall be in force;

(5) for securing the attendance of assessors and affixing a penalty for non-attendance;

(6) for regulating the procedure on hearing appeals;

(7) for carrying out the purposes of this Act.

Such rules shall be published three times in the *Calcutta Gazette*, and shall come into operation at the date of the last publication or at any later period mentioned in the order.

On notice from owner an Inspector to examine boiler or prime mover.

5. The owner of any boiler or prime mover in respect of which a certificate is not in force in the manner hereinafter described shall, before using the same, give notice to an Inspector appointed under this Act of his intention to use or continue to use the same. The Inspector to whom such notice is given shall appoint a time between sunrise and sunset, and within fourteen days from the receipt of such notice, for the inspection of such boiler or prime mover, and at such time shall carefully examine such boiler or prime mover, and every part thereof, and the owner or person in charge thereof shall afford to such Inspector all reasonable facilities for such examination, and all such information as may reasonably be required.

Inspector may order owner to alter boiler or prime mover.

6. If on making the inspection the Inspector is of opinion that the boiler or prime mover requires any alteration or addition, he shall serve on the owner or person in charge thereof a written notice requiring him to make such alteration or addition, and no certificate shall be granted in respect of such boiler or prime mover until such alteration or addition has been made in the manner required by the Inspector, or the owner has obtained a certificate under section 9 of this Act.

When Inspector to grant certificate.

7. If the Inspector is satisfied that such boiler or prime mover is in good condition, and not so exposed as to be likely to be dangerous,

and, in case any alteration or addition in such boiler or prime mover has been ordered under the last preceding section, as soon as he is satisfied that such alteration or addition has been properly made,

he shall give to the owner or person in charge thereof a certificate signed by him to that effect in the form in the Schedule hereto annexed, on payment, by the owner or person in charge, of such fees as may be fixed under the rules herein before mentioned;

and such certificate shall state the period for which such boiler or prime mover may be used, and shall cease to be in force on the expiration of such period.

Revocation or suspension of certificate.

8. Any person authorized by the Lieutenant-Governor in that behalf may revoke or suspend any certificate granted under this Act when he has reason to believe—

(1) That such certificate has been fraudulently obtained, or has been granted erroneously, or without sufficient inspection;

(2) That the boiler or prime mover in respect of which it has been granted is not in charge of a person competent to have charge of it, or has since the granting of such certificate sustained injury, or is not in good condition.

Appeal against refusal, revocation, or suspension of certificate.

9. The owner of any boiler or prime movre dissatisfied with any notice or order under sections 6, 7, or 8 of this Act may, within seven days from receipt thereof, appeal either to some person authorized by the Lieutenant-Governor in that behalf, or to some such person assisted by two experts as assessors.

If such person is satisfied that the owner is entitled to a certificate, he shall, on payment of the fee, grant a certificate in the form in the Schedule hereto annexed, or shall allow the former certificate to continue in force, as the case may be, and shall direct that the expenses of the appeal incurred by Government and certified to by him shall be paid out of the fees and penalties realised under this Act.

If such person decides that the owner is not entitled to a certificate, he shall dismiss the appeal, and the expenses of the appeal incurred and certified in manner aforesaid shall be recoverable from the owner as a fine by any Magistrate having jurisdiction in the place where the boiler or prime mover is situated.

Power of entry of Inspectors.

10. Any Inspector appointed under this Act may at any time enter into any place where he has reason to believe that a boiler or prime mover is used, for the purpose of inspecting the same.

Penalties.

11. The owner or person in charge of any boiler or prime mover who shall use, or, after conviction, continue to use the same without a certificate duly obtained and in force in respect thereof under this Act, or having obtained a certificate shall at any reasonable time during the period for which the same may be in force, fail to produce it when called upon to do so by any Magistrate having jurisdiction in the place in which such boiler or prime mover is situated, or by any person authorized in writing by such Magistrate to demand its production, and

any person who shall prevent an Inspector from entering any place or building where the Inspector has reason to believe that a boiler or prime mover is used,

shall be punished with a fine not exceeding five hundred rupees.

Charges within what period to be brought.

12. No charge shall be brought against any person for the recovery of any penalty under this Act before such day as the Lieutenant-Governor shall fix by notification in the *Calcutta Gazette*; and no charge at all shall be brought without the authority of an Inspector appointed under this Act, or after the expiration of six months from the date of the commission of the offence.

Disposal of penalties.

13. All penalties to be levied under this Act shall, subject to the provisions of section 9, be disposed of in such manner as the Lieutenant-Governor shall from time to time direct.

SCHEDULE.

(See Sections 7 and 9.)

FORM OF CERTIFICATE.

Name of owner.	Description of boiler and age.	Description of prime mover and age.	Power.	When and where made.	When and where last repaired.	Time for which certificate to be in force.	REMARKS.

* I, the undersigned, certify that I have examined the above-named boiler (*or prime mover*), and to the best of my judgment the boiler (*or prime mover*), as shown in the above statement, is in good condition, and is not so exposed as to be likely to be dangerous [and (*in case alterations or additions have been ordered*) that the alterations (*or additions*) required by me have been properly made.]

A. B.,
Inspector.

Offg. Asst. Secy. to the Govt. of Bengal.

[First Publication.]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 15th April 1879, and having received the assent of His Excellency the Governor-General on the 6th May 1879, is hereby promulgated for general information :—

ACT No. IV OF 1879.

An Act to repeal certain sections of Bengal Act IV of 1866, and to provide for the levy of fees upon certain passenger-boats and steam ferries.

Preamble.

WHEREAS it is expedient to repeal certain sections of Bengal Act IV of 1866, and to enable the local Government to levy fees upon passenger-boats and steam ferries plying for passengers, either wholly within, or partly within and partly without, the limits of the Port of Calcutta ;

It is enacted as follows :—

Repeal of sections 63 to 65 of Calcutta Police Act.

1. Sections 63, 64, and 65 of Bengal Act IV of 1866, the Calcutta Police Act, are hereby repealed.

Levy of fees on passenger-boats.

2. The local Government may by notification published in the *Calcutta Gazette* from time to time prescribe a scale of fees, annual or other, to be paid by the owners of passenger-boats or steam ferries plying for passengers, either wholly within, or partly within and partly without, the limits of the Port of Calcutta.

Penalty.

3. Whoever, being the owner of any such passenger-boat or steam ferry, refuses or neglects to pay the fee to which he is liable in accordance with such notification, shall be liable t penalty provided for disobedience to rules under section 7 of the Indian Ports Act, 18

Application of Act.

4. This Act shall not apply to boats voyages ordinarily c more than thirty miles the limits of the Port of Calcutta.

Commencement of Act.

5. This Act shall come into force on date as the Lieute Governor of Bengal may direct by notification published as aforesaid.

W. E. H. FORSYTH,

Offg. Asst. Secy. to the Govt. of Bengal.

Letter from the Agent, Compagnie des Messageries Maritimes, No. 830, dated the 7th March 1879.

Letter from Messrs. Mackinnon, Mackenzie and Company, No. 135, dated the 8th March 1879, and No. 31-509, dated 13th March 1879.
Letter from Messrs. Apcar and Company, No. 217, dated the 2nd April 1879.
Letter from the Secretary to the Bengal Chamber of Commerce, dated the 10th April 1879.

In the Resolution dated the 28th August 1877, cited in the preamble, the Lieutenant-Governor recorded his opinion that the system under which commanders or agents of ships of all sizes have the privilege of applying for particular pilots to pilot their vessels to sea was subject to many abuses, and a hope was expressed that the total abolition of the application system might be possible at no very distant date. The rules which then governed the system were stated to be the following:—

(1) Applications are only allowed to hold good for a limited number of days—seven for a Branch Pilot, and three for all other pilots; and any pilot for whom an application has been filed is not liable to be ordered off on station or other duty if there is a sufficient number of pilots on the list, without applications, who are available for duty.

(2) A pilot in town, for whom an application has been filed, is bound to wait till that ship is ready to start, and is not allowed to take away another vessel in the meantime, and return to town for the first ship.

(3) A pilot is not allowed to return from the Sandheads as he pleases to take up an application which he knows will be made for him; but he is allowed so to return if there is the minimum number of pilots (which has been fixed at 15) outside, and if he actually has the application with him to show.

(4) If a pilot returns from the Sandheads on an application, and finds that the vessel will not leave for some time, he is not allowed to take another ship down, but must either wait for that vessel, or return to the Sandheads at his own expense. Again, if the vessel applying for him has sailed in his absence, he cannot take another down, but must return to the Sandheads before he can put in another application.

(5) Applications are not allowed to be filed for any pilot within seven days of his filing a medical certificate or application for leave.

2. As the system of applications had, in one form or other, existed for many years, and could hardly be abolished summarily without causing discontent, the Lieutenant-Governor at that time considered that a modification of the rules regarding applications, rather than a total abolition of the system, would be sufficient, and accordingly the following modifications in its working were sanctioned:—

(1) Mate Pilots were in future to be restricted to vessels of their own tonnage, but were to be allowed (with the permission of the Master Attendant) to pilot down the river, on application, vessels above their own tonnage, which they had piloted up satisfactorily.

(2) Junior Master Pilots were to be restricted to vessels of their own tonnage until they had been a year in the grade of Junior Master, except in the case of vessels which they might have piloted up, when their applications would be allowed with the permission of the Master Attendant.

(3) Applications were not in future to be signed by masters of vessels and filed by the pilots themselves, but were to be sent direct to the Master Attendant by the agents, who, it was understood, would be able to state most accurately the date of the departure of the vessel from the port.

(4) Branch Pilots were in future to be permitted to move vessels over 22 feet draught without the permission of the Master Attendant.

3. As regards the question of the appointment of special pilots to certain lines of mail steamers (which is practically only a modification of the system of applications), the Lieutenant-Governor was of opinion that little harm was

done to the service generally by allowing this practice in ordinary times, while it was undoubtedly a convenience to the public; and it was decided not to interfere to stop it.

4. In giving the orders above referred to, the Lieutenant-Governor was under the impression that not only the mercantile and shipping communities, but the pilots themselves, were strongly in favour of continuing the system of applications. In January 1879, however, a representation was submitted to Government, signed by 36 members of the Pilot Service, 34 of whom are running pilots, in which it was proposed—

(1) That the application on behalf of an outward-bound vessel should be limited to a request for the services of the pilot who brought the vessel up the river, and that, if an application were not put in for him, or he was not available, then the pilot of the turn in Calcutta should be appointed to take the vessel to sea.

(2) That the system of carrying special pilots be discontinued in all save the Burmah line of mail steamers.

5. The arguments used in support of the first of the proposals may be thus summarised—

(1) That in its origin the system of applications was intended only to enable a ship-master to take the pilot down who had satisfactorily piloted his vessel up the river.

(2) That the system is not necessary to the safe-pilotage of vessels, as shown by the fact that, when a pressure of work has taken place, as in the late famine, and there has been an unusual demand for pilots, the practice of allowing applications has always had to be stopped, the pilot of the turn being posted to any out-going vessels: yet no evil results have followed from such a stoppage of applications.

(3) That to limit applications as proposed would have the effect of equalizing work, would induce men to seek work at the Sandheads more readily, would secure to large ships pilots of the grade to which their size entitled them, and would put a stop to the system of pilots "touting" for ships and transferring their applications to others for a consideration.

6. The arguments advanced against the system of special pilots are these—

(1) That it is unfair to the rest of the service, who thus lose their chances of taking charge of mail steamers and have an undershare of work to do, of an unremunerative kind, on board the pilot brigs.

(2) That the special pilots are not confined to vessels of their own grade or tonnage.

(3) That the only mail line of steamers on which special pilots are really required, to save delay at the Sandheads, is the Burmah mail line, which is timed so closely to catch the out-going English mail from Calcutta, that the loss of a day, or even a few hours, at the Sandheads may involve missing the mail.

7. This representation was referred, under the Lieutenant-Governor's orders, to the Bengal Chamber of Commerce, and to the agents of the principal mail lines of steamers. As might have been expected, the majority of the mercantile firms consulted are in favour of maintaining their existing privileges of selection in the matter of pilots, while the agents of the mail steamers urge strongly the advantage to the public of the system of special pilots.

8. The arguments advanced for the continuance of existing arrangements regarding "applications" are these—

(1) That ship-owners and agents have a right to choose their own pilots, as theirs are the interests at stake.

(2) That the right of selection offers an inducement to pilots to exert themselves and to work so as to please.

(3) That if this privilege be withdrawn, and applications restricted as proposed, the pilots would work as they liked, unless the old bonus system were revived.

9. After full and careful consideration of the whole question, the Lieutenant-Governor is of opinion that the arguments advanced in favour of restricting the agents' right of application to a request for the services of the pilot who brought the vessel up are far more cogent than those in favour of giving ship-owners and agents the full liberty of selecting any pilot they choose. It is quite inconsistent with the rules for the assignment of pilots to vessels according to grades and tonnage, to concede to ship-owners or agents any absolute right of selection. The Government does all it can to secure in the members of the Pilot Service the necessary qualifications for their arduous duties. It allows no man to undertake the charge of vessels of great size until he has had years of experience, and until his abilities have been tested by repeated examinations; and the allotment of pilots to vessels at the Sandheads is made strictly in accordance with the rules regulating the duties of the different grades. It may chance that a junior officer is, in the absence of his seniors, appointed to the charge of an in-coming vessel beyond his proper tonnage; and if he gives satisfaction in the discharge of his duties, there can be no objection to the owners or agents of the vessel applying for him to pilot her to sea again. But the practice of applying in town for any pilot recommended by interest or favour not only deranges the regular working of the service, but tends to place the pilots in false relations with the agents of vessels and with one another. There is no doubt, moreover, that a discreditable system of touting for and selling applications has grown up at times out of the practice, and proved most demoralising to the tone of the service. The Lieutenant-Governor is therefore pleased to accept, as a final settlement of the question, the proposal now made by the pilots themselves, that applications should be limited to a request for the services of the pilot who brought the vessel up, and that, failing him, the pilot of the "turn" should be appointed to take her to sea.

10. In regard to "special pilots," the Lieutenant-Governor considers that the objections raised against their employment by those members of the service with whom the system is unpopular are entirely one-sided. So long as Government retains the right of withdrawing these pilots on an emergency, or in times of pressure, and so long as there is a sufficient supply of pilots for duty on the pilot brigs, &c., the Lieutenant-Governor sees no objection to the present system, and sanctions its continuance, subject, however, to the following conditions:—

(1) That the employment of "special" pilots shall be confined strictly to mail lines of steamers.

(2) That no pilot below the grade of Senior Master shall be allowed to run as a "special," save for vessels of his own grade and tonnage.

(3) That in each case in which the services of a "special" pilot are required for any line of mail steamers, the sanction of Government shall be obtained.

11. The Lieutenant-Governor's attention has been drawn to a statement made by the Agent of the Peninsular and Oriental Steam Navigation Company at Calcutta in his letter to Government, to the effect that "bonuses" are still occasionally taken by pilots from ship-masters, owners, or agents, in addition to the regular pilotage. The Lieutenant-Governor considers such conduct a scandal to the Pilot Service, and directs that any pilot convicted of receiving, directly or indirectly, any bonus or gratuity from the commander, owner, or agent of any vessel, shall be liable to immediate dismissal from the service; and any commander, owner, or agent found to have given any such bonus or gratuity shall forfeit absolutely the right of application for the services of any pilot on any future occasion.

Ordered that copies of this Resolution be forwarded to the Officiating Port Officer and to the Chamber of Commerce and other firms consulted for information, and also that it be published in the *Calcutta Gazette* for the information and guidance of all concerned.

By order of the Lieutenant-Governor of Bengal,

A. MACKENZIE,

Secretary to the Government of Bengal.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 10th May 1879.

No	District, and date of return.	Rainfall at Sudder Station in Inches.	Character of the weather, state and prospects of the crops, and state of health at date.
	BENGAL.		
	Western Districts.		
BURDWAN DIVS. 1	Burdwan, May 10 '79	Nil	Weather—excessively hot. Thermometer in shade 110°. Rain much wanted for cultivation. Small-pox and cholera in Culna and Raneegunge, and small-pox in Bood-Bood sub-division.
	Culna ...	0·83	
2	Bankoora, „ 10 „	Nil	Slight rain in Joypore, Telishur, and Burjora outposts. Weather hot and dry. Crops withering in Bankoora thana, but still fair in other places. Sowing of *dhan* hindered, but artificial irrigation going on, as well as manuring of fields.
3	Beerbhoom, „ 10 „	Nil	Excessive heat. Rain very much wanted Prices rising.
4	Midnapore, „ 10 „	Nil	Weather—excessively hot. Rain very much wanted. Small-pox still prevalent.
5	Hooghly, „ 10 „	Nil	Weather—very hot, with strong south wind. Prospects of crops unfavourable. Sowing of *aus dhan* and jute retarded for want of rain. Sporadic cases of small-pox and cholera in many parts of district.
	Howrah, „ 12 „	Nil	Weather—very hot, with strong south breeze. Drought causing anxiety as cultivation impossible. *Boro dhan* which is being cut has suffered.
	Central Districts.		
PRESIDENCY DIVS. 6	24-Pergunnahs, May 10 '79	Nil	Weather—hot. No crops on ground. Rain much wanted. Public health generally good. Sporadic cases of cholera and small-pox in Baraset, Dum-Dum, and the Suburbs.
7	Nuddea, „ 10 „	Nil	Great heat during night. Mornings and evenings cloudy, but high winds drive away clouds. Where rain fallen sowings made, and in some parts even without rain. Much more rain required, both for sowings and health. At present prospects anything but satisfactory.
	Kooshtea ...	0·21	
	Meherpore ...	0·66	
	Chooadanga ...	0·67	
8	Jessore, „ 10 „	1·31	Weather—very hot in middle of day. Some good showers, but not in all parts of district. More and heavy rain urgently wanted. Dry weather retarding cultivation. Cholera in Bagirhat and Khoolna.
	Jhenida ..	0·26	
	Magoorah ...	1·56	
	Narail ...	1·75	
	Khoolna ...	0·19	
9	Moorshedabad, „ 10 „	Nil	Weather—very hot and dry. Storm of wind only. *Boro dhan* being reaped. Lands being ploughed for *aus* and *aman dhan*. Ground very dry and hard. Rain much wanted. Cholera still prevalent in Shumsheergunge, Sooty, and Shahnugger stations.
RAJSHAHYE AND COOCH BEHAR DIVS. 10	Dinagepore, „ 9 „	0·8	Rain on 8th. Weather much cooler and sky cloudy. Rain done much good. Rice and jute being sown. Cholera decreased.
11	Rajshahye, „ 10 „	Nil	Weather—very hot and sultry. Rain much wanted. Paddy sowings retarded. Standing crops being injured. Cholera and small-pox still prevalent.
12	Rungpore, „ 9 „	1·93	Weather—hot. Rain very beneficial to crops. Prospects now good and satisfactory. Small-pox still prevailing in Bagdogra and some cases in neighbourhood of civil station. Cholera nearly subsided.
	Gaibanda ...	4·74	
	Bagdogra ...	3·26	
	Kurigram ...	6·32	
13	Bogra, „ 10 „	0·24	Weather—hot again and fine. Ground well moistened by last week's rain, and prospects generally favourable. Cholera very prevalent in thana Khetlal. Rest of district fairly healthy.
14	Pubna, „ 10 „	0·46	Weather—dry and not too hot. Strong and continual breeze from south and south-east. Rice crop being sown on dry lands for want of rain. Cholera and small-pox rather abated.
15	Darjeeling, „ 10 „	1·50	Weather—cloudy, only last day of week clear. *Bhadoi* rice, Indian-corn, and potato progressing favourably. Rain done much good for cultivation.
16	Julpigoree, „ 10 „	2·17	Good general rain and most seasonable weather. Ploughing and sowing going on rapidly.
	Cooch Behar, „ 8 „	4·70	Rains appear to have set in. Weather cool and cloudy, but sometimes close. Prospects of *bitri* much improved. Jute being sown and coming up well. *Cheena* may be said to have failed entirely. *Kaon* little better. Price of rice very high; Rs. 4-4 per maund in town. Cholera still prevalent, but decreasing. A few cases of small-pox in town.
	Dinhatta ...	3·27	
	Meckligunge ...	3·29	

	No.	District, and date of return.	Rainfall at Sudder Stationin inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(*Continued.*)				
		Eastern Districts.		
Dacca Divn.	17	Dacca, May 10 '79	0·78	Rain almost sufficient in parts, but not nearly enough in others. Land being ploughed for sowing. More rain required.
	18	Furreedpore, „ 10 „ Goalundo ... Madaripore ...	1·45 1·94 0·53	Constant storms and strong south wind. More rain still wanted in south, but elsewhere enough. Propects of all crops fair. Health good.
	19	Backergunge, „ 8 „	1·32	Weather—cloudy and moderately cool Rain on three days. Prospects improved. *Aus* sowings progressing rapidly. Prices still tending to rise. Common rice selling at Rs. 3-12 per maund. Public health improved Cattle disease abating.
	20	Mymensingh, „ 9 „	2·02	Weather—stormy, rainy, and cool, with intervals of close sultry weather. State and prospects of crops favorable in consequence of rain.
	21	Tipperah, „ 9 „ Brahmunbaria ... Chandpore ...	2·42 4·34 1·08	Strong southerly winds, with occasional storms. More rain expected. Ploughing and sowing operations now being pushed on vigorously.
Chittagong Divn.	22	Chittagong, „ 8 „	3·05	Weather—seasonable. Rain done immense good all over district.
	23	Noakholly, „ 8 „	0·68	Weather— hot and cloudy, with occasional slight showers. *Rubbee* crops indifferent. Prospects of *aus* crop improved. Sowing going on vigorously.
	24	Chittagong Hill Tracts, „ 6 „	5·87	High wind accompanied by heavy rain. Thermometer 76° in shade. Sowing commenced by hillmen. Prospects of crops good.
		Hill Tipperah, „ 7 „	6·04	Weather—cool and rainy; except on 5th, rain on all days of week. The heaviest fall, 1·81 inches, on 1st. Paddy being sown. Chillies being gathered. Cholera yet prevalent.
BEHAR.				
Patna Divn.	25	Patna, May 10 '79	Nil	Weather—extremely hot. Rain urgently wanted for ploughing and for sowing Indian-corn.
	26	Gya, „ 10 „	Nil	Weather—excessively hot. Maximum reading in shade 113°. Rain wanted Sugarcane, *cheena*, and *banga* on the ground. Cholera and small-pox continue.
	27	Shahabad, „ 10 „	Nil	Weather—very hot, with strong wind. *Cheena* and sugarcane doing well. A good shower will benefit them much. Cholera and small-pox prevalent in interior.
	28	Durbhunga, „ 10 „	Nil	Fast wind till 8th. On 9th strong hot west wind. *Kodo, moong, cheena* and early *dhan* sown.
	29	Mozufferpore, „ 10 „ Seetamurhee ...	Nil 0·45	Weather—hot, with east wind during greater part of week; latterly west wind. Rain much wanted. Fall in north confined to Seetamurhee and Majorgunge. Prices gradually rising. Public health generally good.
	30	Sarun, „ 10 „	Nil	Weather—extremely hot. East wind prevailing. Rain most urgently wanted Moisture in fields dried up and standing crops being scorched by heat. Preparation of ground for *bhadoi* at a stand-still. Prices stationary. Small-pox still prevalent. Cholera epidemic in places.
	31	Chumparun, „ 10 „	Nil	Weather—hot, with east winds. Indigo suffering from drought. Land being prepared for sowing.
Bhagulpore Division.	32	Monghyr, „ 10 „	Nil	High east wind and cool for a few days West wind now blowing and heat excessive Rain much wanted to prepare lands.
	33	Bhagulpore, „ 10 „	Nil	Weather—very hot, with strong westerly wind. No crops on ground. Rain to the north of the Ganges, but none to the south.
	34	Purneah, „ 10 „ Kissengunge ...	Nil 0·76	Early part of week cool, with east wind. Excessive heat during last two days with west wind. State of crops better than might be expected. Shower of last week did much good.
	35	Maldah, „ 10 „	Nil	Weather—very warm, with hot wind. Rain very urgently required for *bhadoi* and *boro* paddy crops.
	36	Sonthal Perghs. „ 10 „	Nil	Weather—hot, dry, and clear. No crops on ground. Mangoes poor. Rain wanted

No.	District, and date of return	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops, and state of health at date.
ORISSA.			
Orissa Divs. 37	Cuttack May 10 '79	Nil	Days hot. Strong south-westerly wind. Cloudy sky every evening. Rain much wanted for ploughing. Outturn of *dalua* rice fair. In places dhan sells at 50 seers a rupee.
Orissa Divs. 38	Pooree, „ 8 „	Nil	Weather—seasonable. Very sultry in Khoorda. Harvesting of late *dalua* crop continues Mango crop excellent. *Moong* suffered for want of timely rain. Sugarcane and cotton crops progressing fairly, but rain needed both for these crops and for agricultural operations for next rice crop. Common rice sells at 15½ to 21 seers a rupee.
Orissa Divs. 39	Balasore, „ 9 „	Nil	Weather—extremely hot, but cool nights. Rain generally much wanted. A few drops fallen in places. No crops on ground at present. Cholera still prevalent.
CHOTA NAGPORE			
	South-West Frontier Agency.		
40	Hazareebagh, May 9 '79	Nil	Weather—extremely warm. No crops on ground. Rain much wanted. Small-pox prevalent.
41	Lohardugga, „ 10 „	Nil	Weather—hot. West winds. Nights unusually cool. No crops on ground. Rain badly wanted. Prices at head-quarters stationary; slightly rising in Palamow. Small-pox still prevalent.
42	Singbhoom, „ 9 „	Nil	Weather—dry and intensely hot. All agricultural operations retarded for want of rain. Cholera and small-pox in pergunnah Dhalbhoom. Mortality amongst cattle from insufficient food and disease.
43	Manbhoom, „ 10 „	Nil	Weather—excessively hot. Rain much wanted. Cotton and sugarcane suffering from want of moisture.

Published for general information.

		%
The mean relative humidity during the seven days		76
The average relative humidity of the corresponding period for 24 years, S. G. Office ...		71
		Inches.
The total fall of rain from 4th to 10th May 1879		Nil
The average fall of the corresponding period for 24 years, S. G. Office		0·93
The total fall from 1st January to 10th May 1879		0·21
The average fall of the corresponding period for 24 years, S. G. Office		6·16

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h.; the maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o overcast, *w* dew.

METEOROLOGICAL OFFICE, INDIA,
The 12th May 1879.

HENRY F. BLANFORD,
Meteorological Reporter to the Government of India.

Abstract of the results of the Meteorological Observations taken at the Alipore Observatory in the month of April 1879.

	Inches.	Date.	Hour.
The mean pressure of the month	29·723		
The average pressure of 24 years	29·752		
The highest pressure during the month	29·872	4th	10h.
The lowest pressure during the month	29·573	16th	16h.
The range of pressure during the month	0·299		
	⊖		
The mean temperature of the month	85·2		
The average temperature of 24 years	84·7		
The highest temperature during the month	104·7	14th	
The lowest temperature during the month	73·4	5th	
The range of temperature during the month	31·3		
The mean daily range of temperature during the month ...	20·3		
The greatest range of temperature in one day during the month	27·5	14th	
	%		
The mean humidity during the month	71		
	Inches.		
The mean vapour tension during the month	0·858		
	%		
The average humidity of 24 years	69		
The average vapour tension of 9 years	0·861		
The mean cloud proportion of the month	1·81		
	Inches.		
The total rainfall of the month	Nil.		
The average fall of 48 years	2·81		
The greatest fall in 24 hours	Nil.		
	Days.		
The number of rainy days in the month	Nil.		
The average number of rainy days of 24 years	8		
	⊖		
The mean maximum equilibrium temperature of solar radiation of the month	152·7		
The mean difference of sun and air temperatures ...	54·5		
The greatest sun temperature	158·7	14th and 15th	
The greatest excess of sun over air temperature	58 6	29th	
The mean temperature of nocturnal radiation thermometer on woollen cloth	72·9		
The mean depression of nocturnal radiation thermometer below the minimum of air	4·9		
The greatest depression of nocturnal radiation thermometer below the minimum of air	7·8	6th	
	Miles.		
The mean movement of the wind per day	209·2		
The greatest movement of the wind in one day	322	20th	
The greatest movement of the wind in one hour... ..	25	30th	12h. to 13h.
The number of hours under each of the 8 points— N8, NE3, E0, SE3, S206, SW410, W70, NW18, Calm 2.			

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 1° or 1½° lower; and finally, the thermometer, which has furnished the record of temperature at the Surveyor-General's Office during the last 20 years and upwards, is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

HENRY F. BLANFORD,
Meteorological Reporter to the Govt. of India.

METEOROLOGICAL OFFICE, INDIA, the 8th May 1879.

Reports of Fluctuation of Traffic on the East Indian Railway for five weeks ending 29th March 1879.

EAST INDIAN RAILWAY, TRAFFIC MANAGER'S OFFICE, JAMALPORE, THE 25TH APRIL 1879.

Remarks on Traffic of East Indian Railway for five weeks ending 29th March 1879.

THE approximate figures for the period are as follows:—

	Coaching.		Goods.		Total.
	No.	Rs.	Mds.	Rs.	Rs.
1879	804,061	12,19,416	76,63,731	28,70,797	40,90,213
1878	774,481	11,44,634	74,08,802	27,05,301	38,49,935
Increase	29,580	74,782	2,54,929	1,65,496	2,40,278
Decrease	.....	.....	.....	.....	.....

giving an increase of Rs. 6 53 per cent. in coaching and 6·12 per cent. in goods traffic.

The coaching traffic has been influenced by the large numbers of pilgrims lately moving over the line to and from the shrines at Deoghur, Gya, and Benares

In merchandise the features which present themselves most prominently are the very large increases in cotton and coal in both directions, which more than cover the large decrease in grain and seeds which continue to shew unsatisfactorily.

The items of increase and decrease are principally—

Increases.

Beer, Commissariat.	Cotton.	Saltpetre.
Coal, up.	Government stores.	Sugar.
Do. down.	Piece-goods.	

Decreases.

Ghee and oil.	Hides and horns.	Seeds.
Edible grains, &c.	Iron.	Timber.
Gunny.	Opium.	

Increases.

Beer, Commissariat ... ... Mds. 10,225 Rs. 12,636

It will be seen that in 1878 despatches were very limited, and the increase arises from large consignments being sent this year to Benares and Jubbulpore.

This traffic fluctuates considerably, and is beyond our control.

Coal, up ... ... Mds. 1,55,994 Rs. 109,349

The increase here is very great, being 48 per cent. in earnings over last year which, as compared with 1877, showed a favourable increase A large demand from the foreign lines, principally the Oudh and Rohilkund at Benares, the Sindh, Punjab, and Delhi, and the Punjab Northern State Railway, has led to this improvement.

Coal, down ... ... Mds. 1,97,412 Rs. 29,475

This traffic continues to give the most satisfactory results and is deserving of every encouragement, seeing that it gives 26 per cent. of the total weight carried in the period.

But a much larger increase in this traffic might be anticipated if the coal-hoppers were reaxled and altered as proposed by the Company, as this would give an increase of about 43 per cent. in the carrying capacity of the wagons.

Cotton ... ... Mds. 1,44,100 Rs. 2,74,109

The demand in Calcutta for cotton for export continues brisk.

Government stores ... ... Mds. 18,537 Rs. 15,096

Continued despatches from Howrah and Allahabad Fort for regimental and frontier force requirements.

Piece-goods ... ... Mds. 43,079 Rs. 27,554

The increase is principally from Howrah to Behar and the North-West.

Saltpetre ... ... Mds. 29,871 Rs. 17,861

Supplies having been plentiful and demand good, we have carried a larger quantity than usual this month.

Sugar and Jaggree ... ... Mds. 1,61,851 Rs. 18,526

This increase appears to be principally due to the improved sugarcane crop this year.

Decreases.

Ghee and Oil ... ... Mds. 11,580 Rs. 7,461

This appears to be an ordinary fluctuation.

Edible grain and pulses.—Under this head there is a net decrease in round figures of 15,200 tons and Rs. 2,28,700. This is chiefly owing to the traffic in rice and pulses.

These staples were carried largely last year for the scarcity in Oudh and the North-West. This year the absence of demand has crippled the rice market to a great extent.

In wheat there is an increase in earnings, and this is attributable to the greater lead of this staple this year.

Gunny ... ... Mds. 9,371 Rs. 11,243

This naturally follows the large decrease in grain.

Hides and horns ... ... Mds. 17,387 Rs. 17,028

There was a very large increase last year over 1877, in consequence of so many cattle having perished from want of food. This year, although there is a good demand in Calcutta for exportation, supplies are very short

Iron ... ... Mds. 11,000 Rs. 15,540

The up-country demand being so slack has led to a large falling off in despatches from Howrah.

Opium ... ... Mds. 14,473 Rs. 16,088

This article was carried earlier in the season.

Seeds ... ... Mds. 1,59,694 Rs. 62,622

It will be seen that we carried 21,870 tons this year, as against 27,730 tons last, showing a decrease of 21 per cent.

Timber ... ... Mds. + 2,816 Rs. —10,850

We carried several large consignments of teak timber from Howrah to Lucknow last year; this year we have only had the ordinary traffic to deal with

The train mileage for the period is as follows.—

	Coaching.	Goods.	Total.
1879	239,527	538,249	777,776
1878	237,516	545,531	783,047
Increase	2,011	.....	.....
Decrease	.....	7,282	5,271

Earnings per train mile—

	Coaching.	Goods.	Total.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
1879			
1878	5 1 5	5 5 4	5 4 2
	4 13 1	4 15 4	4 14 8
Increase	0 4 4	0 6 0	0 5 6
Decrease	.....	.....	.....

The very large earnings per train mile are most satisfactory, and are attributable to the fact that while the grain traffic has fallen, the earnings from upward piece-goods, coals, &c., and downward cotton have increased, and thus more than balanced the account and aided greatly in equalizing the mileage.

Shunting Mileage.

Increase hours 20.

Jubbulpore line traffic—

	Coaching.				Total.
	No.	Rs.	Mds.	Rs.	Rs.
1879	33,209	1,29,047	10,59,578	2,86,964	4,16,611
1878	27,048	1,09,279	6,28,183	1,86,129	2,95,409
Increase	6,161	19,768	4,31,395	1,00,835	1,21,203
Decrease	.....	.....	.....	.....	.....

The coaching increase is chiefly in troop trains and in goods, to piece-goods, sugar, jaggeree, and grain.

The Jubbulpore line train mileage for the period is—

	Coaching.	Goods.	Total.
1879	25,025	66,250	91,275
1878	24,133	34,514	58,647
Increase	892	31,736	32,628
Decrease	.....	.....	.....

Total earnings per train mile—

Decrease, Rs. 0-7-7.

Note.

The decrease in firewood traffic is due to less import at ghauts, owing to wood-cutters neglecting to cut wood, having plenty of food-grain in stock.

The decrease in planks is due to the above cause.

The decrease in straw is due to railway charges being increased and also low market at selling stations.

The increase in hay traffic is due to favourable market at Calcutta.

The decrease in wooloo is due to railway charges being increased and also less demand at selling stations

The decrease in paddy and rice is due to dull maket and less demand.

The decrease in coal is due to the same being carried to rice mills by boats.

The decrease in jute is due to there being no wrecks of boats.

The increase in building materials, bamboos, and soondry posts are due to repairs of culverts, &c. at *ahads*.

The decrease in gunny-bags is due to less demand at rice mills.

The increase in machinery and sundries is due to the extensive working of the rice mills.

J. C. Banerjee, *for Manager*.

Calcutta, the 12*th May* 1879.

Nulhatti State Railway.

Statement showing Increases and Decreases in maundage of Staples carried over the line during the month of April 1879, *as compared with the corresponding period of April* 1878.

Staples.	1878.		1879.		1878.	1879.	Increase.	Decrease.
	Up.	Down.	Up.	Down.	Total.	Total.		
	Mds.	Mds.	Mds.	Mds.	Mds.	Mds.	Mds.	Mds.
Brass and brassware	363	134	262	284	497	526	29	.....
Coal	12,004	.....	5,147	.....	12,004	5,147	.....	6,857
Edible grains	429	10,703	513	4,154	11,222	4,667	.....	6,555
Jaggree and sugar	555	.....	587	.....	555	587	32	.....
Piece-goods	2,121	.....	2,464	.....	2,121	2,464	343	.....
Silk and silk-cloth	.....	619	.....	1,046	619	1,046	427	.....
Seeds of all sorts	1,458	.....	1,879	.....	1,458	1,879	421	.....

The increase in brass and brassware, jaggree and sugar is trifling.

The increase in piece-goods and seeds is due to greater import to favourable market.

The increase in silk and silk-cloth is due to greater export to favourable market.

The decrease in coal is probably due to the accumulation that has resulted from the large import shewn in the statement for the last month.

The decrease in edible grains is due to less export, there being no favourable market for them.

J. C. Banerjee, *for Manager*.

Calcutta, the 12*th May* 1879.

Orders and Notifications by the Lieut.-Governor of Bengal, the High Court, Government Treasury, &c.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

No. 3005A.

GENERAL.—*The 10th May* 1879.—Mr. R. H. Wilson, Magistrate and Collector, Midnapore, is appointed to act as Secretary to the Board of Revenue during the absence, on deputation, of Mr. H. L Harrison, or until further orders.

Baboo Lolit Mohun Chatterjee, Deputy Magistrate and Deputy Collector, Dinagepore is allowed leave for seven days, under section 10, Supplement F to the Civil Leave Code.

Mr. C. H. Swinden, Officiating Deputy Magistrate and Deputy Collector, on settlement duty in the Sonthal Pergunnahs, is allowed leave for two months, under rule 2, section 13, Supplement F to the Civil Leave Code, with effect from the 8th instant.

Baboo Protab Chunder Chatterjee, Deputy Magistrate and Deputy Collector, Perozepore, Backergunge, is allowed leave of absence for one month, under section 10 Supplement F to the Civil Leave Code, in extension of the leave granted to him under orders of the 31st March last.

Baboo Nobin Krishna Banerjee, Sub-Deputy Collector, at present employed in the License Tax Department in the district of Jessore, is allowed leave for three months, under the rules in Chapter VII of the Civil Leave Code, with effect from the 16th instant.

The 13th May 1879.—Baboo Issur Chunder Paul, Officiating Sub-Deputy Collector, employed on survey work in Midnapore, is appointed to be also Assistant Superintendent of Survey, under section 4, Act V (B.C.) of 1875, in the districts of Midnapore, Hooghly, Burdwan, Bankoorah, Balasore, Manbhoom, and Singbhoom for the purposes of the Midnapore Survey.

The orders of the 25th March last, granting one month's privilege leave to Baboo Nobin Chunder Sen, Deputy Magistrate and Deputy Collector, Madaripore, Furreedpore, and appointing Baboo Shoshi Sikur Dutt, Deputy Magistrate and Deputy Collector, Furreedpore, to have temporary charge of the Madaripore division, are cancelled.

Baboo Mohini Mohun Chuckerbutty, Deputy Magistrate and Deputy Collector, Patuakhally, Backergunge, is allowed leave for one month and fifteen days, under the rules in Chapter VII of the Civil Leave Code, with effect from the date on which he availed himself of it.

Baboo Dino Nath Addy, Deputy Magistrate and Deputy Collector, Backergunge, is appointed to have charge of the Patuakhally division of that district during the absence, on leave, of Baboo Mohini Mohun Chuckerbutty, or until further orders.

Moulvi Bazlul Karim, Officiating Deputy Magistrate and Deputy Collector, Manbhoom, is transferred temporarily to the Sudder Station of the Purneah district.

Baboo Gopal Chunder Mitter, Deputy Magistrate and Deputy Collector, is posted to Manbhoom, on being relieved of his duties as 2nd Special Commissioner under the Chota Nagpore Tenures Act in Lohardugga.

The orders of the 31st March last, granting three months' privilege leave to Mr. W. Heysham, Deputy Collector, employed in acquiring land for the East Indian Railway, are cancelled.

Baboo Nobinkristo Sircar, Deputy Magistrate and Deputy Collector, Maldah, on leave, is posted to the Sudder Station of the Moorshedabad district.

The orders of the 16th January last, transferring Baboo Soorja Coomar Sen, Deputy Magistrate and Deputy Collector, Perozepore, Backergunge, to Moorshedabad, are cancelled.

The orders of the 17th ultimo, transferring Baboo Nobin Chunder Sen, Deputy Magistrate and Deputy Collector, Madaripore, Furreedpore, to Perozepore, in the district of Backergunge, are cancelled.

Mr. A. Burooah, Officiating Joint-Magistrate and Deputy Collector, Jehanabad, Burdwan, is transferred to Dinagepore.

Baboo Hurrokali Mookerjee, Deputy Magistrate and Deputy Collector, Furreedpore, is transferred to Burdwan, and is appointed to have charge of the Jehanabad division of that district.

The 14th May 1879.—Lieutenant-Colonel B. W. D. Morton, Deputy Commissioner, Manbhoom, is allowed subsidiary leave for thirty days, under section 34 of the Civil Leave Code, with effect from the forenoon of the 5th instant.

Baboo Okhoy Kumar Sen, Deputy Magistrate and Deputy Collector, is posted to Naraingunge, in the district of Dacca, with effect from the date on which he took charge of his duties at that port.

The following officers are appointed to act, until further orders, in the first grade of District and Sessions Judges:—

Mr. J. B. Worgan, District and Sessions Judge of Sarun and Chumparun, from the 17th April 1879, *vice* the Hon'ble L. R. Tottenham.

Mr. H. Beveridge, District and Sessions Judge, Rungpore, on leave, from the 20th April 1879, *vice* Mr. J. D. Ward.

Mr. T. F. Bignold, District and Sessions Judge, Bankoora, and Additional District and Sessions Judge, Burdwan, from the 26th April 1879, *vice* Mr. J. F. Browne.

Mr. J. Tweedie, Officiating District and Sessions Judge, Dacca, from the 2nd May 1879, *vice* Mr. H. Beveridge.

The following officers are appointed to act, until further orders, in the 1st grade of Magistrates and Collectors:—

Mr. J. A. Hopkins, Magistrate and Collector, Purneah, from the 29th April 1879, *vice* Mr. R. D. Hime.

Mr. C. F. Worsley, Magistrate and Collector, Mozufferpore, from the 2nd May 1879, *vice* Mr. H. F. J. Kean.

Mr. J. J. Livesay, Magistrate and Collector, Rungpore, from the 3rd May 1879, *vice* Mr. W. R. Larminie.

The following officers are appointed to act, until further orders, in the 2nd grade of Magistrates and Collectors:—

Mr. J. E. B. Jeffery, Officiating Magistrate and Collector, Furreedpore, from the 29th April 1879, *vice* Mr. J. A. Hopkins.

Mr. A. Forbes, Officiating Magistrate and Collector, Patna, from the 1st May 1879, *vice* Mr. G. Toynbee.

Mr. J. Kelleher, Officiating Magistrate and Collector, Backergunge, from the 2nd May 1879, *vice* Mr. C. F. Worsley.

Mr. J. C. Veasey, Officiating Magistrate and Collector, Bogra, from the 3rd May 1879, *vice* Mr. J. J. Livesay.

The following officers are appointed to act, until further orders, in the first grade of Joint-Magistrates and Deputy Collectors:—

Mr. C. R. Marindin, Officiating Joint-Magistrate and Deputy Collector, Bhagulpore, from the 18th April 1879, *vice* Mr. R. H. Greaves.

Mr. K. G. Gupta, Officiating Joint-Magistrate and Deputy Collector, Kendrapara, Cuttack, from the 19th April 1879, *vice* Mr. F. W. R. Cowley.

Mr. H. M. Tobin, Officiating Joint-Magistrate and Deputy Collector, Burdwan, from the 23rd April 1879, *vice* Mr. W. F. Meres.

Mr. G. A Grierson, Officiating Joint-Magistrate and Deputy Collector, Mudhoobunee, Durbhunga, from the 23rd April 1879, *vice* Mr. J. R. Hallett.

Mr. A. W. Mackie, Officiating Joint-Magistrate and Deputy Collector, Backergunge, from the 29th April 1879, *vice* Mr. J. C. Veasey.

Mr. E. R. Henry, Officiating Joint-Magistrate and Deputy Collector, Patna, from the 29th April 1879, *vice* Mr. R. Cornish.

Mr. G. E. Manisty, Officiating Joint-Magistrate and Deputy Collector, Tajpore, Durbhunga, from the 1st May 1879, *vice* Mr. A. Forbes.

Mr. F. H. Harding, Officiating Joint-Magistrate and Deputy Collector, Buxar, Shahabad, from the 2nd May 1879, *vice* Mr. C. A. Samuells.

The following officers are appointed to act, until further orders, in the second grade of Joint-Magistrates and Deputy Collectors :—

Mr. H. Lee, Assistant Magistrate and Collector, Dumbhunga, from the 18th April 1879, *vice* Mr. C R. Marindin.

Mr. H. A. D. Phillips, Assistant Magistrate and Collector, Khoorda, Poorce, from the 19th April 1879, *vice* Mr. K. G. Gupta.

Mr. W. D. Blyth, Assistant Magistrate and Collector, 24-Pergunnahs, from the 23rd April 1879, *vice* Mr. G. A. Grierson.

Mr. R. Carstairs, Assistant Magistrate and Collector, Serampore, Hooghly, from the 29th April 1879, *vice* Mr. A. W. Mackie.

Mr. F. R. S. Collier, Assistant Magistrate and Collector, Mozufferpore, from 29th April 1879, *vice* Mr. E. R. Henry.

Mr. A. J. Primrose, Assistant Magistrate and Collector, Bagdogra, Rungpore, from the 1st May 1879, *vice* Mr. G. E. Manisty.

Mr. H Farrer, Assistant Magistrate and Collector, Jajpore, Cuttack, from 2nd May 1879, *vice* Mr. F. H. Harding.

Mr. F. B. Taylor, Assistant Magistrate and Collector, Jessore, is appointed to act, until further orders, in the second grade of Joint-Magistrates and Deputy Collectors, with effect from the 23rd April 1879, *vice* Mr. H. M. Tobin.

Mr. Taylor will, however, act as Magistrate and Collector of Jessore during the absence on leave of Mr. E. H. Ruddock, or until further orders.

Moulvie Ikram Russool, Deputy Magistrate and Deputy Collector, Purneah, is allowed leave for three months, under section 10, Supplement F to the Civil Leave Code, with effect from the 28th ultimo.

The 15th May 1879.—Moulvi Mohomed Serajul Huq, Sub-Deputy Collector, Second Grade, is appointed temporarily to be a Sub-Deputy Collector of the First Grade during the absence, on deputation, of Baboo Umesh Chunder Banerjee, or until furthe rorders, and is posted to the Begooserai division of the Monghyr district. The Moulvi will, however, continue to be employed on settlement duty in the Sonthal Pergunnahs.

Baboo Kailas Chunder Chatterjee, Officiating Sub-Deputy Collector, Sonthal Pergunnahs, First Grade, is posted to the Banka division of the Bhagulpore district. He will, however, continue to be employed on settlement duty in the Sonthal Pergunnahs until further orders.

Moulvi Syud Mobaruk Ali, Officiating Sub-Deputy Collector, Bhagulpore, First Grade, is posted to the Soopool division of that district. He will, however, continue to be employed at the Sudder Station until further orders.

Moulvi Mohomed Warris Ali, Officiating Sub-Deputy Collector, Second Grade, Sonthal Pergunnahs, is posted to the Kissengunge division of the Purneah district, on being relieved from settlement duty.

Moulvi Nujjimuddin Ahmed, Officiating Sub-Deputy Collector, Second Grade, Sonthal Pergunnahs, is posted to the Arrareah division of the Purneah district, on being relieved from settlement duty.

Moulvi Imdad Ali, Officiating Sub-Deputy Collector, Second Grade, now employed on settlement duty in the Sonthal Pergunnahs, is posted to the Deoghur division of that district, on being relieved of his present duties.

Mr. R. H. Greaves reported his departure from India on furlough on the 25th April 1879.

Baboo Poorno Chunder Ghose, Deputy Magistrate and Deputy Collector, Manickgunge, Dacca, is transferred to the Sudder Station of the Mymensing district.

The 16th May 1879.—Mr. D. R. Lyall reported his departure from India on furlough on the 25th April 1879.

The 17th May 1879.—Baboo Juggut Chunder Roy, Sub-Deputy Collector, Second Grade, Moorshedabad, is appointed temporarily to be a Sub-Deputy Collector of the First Grade, *vice* Baboo Promoda Nath Mookerjee.

Baboo Khudeeram Poddar is appointed temporarily to be a Sub-Deputy Collector of the Second Grade, *vice* Baboo Juggut Chunder Roy, and is posted to Jhenida, in Jessore.

The 20th May 1879.—Mr. J. Scobell Armstrong, Deputy Collector of Customs, Calcutta, is appointed to be Secretary to the Central Examination Committee, *vice* Mr. W. H. Grimley.

POLICE.—*The 13th May* 1879.—Mr. J. Patch, District Superintendent of Police, Sylhet, is appointed to act, until further orders, in the third grade of District Superintendents of Police, with effect from the 1st ultimo, *vice* Mr. W. D. Pratt.

The following District Superintendents of Police are appointed to act, until further orders, in the fourth grade of District Superintendents of Police, with effect from the 1st ultimo :—

Mr. A. V. Knyvett, District Superintendent of Police, Chumparun, on leave, *vice* Mr. J. Patch.

Mr. G. J. Cawley, District Superintendent of Police, Naga Hills, *vice* Mr. A. V. Knyvett, on privilege leave.

The 14th May 1879.—Mr. C. E. Gouldsbury, Assistant Superintendent of Police, Hooghly, is appointed to act as District Superintendent of Police, Patna, during the absence on leave of Captain H. M. Ramsay, or until further orders.

This cancels the orders of the 14th ultimo appointing Mr. W. F. Smith to act as District Superintendent of Police, Patna.

The 16th May 1879.—Mr. H. Dawson, Officiating District Superintendent of Police, Lohardugga, was on leave under the rules in Chapter VII of the Civil Leave Code from the 17th January to the 11th April 1879, both days inclusive.

This cancels the orders of the 24th March 1879 granting Mr. Dawson three months' privilege leave.

The 20th May 1879.—Mr. E. St. George Kaye, Assistant Superintendent of Police, Monghyr, is re-appointed to act in the Second Grade of Assistant Superintendents of Police, with effect from the 23rd ultimo.

REGISTRATION.—*The 12th May* 1879.—Baboo Rughunundun Sahi, Special Sub-Registrar of Patna, is allowed leave for one month, under the rules in Chapter VII of the Civil Leave Code, with effect from the date on which he availed himself of it.

EDUCATION.—*The 13th May* 1879.—Baboo Rakhal Chandra Chatterjee, Head Master of the Chyebassa Zillah School, is appointed to be a member of and Secretary to the District School Committee of Singbhoom, *vice* Baboo Ambika Charan Sarkar, transferred.

The 15th May 1879.—Moulvi Syed Ameer Hossein is appointed to be Secretary to the District School Committee of the 24-Pergunnahs, *vice* Mr. F. W. Badcock, transferred.

Baboo Dwarkanath Roy, Deputy Magistrate and Deputy Collector, Pubna, is appointed to be a member of the Pubna District School Committee, *vice* Baboo Gopal Chunder Mookerjee, transferred.

MEDICAL.—*The 8th May* 1879.—Moulvi Afzul Uddin Ahmed is appointed to be a member of the Committee for the management of the Charitable Dispensary at Barh.

The 9th May 1879.—Baboo Mathura Nath Sen, Deputy Superintendent of Vaccination in the Sonthal Pergunnahs, is appointed to be a member of the Committee for the management of the Charitable Dispensary at Rajmehal.

The following gentlemen are appointed to be members of the Committee for the management of the Charitable Dispensary at Nurriah in the district of Furreedpore :—

Baboo Benod Behari Doss of Lonesingh.

,, Kashi Kant Banerjea, Head Pundit of the Lonesingh School.

The 19th May 1879.—Dr. R. Macleod, Civil Medical Officer, Gya, who reported his return from furlough on the 15th April 1879, is allowed subsidiary leave from that date to the 21st idem inclusive, to enable him to rejoin his appointment.

MARINE.—*The 20th May* 1879.—Mr. F. Webster, Officiating Assistant River Surveyor, is allowed leave for five weeks, under the rules in Chapter VII of the Civil Leave Code, with effect from the 29th March 1879.

MUNICIPAL.—*The 5th May* 1879.—Mr. G. R. K. Meares, Officiating District Superintendent of Police, Backergunge, is appointed to be a Commissioner of the Burrisal Municipality, *vice* Mr. J. F. Needham, transferred.

HORACE A. COCKERELL,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

Under Section 25 of the Chota Nagpore Tenures Act, II (B.C.) of 1869.

The 15th May 1879.—It is hereby notified that the registers of Bhuinhari and other tenures in the villages belonging to the marginally named pergunnah of the Chota Nagpore estate, Lohardugga district, prepared under the provisions of section 5 of Act II (B.C.) of 1869, having been finally revised and corrected in accordance with the decisions and orders of the Special Commissioner and the Commissioner of the division under the aforesaid Act, have been confirmed by the Commissioner of the division on the 8th May 1879.

Pergunnah Doesa, 50 villages.

2. It is further declared, agreeably to the provisions of section 26 of the aforesaid Act, that the confirmation of the Commissioner of the division notified above having thus been published, the registers shall be conclusive evidence of all matters recorded therein; and from and after this publication of the confirmation of the register relating to any village, no evidence shall be received that any lands in such village not mentioned in such register are of Bhuinhari or Manjhus tenure.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

The 19th May 1879.—The following notification is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

It is hereby notified, under Section 5 of "the Indian Treasure Trove Act (VI of 1878)," that on the 26th February 1879, treasure consisting of 48 "Pata Gadeelu" and 92 "Gundu Namalu" (old silver coins), valued in the aggregate at Rs. 119-12-0, was found in the ruined wall of Yeddula Narappah's house situated in the village of Kalachatla, in Pattikondah Taluq, Kurnool district, while the foundations were being excavated for the purpose of repairing the wall.

2. All persons claiming the said treasure, or any part thereof, are hereby required to appear personally or by agent before the Collector of Kurnool, at his office in Kurnool, on Wednesday, the 8th of October 1879.

A. L. LISTER,
Acting Collector, District Kurnool,
Madras Presidency.

[First Publication.]

The 19th May 1879.—The following notification is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

It is hereby notified, under section 5 of the Indian Treasure Trove Act (VI of 1878), that on or about the 27th May 1878, treasure consisting of gold jewels marginally noted, valued in the aggregate at Rs. 55-9-0, was alleged to have been found in the vacant ground of Rayavarapu Venkataiya of Millavagu, in the Vinukonda Taluq, Kistna district.

	Rs	A.	P.

1 Large round bead	1	8	0
2 Arm-ornaments	0	8	0
1 Small bead	0	1	0
2 Female ear-ornaments	30	0	0
5 Pieces of beads	12	0	0
1 Bead containing loose ear-ornaments ...	0	8	0
Total ...	55	9	0

2. All persons claiming the treasure, or any part thereof, are required to appear personally or by agent before the Collector of Kistna, at his office, on the 6th October 1879, in order to the matter being enquired into and determined in accordance with the provisions of the said Act.

J. W. ATKINSON,
Asst., for Collector, District Kistna,
Madras Presidency.

NOTIFICATION.

The 20th May 1879.—It is hereby notified for general information that under section 77, Act V (B.C.) of 1876, the Lieutenant-Governor is pleased, in compliance with the recommendation of the Commissioners of the Municipality of Revilgunge, in the district of Sarun, at a meeting convened expressly for the purpose, to order that from the 1st of July 1879, the tax to be imposed within the said Municipality shall be a rate on the annual value of all holdings situated within the limits thereof, instead of, as at present, a tax upon persons occupying holdings therein according to their circumstances and property within the Municipality.

H. L. HARRISON,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 20th May 1879.—In the exercise of the powers conferred on him by section 299, Act V (B.C.) of 1876, the Lieutenant-Governor is pleased, on the recommendation of the Commissioners of the municipality of Bankoora at a meeting, to extend to that municipality the provisions of Part IX, chapter 2, of the aforesaid Act.

2. Under paragraph 2, section 300 of the Act, the Lieutenant-Governor is also pleased to sanction the levy of tolls at the rates mentioned below upon every shop or stall in the Municipal Market in the town of Bankoora :—

Nature of shops or stalls	Amount of toll to be levied on each per mensem.
	Rs. A. P.

J. B. PENNINGTON, *Collector, Tinnevelly.*

[Third Publication.]

NOTIFICATION.

The 6th May 1879.—In substitution of the rules under sections 5 and 13 of the Opium Act, 1878, published in the *Calcutta Gazette* of the 21st and 28th August and 4th September 1878, the following revised rules, which have received the sanction of the Governor-General in Council, are hereby published.

Interpretation-clause.

I. In these Rules, unless there be something repugnant in the subject or context—

(1) "Board" means the Board of Revenue for the Provinces for the time being subject to the Lieutenant-Governor of Bengal:

(2) "Commissioner" means the Commissioner of a Revenue Division:

(3) "Collector" includes a Deputy Collector or other Revenue Officer in independent charge of a district and a Superintendent of Excise Revenue:

(4) "Preventive-officer" means any officer of any of the departments mentioned in Section 14 of the Opium Act:

(5) "Intendant" means any officer in charge of Government opium stores at Calcutta:

(6) "Farmer" means a person who has obtained from the Collector a farm under Rule XXXIX or XLIV:

(7) "Licensed-vendor" means a person who has obtained a license for retail sale under Rules XXXV, XXXVII, XLI, and XLIV:

(8) "Retail sale" means the sale of any quantity of opium or intoxicating drugs not exceeding five tolas, and of any quantity of poppy-heads not exceeding five seers:

(9) "Opium" means the inspissated juice of the poppy:

(10) "Intoxicating drugs" includes madak and chandu, and every preparation and admixture thereof, and kafa, and all other intoxicating or narcotic preparations of opium and of the poppy, but does not include poppy-heads:

(11) "Poppy-heads" means the dry capsules of the poppy plant:

(12) The words "import," "export," and "transport" have the respective meanings assigned to them in the Opium Act, 1878.

(13) "Bengal" means the territories administered by the Lieutenant-Governor of Bengal:

(14) "India" means the country included within the British frontier lines on the extreme west, north, and east of British India.

II. Rules XIV to XXIX apply only to Calcutta; the remaining rules apply to all the territories for the time being subject to the Lieutenant-Governor of Bengal, including Calcutta.

Manufacture.

III. The manufacture of opium, except by the Government or by a cultivator licensed under Act XIII of 1857 for delivery to the Government, and the manufacture of more than five tolas weight of intoxicating drugs without a license from the Collector or a farmer granted under these rules, are prohibited.

Possession.

IV. Except as provided in Rule V—

(1) no person shall have in his possession any opium other than opium purchased from the Government or from a farmer or licensed-vendor:

(2) no person, not being a farmer, licensed-vendor, or medical practitioner, shall have in his possession more than five tolas of opium or intoxicating drugs, or more than five seers of poppy-heads.

V. Rule IV does not apply to—

(1) travellers and visitors from foreign countries beyond the boundaries of India having in their possession any quantity of opium produced in such foreign territory, or intoxicating drugs prepared therefrom, not exceeding two seers in all for the whole party intended for the personal use of such travellers and visitors or their attendants, and not for sale or barter:

(2) foreign horse-dealers entering India with their horses, having in their possession opium produced in such foreign territory, or intoxicating drugs prepared therefrom, limited to ten tolas weight per horse:

(3) opium, intoxicating drugs, or poppy-heads in transit covered by a pass under these rules:

(4) cultivators duly licensed under Act XIII of 1857 having poppy-heads and newly extracted opium in their possession during the usual period between the full growth of the poppy and the delivery of the produce to the opium agent.

VI. The Collector may grant to any medical practitioner residing within his district a license in Form I appended to these rules for the possession and retail of opium, intoxicating drugs, and poppy-heads for medical purposes only: provided that such medical practitioner shall not have in his possession at one time more than a seer of either opium or intoxicating drugs, and more than ten seers of poppy-heads.

Transport.

VII. When a farmer or licensed-vendor desires to transport opium, intoxicating drugs, or poppy-heads, he shall obtain for each consignment a pass from the Collector in such form as the Board may from time to time prescribe.

The pass shall specify—

(1) the time within which the transport shall be effected;
(2) the place from which the consignment is to be transported;
(3) the name of the person in charge of the consignment;
(4) the name of the consignee;
(5) the number of packages, and the weight and contents of each; and
(6) the place to which the consignment is to be transported.

Each package in every such consignment shall be stamped in the presence of the officer granting the pass with his official seal.

VIII. The bulk of a consignment shall not be broken during transport.

IX. The Collector may make it a condition of the pass that the bulk of the consignment for which it is granted shall not be broken until after the consignment shall have been examined at the place to which it is carried by an officer deputed or authorized by the Collector for that purpose. Provided that such examination shall be made within seven days from the date on which the Collector is informed of the arrival of the consignment.

X. If any officer competent to exercise the powers of seizure, detention, and search under sections 14 and 15 of the Opium Act, finds that the packages are fewer, or the amount of opium and intoxicating drugs less (by more than the dryage allowance of one-quarter per cent.) than the number or amount specified in the pass, he shall immediately report the circumstances to the Collector, who will decide whether a prosecution shall, or shall not, be instituted.

Import.

XI. Opium, intoxicating drugs, or poppy-heads may be imported into Bengal—

(*a*) by Government for its own purposes;
(*b*) by the persons described in clauses 1 and 2 of Rule V in the quantities which, and for the purposes for which, those persons may, under those clauses, possess opium.

Export.

XII. Opium, intoxicating drugs, or poppy-heads may be exported from Bengal—

(*a*) by Government for its own purposes;
(*b*) by the persons described in clauses 1 and 2 of Rule V in the quantities which, and for the purposes for which, those persons may, under those clauses, possess opium;
(*c*) to the territories under the Government of Chandernagore under the conditions specified in Rule XIII;
(*d*) by sea from the port of Calcutta in the manner provided by Rules XIV to XXIX.

XIII. Opium, intoxicating drugs, and poppy-heads may be exported from Calcutta to the territories under the Government of Chandernagore, subject, while in transit through British territory, to the conditions of Rules VII, VIII, and X.

XIV. Opium may be exported by sea from the port of Calcutta if it has been purchased from Government at a public sale held by the Board, and is covered by a pass or certificate granted by the Board.

XV. Shipping bills for exportation of opium must be printed in red ink and presented at the Custom-house in duplicate, accompanied by the usual certificate from the Board. The duplicate on which the pass is granted will be returned to the shipper to obtain delivery from the opium godown, the original being forwarded to the Gate-officer on the wharf, to expedite the passing of the opium out of the Custom-house.

XVI. On ordinary working days, no treasury receipt in payment of opium and no pass will be accepted by the Board after 3-30 P.M., nor will any certificate be supplied after 4 P.M. On Saturdays, no receipt or pass will be accepted after 1-30 P.M., and no certificate granted after 2 P.M.

XVII. The certificates granted by the Board are to be returned to the Board, duly cancelled, at the close of the month.

XVIII. A fee of Rs. 5 will be charged to each shipper on presentation of shipping bills after 4 P.M., on the day of clearance of the China steamer.

XIX. All opium intended for export, which shall not be cleared from the godowns before 4-30 P.M., shall be conveyed to the steamer or ship from the ghât opposite to the opium godowns in covered cargo-boats, with properly-secured hatches.

XX. As soon as the Intendant of Opium Godowns is aware that clearances will be made after 4-30 P.M. he shall make immediate report to the Collector of Customs, who will at once appoint one or more Preventive-officers, as may be necessary, to be in attendance at the ghât at which the cargo-boats shall lie. In his report the Intendant shall mention the probable number of chests which will be removed during the evening, and each day, as long as clearances are going on, he shall furnish a similar report to the Collector.

XXI. The Preventive-officer at the ghât shall examine all boat-notes and chests, and shall see the latter placed in the hold of the cargo-boat. He shall then secure and seal the hatches or any other openings or doors of the cargo-boat, by which access may be had to the hold, with a distinctive mark before allowing the boat to proceed to the steamer or ship. He shall also make an entry in the boat-note specifying that the hatches have been sealed.

XXII. The Preventive-officer on board the receiving ship or steamer shall carefully examine the seals affixed to the hatches, &c., of all cargo-boats laden with opium as soon as they arrive alongside the vessel, and shall not allow the seals to be broken in any case until he is actually prepared to receive the opium on board, and to superintend the removal of the chests from the hold of the cargo-boat.

XXIII. Should it appear to the Preventive-officer on board the receiving vessel that the seals placed on the hatches, &c, of the cargo-boats have been broken in transit, or have been in any way tampered with, he shall bring the matter to the immediate notice of the officer in charge of the vessel, and shall examine each chest carefully. If any theft of opium is discovered, the Preventive-officer shall make an immediate report to the River Police and to the Collector of Customs, mentioning at the same time the number of the cargo-boat and the name of the owner and manjee.

XXIV. Each shipper who removes his chests of opium from the Government premises after 4-30 P.M. shall be required to pay Rs. 2 for any number of chests up to 20, Rs. 3 for any number of chests above 20 and up to 50, and Rs. 5 for any larger number of chests, as remuneration to the Preventive-officer at the ghât employed beyond the usual hours.

XXV. These fees shall be realized by the Intendant before delivery of the chests to the shippers, and all such fees shall be remitted daily by the Intendant to the Collector of Customs, and shall form a special fund for the remuneration of the Preventive-officers who may be employed beyond the usual working hours.

XXVI. No application shall be received by the Intendant for the delivery of opium chests after 9 o'clock P.M.

XXVII. On account of each requisition made for the delivery of chests, and presented to the Intendant between the hours of 5 o'clock and 9 o'clock P.M. on ordinary working days, or between 2 P.M. and 9 P.M. on Saturdays, the Intendant shall be authorized to demand a fee of Rs. 16, and a further fee of 2 annas on account of each chest delivered.

XXVIII. The procedure described in Rules XVIII to XXV of this section is enjoined specially in the case of opium cleared from the godowns after 4-30 P.M., but it may be followed in the case of opium cleared before that time, if the shipper so desires, and on application made to the Intendant.

Export of Chandu.

XXIX. Subject to the provisions of the law relating to sea-customs for the time being in force, the export of chandu is permitted under a pass from the Superintendent of Excise Revenue, Calcutta.

Export passes shall only be granted to licensed vendors of chandu, and on payment of such export duty as may from time to time be fixed by the Board. The pass must be produced at the Custom-house at the time of exportation, and must certify that the chandu which it covers has been prepared from opium supplied from Government stores.

Sale, Wholesale.

XXX. Opium, in quantities of not less than one seer, shall be supplied, on prepayment, at such rates as the Lieutenant-Governor of Bengal may from time to time prescribe by Notification in the *Calcutta Gazette*, from the Collector's office only to the treasurer or his agent, or to a farmer, licensed-vendor, or medical practitioner licensed under Rule VI.

XXXI. Opium may be sold wholesale by the Board for export by sea.

Sale, Retail.

XXXII. No person shall retail opium, intoxicating drugs, or poppy-heads, except under license from the Collector or from a farmer, and in accordance with the conditions specified in the license.

XXXIII. No larger quantity than five tolas of opium or intoxicating drugs or five seers of poppy-heads shall be sold, except to a licensed-vendor or to a medical practitioner, licensed under Rule VI, or under a special order from an officer exercising the powers of a Collector. A licensed-vendor may sell any quantity not exceeding one seer of opium or intoxicating drugs, and not exceeding ten seers of poppy-heads, to a medical practitioner licensed under Rule VI.

XXXIV. Opium shall not be retailed at any Government office.

XXXV. Licenses for the retail of opium shall be granted to licensed vendors in Form II.

XXXVI. Licenses for the manufacture and retail sale of intoxicating drugs shall be granted by the Collector in Form III.

XXXVII. Whenever the Collector grants a license for the retail of opium or of intoxicating drugs, he shall impose such conditions on the licensee, besides those specified in the license, as may from time to time be prescribed by the Board.

XXXVIII. Licenses for retail sale shall be granted for one year only, unless the Board shall otherwise specifically direct.

Such limited number of shops for the retail vend of opium or intoxicating drugs as the Board may from time to time decide shall be allowed in each district, and the monopoly of retail vend at such shops shall be put up to auction, or otherwise contracted for at the commencement of each official year. The shops shall be sold or contracted for singly, or in such groups as the Board may direct.

XXXIX. With the sanction of the Board the Collector may let in farm the duties leviable on the retail vend of opium or of all or any intoxicating drugs within any specified area for a term not exceeding five years. The Board may prescribe rules (*a*) for the invitation and acceptance of tenders for such farms; (*b*) for the requisition of security for the due fulfilment of the engagements entered into by the farmers; and (*c*) as to the form and conditions of such leases. Any breach of such engagement shall render the lease liable to annulment by the authority by whom the farm was sanctioned.

XL. When the duties leviable, on opium or any intoxicating drug are let in farm, the farmer may make his own arrangements for the retail of opium or for the manufacture and retail of any intoxicating drugs within the limits of his farm; provided that no opium, except that supplied from the Collector's office, shall be used in the manufacture of such drugs. No person shall sell by retail opium or any intoxicating drugs within such limits except he holds a license from the farmer to that effect.

XLI. Before entering into engagements for any such farm, the Collector may, with the sanction of the Board, make such reservations or restrictions with respect to the grant of licenses by the farmer as he thinks fit.

Such licenses shall be granted in Form IV, and, when countersigned by the Collector, shall have the same validity as licenses granted directly by the Collector.

XLII. Every farmer shall file in the Collector's office, in such form as may from time to time be prescribed by the Board, a list of all licenses granted by him.

XLIII. With the sanction of the Board, obtained through the Commissioner, the Collector may cancel any lease granted under Rule XXXIX, or may, within the period of the lease, impose any new reservation or restriction on the farmer.

If a lease be cancelled for any cause other than a breach of the conditions of the lease, or if any reservation or restriction with respect to the grant of licenses be imposed during the lease, the Board may award to the farmer compensation for any loss thereby caused to him.

XLIV. The Collector may grant licenses for the retail of poppy-heads, or may farm the duties leviable on the retail of the same, on such terms as the Board shall from time to time prescribe.

XLV. If any licensed vendor or farmer shall have in his possession, on the expiry of his license or farm, any opium, intoxicating drugs, or poppy-heads, which he is unable to dispose of to the satisfaction of the Collector by private sale to other licensed vendors or farmers, he shall surrender the same to the officer in charge of the excise revenue; and the incoming licensed vendor or farmer, or, if the expired license or farm is not renewed, any licensed vendor or farmer within the district, when required by the Collector, shall be bound to purchase the articles aforesaid to the extent of two months' supply, at such price, and in such quantities, as the Collector shall adjudge; provided that, if such articles be declared by the Civil Surgeon of the district to be unfit for use, the Collector shall cause them to be destroyed.

Disposal of things confiscated.

XLVI. (*i*).—All things confiscated under the Opium Act, 1878, except opium, intoxicating drugs, and poppy-heads, shall be disposed of by the Collector by public sale.

(*ii*).—Opium so confiscated shall be sent for examination to the Civil Surgeon of the district, and, if declared by him to be fit for use, shall be disposed of in such manner as the Board may, by general order, direct. If declared to be unfit for use, it shall be immediately destroyed.

(*iii*).—Intoxicating drug so confiscated shall be immediately destroyed.

(*iv*).—Poppy-heads so confiscated shall be disposed of as the officer in charge of the excise revenue of the district in which the confiscation is made may direct.

The value of confiscated poppy shall be calculated at the rate of Rs. 12 per agene bigah of 3,025 square yards, and of confiscated opium declared to be fit for use at the rate c Rs. 3 per seer. Opium declared to be unfit for use shall be deemed to be of no value.

Rewards to be paid to officers and informers.

XLVII. Any Magistrate convicting an offender under section 9, or any Magistrate or other authorized officer ordering the confiscation of opium under section 12 of the Opium

Act, 1878, may grant, in such proportions as he thinks fit, to any person or persons who have contributed to the seizure of the opium or the conviction of the offender, a reward not exceeding the value of the opium and other articles confiscated in the case, *plus* the amount of any fine imposed.

XLVIII. In any case in which, in the opinion of the Board, any person has performed any service of special merit in respect of the prevention or detection of opium-smuggling or of any offence against the Opium Act, 1878, the Board may grant to such person a reward not exceeding in amount Rs. 500.

The Board or, with the sanction of the Board, a Collector may incur expenditure not exceeding Rs. 500 in each case for the employment of informers, or for any other purpose connected with the prevention or detection of opium-smuggling or of any offence against the Opium Act, 1878.

Appeals.

XLIX. An appeal shall lie to the Commissioner against every order of a Collector under these Rules if presented to the Commissioner, or to the Collector for transmission to the Commissioner, within thirty days of the date of the order appealed against. An appeal shall lie to the Board against every order of a Commissioner under these Rules if presented to the Board within sixty days of the date of the order appealed against. Provided that it shall be discretional with the Board to receive appeals direct from orders passed by a Collector.

L. The petition of appeal should be accompanied by the order appealed against in original, or an authenticated copy of the same, or the omission to produce such order or copy should be explained.

FORMS.

I.—Special license to medical practitioner under Rule VI.

Special license granted to A. B., following the profession of at in the district of , for the retail sale of opium, intoxicating drugs, or poppy-heads, on the condition that such opium shall be procured from a licensed vendor, and shall be used *bonâ fide* as medicine or in medical preparations or prescriptions.

District

Dated

*II.—License for Retail Sale of Opium.**

District.
No. of license in Register
Name of retailer
Locality of shop

Be it known that resident of pergunnah district of is hereby authorized by the Collector of to sell opium by retail at in from the date of this license to the day of 18 , upon the following conditions :—

I.—That he shall pay to Government a monthly fee of

II.—That he shall sell no opium but such as he may purchase from the Collector's office, and that he will not receive, or have in his possession, opium obtained otherwise.

III.—That he shall retail opium only in the shop for which this license is granted.

IV.—That, except to a medical practitioner holding a special license from the Collector, he shall not sell more than five tolas weight of opium to any person at one time.

V.—That he shall not adulterate the opium sold by him.

VI.—That he shall not receive any wearing apparel, or other goods, in barter for opium.

VII.—That he shall not open his shop, or make sales therein, before sunrise; that he shall not keep it open, or make sales therein, after ; and that he shall not harbour any person therein during the night.

VIII.—That he shall not permit persons of notoriously bad character to resort to his shop; that he shall prevent gaming and disorderly conduct therein, and that he shall give information to the nearest Magistrate or police officer of any suspected person who may resort to his shop.

IX.—That he shall have constantly fixed up, at the entrance of his shop, a signboard bearing the following inscription, in legible characters, in the vernacular language :—

(*Name of vendor.*)

"Licensed to retail opium."

X.—That if he buy less than , which is the quantity estimated to be retailed at in each month, he shall, if required, explain the reason of the falling off to the Collector.

* Counterpart of this will be signed by the license-holder and deposited in the Collector's office.

XI.—That he shall keep up daily an account in this form, showing the receipts and deliveries of opium at his shop each day, and the balance in store:—

Date.	Quantity of opium in store from yesterday.	Quantity of opium received this day, and whence received.	Total quantity to be accounted for.	Quantity sold this day.	Quantity left in store.

XII.—That he shall at once produce his license and accounts for inspection, on the demand of any officer of any of the Departments of Excise, Police, Customs, Salt, Opium, or Revenue, superior in rank to a peon or constable, empowered under section 14 of the Opium Act; and that he shall not prevent any such officer, of whatever rank, from entering his shop at any hour of the day or night.

XIII.—That if the holder of this license does not intend to renew it on the expiry of the period for which it is granted, he shall give notice to the Collector that he contemplates its surrender at least 15 days before the expiry of the period for which it is granted, *i.e.*, before the day of 18 .

If such notice be not given, or if this license be not recalled by the Collector under the authority reserved to him in clause XIV, this license, and any counterpart engagement for the due observance of these conditions that the license-holder may have entered into, shall remain in force, as if this license and the engagement were formally renewed for a further term of one year, viz. to the day of 18

XIV.—This license may be recalled by the Collector—

(*a*) for default of punctual payment of the fee stipulated to be paid in clause I;
(*b*) for violation of any of the conditions specified in this license;
(*c*) if the holder of this license be convicted of breach of the peace or of any other criminal offence during the currency of this license.

Should the license be recalled for any of these causes, the license-holder will have no claim to any compensation whatever, or to any refund of any fee, or instalment of fee, already paid. But it shall be in the discretion of the Collector to make such compensation or refund, should he consider it necessary or advisable to do so.

Should the Collector desire to recall this license before the expiry of the period for which it has been granted for any cause other than those above specified, (*a*), (*b*), and (*c*), he shall give 15 days' previous notice, and remit a sum equal to the fee for 15 days, or, if notice be not given, shall make such further compensation, in default of notice, as the Commissioner may direct.

XV.—This license may be surrendered by the license-holder on his giving one month's notice to the Collector, and paying such fine, not exceeding the amount of the duty for six months, or the loss caused to Government by the failure to carry out any condition imposed, as the Collector may adjudge.

Should the Collector be satisfied that the reason for resigning the license is adequate, he may, with the sanction of the Commissioner, remit the fine.

XVI.—On the infringement of any of the above articles, or of any of the conditions imposed by the Opium Act, 1878, or by the rules made thereunder, this license, and any other license or licenses that the holder may have obtained for the sale of opium or for the manufacture or sale of madak or chandu, shall be forfeited.

I.—That he shall pay to Government a monthly fee of

II.—That he shall purchase all the opium he may use in the manufacture of madak (or chandu, &c., as the case may be) direct from the Collector's office and not from any opium vendor.

III.—That he shall sell madak (or chandu) only in the shop for which this license is granted, and that he shall not sell madak (or chandu) in any other place.

IV.—That, except to a medical practitioner duly licensed, he shall not sell more than five tolas weight of madak (or chandu) to one person at one time.

V.—That he shall not receive any wearing apparel, and other goods, in barter for the drug.

* Counterpart of this will be signed by the license-holder and deposited in the Collector's office.

VI.—That he shall not open his shop, or make sales therein, before sunrise; that he shall not keep it open, or make sales therein, after ; and that he shall not harbour any suspected person therein.

VII.—That he shall not permit persons of notoriously bad character to resort to his shop; that he shall prevent gaming and disorderly conduct therein; and that he shall give information to the nearest Magistrate or police officer of any suspected person who may resort to his shop.

VIII.—That he shall have constantly fixed up, at the entrance of his shop, a signboard bearing the following inscription, in the vernacular language of the country:—

(*Name of vendor.*)

"Licensed vendor of madak (or chandu)."

IX.—That he shall keep up daily the following accounts, showing the receipts of opium in his shop, the quantity used in the manufacture of madak (or chandu), and the balance remaining in store at the end of the day:—

I.—OPIUM.

Date.	Quantity of opium remaining in store yesterday.	Quantity received to-day, and whence received.	Total quantity of opium to be accounted for. M. S. C.	Opium used in the preparation of madak (or chandu). M. S. C.	Quantity remaining in store.
1	2	3	4	5	6

II.—MADAK OR CHANDU.

Date.	Quantity remaining in store yesterday.	Quantity manufactured out of opium to-day.	Total quantity of madak or chandu to be accounted for.	Madak or chandu sold to-day. M. S. C.	Quantity remaining in store this day.
1	2	3	4	5	6

X.—That he shall at once produce his license and accounts for inspection on the demand of any officer of any of the Departments of Excise, Police, Customs, Salt, Opium, or Revenue, superior in rank to a peon or constable, empowered under section 14 of the Opium Act; and that he shall not prevent any such officer, of whatever rank, from entering his shop at any hour of the day or night.

XI.—That if the holder of this license does not intend to renew it on the expiry of the period for which it is granted, he shall give notice to the Collector that he contemplates its surrender at least 15 days before the expiry of the term for which it is granted, *i.e.* before the day of 18 .

If such notice be not given, or if this license be not recalled by the Collector under the authority reserved to him in clause XII, this license, and any counterpart engagement for the due observance of these conditions that the license-holder may have entered into, shall remain in force; as if this license and the engagement were formally renewed for a further term of one year, viz. to the day of 18 .

XII.—This license may be recalled by the Collector—

(*a*) for default of punctual payment of the fee stipulated to be paid in clause I;
(*b*) for violation of any of the conditions specified in this license;
(*c*) if the holder of this license be convicted of breach of the peace, or of any other criminal offence during the currency of this license.

Should the license be recalled for any of these causes, the license-holder will have no claim to any compensation whatever, or to any refund of any fee, or instalment of fee, already paid. But it shall be in the discretion of the Collector to make such compensation or refund, should he consider it necessary or advisable to do so.

Should the Collector desire to recall this license before the expiry of the period for which it has been granted for any cause other than those above specified (*a*), (*b*), and (*c*), he shall give 15 days previous notice, and remit a sum equal to the fee for 15 days, or if notice be not given, shall make such further compensation, in default of notice, as the Commissioner may direct.

XIII.—This license may be surrendered by the license-holder on his giving one month's previous notice to the Collector, and paying such fine not exceeding the amount of the duty for six months, or the loss caused to Government by the failure to carry out any condition imposed, as the Collector may adjudge.

Should the Collector be satisfied that the reason for resigning the license is adequate, he may, with the sanction of the Commissioner, remit the fine.

XIV.—On the infringement of any of the above articles, or any of the conditions imposed by the Opium Act, 1878, or by the rules made thereunder, this license and any other

license or licenses that the holder may have obtained for the sale of opium, or for the manufacture or sale of madak or chandu, shall be forfeited.

IV.—License for the Retail Sale of Opium, Madak or Chandu granted by a farmer.

District
No. in Register
Name of vendor
Localityof shop

Be it known that resident of pargana district of , is authorized by the farmer of , to open a shop for the retail sale of opium, madak (or chandu, as the case may be), at , from the date of this license to the 18 , on the following conditions:—

I.—That he shall pay to the farmer a monthly fee of

II.—That he shall purchase all the opium he may sell or use in the manufacture of madak (or chandu, as the case may be) direct from the farmer, and not from any opium-vendor.

III.—That he shall sell opium madak (or chandu) only in the shop for which this license is granted.

IV.—That he shall not sell more than five tolas weight of opium madak (or chandu) to one person at one time, except to a licensed vendor or medical practitioner, holding a special license from the Collector.

VI.—That he shall not receive any wearing apparel, or other goods, in barter for the drug.

VII.—That he shall not open his shop, or make sales therein, before sunrise; that he shall not keep it open, or effect sales therein, after ; and that he shall not harbour any suspected person therein.

VIII.—That he shall not permit persons of notoriously bad character to resort to his shop; that he shall prevent gaming and disorderly conduct therein; and that he shall give information to the nearest Magistrate or police officer of any suspected person who may resort to his shop.

IX.—That he shall have constantly fixed up, at the entrance of his shop, a signboard bearing the following inscription in t vernacular language of the country:—

ime of vendor.)

"Licensed-vendor of madak (or chandu)."

X.—That he shall keep up daily the following account, showing the receipts of opium in his shop, the quantity used in the manufacture of
and the balance remaining in store at the end of the day:—

I.—OPIUM.

Date.	Quantity of opium remaining in store yesterday.	Quantity received to-day, and whence received.	Total quantity of opium to be accounted for. M. S. C.	Opium sold this day or used in the preparation of madak (or chandu). M. S. C.	Quantity remaining in store.
1	2	3	4	5	6

II.—MADAK OR CHANDU

Date.	Quantity remaining in store yesterday.	Quantity manufactured out of opium to-day.	Total quantity of madak or chandu to be accounted for.	Madak or chandu sold to-day. M S. C.	Quantity remaining in store this day.
1	2	3	4	5	6

XI.—That he shall at once produce his license and accounts for inspection, on the demand of any officer of any of the Departments of Excise, Police, Customs, Salt, Opium, or Revenue superior in rank to a peon or constable, empowered under section 14 of the Opium Act: and that he shall not prevent any such officer, of whatever rank, from entering his shop at any hour of the day or night.

XII.—This license may be recalled by the farmer—

(*a*) for default of punctual payment of the fee stipulated to be paid in clause I; and by the farmer or Collector—

(*b*) for violation of any of the conditions specified in this license;

(*c*) if the holder of this license be convicted of breach of the peace, or of any other criminal offence during the currency of this license.

XIII.—On the infringement of any of the above articles, or of any of the conditions imposed by the Opium Act, 1878, or by the rules made thereunder, this license and any other license or licenses that the holder may have taken out for the sale of opium, or for the manufacture or sale of madak or chandu, shall be forfeited.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 6th May 1879.—In supersession of the notification published at page 401, Part I of the *Calcutta Gazette* of 30th April 1879, it is hereby notified for general information that, under the provisions of clause C, section 11, Act VIII of 1878, the space on the east bank of the river Hooghly, lying between jetty No. 8 on the north and Chandpal Ghât on the south, is appointed the wharf for landing all goods discharged from vessels not lying at the jetties, which the Collector of Customs may require to be taken to the Custom House.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 6th May 1879.—In supersession of the notification published in the *Calcutta Gazette* of the 15th January 1879, the Lieutenant-Governor is pleased to direct that the following revised scale of diet for emigrants while in transit to the tea districts on board steamer shall be adopted as an experimental measure :—

	Scale.	Per diem. Chittacks.
Maize or atta may be substituted for any portion of the rice for flour-eaters	Rice	... 10
Meat or fish two chittacks twice a week in lieu of one chittack of dâl *for dhangurs only* ...	Dâl	... 2
In the proportion of half yams and half potatoes, and, when obtainable at the stations, sâg or some such vegetables may be substituted for a portion of the yams or potatoes	Vegetables	... 3

NOTICE.

The 23rd April 1879.—It is hereby notified for general information, in accordance with paragraph 2, Section 34, Act V (B.C.) of 1876, that the Lieutenant-Governor of Bengal intends to vest in the Commissioners of the Revelgunge Municipality the charitable dispensary situated within the Municipality, the said dispensary, not being private property, nor the property of any religious institution or society.

D. BARBOUR,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 29th April 1879.—It is hereby notified that, under the authority vested in him by Section 3, Act IV (B.C.) of 1865 (an Act for the prohibition of the practice of inoculation), the Lieutenant-Governor extends the provisions of the said Act to the sub-division of Bagdogra in the district of Rungpore.

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 2nd May 1879.—The following extract from paragraph 14 of the Rules for the conduct of the Legislative business of the Council of the Governor-General is republished for general information:—

PARA. 14. "Communications on matters connected with any Bill before the Council may be addressed either in the form of a petition to the Governor-General in Council, or in a letter to the Secretary, and must in either case be sent to the Secretary. Ordinarily, such communications will not be answered.

"Except in the case of the High Court at Fort William, such communications from courts, officials, or public bodies shall ordinarily be sent through the local Government."

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 1st May 1879.—It is hereby notified that, under the powers vested in him by Section 3 of Regulation I of 1872, the Lieutenant-Governor directs that the Indian Arms Act (XI of 1878) shall have force and effect in the whole of the Sonthal Pergunnahs.

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 3rd May 1879.—With the view of affording facilities for registering receipts for compensation money, the Lieutenant-Governor, under the provisions of section 7 of the Indian Registration Act III of 1877, appoints Mr. A. H. Warde-Jones, Land Acquisition Officer, Sone Canals, to be a Joint Sub-Registrar having concurrent jurisdiction with all the Sub-Registrars in the district of Shahabad, with the Sub-Registrars of Nowbatpore and Dinapore in the district of Patna, and with the Sub-Registrars of Aurungabad and of Jehanabad in Gya, so far as thana Arwal is concerned. For the purposes of the Indian Registration Act and rules, the Sub-Registrar now appointed will be subordinate to the Registrars of Shahabad, Patna, and Gya, so far as the registration of receipts for compensation money is concerned.

This notification will take effect from the date of its publication.

COLMAN MACAULAY,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

DECLARATION.

The 7th May 1879.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense, viz. for establishing an outpost at Parsuramhaut under the jurisdiction of the Chagalnya Police Station in the district of Noakholly, it is hereby declared that for the above purpose a piece of land measuring three beeghas ten kottas and fifteen chittacks (3bghs. 10kh. 15chs.), more or less, in mouzah Kolapara, is required. It is bounded on the north by Moraging; on the south by the paddy fields of Bodyanath's tank; on the east by a footpath; and on the west by Parsuram Bazár.

This declaration is made, under the provisions of Section 6, Act X of 1870, to all whom it may concern.

HORACE A. COCKERELL,
Secy. to the Govt. of Bengal.

PUBLIC WORKS DEPARTMENT,—BENGAL.

No. 144.—*Notification.*—*Corrigendum.*—In notification No. 142, dated the 13th May 1879, published at page 472, Part I of the *Calcutta Gazette* of the 14th May 1879, *for* "Krishnaghur" *read* "Krishnanaghur."

H. C. LEVINGE,
Joint-Secy. to the Govt. of Bengal in the P. W. Dept., Irrign. Branch.

The 13th May 1879.

No. 141.—*Notification.*—The following draft rules, having reference to the Narainghur Distributary, referred to in this Department Notification No. 140, dated the 13th May 1879, are hereby published under the provision of Section 12 of the Canals Act of 1864 [No. V (B.C.)] :—

I.—Every vessel on entering the canal shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorized by Government to be charged on the canal.

II.—The tonnage of every vessel, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements :—

(*a*) The product of half the length of the vessel, from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(*c*)—In calculating the amount of toll to be levied on vessels exceeding 100 maunds tonnage, any fraction of 100 maunds less than 25 and not exceeding 50 maunds, is to be charged as 25 maunds only; exceeding 50 and not exceeding 75 maunds, to be charged as 50 maunds only; and exceeding 75 maunds,

as 75 maunds only. Above one thousand maunds no fraction of 100 maunds tonnage is to be charged. Toll will be charged on vessels under 100 maunds tonnage on the actual measurements of the vessels, omitting fractions of tens of maunds.

III.—Every vessel entering the above canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date the vessel entered the canal, the point to which it may proceed in the canal, the maundage of the vessel, the amount of toll charged, and the number of days for which the vessel may remain in the canal and the date of such last day. The number of days which the vessel may remain in the canal without additional payment shall be calculated at the rate of one day for every eight miles or portion of eight miles to be traversed.

IV.—Toll may be paid at the first station for the entire line of navigation.

V.—The tickets thus given may be demanded for inspection by any duly authorized canal officer, and must be on board and at hand for that purpose. The tickets should be delivered up at the last toll station.

VI.—Owners of vessels may compound, by the payment of a fixed sum, for the use of the whole or a portion of the above canal for any period that may be agreed upon not exceeding one year. Each vessel so compounded for shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded for, and the limits of the canals within which the vessel may pass: such ticket shall be kept on board the vessel and shall be produced when required under Rule V, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

VII.—Duplicates of lost tickets, of which the numbers and the dates of entry can be satisfactorily established, will be granted by the officer in charge of toll station on payment of a fee of one rupee.

VIII.—Vessels remaining in the canal for a period exceeding that allowed under Rule III, will pay a demurrage of 8 annas per 100 maunds per diem for each day or part of a day that they remain in excess.

IX.—No boats above 10 feet beam over all, and no rafts or floats of more than 10 feet width and 60 feet in length, will be allowed to enter the canal.

X.—It will not be compulsory for the lock to be opened to single vessels of less than 500 maunds burthen, except in the case of mail or despatch boats; but the lock shall be opened for the passage of boats at least twice a day.

XI.—Vessels must have their masts fitted so that they can let down with ease and speed, and when under sale, vessels must always keep in the middle of the canal: when being tracked vessels are, as far as practicable, to keep to their port or left side of the canal.

XII.—All vessels anchoring at night are to keep to their port or left bank of the canal.

XIII.—Only one vessel shall be allowed to make fast along, and in a line with the canal banks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a canal officer. No vessels shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation, and no bamboos or poles shall be allowed to be erected on vessels when at anchor. Any infringement of this rule will be punishable by a fine not exceeding Rs. 5 for each offence.

XIV.—Every vessel when put to shall be securely fastened, and shall at all times have some person in attendance on board of it. Any infringement of this rule will be punishable by a fine not exceeding Rs. 5 for each offence.

XV.—In every case of wreck or obstruction of the channel by sunken vessels, the canal officer may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the canal officer, this officer may undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act of 1864."

XVI.—If the canal officer be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boat seized under the Canals Act, he shall notify the seizure in the most public manner available.

XVII.—In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the canal officer may detain the vessel within the canal for a period not exceeding 24 hours, provided that within that period the canal officer shall lodge a complaint against such person in charge of the vessel before a Magistrate under Section 16 of the Canals Act.

XVIII.—The banks or berms of the canal shall not be used as wharves for the deposit of goods, under a penalty of Rs. 10 for each offence; but except in special cases, when the permission of the canal officer will be necessary, all articles shall be removed to the outer banks of the canal, and all such articles as shall not be finally removed from within the boundaries of the canal, within a period of six days after being so deposited, shall be liable to a charge of 4 annas per 100 maunds.

XIX.—The canal may be closed once a year for effecting the necessary repairs to it, on one month's notice of the intention so to close it; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim shall be made in such case by owners of vessels or others for compensation on account of detention.

XX.—All offences against the provisions of these rules shall be punishable as provided for in section 18 of the "Canals Act of 1864," and all fines imposed may be recovered in the manner mentioned in section 17 of the same Act.

XXI.—The term "Canal Officer" in the foregoing rules shall include the person alluded to in section 8 of the "Canals Act of 1864," and any other person who may be specially appointed to exercise such powers by the person appointed to collect the tolls.

Dated the 13th May 1879.

No. 142.—*Notification.*—With reference to Notification by this Department, No. 141, dated the 13th May 1879, it is hereby notified, under Section 6 of the "Canals Act, 1864," that it is intended to levy toll at the following rates, and at the Krishnaghur Lock on the Narainghur Distributary:—

Rs.	A.	P.	
0	12	0	per 100 maunds for loaded boats entering the canal.
0	4	0	per 100 bamboos.
0	2	0	per each timber.
0	0	6	per each passenger.

H. C. LEVINGE,
Joint-Secy. to the Govt. of Bengal in the P. W. Dept., Irrigation Branch.

RAILWAY.

Darjeeling, the 17th May 1879.

No. 39.—*Notification.*—With reference to Government of India, Public Works Department Notification No. 210 of 8th May 1879, the following officers reported their departure from the North-Eastern System of State Railways for Bombay on the dates specified against each:—

Mr. W. W. Shanks, Executive Engineer, Fourth Grade.	On the afternoon of the 20th April 1879.
Mr. R. F. Coppin, Assistant Engineer, Second Grade.	On the afternoon of the 25th April 1879.
Mr. J. W. Parry, Assistant Engineer, Second Grade.	On the forenoon of the 14th April 1879.
Mr. T. Concannon, Assistant Engineer, Third Grade.	On the forenoon of the 21st April 1879.

H. G. KUNHARDT, *Lieut.*, R.E.,
Offg. Assistant Secretary.

JAIL DEPARTMENT.

No. 4161, *dated the 14th May* 1879.—Surgeon-Major Robert Bird made over charge of the Patna Jail to Surgeon-Major B. Simpson in the forenoon of the 21st April 1879.

A. S. LETHBRIDGE,
Inspector-General of Jails, Bengal.

HIGH COURT NOTICES.

Circular Orders issued by authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 18, *dated the 26th April* 1879.

A question having been raised with reference to Circular Order No. 22, dated 8th June 1878, as to whether notices served on creditors mentioned in an application for insolvency under section 345 (*f*), Code of Civil Procedure (other than the decree-holder), should be charged for agreeably to Article 1, or separately for each creditor served under Article 7, of the rules of 6th February 1878, the Court are pleased to rule that the latter

practice is correct. Co-defendants in a suit are so frequently connected together and resident in one place that the rules take notice of the probability that in a large majority of cases service may be effected on several with little or no extra labor; but in the case of creditors of an insolvent debtor, no reason of the kind applies, and the fee should be charged for the notice served on each creditor.

No. 19, *dated the* 28*th April* 1879.

The following rules made by the Court with reference to the rules (copy of which is annexed for easy reference) made by His Honor the Lieutenant-Governor of Bengal, under the provisions of section 269 of the Code of Civil Procedure, are circulated for the information and guidance of the Civil Courts in the Lower Provinces of Bengal :—

RULES.

I.—When the officer who effects an attachment under section 269, Act X of 1877, believes that the property attached does not exceed twenty rupees in value, he shall inform the debtor, or, in his absence, any present adult member of his family, that it will be sold by public auction at once, without the issue of any proclamation under section 287. In case the decree-holder or the judgment-debtor, or any person on his behalf, objects to the adoption of the course, the attaching officer will convoke a punchayet of not less than three respectable adult male inhabitants of the neighbourhood, of whom ordinarily the headman of the village should be one, and will require them to assess the value of the property. If they determine that it exceeds Rs. 20 in value, he shall deal with it under the rules framed by the Lieutenant-Governor of Bengal, otherwise he shall forthwith proceed to sell it by auction after giving such reasonable notice as the circumstances of the case admit of to intending purchasers.

II.—At the time of making an application under section 230, Act X of 1877, for the attachment of moveable property in the possession of the judgment-debtor, the decree-holder shall pay into Court the costs of issuing the proclamation of sale under section 287 of the Act, unless the value of the property, the attachment of which is applied for, is alleged by him not to exceed Rs. 20 in value. In this case, should the value of the property as determined by the above rule be found to exceed Rs. 20, the Court shall require the decree-holder to pay the costs of the proclamation immediately on receipt of notice of attachment.

Rules for the maintenance and custody, while under attachment, of live-stock and other moveable property above the value of twenty rupees.

I.—The attaching officer shall give the debtor, or, in his absence, any present adult member of his family, the option of having the attached property kept on his premises, or in some other place in the village, on condition that a suitable place for its safe custody be provided by him.

II.—If no such suitable place be provided, the officer shall remove the property to the Court at the decree-holder's expense. In the event of the decree-holder failing to provide the necessary funds, the attachment shall be withdrawn.

III.—Whenever attached property is kept at the place where it is attached, the officer shall forthwith report the fact to the Court, and shall, with his report, forward an accurate list of the property seized, such that the Court may thereon at once issue the proclamation of sale prescribed by section 287.

IV.—If the debtor shall give his consent in writing to the sale of the property without awaiting the expiry of the term prescribed in section 290, the officer shall receive the same and forward it without delay to the Court for its orders.

V.—When property is removed to the Court, it shall be kept by the Nazir on his own sole responsibility in such place as may be approved by the Court. If the property cannot, from its nature or bulk, be conveniently kept in the Court premises, or in the personal custody of the Nazir, he may, subject to approval by the Court, make such arrangements for its safe custody under his own supervision as may be most convenient and economical, and the Court may fix the remuneration to be allowed to the persons, not being officers of the Court, in whose custody the property is kept.

VI.—When property remains at the place where it is attached in the custody of the attaching officer, and any person other than the judgment-debtor shall claim the same, or any part of it, the officer shall nevertheless, unless the decree-holder desire to withdraw the attachment of the property so claimed, remain in possession, and shall direct the claimant to prefer his claim to the Court.

VII.—If the decree-holder shall withdraw an attachment, or if it shall be withdrawn under Rule II or Rule IX, the attaching officer shall inform the debtor, or, in his absence, an adult member of his family, that the property is at his disposal.

In the absence of any person to take charge of it, or in case the officer shall have had notice of claim by a person other than the judgment-debtor, the officer shall, if the property has been moved from the premises in which it was seized, replace it where it was found at the time of seizure.

VIII.—Whenever live-stock is kept at the place where it has been attached, the judgment-debtor shall be at liberty to undertake the due feeding and tending of it under the supervision of the attaching officer; but the latter shall, if required by the decree-holder, and on his paying for the same at a rate to be fixed by the District Judge, and subject to the orders of the Court under whose orders the attachment is made, engage the services of as many persons as may be necessary for the safe custody of it.

IX.—In the event of the judgment-debtor failing to feed attached live-stock, the officer shall call upon the decree-holder either to pay for feeding it on the spot, or for the expenses attending its removal to the Court. If the decree-holder shall fail to provide for either, the officer shall report the matter to the Court without delay.

X.—When attached live-stock is brought to Court, the Nazir shall be responsible for the safe custody and proper feeding of it so long as the attachment continues.

XI.—If there be a Government pound in or near the place where the Court is held, the Nazir shall be at liberty to place in it such attached live-stock as can be properly there kept, in which case the pound-keeper will be responsible for the property to the Nazir, and shall receive the same rates for accommodation and maintenance thereof as are paid in respect of impounded cattle of the same description.

XII.—If there be no pound available, or if, in the opinion of the Court, it be inconvenient to lodge the attached live-stock in the pound, the Nazir may keep it in his own premises, or he may entrust it to any person selected by himself and approved by the Court. The Nazir will in all cases remain responsible for the custody of the property.

XIII.—Each Court shall from time to time fix the rates to be allowed for the custody and maintenance of the various descriptions of live-stock with reference to seasons and local circumstances. The District Judge may make any alteration he deems fit in the rates prescribed by Courts subordinate to him. Where there are two or more Courts in the same place, the rates shall be the same for each Court.

XIV.—The officer deputed to attach moveable property should be furnished with a certificate stating the period for which the Court-fee required under Rule I, Article 4, Parts II, III, IV of the Court-fee Rules has been paid, and he shall give notice thereof to the judgment-debtor or other person at whose instance he remains in possession at the place of attachment, and if such person shall desire that the property shall remain at that place for a longer period, he shall be bound to pay into Court in advance the further fee as required by Rule IV.

CIVIL AND CRIMINAL.

No. 20, dated the 30th April 1879.

When in the course of proceedings in a Civil or Criminal Court it becomes necessary to refer to the contents of records deposited in other Courts, the ordinary procedure, as pointed out in Circular Order No. 15, dated 16th December 1875, is to require copies of the necessary papers to be filed. This is the proper course also in cases to which section 326, Act X of 1872, applies.

2. It frequently happens, however, that in the course of a criminal trial the production of an original record becomes necessary. In such cases the Court where the record is deposited shall comply with the requisition of the Court requiring its production. Sessions Judges and Magistrates making such requisitions, however, are required to state in their requisitions that the production of the original is necessary, and the reason of the necessity.

3. If the Court receiving the requisition is of opinion that the reason given for requiring the production of an original record instead of a copy is insufficient, it should nevertheless comply with it, reporting the matter for the consideration of the High Court.

Sheriff's Office, the 23rd April 1879.

NOTICE is hereby given that the Fifth Criminal Sessions of the year 1879 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Monday, the Twenty-sixth day of May next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be then and there to prosecute. E. D. J. EZRA, *Sheriff.*

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 567B.

NOTICE is hereby given that the Sixth Sale of Opium, the provision of 1876-77, will be held at the Government Opium Sale-Room, No. 2, Bankshall Street, on Monday, the 2nd June 1879, at 11 A.M., and will comprise 5,000 chests, viz.—

	Chests.
Behar Opium	2,500
Benares „	2,500
Total ...	5,000

2. The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the Notification issued on the 21st November 1878, and published in the *Government* and *Exchange Gazettes*, or on personal application at the office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 7th and 17th June 1879 respectively, that is to say, no Bank of Bengal receipts, Government promissory notes, or other public securities that may be tendered for deposit in redemption of promissory notes given by purchasers in the sale-room will be received after 4 P.M. of Saturday, the 7th June 1879, and no Bank of Bengal receipts in full payment of lots will be accepted after 4 P.M. of Tuesday, the 17th June 1879.

4. In addition to the quantity above advertised for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates, should circumstances render it expedient to do so :—

DATES.	Behar, about Chests.	Benares, about Chests.	Total, about Chests.
On or about Wednesday, 2nd July 1879 ...	2,500	2,500	5,000
On or about Tuesday, 5th August „ ...	2,500	2,500	5,000
On or about Monday, 1st September „ ...	2,500	2,500	5,000
On or about Tuesday, 30th „ „ ...	2,500	2,500	5,000
On or about Monday, 3rd November „ ...	2,500	2,500	5,000
On or about Wednesday, 3rd December „ ...	2,500	2,500	5,000
Total ...	15,000	15,000	30,000

By order of the Board of Revenue, L. P.,
W. H. GRIMLEY, *Secretary.*

BOARD OF REVENUE, L. P., FORT WILLIAM, the 29th April 1879.

No. 614B.

SEALED tenders are hereby invited for the supply of 900 maunds of coal pitch required for the opium chests of the Behar Agency of the season 1878-79.

2. Tenders will be received in the office of the Secretary to the Board of Revenue, Lower Provinces, up to noon of the 26th instant.

3. All particulars as to time and place of delivery, as well as to quantity, description, and quality of the article can be obtained on personal application at the Board's Office.

4. The person or persons whose tender may be accepted will be required to enter into an engagement, and, as security for its fulfilment, to deposit with the Board such amount as may be demanded.

5. The Board reserve to themselves the right of rejecting any tender without assigning any reason for doing so.

By order of the Board of Revenue, L. P.,

COLMAN MACAULAY,
Secy. to the Board of Revenue, L. P.

FORT WILLIAM, *the 8th May* 1879.

No. 554B.

SALT.
Hon'ble C. T. Buckland.

THE following notice, issued by the Board on the 5th November 1878, is published for general information.

By order of the Board of Revenue, L. P.,
W. H. GRIMLEY, *Secretary.*

FORT WILLIAM, the 26th April 1879.

Notice No. 1389B.

SALT merchants are informed that the salt chowki establishment which was entertained at Bhuddressur, zillah Hughli, for issuing special passes for salt brought back into the limits fixed under Section 12 of Act VII of 1864, has been abolished, and that, in future, they should apply at the office of the Board of Revenue for special rowannahs whenever they wish to re-transport salt into chowki limits.

By order, &c.,
W. H. GRIMLEY, *Secretary.*

NOTIFICATION.

The 17th May 1879.—In future Preventive Officers posted to salt-laden vessels will be charged for in accordance with section 71 of the Sea Customs Act of 1878.

Two officers will, as a rule, be employed on board these ships, but the Superintendent of the Preventive Service may permit the withdrawal of one if all entrances to the hold can be effectually secured.

An officer will not be withdrawn unless work is stopped for three or more days.

When only one officer is retained on board, the Master must give one day's notice before resuming work, in order that a second officer may be posted to the ship in time.

By order of the Board of Revenue. L. P.,

J. D. MACLEAN, *Collector of Customs.*

The following order, issued by the Government of India in the Foreign Department, is republished for general information :—

Simla, the 6th May 1879.

No. 1348*E.-P.*—The following extract from the *London Gazette*, dated 28th February 1879, is published for general information :—

At the Court at Windsor, the 22nd day of February 1879.

PRESENT :

The Queen's Most Excellent Majesty in Council.

WHEREAS by the Extradition Acts of 1870 and 1873, it was amongst other things enacted that where an arrangement has been made with any foreign State wth respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient:

And whereas a Treaty was concluded on the thirty-first day of March, one thousand eight hundred and seventy-four, between Her Majesty and the Swiss Confederation for the Mutual Extradition of Fugitive Criminals, which Treaty is in the terms following :—

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland, and the Swiss Confederation, having judged it expedient, with a view to the better administration of justice and to the prevention of crime within their respective territories and jurisdictions, that persons charged with, or convicted of, the crimes hereinafter enumerated, and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, have named as their plenipotentiaries to conclude a Treaty for this purpose, that is to say :

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Alfred Guthrie Graham Bonar, Esquire, Her Envoy Extraordinary and Minister Plenipotentiary to the Swiss Confederation;

NACHDEM Ihre Majestät die Königin des Vereinigten Königreichs von Grossbritannien und Irland, und die Schweizerische Eidgenossenschaft, behufs besserer Verwaltung der Rechtspflege und zur Verhütung von Verbrechen innerhalb der beiden Gebiete und Gerichtsbarkeiten es für zwekmässig befunden haben, dass Personen, welche der in diesem Vertrage aufgeführten strafbaren Handlungen beschuldigt oder wegen solcher verurtheilt und vor der Justiz flüchtig geworden sind, unter bestimmten Umständen gegenseitig ausgeliefert werden sollen; so haben sie behufs Abschliessung eines desfallsigen Vertrages zu Ihren Bevollmächtigten ernannt und zwar:

Ihre Majestät die Königin des Vereinigten Königreichs von Grossbritannien und Irland Alfred Guthrie Graham Bonar, Esquire, Ihren ausserordentlichen Gesandten und Bevollmächtigten Minister bei der Schweizerischen Eidgenossenschaft;

And the Federal Council of the Swiss Confederation, Joseph Martin Knüsel, Member of the Swiss Federal Council;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:—

ARTICLE I.

The High Contracting Parties engage to deliver up to each other those persons who, being accused or convicted of a crime committed in the territory of the one party, shall be found within the territory of the other party under the circumstances and conditions stated in the present Treaty.

ARTICLE II.

The crimes for which the extradition is to be granted are the following:—

(1.) Murder (including infanticide) and attempt to murder.

(2.) Manslaughter.

(3.) Counterfeiting or altering money, uttering or bringing into circulation counterfeit or altered money.

(4.) Forgery, or counterfeiting or altering, or uttering what is forged, or counterfeited, or altered; comprehending the crimes designated in the Penal Codes of either State as counterfeiting or falsification of paper money, banknotes or other securities, forgery or other falsification of other public or private documents, likewise the uttering or bringing into circulation, or wilfully using such counterfeited, forged, or falsified papers.

(5.) Embezzlement or larceny.

(6.) Obtaining money or goods by false pretences.

(7.) Crimes against bankruptcy law.

(8.) Fraud committed by a bailee, banker, agent, factor, trustee, or director or member or public officer of any company made criminal by any law for the time being in force.

(9.) Rape.

(10.) Abduction of minors.

(11.) Child-stealing or kidnapping.

(12.) False imprisonment.

(13.) Burglary, or housebreaking, with criminal intent.

(14.) Arson.

(15.) Robbery with violence.

(16.) Threats by letter or otherwise with intent to extort.

(17.) Perjury or subornation of perjury.

(18.) Malicious injury to property, if the offence be indictable.

The extradition is also to take place for participation in any of the aforesaid crimes, as an accessory before or after the fact.

Und der Bundesrath der Schweizerischen Eidgenossenschaft Joseph Martin Knüsel, Mitglied des Schweizerischen Bundesrathes;

Welche, nachdem sie sich gegenseitig ihre Vollmachten mitgetheilt und dieselben in guter und gehöriger Form befunden, die folgenden Artikel vereinbart und abgeschlossen haben:—

ARTIKEL I.

Die hohen vertragenden Theile verpflichten sich einander diejenigen Personen auszuliefern, welche wegen einer, auf dem Gebiete des einen Theils begangenen strafbaren Handlung beschuldigt oder verurtheilt sind und in dem Gebiete des andern Theiles aufgefunden werden, sofern die in dem gegenwärtigen Vertrage angegebenen Fälle und Voraussezungen vorhanden sind.

ARTIKEL II.

Die strafbaren Handlungen, wegen deren die Auslieferung zu gewähren ist, sind folgende:—

(1.) Mord, mit Inbegriff des Kindsmordes, und Mordsversuch.

(2.) Todtschlag.

(3.) Nachmachen oder Verfälschen von Metallgeld, Verausgabung oder Inumlaufsezen nachgemachten oder verfälschten Metallgeldes.

(4.) Fälschung, Nachmachen oder Verändern, sowie die Verausgabung dessen, was nachgemacht, gefälscht oder verändert ist, inbegriffen die Verbrechen welche in den Strafgeseczen des einen oder andern Staates als Nachmachen oder Verfälschen von Papiergeld, Banknoten oder andern Werthschriften enthalten sind; ferner die Fälschung oder Verfälschung anderer öffentlicher oder Privat-Urkunden, sowie die Verausgabung, das Inverkehrbringen oder der wissentliche Gebrauch solcher nachgemachter, gefälschter oder verfälschter Papiere.

(5.) Diebstahl und Unterschlagung.

(6.) Betrug, resp. Erlangung von Geld oder andern Sachen durch falsche Vorspiegelungren.

(7.) Betrüglicher Bankrott, resp. Verbrechen gegen das Gesez betreffend Bankrott.

(8.) Untreue Seitens eines Verwalters Beauftragten, Banquiers, Agenten, Prokuristen, Vormundes oder Kurators, Vorstandes, Mitgliedes oder Beamten irgend einer Gesellschaft, soweit dieselbe nach den bestehenden Geseczen mit Strafe bedroht ist.

(9.) Nothzucht.

(10.) Entführung von Minderjährigen.

(11.) Menschenraub.

(12.) Rechtswidriges Gefangenhalten.

(13.) Einbrechen oder Einsteigen in ein Wohnhaus in verbrecherischer Absicht.

(14.) Vorsäzliche Brandstiftung.

(15.) Raub unter Anwendung von Gewalt.

(16.) Drohungen mittels Brief oder auf andere Weise, mit der Absicht, zu erpessen.

(17.) Meineid und die Verleitung zum Meineid.

(18.) Böswillige Eigenthumsbeschädigung, insofern sie kriminalrechtliche Verfolgung begründet.

Die Auslieferung findet auch statt wegen Theilnahme an einer der vorbezeichneten strafbaren Handlungen, mag die Theilnahme vor oder nach der Verübung stattfinden.

ARTICLE III.

No Swiss shall be delivered up by Switzerland to the Government of the United Kingdom; and no subject of the United Kingdom shall be delivered up by the Government thereof to Switzerland.

ARTICLE IV.

The extradition shall not take place if the person claimed on the part of the Government of the United Kingdom, or the person claimed on the part of the Swiss Government, has already been tried and discharged or punished, or is still under trial, in one of the Swiss Cantons or in the United Kingdom respectively, for the crime for which his extradition is demanded.

If the person claimed on the part of the Government of the United Kingdom, or if the person claimed on the part of the Swiss Government, should be under examination, or have been condemned for any other crime, in one of the Swiss Cantons or in the United Kingdom respectively, his extradition may be deferred until he shall have been set at liberty in due course of law.

In case such individual should be proceeded against or detained in the country in which he has taken refuge, on account of obligations contracted towards private individuals, his extradition shall, nevertheless, take place; the injured party retaining his right to prosecute his claims before the competent authority.

ARTICLE V.

The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applied to.

ARTICLE VI.

If the individual claimed by one of the two Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes committed upon their respective territories, his surrender shall be granted to that State whose demand is earliest in date; unless any other arrangement should be made between the Governments which have claimed him, either on account of the gravity of the crimes committed, or for any other reason.

ARTICLE VII.

A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or is connected with a crime of that nature, or if he prove that the requisition for his surrender has, in fact, been made with a view to try and punish him for an offence of a political character.

ARTIKEL III.

Kein Schweizer wird von Seiten der Schweiz an die Regierung des Vereinigten Königreiches und von Seiten dieser kein englischer Unterthan an die Schweiz ausgeliefert werden.

ARTIKEL IV.

Die Auslieferung soll nicht stattfinden, wenn die von der Schweizerischen Regierung verfolgte Person im Vereinigten Königreich, oder die Seitens der Regierung des Vereinigten Königreiches verfolgte Person in einem Kanton der Schweiz wegen derselben strafbaren Handlung, wegen deren die Auslieferung nachgesucht wird, in Untersuchung gewesen und ausser Verfolgung gesetzt worden, oder sich noch in Untersuchung befindet, oder bereits bestraft worden ist.

Wenn die von der Schweizerischen Regierung verfolgte Person im Vereinigten Königreich, oder wenn die Seitens der Regierung des Vereinigten Königreiches verfolgte Person in einem Kanton der Schweiz wegen einer andern strafbaren Handlung in Untersuchung liegt oder bestraft worden ist, so kann die Auslieferung verschoben werden, bis diese Person in gehörigen Rechtsgang in Freiheit gesetzt worden ist.

Wird ein solches Individuum wegen Verpflichtungen, die dasselbe mit Privatpersonen abgeschlossen hat, in jenem Lande, in welchem es Zuflucht genommen hat, gerichtlich verfolgt oder mit Personalarrest belegt, so soll dessen Auslieferung dennoch stattfinden, dabei aber der beschädigten Partei das Recht vorbehalten bleiben, ihre Aussprache vor der kompetenten Behörde geltend zu machen.

ARTIKEL V.

Die Auslieferung soll nicht stattfinden, wenn seit der begangenen strafbaren Handlung, oder der Einleitung der strafgerichtlichen Verfolgung, oder der erfolgten Verurtheilung nach den Gesetzen des ersuchten Staates Verjährung der strafgerichtlichen Verfolgung oder der erkannten Strafe eingetreten ist.

ARTIKEL VI.

Wird ein Individuum von einer der beiden Vertragsparteien auf Grund des gegenwärtigen Vertrages zur Auslieferung reklamirt, zugleich aber auch dessen Auslieferung von einer oder mehrern andern Mächten wegen andern auf deren Gebieten begangenen Verbrechen verlangt, so ist dasjenige Gesuch im Vorgange zu bewilligen, welches das älteste im datum ist, es sei denn, das zwischen den Regierungen, die das betreffende Individuum reklamirt haben, entweder wegen der Wichtigkeit der begangenen Verbrechen oder aus andern Gründen ein anderes Abkommen getroffen würde.

ARTIKEL VII.

Ein flüchtiger Verbrecher soll nicht ausgeliefert werden, wenn die strafbare Handlung, wegen deren seine Auslieferung verlangt wird, einen politischen Charakter an sich trägt, oder mit einem derartigen Verbrechen zusammenhängt, oder wenn er nachweisen kann, dass der Antrag auf seine Auslieferung in Wirklichkeit mit der Absicht gestellt worden ist, ihn wegen eines Verbrechens oder Vergehens politischer Natur zu verfolgen oder zu bestrafen.

ARTICLE VIII.

A person surrendered can in no case be kept in prison, or be brought to trial in the State to which the surrender has been made, for any other crime, or on account of any other matters than those for which the extradition shall have taken place.

This stipulation does not apply to crimes committed after the extradition.

ARTICLE IX.

The requisition for extradition must always be made by the way of diplomacy, and to wit, in Switzerland by the British Minister to the President of the Confederation, and in the United Kingdom to the Secretary of State for Foreign Affairs by the Consul-General of Switzerland, who, for the purposes of this treaty, is hereby recognized by Her Majesty as a diplomatic Representative of Switzerland.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent Court of the State that makes the requisition for extradition.

A requisition for extradition cannot be founded on sentences passed *in contumaciam*.

ARTICLE X.

A fugitive criminal may, however, be apprehended under a warrant issued by any police magistrate, justice of the peace, or other competent authority, in either country, on such information or complaint, together with such evidence or after such judicial proceedings as would in the opinion of the officer issuing the warrant justify its issue, if the crime had been committed in that part of the dominions of the two Contracting Parties in which he exercises jurisdiction. Provided, however, that in the United Kingdom the accused shall in such case be sent as speedily as possible before a police magistrate in London. Such requisition may be made by means of the post or by telegraph.

The accused shall, however, be discharged if, within such reasonable time as, with reference to the circumstances of the case, the police magistrate may fix, the requisition shall not have been made according to the stipulations contained in Article IX.

ARTIKEL VIII.

Die ausgelieferte Person darf in dem Staate, an welchen die Auslieferung erfolgt ist, keinenfalls wegen einer andern strafbaren Handlung oder auf Grund anderer Thatsachen, als derjenigen, wegen deren die Auslieferung erfolgt ist, in Haft behalten oder zur Untersuchung gezogen werden.

Auf strafbare Handlungen, welche nach erfolgter Auslieferung verübt sind, findet diese Bestimmung keine Anwendung.

ARTIKEL IX.

Das Auslieferungsbegehren muss immer auf diplomatischem Wege gestellt werden und zwar in der Schweiz durch den Englischen Gesandten bei dem Bundespräsidenten und in Grossbritannien durch den Schweizerischen General-Konsul in London, welcher von Ihrer Majestät für die Zweke dieses Vertrages als diplomatischer Repräsentant der Schweiz anerkannt wird, bei dem Staatssekretär für die auswärtigen Angelegenheiten.

Mit dem Gesuche auf Auslieferung eines Beschuldigten müssen ein Verhaftsbefehl welcher von der zuständigen Behörde des die Auslieferung begehrenden Staates erlassen ist, und solche Beweise beigebracht werden, welche nach den Gesezen des Ortes, wo der Beschuldigte aufgefunden wird, dessen Verhaftung rechtfertigen würden, wenn die strafbare Handlung dort begangen wäre.

Betrifft das Auslieferungsbegehren eine bereits verurtheilte Person, so muss das Strafurtheil beigebracht werden, welches von dem zuständigen Gericht des die Auslieferung begehrenden Staates gegen den Verurtheilten erlassen worden ist.

Auf Strafurtheile, welche *in contumaciam* erlassen worden sind, kann das Auslieferungsgesuch nicht gegründet werden.

ARTIKEL X.

Indessen kann ein flüchtiger Verbrecher in beiden Ländern auch verhaftet werden auf Grund eines Verhaftsbefehles, der von einem Polizeimagistrat, Friedensrichter, oder von einer andern kompetenten Behörde auf eine solche Strafanzeige oder Klage und zugleich auf einen solchen Beweis oder nach einem solchen gerichtlichen Verfahren erlassen wird, dass nach der Ansicht des Beamten, welcher den Verhaftsbefehl erlässt, dessen Erlass gerechtfertigt wäre, wenn das Verbrechen in demjenigen Theile der Gebiete der Vertragsparteien begangen worden wäre, in welchem der Beamte Gerichtsbarkeit ausübt. Es wird indessen bedungen, dass in dem Vereinigten Königreiche in einem solchen Falle der Beklagte so schnell wie möglich vor einen Polizeimagistrat in London gesendet werden soll. Solche Requisitionen mögen vermittels der Post oder durch den Telegraphen gemacht werden.

Der Angeklagte soll indess des Verhaftes entlassen werden, wenn inner einer billigen Frist, die von dem Polizeimagistrat anzusezen ist und bei deren Fixirung die Verumständungen des einzelnen Falles zu berüksichtigen sind, das Begehren nicht in Gemässheit der in Artikel IX enthaltenen Bestimmungen gestellt worden ist.

ARTICLE XI.

The extradition shall not take place before the expiration of fifteen days from the apprehension, and then only if the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial in case the crime had been committed in the territory of the said State, or to prove that the prisoner is the identical person convicted by the Courts of the State which makes the requisition.

ARTICLE XII.

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the State applied to shall admit as entirely valid evidence the sworn depositions or statement of witnesses taken in the other State, or copies thereof, and likewise the warrants and sentences issued therein, provided such documents are signed or certified by a Judge, Magistrate, or Officer of such State, and are authenticated by the oath of some witness, or by being sealed with the official seal of a British Secretary of State, or of the Chancellor of the Swiss Confederation.

ARTICLE XIII.

If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, he shall be set at liberty.

ARTICLE XIV.

All articles seized, which were in the possession of the person to be surrendered at the time of his apprehension, shall, if the competent authority of State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

ARTICLE XV.

The Contracting Parties renounce any claim for the reimbursement of the expenses incurred by them in the arrest and maintenance of the person to be surrendered, and his conveyance to the frontiers of the State from which he is required; they reciprocally agree to bear such expenses themselves.

ARTICLE XVI.

The stipulations of the present Treaty shall be applicable to the Colonies and foreign Possessions of Her Britannic Majesty.

The requisition for the arrest and surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign Possessions shall be made through the Swiss Consul-General in London to the Secretary of State for Foreign Affairs, who shall proceed in conformity with the provisions of the present Treaty and the laws of the land.

Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British

ARTIKEL XI.

Die Auslieferung erfolgt nicht vor Ablauf von fünfzehn Tagen seit der Ergreifung und nur dann, wenn die Beweise für genügend befunden worden sind, um nach den Gesezen des ersuchten Staates entweder die Verweisung des Ergriffenen zur Hauptuntersuchung zu rechtfertigen, falls die strafbare Handlung im Gebiet dieses Staates begangen wäre, oder darzuthun, dass der Ergriffene mit der von den Gerichten des ersuchenden Staates verurtheilten Person identisch ist.

ARTIKEL XII.

Die Behörden des ersuchten Staates haben bei der Prüfung, welche ihnen nach den vorstehenden Bestimmungen obliegt, den beschworenen Depositionen und Zeugenaussagen, welche in dem andern Staate zu Protokoll genommen sind, desgleichen den Abschriften hievon und ebenso dem im andern Staate erlassenen Haftbefehlen und Urtheilen volle Beweiskraft beizulegen, vorausgesezt, dass diese Schriftstüke durch einen Richter, eine obrigkeitliche Person oder einen andern Beamten dieses Staates unterzeichnet oder bescheinigt und durch einen beeidigten Zeugen oder durch Beidrükung des Amtssiegels eines Englischen Staatsministers oder des Schweizerischen Bundeskkanzlers beglaubigt sind.

ARTIKEL XIII.

Wenn die zur Auslieferung genügenden Beweise nicht binnen zwei Monaten von dem Tage der Ergreifung des Flüchtigen an beigebracht werden, so ist der Ergriffene auf freien Fuss zu sezen.

ARTIKEL XIV.

Alle in Beschlag genommenen Gegenstande, welche sich zur Zeit der Verhaftung der auszuliefernden Person in deren Besiz waren, sollen, wenn die zuständige Behörde des um die Auslieferung ersuchten Staates die Ausantwortung derselben angeordnet hat, bei Vollzichung der Auslieferung mit übergeben werden, und diese Ueberlieferung soll sich nicht blos auf die entfremdeten Gegenstände, sondern auch auf Alles erstreken, was zum Beweis, der strafbaren Handlung dienen kann.

ARTIKEL XV.

Die vertragenden Theile verzichten darauf, die Erstattung derjenigen Kosten, welche ihnen aus der Festnahme und den Unterhalt des Auszuliferndenund seinem Transport bis zur Grenze des requirirten Staates erwachsen, in Anspruch Zu nehmen, willigen vielmehr gegenseitig darein diese Kosten selbst zu tragen.

ARTIKEL XVI.

Die Bestimmungen des gegenwärtigen Vertrages sollen auf die Kolonien und auswärtigen Besizungen Ihrer Grossbritannischen Majestät Anwendung finden.

Der Antrag auf Verhalftung und Auslieferung eines flüchtigen Verbrechers, welcher in einer dieser Kolonien oder auswärtigen Besizungen Zuflucht gefunden hat, soll durch den Schweizerischen General-Konsul in London bei dem Staatssekretär der auswärtigen Angelegenheiten gestellt werden, welcher nach Vorschrift dieses Vertrages und der bestehenden Geseze zu verfahren hat.

Ihrer Grossbritannischen Majestät soll es jedoch freistehen in den Britischen Kolonien und aus-

Colonies and foreign Possessions for the surrender of such individuals as shall have committed in Switzerland any of the crimes hereinafore mentioned, who may take refuge within such Colonies and foreign Possessions, on the basis as nearly as may be of the provisions of the present Treaty.

The requisition for the surrender of a fugitive criminal from any Colony or foreign Possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

ARTICLE XVII.

The present Treaty shall come into force ten days after its publication in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties, but shall remain in force for six months after notice has been given for its termination.

The Treaty shall be ratified, and the ratifications shall be exchanged at Berne in four weeks, or sooner if possible

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

Done at Berne, the thirty-first day of March, in the year of our Lord one thousand eight hundred and seventy-four.

(L.S.) A. G. G. BONAR.
(L.S.) J. M KNUSEL.

würtigen Besizungen über die Auslieferung solcher Individuen die in der Schweiz ein im Vertrag genanntes Verbrechen begangen haben, aber innerhalb dieser Kolonien und auswärtigen Besizungen Zuflucht gefunden haben, auf möglichst gleicher Grundlage mit den Bestimmungen des gegenwärtigen Vertrages besondere Anordnungen zu treffen.

Begehren betreffend die Auslieferung von Verbrechern, welche aus einer Kolonie oder auswärtigen Besizung Ihrer Gross Britannischen Majestät geflüchtet sind, sollen nach den Bestimmungen der vorstehenden Artikel des gegenwärtigen Vertrages behandelt werden.

ARTIKEL XVII.

Der gegenwärtige Vertrag soll zehn Tage nach seiner, in Gemässheit der durch die Gesezgebung der hohen vertragenden Theile vorgeschriebenen Formen erfolgten Veröffentlichung in Kraft treten. Der Vertrag kann von jedem der beiden hohen vertragenden Theile aufgekündet werden, bleibt jedoch nach erfolgter Aufkündung noch sechs Monate in Kraft.

Der Vertrag wird ratifizirt und die Ratifikationen werden nach vier Wochen, oder wo möglich früher, in Bern ausgewechselt werden.

Zu Urkund dessen haben die beiderseitigen Bevollmächtigten die gegenwärtige Uebereinkunft unterzeichnet und mit ihren Wappen untersiegelt.

So geschehen in Bern den einunddreissigsten März, Ein tausend acht hundert vier undsiebenzig.

(L.S.) A. G. G. BONAR.
(L.S.) J. M. KNUSEL.

And whereas a Protocol amending Article XVI of the aforesaid Treaty was signed by the Plenipotentiaries of Her Majesty and of the Swiss Confederation, on the twenty-eighth day of November, one thousand eight hundred and seventy-four, which Protocol is in the following terms:—

The Undersigned Plenipotentiaries of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland and the Federal Council of the Swiss Confederation, having met in Conference, have taken into their consideration the following subject:—

They have directed their attention to the fact that the second paragraph of the XVIth Article of the Treaty, which stipulates that the requisition for the arrest of a fugitive criminal who has taken refuge in any of the Colonies or foreign Possessions of Her Britannic Majesty, shall be made through the Swiss Consul-General in London to the Secretary of State for Foreign Affairs, was not in accordance with the law of England, and they have consequently resolved to declare that the second paragraph of that Article beginning

"The requisition for the arrest" and concluding with "and the laws of the land" shall be null and void, and in lieu thereof the following words shall be substituted:

"The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign Possessions shall be made to the Governor or to the Supreme Authority of such Colony or Possession through the Swiss Consul, or, in case there should be no Swiss Consul, through the Consular Agent of another State charged for the occasion with the Swiss interests in the Colony or Possession in question.

Die unterzeichneten Bevollmächtigten Ihrer Majestät der Königin des Vereinigten Königreichs von Grossbritannien und Irland, und des Bundesrathes der Schweizerischen Eidgenossenschaft, haben in einer Conferenz folgenden Gegenstand in Erwägung gezogen:—

Sie haben ihre Aufmerksamkeit auf die Thatsache gerichtet, dass der zweite Absaz von Artikel XVI des Vertrages, welcher Bestimmt, dass das Gesuch um Verhaftung eines flüchtigen Verbrechers, welcher sich nach einer der Colonion oder auswärtigen Besizungen Ihrer Grossbritannischen Majestät gewendet hat, durch den Schweizerischen General-Konsul in London an den Staatssekretär für die auswärtigen Angelegenheiten gerichtet werden soll, mit den Gesezen Englands nicht in Einklang steht. Sie sind daher übereingekommen zu erklären, dass der zweite Absaz besagten Artikels, also beginnend

"Der Antrag auf Verhaftung," und schliessend "der bestehenden Geseze zu verfahren hat" null und nichtig sein, und an Stelle desselben die nachfolgenden Worte eingeschaltet werden sollen:

"Der Antrage auf Auslieferung eines flüchtigen Verbrechers, welcher in einer dieser Colonien oder auswärtigen Besizungen Zuflucht gefunden hat, soll bei dem Gouverneur oder bei der höchsten Behörde der betreffenden Colonie oder Besizung durch den in derselben residirenden Schweizerischen Consul, oder in Ermangelung eines solchen, durch den Consularagenten eines andern Staates, welchem für diesen speciellen Fall die Wahrnehm-

"The Governor or Supreme Authority abovementioned shall decide with regard to such requisitions as nearly as possible in accordance with the provisions of the present Treaty. He will, however, be at liberty either to consent to the extradition, or report the case to his Government."

The other provisions of Article XVI remain in force as they have been agreed upon in the Treaty.

This Protocol shall be regarded and acted upon as forming part of the Treaty in question.

In witness whereof the undersigned have signed this Protocol, and have hereunto affixed their seals.

Done in duplicate at Berne, the twenty-eighth day of November, in the year of Grace, one thousand eight hundred and seventy-four.

The Plenipotentiary of Great Britain:

(L.S.) EDWIN CORBETT.

ung der Schweizerischen Interessen in der frag lichen Colonie oder Besizung anvertraut wird, gestellt werden.

"Der Gouverneur oder die höchste Behörde, welche oben erwähnt sind, sollen bezüglich solcher Auslieferungsbegehren möglichst conform mit den Bestimmungen des vorliegenden Vertrages entscheiden. Es steht ihnen indess frei, die Auslieferung zu bewilligen oder den Fall ihrer Regierung zum Entscheid zu überweisen."

Die andern Punkte von Artikel XVI bleiben in der im Vertrag vereinbarten in Form Kraft

Dieses Protokoll soll als integrirender Bestandtheil des Vertrages angesehen und beobachtet werden.

Zur Urkunde dessen haben die Unterfertigten dasselbe unterzeichnet und ihre Siegel beigesezt.

So geschehen in doppelter Ausfertigung in Bern, den achtundzwanzigsten Tag des Wintermonats im Jahre des Heils ein tausend acht hundert vier und seibenzig.

Der Bevollmächtigte der Schweiz:

(L.S.) J. M. KNUSEL.

And whereas the ratifications of the said Treaty and Protocol were exchanged at Berne on the thirty-first day of December, one thousand and eight hundred and seventy-four:

And whereas under and by virtue of the powers in and by the 17th Article of the said Treaty reserved and contained, the Swiss Confederation did on the twenty-second day of December, one thousand eight hundred and seventy-seven, give notice to Her Majesty's Government of the termination of the said Treaty, subject to the provisions in the said Article contained, that the same should remain in force for six months after notice should be given for its termination:

And whereas on the nineteenth day of June, one thousand eight hundred and seventy-eight, a Convention was entered into between Great Britain and Switzerland in the terms following:—

THE Swiss Federal Council having, by a note of the 22nd December 1877, denounced the Extradition Treaty of the 31st March 1874, which exists between the United Kingdom of Great Britain and Ireland and the Swiss Confederation, and a new Extradition Treaty not having as yet been concluded, the High Contracting Parties, being desirous of prolonging the duration of the Treaty now in force, have named as their Plenipotentiaries for this purpose:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Sir Horace Rumbold, Baronet, Her Majesty's Minister Resident to the Swiss Confederation: and

The Federal Council of the Swiss Confederation M. le Conseiller Fédéral Fridolin Anderwert, Chief of the Fédéral Department of Justice and Police;

Who, after having communicated to each other their full powers, found in good and due form, have concluded the following Convention:

The duration of the Treaty of the 31st March 1874, between the United Kingdom of Great Britain and Ireland and the Swiss Confederation, is prolonged for six months, to date from the 22nd June 1878.

Done at Berne, this nineteenth day of June, one thousand eight hundred and seventy-eight.

The Plenipotentiary of the United Kingdom of Great Britain and Ireland:

(Signed) HORACE RUMBOLD.

The Plenipotentiary of Switzerland:

(Signed) ANDERWERT.

LE Conseil Fédéral Suisse ayant dénoncé, par note du 22 Décembre 1877, le Traité d'Extradition du 31 Mars 1874, existant entre le Royaume-Uni de Grande-Bretagne et d'Irlande et la Confédération Suisse, et un nouveau Traité d'Extradition n'ayant pas encore été conclu, les Hautes Parties Contractants, désirant prolonger la durée du Traité actuellement encore en vigueur, ont nommé à cet effet pour leurs Plénipotentiaries:

Sa Majesté la Reine du Royaume-Uni de Grande-Bretagne et d'Irlande, Sir Horace Rumbold, Baronet, son Ministre-Résident près la Confédération Suisse: et

Le Conseil Fédéral de la Confédération Suisse, M. le Conseiller Fédéral Fridolin Anderwert, Chef du Département Fédéral de Justice et Police;

Lesquels, aprés s'être communiqué leurs pleins pouvoirs, trouvés en bonne et du forme, ont conclu la Convention suivante:

La durée du Traité d'Extradition du 31 Mars 1874, entre le Royaume-Uni de Grande-Bretagne et d'Irlande et la Confédération Suisse est prolongée de six mois à partir du 22 Juin 1878.

Ainsi fait à Bern, le dix neuf Juin, mil huit cent soixante dix huit.

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION.—No. 126.

The 15th May 1879.

UNDER section 89 of Act X (B.C.) of 1871, the following annual accounts and reports of the Road Cess Committees of Burdwan, Bankoora, Beerbhoom, Midnapore, and Hooghly with Howrah, of works done and in progress during the past cess year 1877-78, together with the remarks thereon of the Commissioner, Burdwan Division, are published for general information.

T. H. WICKES,
Offg. Asst. Secy. to the Govt. of Bengal in the P. W. Dept.

No. 124, dated Burdwan, the 22nd January 1879.

From—W. R. LARMINIE, Esq., Chairman, District Road Committee, Burdwan,

To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit the annual report and accounts of the District Road Fund operations of Burdwan for the year 1877-78, together with copies of the audit report and the Resolution of the meeting of the District Road Committee held on the 18th instant, which finally passed the accounts in accordance with the requirements of the Act.

2. *Working of the Road Cess system.*—The cess levied in this district was three-fourths the maximum rate. It appears from the Collector's report that the demand for the year under Parts II and III of the Act was Rs. 1,08,186, against Rs. 1,06,697 of the previous year, and the collection was Rs. 1,02,379, against Rs. 1,01,207 of the previous year. The following statement shows the particulars of the demands and collections on account of cess on land and mines:—

Demands.			Rs.
Outstanding balance of last year			6,775
Demand for the year on account of this district, including Rs. 6,634 due from other districts			1,08,186
Demand for the year on account of this district, including Rs. 6,634 due for other districts			46,634
	Total ...		1,61,595
	Deduct remission ...		620
	Net demand ...		1,60,975

Collections.	Rs.	Rs.	
Arrear collections	.....	5,442	
Collections of cess belonging to this district	96,270	... ..	
Collections of cess received from other districts	6,109	.....	
		1,02,379	
Collection of cess for other districts...	.....	46,223	
			1,54,044
Unrealized balance ...			6,931

It appears then that the percentage of collections was 96·3, *i. e.*, more than 95 per cent. of the demand as required by India Government letter No. 494, dated 7th July 1876. The arrear amounting to Rs. 6,931, including Rs. 1,568 of previous year, was owing to summary valuation of revenue-free estates under section 8 of the Act and joint undivided estates as was reported last year. The difficulty experienced in the collection of arrears of cess was noticed in the last annual report, but as, I believe, the law is being amended, it is unnecessary to dwell on the subject. I may mention here that the tehsildar appointed as an experiment from last year to realize the arrears from obstinate defaulters have succeeded in so doing.

3. *Amalgamation of Public Works and Road Cess.*—Orders to amalgamate the two cesses and to collect them jointly in the same chellan were received during the middle of the year. The work was satisfactorily done, though some difficulty was at first experienced by the establishment in adjusting the accounts of the two cesses.

4. *Cess on Houses.*—The total demand under this head was Rs. 2,965, against Rs. 6,258 of last year. The large decrease was due to the demand for the half-year ending 31st March 1878 only, as the collection of this cess was postponed by Government orders from 1st April last. Out of this demand Rs. 1,022 were collected. Of the total arrears, Rs. 2,385, including Rs. 923 of the previous year, Rs. 1,279 were realized during the year, leaving a balance of Rs. 1,106 at the close of the year. The greater part of this balance seems to be irrecoverable.

5. *Registers and Accounts.*—The registers, towjee books and accounts are reported to have been kept in good order.

6. *Remissions.*—It is reported by the Collector that "during" the year under review Rs. 620 were remitted with the sanction of the Divisional Commissioner on account of lands lying within municipal limits, and of double valuation, and also on account of petty revenue-free estates and house cess.

7. *Meetings and Committee.*—The personnel of the District Committee was composed of the following gentlemen for the first ten months of the year, *i.e.* from October 1877 to July 1878:—

Committee.	Number of meetings attended.	Number of meetings at which absent.	Total number of meetings held.
Ex-officio Members.			
Mr. Larminie, Chairman	5	.....	
„ Tobin, Vice-Chairman	3	2	
Executive Engineer, Member ...	2	3	
District Superintendent of Police, Member ...	3	2	
Official but not ex-officio Members.			
Mr. R. T. Sevestre	4	1	
Baboo Bogalanund Mookerjee	5	.....	
Non-official Members.			
Rajah Bissessur Maliah Bahadoor	2	3	5
Baboo Deno Bundhoo Nundy	.....	5	
„ Ram Lall Mookerjee	4	1	
„ Peary Mohun Banerjee	1	4	
„ Chuckun Lall Roy	.....	5	
„ Hit Lall Misser	1	4	
„ Mohendro Lall Gupta	.....	5	
„ Jogendro Nath Roy	1	4	
„ Kassi Putty Mookerjee	.....	5	
„ Chundi Lall Singh	2	3	
Moonshee Izzut Hossain	.....	5	

In consequence of the non-attendance of some of the members, and the expiry of the legal period of incumbency in the case of others, changes were made and the following list was finally sanctioned by Government:—

Committee.	Number of meetings attended.	Number of meetings at which absent.	Total number of meetings held.
Ex-officio.			
Magistrate, Chairman	3	.....	
Joint-Magistrate, Vice-Chairman	3	.....	
Executive Engineer, Member	1	2	
District Superintendent of Police, Member ...	2	1	
Official, but not ex-officio.			
Baboo Bogolanund Mookerjee	3	.....	
Non-official.			
Rajah Bissessur Maliah Bahadoor	.....	3	3
Moonshee Izzut Hossain	1	2	
Baboo Chundi Lall Singh	1	2	
„ Umesh Chunder Mitter	1	2	
Chowdhry Shajad Rohoman	1	2	
Syed Sudderuddeen Ahmed	1	2	
Baboo Trilock Chand Kenyeah	.....	3	
„ Mutty Lall Chowdhry...	1	2	
„ Surbessur Bhuttacharjea	1	2	
„ Baisnub Churn Bhudder	1	2	
„ Baikanto Nath Roy	1	2	

Two additional members Mr. F. E. F. Delacourneve and Baboo Bholanath Kobiraj were afterwards appointed by Government notification dated 27th September last. There were eight meetings held during the year under report, of which five meetings were convened with the original members and three with the new members. There was no Vice-Chairman for October and November 1877, in consequence of the transfer of Mr. Hallet and the arrival of Mr. Tobin. The attendance of the new members was thin, probably because of their having been appointed, and the meetings called, during the rainy season. Baboo Trilock Chand Kenyeah could not attend any meeting in consequence of his absence

from the station. The reason of Rajah Bissessur Maliah Bahadoor's absence is not known; most probably pressure of private business was the case. The appointment of the additional members, Mr. F. E. F. Delacourneve and Baboo Bholanath Kobiraj was communicated to them in October last and hence no attendance.

8. *Branch Committee.*—The Branch Committees of Cutwa, Culna, Boodbood and Jehanabad were also reorganized during the year. The number of meetings held by the several Branch Committees in this district are noted in the margin, and the annexed statement, A, shows the particulars of the attendance of Road Cess Committees in the district and statement B shows the names of those members who did not attend any meeting during the year. The Branch Committee of Culna met six times during the year, in all of which their functions were to distribute the allotment for village roads in the three thannahs of the sub-division. Their working was satisfactory on the whole. There were four meetings of the Boodbood Branch Committee. The members are reported to take an interest in Committee matters. The Raneegunge Committee met twice during the year. Their business was simply to distribute the allotment for village roads. The members take an interest in their business. Meetings of the Branch Committee of Jehanabad were called three times during the year but on two occasions there was no quorum. The members are reported to take no interest in the work. At the meeting in which a quorum was formed, the business, as is generally the case, was the distribution of the grant for village roads. The Cutwa Branch Committee met only once in January 1878; since then no meeting was called. As a matter of fact the Branch Committee had very little work to do. The allotment for repairs of village roads was small. In this year's budget Rs. 12,000 have been allotted for the purpose, and it is hoped that Branch Committees will be able to show better results during the current year with reference to Commissioner's circular order No. 409, dated 19th October, and its enclosure.

Culna	... 6
Boodbood	... 4
Cutwa	... 1
Raneegunge	... 2
Jehanabad	... 3

9. *Financial results of the Act.*—The enclosed accounts show the actual receipts and expenditure during the year under review. It will appear from the accounts that the income during the year was Rs. 1,23,754-2-3, and the year commenced with a balance in hand of Rs. 38,306-5-6. The total amount of receipts was therefore Rs. 1,62,060-7-9 as detailed in the margin.

	Rs.	A.	P.
Balance in hand on 1st October 1877 ...	38,306	5	6
Cess on land	1,10,059	9	10
Cess on mines and railways	7,014	1	5
Cess on houses	3,071	11	8
Fines	174	0	0
One per cent. road cess	102	1	11
Received from tolls	601	0	0
Sales of produce and stores	2,551	15	11
Fines and refunds	55	0	0
Miscellaneous	124	9	6
Total ...	1,62,060	7	9

10. The total expenditure during the year was Rs. 1,16,834-8-1, which left an unexpended balance of Rs. 45,225-11-8 at the close of the year. The details of expenditure under several heads are given below:—

	Rs.	A.	P.
Establishment on collection of revenue and Committee's control	8,859	10	0
Contingencies	1,036	12	2
Original works	26,324	15	3
Repairs	68,995	11	8
Engineer's establishment	10,959	15	3
Tools and plant	657	11	9
Total ...	1,16,834	12	1

Receipts.—The budget estimate for the year shows an income of Rs. 1,14,446 and an expenditure of Rs. 1,14,598 only. The large increase under the debit side of the accounts is due to the following reasons. As was reported last year, the increase is due to the opening balance being larger than was anticipated. The amount of Rs. 1,10,059-9-10 shown against "cess on land" includes Rs. 12,000 on account of road cess due to other districts. Rs. 2,182 were received on account of sale proceeds of kodalies and pickaxes, and Rs. 601 on account of receipts from tolls. The last two items were not provided for in the budget estimate. The slight increase or decrease under other heads does not seem to call for remarks.

Expenditure.—The decrease under heading "Establishment on collection of Revenue and Committee's Control" was owing to the reduction of establishment. The increase under heading "Contingencies" was due to the inadequate provision for the collecting office. There was also an apparent decrease under "Original Works" and increase under "Repairs." These discrepancies are unavoidable, as the estimates are of necessity prepared long before the working season, and it must happen that, however, carefully they have been made, difficulties will often arise in the actual working, which generally requires an increased expense, although in some cases a decreased expenditure will result. There was also an expenditure of Rs. 657-15-9 on account of purchase of tools and plant which had not been anticipated and provided for in the budget. The decrease under heading "Establishment on Works" was owing to the pay of the present District Engineer being less than that of his predecessor.

11. *Road works.*—The road works were undertaken rather late in the year under the circumstances stated below. In December 1877, the late District Engineer * * * was found by the committee quite unequal to the charge of so large and important a district, and it was therefore resolved to replace him by a competent officer. In January the post was advertised, and the present District Engineer was appointed in February 1878. Tenders were afterwards invited and the works disposed of, with some exceptions in the latter end of February last. Those works which were not tendered for, or those the tenders for which were not accepted, were ordered to be executed departmentally. The committee having resolved to

metal the Burdwan to Cutwa road throughout the whole length, the provisions for some original works and repairs were transferred to that important road. But as very few miles of it were let out in contract, by far the larger portion of the line was ordered in March last to be carried on departmentally.

12. *How the works were done.*—The road works were executed by contract under the direct supervision of the District Engineer and his subordinates. Nearly all the works were completed within the year and the final payments made, the only exception being the Cutwa road and some works in the Culna and Jehanabad sub-divisions. The Cutwa road was not completed, as the brick-moulding season was nearly over when the work was ordered to be executed under departmental management. The works on the Culna and Jehanabad sub-divisions were not done in time owing to laxity of supervision on the part of the Sub-Overseer in charge.

13. Out of the total sum Rs. 95,320-10-11 expended on district roads, Rs. 26,324-13-3 were for original works, including a part for work done in the year before last, but the final payment made during the year under report, and Rs. 68,995-11-8 for repairs. The annexed accounts show the detailed expenditure against each road. The works completed during the year and those in progress, as reported by the District Engineer, are stated below.

ORIGINAL WORKS.

14. *Kurjonah to Cutwa road, 9th to 15th miles (No. 23 in the general list.)*—This portion of the road is *kutcha*; half of 9th mile was metalled with kunker, and in some of the remaining miles kunker was collected and bricks burnt, but on account of the lateness of the season,—viz. April, when the work was commenced,—sufficient soling bricks could not be procured to complete the work. The amount sanctioned was Rs. 21,013 and Rs. 4,498-4-0 spent. The final bills for material collected were not passed within the year.

Burdwan and Jehanabad road (as per general list No. 19.)—This was an estimate for culverts on the road, for which Rs. 206 was sanctioned on account of the lateness of the season, when the work was sanctioned, materials could not be procured, and the work was not done.

Mymaree and Salgatchea road (No. 21 as per general list.)—Culverts were built on the road of brick masonry, for which Rs. 556 was sanctioned. The work was nearly completed within the year and Rs. 400 spent.

Oochalun and Midnapore Road (No. 25 in the general list.)—This was an estimate for brick culverts on the road, for which Rs. 1,243 was sanctioned. On account of the lateness of the season, when the work was sanctioned materials could not be procured, and the work was not done.

REPAIRS.

Mancoor to Bood-bood road (No. 12 as per general list.)—This road received petty repairs for which Rs. 200 was sanctioned; the work was completedwithin the year, and Rs. 171-15 expended.

Old Benares road (No. 26 as per general list.)—Petty repairs and dressing the road surface throughout the whole length, for which Rs. 500 were sanctioned. The work was completed within the year, and Rs. 424-4 spent.

Jehanabad to Shambazar viâ Goghat, No. 56 as per general list.—Portions of the 8th, 7th, and 5th miles were raised, and the first four miles and the 6th received petty repairs, for which Rs. 200 was sanctioned. The work was completed within the year, and Rs. 164-12 expended.

Paneeghur and Kambazar road, No. 11 as per general list.—This road is 14 miles in length, a part of it received a 3-inch coat of metal, and the remainder petty repair, for which Rs. 3,000 was sanctioned. The work was completed within the year, and Rs. 2,660-11-6 spent; but the final bill was not passed within the year.

Kurjonah to Cutwa road, 15th to 34th miles, No. 23 in the general list.—The 16th to 19th miles of the road received a coat of kunker, and the 20th and 21st miles a coat of ghooting and partly jhama, and the 24th and 29th miles a coat of jhama, the 34th mile received a petty repair with ghooting; the remaining miles could not be completed for want of bricks, as sufficient ghooting or kunker metal was not procurable. On all the miles a certain amount of materials has been collected. The amount sanctioned was Rs. 40,776 and Rs. 16,833-11-6 spent. The final bills were not passed within the year.

Oochalum to Midnapore road, 18 miles in length, No. 25 as per general list.—The first 12 miles received petty repairs and portions of last six miles were raised, for which Rs. 674 was sanctioned. The work was completed within the year, and Rs. 552-12 spent.

Burdwan and Jehanabad road, 3rd to 25th miles, No. 19 in the general list.—The side drains of the road were cut, earthen slopes made up and turfed, and breaches repaired, for which Rs. 924 were sanctioned. The work was completed within the year and Rs. 631-14 spent.

Gooshkhara to Aushgram road, 4 miles, No. 43 as per general list—Throughout the length, petty repairs were made and road surface levelled, for which Rs. 10 were sanctioned. The work was completed within the year, and Rs. 95-12 spent.

Gooshkhara to Dignuggur road, 6 miles, No. 13 as per general list.—Petty repairs throughout the whole length were made with Gooshkhara kunker and earthen slopes repaired, for which Rs. 196 were sanctioned. The work was completed within the year, and Rs. 178-10 spent.

Burdwan to Kurjonah, 8 miles in length, No. 1 in the general list.—The whole length was repaired with Gooshkhara kunker, for which Rs. 2,000 were sanctioned. The work was completed within the year, and Rs. 1,880-5 spent.

Kanoo Junction feeder, 1 mile 7 furlongs in length, No. 9 in the general list.—The road was remetalled with four inches of Gooshkhara kunker and earthen slopes repaired, for which Rs. 2,703 was sanctioned. The work was completed within the year at a cost of Rs. 2,534-12-6.

Burdwan to Bankoora road, 22nd to 52nd miles, No. 20 as per general list.—The first 14 miles were repaired with a new coat of kunker. Out of the amount, Rs. 3,000, sanctioned for the work, Rs. 2,797-14-6 were spent and the work was completed within the year. The remainder of the road is kutcha. Petty earth-work repairs were made, the surface and slopes

and causeways repaired, for which Rs. 500 were sanctioned. The work was completed within the year at a cost of Rs. 435.

Paneeghur to Callianpore road, 15 *miles in length*, *No.* 10 *as per general list.*—The road was repaired with kunker throughout the whole length and earthen slopes repaired within the year, and Rs. 1,975-12-6 spent out of the grant, Rs. 2,108. The work was timely completed.

Pandooah to Culna road, *No.* 15 *in the general list.*—This road received a four-inch coat of metal, for which Rs. 2,925 was sanctioned. The work has been only partially completed and Rs. 2,472-8 spent.

Burdwan to Culna road, 35 *miles*, *No.* 18 *in the general list.*—Petty earthwork repairs were done on the 5th to 31st miles, and the remainder remetalled, for which Rs. 4,000 were sanctioned. The petty repairs were completed within the year, but the pucka is only partially done, for which Rs. 3,037-11-6 has been spent.

Mymaree to Satgatchea road, 8 *miles*, *No* 21 *as per general list.*—Petty repairs have been done throughout the whole length, the culverts repaired and the approaches of them re-metalled, for which Rs. 451 was sanctioned. The work was completed within the year, and Rs. 413 spent.

Raneegunge to Sooree or Doobrajpare road, 6 *miles*, *No.* 8 *as per general list.*—The repairs on the 3rd to 5th miles of the road have been completed with Khyrasole laterite and metal collected, and kutcha deviation made in the road of one-fourth mile in length, near the collieries in sixth mile, which are on fire. On account of the estimate being sanctioned towards the close of the year, it was impossible to complete the whole work; Rs. 7,037 was sanctioned for the repair of the whole road, of which amount Rs. 2,700 was sanctioned for expenditure within the year. The portion of work done has been done satisfactorily, and Rs. 1,849-9-3 spent. The final bill was not passed within the year.

Raneegunge feeder, 2½ *miles*, *No* 8 *in the general list.*—A portion of the road was repaired with hornblende, and the remainder with laterite kunker, and drains and culverts repaired, for which Rs. 1,215 was sanctioned. The work was completed satisfactorily within the year; Rs. 1,009-14 spent.

Raneegunge to Monglepore road, 3 *miles in length*, *No.* 22 *in the general list.*—The road was repaired with laterite metal, for which Rs. 228 was sanctioned. The road was completed within the year, and Rs. 203 spent.

Burrakur feeder, ½ *mile*, *No.* 7 *as per general list.*—The road was repaired with iron slag from the Bengal Iron Works, for which Rs. 1,509 was sanctioned. The work was not completed until after the close of the year, on account of the lateness of the season, when the estimate was sanctioned; though the metal was well rolled and a good kind of metal put with it, it does not seem to bind well; on account of the heavy traffic on the road it will probably soon get cut up. Only Rs. 700 spent within the year.

Sitarampore to Luchipore, 1½ *miles*, *No.* 6 *in the general list.*—The road was repaired with sandstone, for which Rs. 2,898 was sanctioned. The road was completed within the year, but the final bills not passed. Rs. 2,636-10-3 were spent.

Cutwa to Sooree road, 15 *miles in length*, *No.* 24 *in the general list.*—Petty repairs were made and jungle-cutting done throughout the whole length, for which Rs. 500 was sanctioned and Rs. 445-8-9 spent. The bridges and culverts were also repaired, for which Rs. 379 was sanctioned and Rs. 303-3-6 spent. All works were completed within the year.

Cutwa to Dewangunge road, 4 *miles in length*, *No.* 14 *in the general list.*—Two miles of this road were re-metalled with jhama and a two-feet culvert built, for which Rs. 2,000 was sanctioned. The metalling was not completed within the year and Rs 1,660-1 were spent.

Assensole Feeder, ½ *mile*, *No.* 5 *in the general list.*—The road was repaired with khyrasole for which Rs. 145 was sanctioned. The work was completed within the year, but the final bill not passed.

Boinchee to Buddipore road, 4 *miles in length*, *No.* 14 *in the general list.*—The surface of road and slopes were repaired throughout, for which Rs. 199 were sanctioned. The work was completed within the year, and Rs. 186-3-3 spent.

16. The following inspection bungalows were repaired at a cost of Rs. 170-4-3:—

				Amount spent. Rs.	A.	P.
Kurjonah	bungalow,	on the	Burdwan to Kurjonah road ..	25	4	0
Culna	ditto	ditto	ditto to Culna road ...	50	0	0
Gooshkhara	ditto	ditto	Gooshkhara to Nittyanund-pore road	33	5	3
Sonamukhi	ditto	ditto	Paneeghur to Callianpore road	39	0	0
Paneeghur	ditto	ditto	Paneeghur to Elambazar road	22	11	0
			Total ...	170	4	3

17. *Village Roads.*—The Branch Committees were authorized to spend Rs. 500 each for repair of village roads.

The Branch Committee of Culna repaired the following roads at a cost of Rs. 500 :—

Thanna Poorbustholly.

	Amount spent. Rs.	A.	P.
Sumudrogore road	16	10	8
Poorbustholly road	30	0	0
Magergram road	20	0	0
Pilla to Chundunnahgore road	80	0	0
Pataly ditto	20	0	0
Total ...	166	10	8

In Thanna Montessur.

Kargram road	30	0	0

In Thanna Culna.

Amlapooker road	135	1	0
Satgatchia road	35	0	0
Mererbagan road	15	0	0
Ooledanga-Ramessurpore road	30	0	0
Bagnapara road	40	10	8
Ramesserpore road	30	0	0
Aunkhal road	11	0	0
Pultyguchea road	6	9	8
Total ...	500	0	0

The Bood-Bood Committee advanced Rs. 500 for the following works :—

	Amount. Rs.	A.	P.
For construction of a bridge on the Bood-Bood village road...	250	0	0
For repairing portion of the road from Mancoor Hattolah to Banepara	125	10	0
For Bhersen fair-weather road, from Grand Trunk Road to village Bhersen...	124	6	0
Total ...	500	0	0

The Jehanabad Branch Committee spent Rs. 100 only for repairing one road called Raghoobatty road.

The Cutwa Committee spent Rs. 200 only for the following roads :—

	Rs.	A.	P.
Monglecote road	100	0	0
Ketugram road	50	0	0
Siluri road	50	0	0
Total ...	200	0	0

The Branch Road Committee of Raneegunge spent Rs. 339-14 on the following village roads :—

	Rs.	A.	P.
Uklvia road	193	6	0
Seersole road	81	6	0
Nachan road	65	2	0
Total ...	339	14	0

The accounts of expenditure made by the Branch Committees having been received very late during the current year, amounts expended could not be adjusted in last year's accounts.

18. *What works are to be done during the current year.*—The following works are contemplated to be executed during the year—

ORIGINAL WORKS.

Sudder Sub-Division.

No. 23. Constructing the Kurjonah to Cutwa road, from 19th to 15th miles.
„ 16. Ditto the bridge over Jumna nallah on the Boinchee to Buddipore road.
„ 19. Ditto Burdwan to Jehanabad road (up to Oochalun).
„ 2. Ditto Mymaree to Chuckdighee road.
„ 21. Ditto ditto to Satgatchea road.

Bood-Bood Sub-Division.

No. 43. Constructing bridges on the Gooshkhara to Ausgram road.

Culna Sub-Division.

No. 65. Constructing a road from Buddipore to Culna *vid* Bagnapara.

Jehanabad Sub-Division.

No. 29. Constructing culverts on the Khundghose to Indos road.
„ 28. Ditto 4 feet culverts on the Jehanabad to Bally road.

Raneegunge Sub-Division.

No. 34. Metalling Rajband to Gopalpore road.

REPAIRS.

Sudder Sub-Division.

No. 2. Repairing the road from Mymaree to Chuckdighi, (from 1st to 10th miles).
„ 21. Ditto ditto ditto to Satgatchia (ditto ditto).
„ 20. Ditto Burdwan to Bankoora, *i.e.*, the portion called Idilpore road.
Ditto ditto 40th to 52nd miles road.
„ 1. Ditto ditto to Kurjonah road.
„ 19. Ditto ditto to Jehanabad road.
„ 18. Ditto ditto to Culna road.
„ 69. Village roads (of the six thannas).

Bood-Bood Sub-Division.

No. 8. Repairing Gooshkhara to Nittyanundpore road.
„ 10. Paneeghur to Callianpore road.
„ 12. Mancoor to Bood-Bood road.
„ 20. Burdwan to Bankoora road.
„ 13. Gooshkhara to Dignaggur road.
„ 43. Ditto to Ausgram road.
„ 71. Village roads (of the three thannas).

Culna Sub-Division.

No. 64. Repairing Patuli to Culna road (being part of the Dewangunge to Culna road in the general list).
„ 15. Pundooah to Culna road ditto.
„ 18. Burdwan to ditto ditto.
„ 73. Village roads (of the three thannas).

Cutwa Sub-Division.

No. 23. Repairing Kurjonah to Cutwa road from 16th to 34th miles.
„ 24. Cutwa to Sooree road.
„ 14. Ditto to Dewangunge road.
„ 64. Dewangunge to Patuli road (being part of Dewangunge to Culna road in general list).
Village roads (of the three thannas).

Jehanabad Sub-Division.

No. 26. Repairing Old Benares road.
„ 19. Ditto Burdwan to Jehanabad road.
„ 29. Ditto Khundghose to Indos road.
„ 25. Ditto Oochalun to Midnapore road.
„ 56. Ditto Old Nagpore or Jehanabad to Goghat road.
„ 22. Village roads (of the four thannas).

Raneegunge Sub-Division

No. 8. Repairing Doobrajpore road, from 6th to 14th miles and feeder.
„ 11. Ditto feeder road from Paneeghur to Elambazar.
„ 5. Ditto Assensole feeder.
„ 22. Ditto Raneegunge to Munglepore road.
„ 70. Village roads (of the three thannas).

19. With regard to the tender system introduced from last year, I am glad to be able to report it has resulted in a considerable saving, and the contract s, with the exception of one or two, are reported to have done their work to the satisfaction of the District Engineer.

20. *How the different Establishments worked.*—Baboo Bogoianund Mookerjee, Deputy Collector, is in charge of the road cess office. He continues to display the same zeal and intelligence in his work which have always been favourably noticed.

Collecting Establishment.—The establishment under him are reported to have worked satisfactorily.

Engineering Establishment.—Mr. Stoney, the District Engineer, is a hardworking, zealous officer, looks after contractors and his subordinates well, and with a little more experience will, I believe, turn out a most valuable assistant.

The subordinates under him, with the exception of late Sub-Overseer, * * * who has been discharged for incompetency, are on the whole reported to have given him satisfaction, particular mention being made of Overseer Baboo Bedhoo Sheekur Banerjee.

Office establishment.—The office establishment has worked well during the year.

List showing the names of the Members who did not attend any Meeting, and the reasons of their non-attendance during the cess year 1877-78.

Names of Members.	Reason of non-attendance.	Remarks.
Of the first List of Members of the Burdwan District Road Committee.		
1. Baboo Deno Bundhu Nundy	Not known	The members Nos. 1 to 4 have been removed, as they seemed to take very little interest in their functions.
2. Chuckun Lall Roy		
3. Mohendro Lall Gupto		
4. Kassiputty Mookerjee		
5. Moonshee Ezzut Hossain		
Of the second List of Members of the Burdwan District Road Committee.		
1. Rajah Bissessur Malia, Bahadur	Not known	Most probably pressure of private business stood in the way of his presence.
2. Baboo Nitock Chand Kanjee	Absence from the station.	
Ranegunge Branch Road Committee.		
1. Mr. A. Keny	Not known.	
2. „ J. Anderson		
3. „ F. E. F. Delacourneuve		
4. Baboo Tara P. Rose		
5. Kissory Mohun Mozoomdar		
Jehanabad Branch Road Committee.		
1. Baboo Brojo Bullub Mitter	May be pressure of official duties.	
2. „ Mohanund Laha	Ditto ditto private duties.	
3. „ Kally Dass Ghose	Does not take interest in Committee matters.	
Culna Branch Road Committee.		
1. Baboo Upendro Narain Ghose	Appointed in September last only.	
Cutwa Branch Road Committee.		
1. Moonshee Ezzut Hossain	Resides at a distance.	
2. Baboo Porumsook Chunder	Not known.	
3. „ Kangol Kisto Koer	Official duties.	
4. „ Ashutosh Chowdhry	Not known.	
5. „ Bishtoo Chunder Chowdry...		
6. Moonshee Mugbul Rohoman		
Bood-Bood Branch Road Committee.		
1. Mr. C. M. Bride	Left the district.	
2. „ C. Christian		
3. Moonshee Abdul Ally	Transferred.	
4. Baboo Bissessur Bhuttacharjee	Death.	

W. R. LARMINIE, *Chairman.*

Report of the Committee appointed to audit, under section 88 of Act X of 1871, the accounts of the Road Cess Fund of Burdwan for the year 1877-78.

In having before the committee the accounts of the year 1877-78, we wish to make the following remarks :—

(*a.*) *Receipts.*—The receipts under the head of "Land Cess" are Rs. 10,000 in excess of the budget estimate.

The receipts under the head of "House Cess" are Rs. 3,000 less than the budget estimate.

"Sale of produce and stores."—A sum of over Rs. 2,000 was realized by the sale of kodalies for the Road Cess Fund. We have thus Rs. 9,000 in excess of the estimated income.

We regret to find that our recommendations made last year for the realization of a greater sum for the trees on road-sides have not been more thoroughly attended to.

(*b.*) *Expenditure.*—Owing to a reduction made in the "Establishment on Collection," which was unnecessarily large, a saving of Rs. 2,750 was effected.

A very insufficient sum was provided in the budget for "Contingencies," and there has been an excess expenditure of Rs. 430 under this head.

Establishment on works.—Owing to the death of the late District Engineer and the appointment of his successor on a smaller salary and the vacancy of this office for some weeks, there is a considerable saving under the head of "Establishment on Works."

(*c.*) We regret to see that two advances, to which we called special attention last year, viz., Rs. 35 to the Chairman of the Raneegunge Branch Committee, and Rs. 813 to the Equitable Coal Company, have not yet been adjusted. We hope that the District Committee will insist on these two open accounts being adjusted without further delay.

(*d.*) On the present occasion we have to note specially the way in which the road works have been undertaken. Budget grants were made of Rs. 28,825 for original works and Rs. 61,531 for repairs. Regular estimates were for Rs. 21,960 for original works and Rs. 70,158 for repairs. On account of estimates made in this year, Rs. 5,005 were spent on original works, and Rs. 46,769 on account of repairs; but besides these sums, Rs. 21,319 on original works and Rs. 22,726 on repairs were spent on account of previous year's estimate, some of the works not having been regularly estimated for at all. The committee, therefore, never really knows how it stands with reference to the expenditure as compared with the estimates. We think that as soon as possible after the close of the year, a statement of all expenditure on account of each sanctioned estimate should be laid before the committee, together with a statement by the Engineer, of what portion of the remainder of the estimate he will require to complete them, and that no sums should be paid after the close of the year on account of those works until the committee shall have approved the statement. The committee will thus know at an early date what sums they have as savings to appropriate for other works in the current year.

(*e.*) We are again glad to notice favourably the satisfactory way in which the committee's Accountant, Baboo Ambica Churn Mitter, has kept the accounts.

H. TOBIN, *Vice-Chairman.*

H. N. HARRIS,
BABOO BOGOLANUND MOOKERJEA,
„ MOTY LALL CHOWDHRY, } *Members.*

At a meeting of the District Road Cess Committee of Burdwan held on the 18th January 1879.

PRESENT:

MR. H. M. TOBIN	*Vice-Chairman.*
MR. H. N. HARRIS	*Members.*
BABOO BOGOLANUND MOOKERJEA	
„ BHOLANATH KOBIRAJ	
„ CHUNDI LALL SING	
„ TRILOCK CHAND KANYIA	

In the absence of the Chairman the Vice-Chairman presided.

I.—The report of the Audit Sub-Committee on the accounts for 1877-78, together with the annual accounts for the year, were laid before the committee.

Resolved that the accounts be passed and the audit report adopted.

II.—Considered the proposition brought forward by Messrs. Apcorn and Co., to convey to them the Luchipore road, together with the land taken up for the purpose. In consequence of the line not being a work of public utility, it was resolved that if the land taken up with the road be of no value, it be made over to them on condition that they keep it in good order and open to the public, and that the Collector be requested to report what land was taken up with the road.

III.—An estimate for Rs. 1,380 for repairing the road from Kurjonah to Cutwa, and constructing a culvert on it, was laid before the Committee.

Resolved that the estimate be sanctioned.

H. TOBIN, *Vice-Chairman.*

No. 6.—Part I.

No. 20, dated Bankoora, the 31st December 1878.

From—R. M. WALLER, ESQ., Magistrate, and Chairman, District Road Cess Committee, Bankoora,

To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit the following annual report on the operation of the Bankoora Road Fund for the cess year from 1st October 1877 to 30th September 1878.

2. The following gentlemen were the members of the committee, and the subjoined tables show the number of meetings attended by each :—

1.	Baboo Radhabullub Sing Deo, Rai Bahadoor ...	...	*Non-official.*
2.	J. O. B. Sceales, Esq.	...	
3.	Baboo Ram Lall Misser	...	
4.	„ Nobin Chandra Chattejea ...	...	
5.	„ Nadiar Chand Rai	...	
6.	„ Ganga Govinda Mukerjea ...	...	
7.	„ Dwarkanath Mookerjea ...	...	
8.	Munshi Alizamin	...	
9.	District Magistrate, *Chairman* ...	...	*Ex-officio.*
10.	Senior Deputy Magistrate	...	
11.	District Superintendent of Police ...	...	
12.	Divisional Executive Engineer ...	...	
13.	Baboo Mohendra Nath Bhuttacharjea ...	...	*Official.*

There were eight meetings held during the year, at which an average of six members attended.

The attendance of the non-official members was on the whole satisfactory ; only one of the members did not attend meetings at all. As he now holds the office of rural Sub-Registrar of Onda, he will be asked to resign his appointment.

Some changes were made in the committee during the year.

Mr. J. L. Reuss, Baboo Moheschandra Banerjea, and Baboo Bani Madhub Banerjea appear to take no interest in the matter, and so were not recommended for re-appointment, sanction to the re-appointment of other non-official members having been obtained. Messrs. H. C. Wright and H. P. Thomson were appointed members of the committee *pro tempore* in the place Mr. Sceales (absent from India) and J. L. Reuss.

I submit herewith a statement of the particulars about the meetings of the committee in the form prescribed in paragraph 10 of Government resolution No. 1286 of the 13th March 1876.

Baboo Mohendra Nath Bhuttacharjea held the office of Vice-Chairman throughout the year, except from 7th May to 11th July 1878, when Mr. D. Lacey acted temporarily as Vice-Chairman, Baboo Mohendra Nath having been temporarily posted to Hooghly.

The work under the committee was carried on by Baboo Nobo Gopal Banerjea, District Engineer, having the qualifications of an overseer, throughout the year. He possesses a good knowledge of the district, and had formerly experience in the Department Public Works. His estimates are moderate, and where he has good contractors to carry out works they are done satisfactorily. I cannot say the same of all the work done during the year. His practical and theoretical qualifications for the post were tested by the Superintending Engineer and the Executive Engineer, and his appointment under the committee was finally confirmed by the Government of Bengal during the year under report ; *vide* Government letter No. 454E, dated 29th March 1878.

The establishment, consisting of two clerks and two peons, entertained both for the Collection and Road Fund offices, have been found to work well. Temporary peons were

occasionally employed for the service of processes under the Road Cess Act, and the process fees realized more than paid for their cost. The head clerk, Baboo Mohendra Nath Bose, who does the work of an accountant also, has been allowed an increase of Rs. 10 to his pay since the close of the year. Two tehsildars were also entertained during the year for the collection of house cess under the Road and Public Works Cess Act. They were also employed for the realization of arrears of cess on lands under the Acts. They were paid at 5 per centum on the amount of collection.

Most of the works carried on in this district were of a petty nature, and the qualifications of an officer of the overseer's grade have been found sufficient for the requirements of the committee for the present. There were three instances only in which estimates had to be submitted to the Executive Engineer of the division for his professional scrutiny and approval.

The maximum rates of cesses were levied during the year under review, to enable the committee to repair the existing roads and bridges, and to complete some of those roads which could not be completed during the year before from want of funds.

The estimates of income and expenditure for the year were prepared at a meeting held on the 8th August 1877; the receipts were estimated at Rs. 28,848, and the expenditure at Rs. 28,172. The actual receipts during the year were Rs. 25,292; the difference is partly due to all collections on account of house cess for the second half-year, having been suspended under the recent orders of the Board of Revenue, and partly to a portion of the amount on account of cess on lands, &c., for the year not having been realized till after the close of the year. There is at present an outstanding balance of Rs. 3,500, of which Rs. 1,890 are on account of house cess.

The road cess is generally realized without difficulty. The chief defaulters are the ghatwals and non-resident landholders, who are always behindhand in their payments. Great difficulty is, however, experienced in the collection of house cesses, the assessment having in the first instance been hurriedly and carelessly made.

The total amount sanctioned for the repairs of the existing roads and bridges during the year under report was Rs 10,000, of which Rs. 3,678-13-9 were paid during the year, and Rs. 5,921 are still due to contractors. Rs. 3,870-6-6 were also paid during the year for works done during 1876-77, as although the works were completed during that year no payments to contractor could be made till after its close.

In addition to the amount allotted under this head, Rs. 800 were subsequently sanctioned by the committee for the purpose of repairing the damages caused by heavy floods and other casualties during the year. The charge was met from the savings effected.

I may mention here that there was a saving of Rs. 400 under the head "Repairs," which is due to the giving out of contracts by tenders. This year the rates, however, were higher than in the year before.

Similarly, Rs. 200 were saved under the head of "Original Works." The amount sanctioned for such works was Rs. 13,072, the amount paid during the year, Rs. 2,847-12-9, and that still due, Rs. 10,024.

Besides the above, a sum of Rs. 4,332-6 was also paid during the year for works done during the year before, as payments for these works could not be made till after its close. Rs. 450 are also still due for some of the works, which, although taken in hand in the year before, could not be completed till the latter end of the year under review.

The committee, at their meetings held on the 4th February 1878 and 9th April 1878, sanctioned the estimates for the repairs of the roads, and for the original works executed during the year.

Repairs.—All the existing roads of the district were repaired during the year, with the exception of those mentioned below.

Road from Susunia to Mejia.—Extensive traffic was carried on this road both from Manbhoom and Susunia, and the road stood in need of thorough repairs on account of wear and tear. A sum of Rs. 400 only was assigned for its maintenance. As Mr. J. L. Reuss, the proprietor of the Susunia quarry, derived special advantages from this road, he voluntarily undertook to execute the contract for its repairs, which, however, he subsequently declined to do, alleging the estimate to be insufficient for the purpose. He estimated the amount requisite for the proper maintenance of the road to be Rs. 1,100, which the committee could not pay from the funds at their disposal; other arrangements were, however, subsequently made for maintaining it in trafficable order in the latter part of the year, and the repairs will shortly be completed.

Road from Sonamukhi to Bishenpore.—A sum of Rs. 1,000 was allotted for the repairs of this road. Three-fourths of the estimated quantity of metal has only been collected up to date, the contractors failing to do their work within the time allotted.

Original Works.—No new lines of road were opened in the district during the year, with the exception of seven village roads of which details will appear below.

The amount spent under this head was generally for the construction of culverts on three main lines of communication, which were not taken in hand in the previous year from want of funds.

Road from Dalpore to Mohesna.—This bridge over the Moheskhapri stream on the seventh mile of this road was constructed at a total cost of Rs. 1,338. This road has now been bridged throughout its length, excepting in two places, where it is crossed by the rivers Darkessur and Kansachura. The approaches of these two rivers have been sloped down. A great deal of traffic is now being carried on on this road.

The third is a road from the 9th mile of the Chatna road to the Chatna Rajbati. It is in length one mile twelve chains. Rs. 100 only were sanctioned for the work. The work was completed during the year under report. I lately inspected it, and think it ought rather to be called the road to the Chatna zemindar's house than Chatna village road. The Contractor has done his work poorly.

The fourth is an improvement of the village track running through the village Kunchiakole, being 4,750 feet in length. A sum of Rs. 99 was sanctioned for the work. The work, which was undertaken by Rai Radhabullub Sing Bahadoor, the zemindar, was completed since the close of the year.

The fifth is a road which runs through the village of Lapur. This was formerly a part of the provincial road from Bankoora to Bishenpore, but was abandoned, a new and a more direct line passing by the village having been opened. The length of this road is forty chains. Rs. 212 were allotted by the Committee for this work. The work has been completed since the close of the year.

The sixth village road which was started during the year, runs from the twelfth mile of the road from Murobe to Megia through the village of Saltora, and forms a junction between that road and the road from Kustholia to Saltora. This is really a continuation of the Gangajolghati and Saltora road. The want of a road joining these main lines of communications was felt by the people of the neighbourhood. It is more than a quarter of a mile in length. A sum of Rs. 132 was sanctioned for the work. The work was completed during the year under review.

The seventh road runs through the village of Beliatore. Rs. 50 were sanctioned by the Committee for the work. It has been completed since the close of the year.

The village road from the 43rd mile of the Midnapore provincial road to village Teliberia *vid* Dumudarbati, was nearly completed during the year under report. Rs. 265 were estimated for the work.

The toll gates on the several roads of the district were managed by their farmers in a satisfactory manner. No tolls are at present levied in the district, as the Government have directed them to be discontinued. The Committe have, however, in consideration of the small income of the district, recommended that the tolls on the roads here be levied for two years more to enable them to complete some of the works undertaken in the famine year, and which are unfinished and hence of little use for want of funds to complete them.

Arboriculture.—A sum of Rs. 340-5 was spent on planting and maintaining trees along the sides of the several district roads in the neighbourhood of the station. As the Committee's budget for the current year was passed and approved before the receipt of the Government order (circular No. 10, dated 28th October 1878,) on the subject, Rs. 500 only were provided for in the estimate. The Committee propose, however, to spend any surplus balance under other heads which may be in hand at the end of the year on this. Arrangements are now in progress for planting fruit-bearing trees on a more extensive scale on road sides.

WORKS PROPOSED TO BE TAKEN UP DURING THE CURRENT YEAR.

Repairs.—The Committee have assigned Rs. 15,335 for the repairs of all the existing roads of the district during the current year. This sum has been rateably distributed for expenditure on the several roads of the district, 27 in number, and 204 miles in length.

Original Works.—A sum of Rs. 6,636 has also been allotted to original works. Of this sum Rs. 2,500 have been provided for the construction of village roads. As the special attention of the Committee has been drawn to this subject by Government orders lately received, lists have been called for from the punchayets appointed under the Village Chowkidari Act, and from all the inspecting officers of the district. As soon as the reports called for are received, the village roads to be allotted grants will be finally decided.

Road from Bishenpore to Sonamukhi.—It is proposed to complete the construction of bridges on the seven and a half miles of the road. Rs. 2,079 have been assigned for the purpose.

Road from Durlapore to Maliora.—A sum of Rs. 863 has been provided for the construction of three culverts on this road.

Road from Bankoora to Taldangra.—The construction of an embankment for the protection of the second mile of this road, which was washed away during the last rains. Rs. 500 have been allotted to the work.

Road from Susunia to Mejia.—It is proposed to construct a culvert of six feet span on this road. A sum of Rs. 200 has been provided for the work.

Road from Bishenpore to Namchara.—Provision has been made for the construction of two additional culverts where the existing waterways are insufficient. Rs. 500 have been assigned for the purpose.

The committee very much regret that the funds at their disposal are very limited, and the existing roads of the district are so numerous that almost the whole income available for works is required in maintaining them, they have therefore very little to spare for the completion of those works which were left unfinished during the famine from want of funds. They will have, with their present income, to wait for a couple of years more before they are able to complete these works.

A complete survey, with plans, &c., of the district roads, has now been made. The work was begun the year before and was completed during the year under report, involving an expenditure of Rs. 499-6-3.

Tools and Plant.—Rs. 839·9 were spent in the purchase of two stone and one iron rollers; the latter was got from Messrs Jessop and Co. of Calcutta.

Committee.—There are no Branch Committees attached to the district. The Sudder Committee have attended fairly, but the absence from the meetings of the two most influential zemindars, as also of the Executive Engineer of the Burdwan Division, is to be regretted. The members are far yet from taking that intelligent and enquiring interest they would take in their own affairs, and are inclined to sit by and rely on the Chairman. I propose this year to get certain members to undertake to make themselves acquainted with the estimates for work done, on one high road each, besides some village roads.

The road cess year runs from 1st October to 30th September. The year is not well adapted for the department, for the reason that with September the working season is not over. Although every effort is made to have the works completed before September, but as, sometimes, the rains are not over till October, the work of consolidation of metal, turfing the sides of roads, and the like, cannot be completed till the year is over. It has under the circumstances been often found impracticable to make payments for works done during the year until after its close.

The accounts were examined on December 23rd by the Audit Committee specially appointed for the purpose, and were examined by the members with the assistance of the Vice-Chairman.

The report of the Audit Committee is annexed.

Overseer Babu Nobo Gopal Banerjea.—In conclusion I wish to state that Baboo Nobo Gopal Banerjea, the Overseer, is both active and intelligent, and capable of giving much satisfaction, and I think has been trying to do his work to the satisfaction of the committee. He must, however, be more firm with contractors, and insist on their doing their work in the best way and within a reasonable time.

Memorandum showing in detail the actual Cash Balance on the 30th September 1878.

Particulars.	Amount.	Total.	Remarks.
	Rs. A. P.	Rs. A. P.	
Balance at credit of District Road Fund, Bankoorah ...	16,760 4 7	16,760 4 7	The difference between the actual cash balance and that in the treasury pass-book is owing to the fact that when apportionment of Road and Public Works cesses was made half and half at the end of each month of the last two quarters, a sum of Rs. 20-12-2 less by what is due was apportioned to Provincial Public Works cess. This discrepancy has since been reconciled;—*vide* Accountant-General, Bengal's No. 610TCA, to the address of the Examiner, Public Works Accounts, Bengal.

No. 518, dated Sooree, the 7th February 1879.

From—T. J. C. GRANT, ESQ., Offg. Magistrate, and Chairman of the District Road Cess Committee, Beerbhoom,

To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit the annual road cess accounts and report for the year 1877-78.

2. Some important work has been done on the metalled roads of the district. The chief operations have been (1), the employment of slag metal on the road No. 2, Sooree to Cynthia; (2), the soling and metalling of the (hitherto) fair-weather road No. 9, Ahmudpore to Laghata.

3. The Sooree-Cynthia road, which connects the sudder station with the East Indian Railway at Cynthia, is perhaps the most frequented road in the district. It was metalled on a very primitive system, by simply heaping up loose laterite gravel on the track without any soling at all. This made a capital road for eight months in the year, but during the rains the gravel became loose and very heavy, making the road very difficult for wheeled traffic. At the suggestion of the District Engineer we this year entirely re-metalled it with slag metal obtained from the old blast furnaces at Mahommed Bazar, with the larger pieces of which material the roadway was roughly soled. The result is a very good hard road, capable of standing much wear and tear, and of affording a fairly tough surface during the rains. Some considerable difficulty attended the work owing to our being unable to stop the traffic, and also to our having no sufficiently heavy roller. But the work was satisfactorily done and the road stood the rains well.

4. The road between the Ahmudpore Railway station and Laghatta on the Kooi river, was entered in the district list as a metalled road, but it has all along existed as a fair-weather road. The Kooi river is navigable in the rains from the Bhagirutty up to Laghatta, and the road has now been soled and metalled throughout, bridged at all gaps (4), and all its existing bridges put in first-rate order. The district has now, therefore, been put at in easy connection by a first-class road with the Calcutta river, an advantage which it never had before, and the want of which was most severely felt when the Railway Company suddenly declined during the busiest time of the Madras famine to carry any grain from the district.

5. The committee propose to make another such connection with the Bhagirutty from the important railway station of Bhulpore through Bengchatra to Cutwa in the Burdwan district. In lieu of this a bridge has been built over the Bhulpore river. The entire structure is of brick and iron with no wood-work, the flooring of the bridge being of iron buckled plates bolted on two iron girders. The work has been expensive, but the outlay is final and once for all. It will cost us nothing in the future, whereas bridges with wooden beams and plank roadway have proved very expensive in this district, which abounds with white-ants. Plank roadways have to be renewed yearly and wooden beams about once in three years. It is hoped that this road will be metalled next year.

6. A small buckled plate and iron girder bridge has also been built at Mohesha, on the Cynthia to Andee road.

7. In my No. 406, dated 13th September 1878, I mentioned that the committee propose to avoid the great expense of building a bridge at the Byree Bheel on the Bhulpore—Bengchattra road, but constructing a new road to pass round the head of the bheel. But on going to plan it, it was found that such a road already existed for all practical purposes. Cart traffic was brought round the high uncultivated ground which forms the rim of the basin

which contains the water of the bheel. The ground here is naturally mefalled and lies high. As the road was already as good as need be, the project of constructing a new one was, of course, dropped.

8. The proposed new bridge over the Bearee bheel on the Poorunderpore river, Adjari road, was not undertaken. The plans being referred to the Public Works Department the bridge was not approved of, as it was held that there was no necessity to do more than extend and alter the existing bridge, and that the outlay on an entirely new bridge was therefore unnecessary. New plans with this end in view were therefore got ready, but on preparing to execute them, it was discovered that the foundations of the existing portions of the bridge were so shallow and insufficient that the District Engineer feared that any attempt to alter the structure would bring it down. The committee therefore thought it best to leave the work for the present, and to refer the question again to the Public Works Department, to which department new plans have now been submitted.

9. The rest of the work for the year consisted of the repairs to existing roads and bridges, and calls for no special remarks.

10. The accounts as now submitted differ from the quarterly accounts in the following items, for the reasons shown against each.

11. Expenditure on Original works is now put at Rs. 495 instead of at *nil*.

12. Expenditure on Repairs shows, in the quarterly statement, a total of Rs. 37,283-13-1, which includes an item of Rs. 1,547-12-7 for buckled plates, whereas the accounts now submitted show a total expenditure on Repairs of Rs. 37,139-9, and the item buckled plates excluded.

13. In the quarterly accounts the head of Establishment on Works shows an expenditure of Rs. 675 for a tent and Rs. 19 for an almirah, and shows nothing under the head of Tools and Plant. In the accounts now submitted the tents and almirah items and an item of Rs. 1,052-12-7 for buckled plates, appear under the head of "Tools and Plant."

14. The fact is that the committee purchased buckled plates to the value of Rs. 1,547-12-7. Plates to the value of Rs. 495 were used during the year on the Bolepore-Trandore bridge. Of course it is necessary to charge this against the bridge, and I have now done so, transferring the remaining plates to Tools and Plant. The tent and the almirah are also now properly placed under Tools and Plant.

15. I beg to point out that the accounts submitted do not show all the work done in the year, but only the work paid for in the year. Very nearly Rs. 14,000* were due after the expiry of the year for work done within the year, and this amount has been paid since the expiry of the year. The available balance is, therefore, not Rs. 22,961-9-1, but only some Rs. 8,000.

Memorandum showing in detail the balance at credit of Deposit on 30th September 1878.—Nil.

No. 150, dated Midnapore, the 6th February 1879.

From—R. H. WILSON, Esq., Chairman, District Road Committee, Midnapore,
To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit the following report with the annual accounts on the administration of the District Road Fund of this district for the cess year 1877-78.

2. The annual accounts have been duly examined and audited by a Sub-committee consisting of the members marginally* noted, and were passed at a general meeting of the Committee held on the 3rd February 1879, as required by section 88 of Act X of 1871.

* T. D. Feighton, Esq., Vice-Chairman.
Baboo Gooroo Churun Dutt, } Members.
" Jogendro Nath Roy, }
" Gooroo Dass Pyne, }

3. The following changes took place in the personnel of the Committee during the past year.—

Mr. H. L. Harrison was Chairman until January 1878, when he was succeeded by Mr. Price. The latter officer was relieved by me on the 24th March, and I have been in charge of the office from that date until the close of the year.

Mr. J. Scobell Armstrong was Vice-Chairman from the commencement of the year to 7th December 1877, Mr. G. E. Manisty from 10th December 1877 to 1st September 1878, and Mr. J. C. Veasey from 2nd to 14th September. From the 14th September, the date of Mr. Veasey's transfer, to the close of the year, the office of Vice-Chairman was in abeyance.

Mr. Birch, the District Superintendent of Police, was transferred from this district on the 1st August 1878, and was replaced as a member of the Road Cess Committee by his successor, Mr. W. F. Smith.

Vide Government order of 28th July 1875.

Messrs. Beaty, Stevenson and Gallais were transferred from this district in July 1878, and their places were filled by Messrs. McKennie, P. L. Richards and C. A. Dubus.

Vide Government order No. 335CA, dated 16th July 1878.

The late District Engineer, Baboo Gopal Chunder Bose, ceased to be a member of the Committee by virtue of Government order No. 362, dated 28th May 1878, and Mr. F. T. Rice, a manager of Messrs. R. Watson and Co., was appointed in his place.

On the death of Baboo Nobeen Chunder Nag, the zemindar of Choinkah, the vacancy was filled by the appointment of Baboo Junmajoy, a wealthy inhabitant of Midnapore.

4. During the year under review the appointment of seven members out of twenty expired by lapse of time, but the provisions of section 49 of the Road Cess Act, as regards their reduction or replacement, were not carried out until after the close of the year under review—*vide* this office No. 40 of 2nd March 1878, and Government letter No. 5185A of the 27th idem.

The following is a list of the members of the Committee at the commencement and close of the year respectively—

1st October 1877.

H. L. Harrison, Esq., Chairman.
J. Scobell Armstrong, Esq., Vice-Chairman.
Executive Engineer, Burdwan Division.
J. B. Birch, Esq., District Superintendent of Police
J. H. Apjohn, Esq., Executive Engineer, Cossye Division.
A. D. Larymore, Esq., Superintendent of Jails.
R. Anderson, Esq., Manager of Messrs. R. Watson and Co.
J. Stevenson, Esq., ditto ditto.
Baboo Gopal Chunder Bose, District Engineer.
J. Beaty, Esq., Assistant Engineer, Midnapore.
E. Gallois, Esq., Manager of Messrs. Perin and Co.
Baboo Jogendro Nath Roy, Pleader and Zemindar.
" Bhoobun Chunder Banerjee, Pleader and Zemindar.
" Gooroo Churun Dutt, Manager of Midnapore, Zemindar.
" Mokundlall Roy, Zemindar of Majnamoottah.
" Gopendro Nundun Dass Mohopatro, zemindar of Pattaspore.
" Ram Chunder Roy Mohopatro, zemindar of Dantoon.
" Roghoo Nath Dass Paharaj, zemindar of Baliaberriah.

30th September 1878.

R. W. Wilson, Esq., Chairman.
No Vice-Chairman.
Executive Engineer, Burdwan Division.
W. F. Smith, Esq., District Superintendent of Police
R. Anderson, Esq., Manager of Messrs. R. Watson and Co.
P. L. Richards, Esq., ditto ditto.
F. J. Rice, Esq., Assistant Manager of do.
H. W. McKennie, Esq., Assistant Engineer, Midnapore.
C. A. Dubus, Esq., Manager of Messrs. Perin and Co.
J. H. Apjohn, Esq., Executive Engineer, Cossye Division.
A. D. Larymore, Esq., Superintendent of Jails.
Baboo Bhoobun Chander Bannerjee, Pleader and Zemindar.
" Jogendro Nath Roy, ditto and ditto.
" Roghoo Nath Dass Paharaj, zemindar of Baliaberriah.
" Nobo Coomar Chowdry Paharaj, zemindar of Malighatti.
" Junmajoy Mullick, zemindar.

1st October 1877.	*30th September* 1878.
Baboo Nobocoomar Chowdry, zemindar of Mahghatti.	Baboo Mokundlall Roy, zemindar of Majnamoottah.
Baboo Nohun Chunder Nag, zemindar.	Baboo Gopendro Nundun Dass Mahapatro, zemindar of Puttaspore.
„ Dhorony Dhur Roy, dewan of Jelamootta.	Baboo Ramchunder Roy, zemindar of Dantoon.
Baboo Guru Churn Dutt, manager of Midnapore zemindar.	

5. Six meetings of the committee were held during the year, at which the average attendance was 8·7. The number of meetings attended by each member is shown in the statement A annexed. At the first meeting the committee resolved to levy cess on land and houses during the cess year 1877-78, at the maximum rate as authorized by section 74 of Act X of 1871. At the meeting held on the 6th August 1878, the resignation of Baboo Gopal Chunder Bose, late District Engineer, was accepted as reported in my letter No. 468, dated 27th August 1878, but he was asked to retain his appointment until the end of the cess year, to which he consented. At a subsequent meeting, held on the 16th August 1878, it was decided by the majority of the members that the salary of the new District Engineer should be Rs. 650 per month, rising to Rs. 800 by annual increments of Rs. 50, with travelling allowance at the Public Works Department rates for an Executive Engineer. The contributions, amounting to 20 per cent. on gross pay of the incumbent necessary to claim pension and leave allowances from Government, were also to be defrayed from the fund.

6. At the last meeting Mr. Leeson was appointed District Engineer on the terms mentioned above, on probation for one year, and the committee sanctioned increase of pay to the following members of the Engineering and office establishment on the scale mentioned against their names. The increase to take effect from 1st October 1878 :—

INCREASE OF PAY SANCTIONED.

	Rs.
Engineering Establishment.	
Baboo Chunder Sikhur Dass, Head Overseer...	20
„ Gunga Churn Gangooly, Sub-Overseer	10
Mr. A. E. Hefferman, Sub-Overseer	10
Office Establishment.	
Moonshee Abdool Rubb, Accountant	5
Baboo Bunku Beharee Dutt, Second Clerk	5
„ Hemungto Nath Sircar, Mohurrir	5

7. Baboo Gopal Chunder Bose was District Engineer throughout the year. As reported in my letter No. 2 of the 15th October 1878, "he bears a good character for economy and efficiency," but as the district is a very large one the services of a more energetic and active man were necessary to maintain the efficiency of the roads, and the committee therefore acted wisely in accepting his resignation.

8. Baboo * * * Sub-Overseer, was dismissed from his post for misconduct and negligence, and Baboo Jadoo Nath Mookerjee appointed in his place. The dismissal and appointment were duly reported to Government.

9. It will be seen from the enclosed annual accounts that the year opened with a net balance of Rs. 48,957-9-9, which added to Rs. 1,64,718-15-3 received during the year as detailed in Part II of the annual accounts, there was a net available income of Rs. 2,13,676-9 at the disposal of Road Cess Committes. The total expenditure incurred during the year under the several heads was Rs. 1,37,755-8-5, leaving an unexpended balance of Rs. 75,921-1-7 at the close of the year. This large unexpended balance, when there are as many roads in all parts of the district which require outlay, indicates want of energy on the part of the late District Engineer in coping with the work, and it is hoped that the present incumbent will be able satisfactorily to utilise at all events a large part of the funds at his disposal. Progress is however still impeded for want of sanction to important new works for which estimates were not prepared and submitted in due time. Great delay too has occurred since these estimates left this office.

	Rs.	A.	P.
ORIGINAL.			
Roads and bridges	53,469	8	10
River and canal works	11	15	6
Total ...	53,481	8	4
REPAIRS.			
Roads and bridges	52,502	9	3
Grand Total ...	1,05,983	12	7

10. The works carried out on the several roads of the district are shown in detail in Part II of the annual accounts. The works are shown under the heads of "original" and "repairs," the expenditure under these heads being Rs. 1,05,983-12-7 as per detail given in the margin. Of the original works the most important are those executed on the undermentioned roads :—

Road No. 3, *Leodhasy to Porihatty*—

(1)—Re-forming about 12½ miles of the road to proper section, that is, from the 25th to a portion of the 37th mile, the limit of the district.

(2)—Metalling the same portion to a width of eight feet.

*8th mile ... 1 bridge of two spans of 15 feet each.
14th „ ... 1 ditto ditto 10 „ „
20th „ ... 1 ditto one span of 8 „
22nd „ ... 1 ditto ditto 16 „
In different miles. } 7 culverts each of one span of 4 feet.
4 ditto ditto 3 „

(3)—Construction of four bridges of different spans as per margin,* and eleven culverts, with the exception of turfing of the slopes of the three bridges.

(4)—A pucca bungalow at Porihatty has also been constructed with the exception of roofing and plastering.

(5)—Turfing to the sides of approaches and pointing of the six bridges constructed last year have also been completed during the year.

†18th mile ... 1 bridge of three spans of 17 feet each.
Ditto ... 1 ditto two spans of 10 „
Ditto ... 1 ditto ditto 18 „
26th mile 1 ditto one span of 12 feet.
32nd „ ... 1 iron girder bridge of three spans of 30 feet each.

(6)—The greater part of the materials for the bridges proposed to be built, as mentioned in the margin,† have also been collected.

Road No. 4, *Bombay Road*—

(1)—A portion of the road, about 6½ miles in length, has been re-formed to proper section, and four miles of the road newly metalled to a width of 8 feet, at a cost of Rs. 2,241-1.

Road No. 5, *Ghattal to Chunderkona*—

(1)—Re-forming 2½ miles of the road to proper section.

(2)—Metalling the same portion to a width of eight feet.

(3)—Turfing and earthwork in approaches of the causeway constructed last year in the first mile of the road have been completed during the year.

(4)—A temporary bridge constructed over the Sola khal, and a portion of the materials for the iron girder bridge of three spans of 30 feet each, to be constructed over the said khal has also been collected.

(5)—Two masonry culverts each of one span of 3 feet have also been constructed.

11. The cost incurred on the above-mentioned works during the year under review is Rs. 4,783-15-9.

Road No. 6, *Burdwan Road*—

(1)—A bridge of two spans of 20 feet each, constructed at Elahigunge, in the 4th mile of the road up to the crown of the arch, costing Rs. 4,366-14-3.

Road No. 8, *Lodhasoli to Mohapal*—

(1)—The whole line of the road was re-formed to proper section at a cost of Rs. 1,578-15-9.

Road No. 9, *Gurbetta to Ramgurh*—

(1)—A bridge of two spans of 13½ feet each, constructed at Ramgurh, at cost of Rs. 1,440-2.

(2) Materials for constructing a bridge of two spans of 10 feet each were collected, at a cost of Rs. 402-9-9.

Road No. 19, *Khorgopore to Kassary*—

(1)—The road from the right bank of the Kaliaghye river to its terminus at Kassary, about 7 miles in length, has been sectioned to a uniform top width of 15 feet, with slopes 2 to 1, at a cost of Rs. 1,562-1-6.

(2)—Out of three pucka culverts estimated for, only one was constructed during the year, at a cost of Rs. 82-3.

Road No. 21, *Kheerpoy to Buddengunge.*—The whole of this road was in a very indifferent state, and the road has been sectioned to a uniform top width of 15 feet with slopes two to one, with the exception of a section of one and quarter miles, the land for which has not as yet been formally acquired. The cost incurred during the year is Rs. 2,924-2.

Road No. 32, *Ghattal to Noadah.*—The crest of the Selye embankment, about three miles in length, which forms a portion of the road, has been widened to 15 feet, at a cost of Rs. 1,750-9-6. This work was undertaken by the Executive Engineer of the Northern division and Embankment division.

Road No. 76, *Burdah to Khurar.*—This is altogether a new line of road about three and two-thirds miles in length. Earthwork, dressing and turfing of the entire road, with the exception of about 1,000 feet in length, have been completed at a cost of Rs. 3,270-13-3. Khurar is a well populated village in the Ghattal sub-division, and is noted for the manufacture of brass utensils, &c. This line of road connects the place with Ghattal and Chunderkona.

12. Of the incomplete roads that form Dohijuree to Ramgurh (road No. 25), a distance of about six and half miles; that from Bunpore to Ramgurh (road No. 33), a distance of about four miles; and that from Satputli to Gowaltore (road No. 30), a distance of about three and quarter miles have been completed. These roads have not yet been bridged; materials worth Rs. 819-14-3 for the bridge over the Parang khal, which intersects the road No. 30, were collected during the year.

13. The original works on several other roads are of a minor character and need no special remarks.

14. *Repairs.*—Works done under this head consisted of (1) petty repairs to surface of unmetalled roads in order to keep them in suitable order for the dry-weather traffic; (2) repairs to earthwork, dressing and turfing; (3) renewing metalling of metalled roads wherever necessary; and (4) repairs to bridges, culverts, temporary wooden bridges and inspection bungalows. Works done under these heads are given in money value in the annual accounts of Part II referred to above.

15. Among the roads on which important repairs were effected during the year are the following:—

Road No. 2, Panscoorah to Tumlook, Rs. 3,496-14-3.
" " 3, Lodhasy to Purihatty, Rs. 3,338-2-6.
" " 5, Ghattal to Chunderkona, Rs. 10,654-7-3.
" " 6, Burdwan road, Rs. 2,628-15-6.
" " 9, Gurbetta to Ramgurh, Rs. 3,701-11-9.
" " 11, Chunderkonah to Goaltore, Rs. 5,539-1-0.
" " 17, Beldah to Contai, Rs. 3,297-5-6.

16. A sum of Rs. 4,858-9-9 was spent during the year in repairing and improving the village roads of the four sub-divisions (including Sudder sub-division), as per detail given in the annual accounts.

17. As detailed in paragraph 10 of this report the total amount spent on works, both "original" and "repairs," during the year under report was Rs. 1,05,983-12-7, and the cost of Engineering and office establishments amounts to Rs. 22,177-0-2, which gives a percentage of Rs. 20·94, while the percentage of last year was Rs. 23·05.

18. I shall now describe briefly the state of a few of the important roads of the district and the works proposed to be carried out on them during the present cess year 1878-79.

Road No. 3, Lodhasy to Purihatty, 3½ miles in length.—This is one of the most important roads in the jungle mehals of this district, being the direct route from Midnapore to Chyebassa, and is now the main line of communication between the two districts.

The road was metalled in the year 1876-77 up to the 24th mile, and during the year under review the metalling was completed up to the boundary of the Chyebassa district. Its bridging has been completed up to the 17th mile-post, but the rest of the road has not as yet been fully bridged. The unbridged khals and cuts have however been sloped at both ends to facilitate traffic, and the road is now in a fairly drivable order, and the improvement of the communication has resulted in a progressive increase of traffic. In order that it may be fully utilized for purposes of trade, it has been proposed to bridge the whole line of road fully during the present year, and for this purpose a sum of Rs. 30,115 has been provided in the budget, but the estimates submitted have not yet been sanctioned.

Under the head of repairs the committee have sanctioned Rs. 4,500, in order to keep the road and its existing bridges in good order.

Road No. 4, Bombay road, 33 miles in length—of which the first mile is under the Midnapore Municipality. In former years the road was metalled up to its 14th mile. During the year under review four more miles were metalled, but the metalling has not as yet thoroughly consolidated for want of rain. From the 7th up to the 14th mile, the metalling has considerably worn away and a causeway over the Seeoolee khal, in the 9th mile of the road, is in a very bad state. The committee have therefore allotted a sum of Rs. 6,550 under the head of "repairs" for renewing the metalling of this portion and for the thorough repairs of the causeway mentioned above.

The road is in pretty fair order up to the 20th mile, but from the 20th mile up to the boundary of this district, it is in a very indifferent state, and a sum of Rs. 3,000 has been allotted for re-forming this portion to proper section; a sum of Rs. 800 has also been sanctioned to complete the metalling up to the 20th mile.

Road No. 5, Ghattal to Chunderkona, 16 miles in length.—This is also one of the most useful and important roads of the district. The toll-bar, which was on the first mile of the road, used to yield a net income of about Rs. 5,000 annually; but it has been abolished since 1st October 1878 by Government order No. 814A, dated 16th August 1878. Traffic on this road is very heavy. Ghattal being within the tidal limit is the commercial outlet of the north-eastern part of the district. In previous years the road was metalled up to 13½ miles. During the year under report the remaining 2½ miles were metalled. A portion of the road in the 10th and 11th mile is exposed to the spill of the Selye river, and it was breached in two places in 1878. The old bridge over the Sola khal in the 10th mile of the road was also destroyed by the flood on account of the insufficiency of its water-way, and a temporary bridge was thrown over it for the purpose of keeping up the communication. The road is now in fairly passible order.

The works on this road proposed to be undertaken during the present year are—

(1)—Construction of an iron girder bridge over the Sola khal, with sufficient water-way.
(2)—Repairs to the damages caused by floods;
(3)—Renewing metalling of the road in places where it is urgently wanted;
(4)—Repairing earthen sides and slopes, as also the bridges.

The amount provided in the budget for these works is Rs. 17,500, but sanction has not yet been received.

Road No. 6, Burdwan Road.—Thirty-five and a quarter miles in length, of which one and a half miles is under the Midnapore municipality.

This road is metalled up to the 17th mile, and most of it is bridged. It is in fair order. The proposed works consist of (1) completing the bridge at Elahigunge, of two spans each of twenty feet; (2) repairs to metalling of the road wherever necessary; (3) repairs to existing bridges and culverts, as also to earthwork, dressing and turfing.

Road No. 8, Lodhasoli to Mohapal.—This is also an important road in the jungle mehals. Mohapal is the centre of trade for Gopibullubpore, a large grain-producing thanna in the south-west of the district, and this road connects the place with Midnapore.

It is a fair-weather road, not fully bridged. During the year under report the road was re-formed to proper section, and it is in fair order. The works proposed to be done during the present year are (1) to bridge the road throughout its whole length; (2) to do petty repairs to earthwork, &c., as also to the inspection bungalow. The amount provided in the budget for these works is Rs. 3,955.

Road No. 17, Beldah to Contai.—This is the principal district road of the Contai sub-division. It meets the provincial road to Cuttack at the village of Beldah, and is the only channel of communication between Midnapore and Contai. Its length from Beldah to Contai is thirty-five and a quarter miles.

It is a fair-weather road, fully bridged throughout its whole length, but the road becomes very muddy during the rainy season, owing to which the traffic is greatly impeded. In order to remove this difficulty the committee proposed to metal the road. For this purpose an estimate, amounting to Rs. 1,10,467, was framed by the present District Engineer. It was submitted to the Superintending Engineer for sanction, but has been since returned for certain corrections. Out of the Rs. 1,10,467 estimated for, the committee proposed to spend Rs. 46,072 during the present year which has accordingly been provided in the budget.

19. The other works to be undertaken during the cess year 1878-79 are of secondary importance. They consist of—

		Rs.
(1)	Completing a bridge of two spans of ten feet each at Amlagora—Road No. 9, Gurbetta to Ramgurh	978
(2)	Construction of a portion of road No. 23, from Keshpore to Narajole, including culverts	2,095
(3)	Construction of a portion of road No. 26, Sogri to Jhargram ...	770
(4)	Completing a portion of road No. 32, Ghattal to Noadah ...	1,500
(5)	Completing a portion of road No. 76, Burdah to Khurar ...	500
(6)	Construction of Pilgrim road from Nolun Bazar to Madurpore	2,934

20. The repairs of the different roads provided for in the budget for 1878-79 do not call for special remark. They consist chiefly in maintaining roads and putting the existing bridges and culverts, &c., in good order.

21. The management of the roads seems to have been on the whole satisfactory during the year, and the public at large have derived benefit from the improved communication, as is shown by the increase in traffic along roads which have been newly bridged and metalled; but communications are still susceptible of great improvement and extension. The subject of improving the village roads has received careful attention, and a sum of Rs. 15,000 has been allotted for expenditure by the different sub-divisional officers on the village communications—a large increase on the sum hitherto provided for this purpose.

Abstract of particulars regarding Meetings of District Road Committees for the cess year 1877-78.

Explanatory Memorandum to accompany the Annual Accounts.

RECEIPTS.

Under the head of "Fines" under the Road Cess Act, a sum of Rs. 392-4 is shown in the annual accounts, but by adding the totals of the quarterly returns, the total amount comes to Rs. 533-12-6. As usual the sum realized on account of peons' fees were charged under the head of "Fines and Fees" in the first quarterly return; but on receipt of instructions from the Examiner of Public Works Accounts, conveyed in his memorandum No. 526, dated 31st March 1878, these sums were shown under the head of "Miscellaneous" in the second, third, and fourth quarterly returns. The sum of Rs. 141-8-6 on account of peons' fees, shown under the head of "Fines" in the first quarterly return, therefore, has been deducted from the head of "Fines" and added to that of "Miscellaneous" in the annual accounts. This will explain the discrepancies of the two heads mentioned above between the quarterly and annual accounts.

EXPENDITURE.

In the quarterly returns the sums spent on account of office contingencies, purchasing stationery, &c., viz., Rs. 1,218-0-5, were shown under the head of "Repairs," but agreeably to the illustrative entries in the revised forms and explanatory notes received from Government with Commissioner's No. 83 of the 19th February 1878, this sum has been shown under the head of "Establishment" in the annual accounts. This explanation will reconcile the discrepancies of the two respective heads between the annual accounts and quarterly returns.

T. D. BEIGHTON, *Vice-Chairman.*

No. 17, dated Hooghly, the 20th December 1878.

From—R. D. HIME, ESQ., Chairman of the District Road Committee, Hooghly,

To—The Commissioner of the Burdwan Division.

I HAVE the honor to submit the report* on the administration of the Hooghly and Howrah District Road Fund for the cess year 1877-78.

* With Annual Accounts for 1877-78.

2. The following is the list of the members of the District Road Committee :—

R. D. Hime, Esq., Chairman.
Baboo Shyamadhuba Roy, Vice-Chairman.
The Magistrate of Howrah.
The Sub-divisional Officer of Serampore.
The Executive Engineer of the Burdwan Division.
The District Engineer of Hooghly and Howrah (since removed).
The District Superintendent of Police, Hooghly.
Baboo Joykissen Mookerjee.
„ Bejoykissen Mookerjee.
„ Narendro Chunder Roy.
„ Chunder Kanto Mookerjee.
„ Anoorup Chunder Mookerjee.
„ Suttya Doyal Bannerjee.
„ Juggessur Sing.
„ Lolit Mohun Sing.
„ Obhoy Churn Nundy.
„ Opendro Narain Nundy.
„ Poornendro Deb Roy.
„ Brojonath Mitter.
„ Hurro Chunder Ghose.
Pundit Mohesh Chunder Nyarutna.

3. The charge of the office was made over to me in May last, before which Mr. F. H. Pellew was the Chairman.

4. From the accompanying "Abstract of particulars of Road Cess Meetings" it will be seen that there were seven meetings of the District Committee during the year, all of which were well attended. The number of non-official members who did not attend a single meeting is three, of whom two could not attend on account of ill health, and one owing to his absence from the district for the greater portion of the year.

5. The number of meetings of each of the Howrah and Serampore Branch Committees is two, which also were well attended. As there was not sufficient business, the Branch Committees did not meet oftener. The abstracts of meetings regarding the Branch Committees are also annexed.

6. *Receipts of the year.*—There was a balance of Rs. 33,016-9-1 at the end of the preceding year. The total receipts during the year under several heads amounted to Rs. 1,23,517-12-1 as shown in the margin; thus the total amount available during the year was Rs. 1,56,534-5-2. It is to be remarked that the receipts from ferries were due on account of the previous year but realised during the year under report.

	Rs.	A.	P.
Road Cess	1,02,152	1	8
Do. leviable otherwise than under District Road Cess Act	201	8	8
Road ferry and canal tolls	15,785	0	0
Sale of produce and stores	536	14	0
Fines	0	3	0
Miscellaneous	4,842	0	9
Total ...	1,23,517	12	1

7. *Expenditure.*—The expenditure of the year amounted to Rs. 1,17,860-3-4 as per margin. The expenditure on account of contingencies exceeded the budget estimate by Rs. 109, owing to the publication of a notice requiring an Engineer in the *Calcutta Gazette* and three or four of the daily papers. Rs. 40,114-1-9 and Rs. 52,365-1-6, shown against heads "Original Works" and "Repairs," include Rs. 14,903-15-6 and 10,954-6-1 respectively on account of previous years.

	Rs.	A.	P.
Establishment on collection of revenue and Committee's control	6,125	9	8
Contingencies	1,089	2	5
Original Works	40,114	1	9
Repairs	52,365	1	6
Engineering Establishment	17,490	10	6
Tools and plant	675	9	6
Total ...	1,17,860	3	4

8. No change was made in the system of work, the acceptance of tenders, or piece or day work, and the works of the committee were carried on by open competition as much as possible.

9. Works remaining incomplete at the end of 1876-77 were finished in the beginning of the year.

10. With the exception of the four roads mentioned below, all the works entered in the budget for the year were undertaken :—

1. Dippa to Ampta.
2. Khyuan feeder.
3. Senye to Malipara.
4. Hooghly feeder.

Roads Nos. 1 to 3 involve acquisition of land, which not having been completed during the year, no work could be done on them. A great quantity of earthwork, however, has been done on the third road as there existed a tract. The Hooghly feeder was subsequently found to be in a good state of repair and consequently nothing was expended on it.

11. The following is the list of the most important original works executed during the year:—

Metalling of the Bydebatty Feeder, No. 2 on the list.—Nearly a mile and a half of this important road was metalled with stone during the year, so it is now throughout stone metalled, and cost Rs. 8,005.

Metalling of the Bhola and Juggilumpore road, No. 31 on the list.—This road, which may be said to be an extension of the Bydebatty feeder, has been metalled with stone up to Nalicool, a distance of about a mile, and cost Rs. 7,904.

Metalling of the Bansberria and Hajipore road, otherwise called the Trisbigah feeder, No. 30 on the list.—The work was undertaken by order of Government, and has been metalled throughout a distance of about 1 mile, 2,320 feet, at a cost of Rs. 5,393.

Metalling of the Ooterparah and Kalipore road, No. 33 on the list.—A few hundred feet of this road remained to be metalled at the end of the preceding year; it has been completed this year. This road is now metalled for its entire length.

The reconstructions of the road from Norendropore to Dipa, No. 109 on the list, cost Rs. 2,688.

This work would have been completed within the year had not some of the zemindars objected to drains being cut by the sides of the road, which caused some delay in negotiating with them, and consequently the work was not finished within September last.

12. As regards repairs, the following are the most important:—

				Rs.
Repairing Bydebatty and Bhola road,	No.	2	at a cost of	3,367
Ditto Pandooah and Culna road,	„	3	„ „	5,091
Ditto Hooghly and Dhunakhally road,	„	12	„ „	2,235
Ditto Howrah and Juggutbullubpore road,	„	13	„ „	4,509
Ditto Old Benares road,	„	15	„ „	10,693

The details regarding the expenditure on minor works have been shown in the annual accounts.

River and Canal works.—The spur works in the Gaighata khal, constructed in the previous year, were to a great extent successful. The cost for clearing the silt deposited at the mouth of the khal was Rs. 923.

13. All repairs to roads were completed within the year with the exception of the following:—

		No.
1.	Connagore to Dancoonee...	36
2.	Hooghly to Dhuneakhally	12
3.	Old Benares road	15
4.	Inchoorah to Guptipara	48

As regards the first two roads, only portions of consolidation to metal remained to be completed at the end of the year. Repairs to the Old Benares road would have been completed within time had not the contractor failed to finish the work after collecting the metal. The work had to be finished by piece-work.

Regarding the Inchoorah and Guptipara road, there only remained at the end of the year certain petty repairs to wood-work and masonry, which have since been completed.

14. There has been generally a saving on most of the works compared with the estimates.

15. The surface dressing of all kutcha roads was completed within December. Metal of both descriptions to Class I roads, was generally collected within the estimated time and consolidated as soon as there was sufficient rain. Class II and III roads were repaired before the rains.

16. *Village Roads.*—A grant of Rs. 17,368 was made for the maintenance of village roads, of which a sum of Rs. 4,000 was allotted to each of the sub-divisions of Hooghly and Serampore, Rs. 3,000 to Howrah, and Rs. 6,368 to Mohesrakha. The actual expenditure in each of these sub-divisions during the year is stated below:—

	Rs.
Hooghly	3,472
Serampore	3,554
Howrah	3,570
Mohesrakha	5,167

These roads were repaired by the zemindars, local sub-committees, or village headmen, and generally the works were satisfactorily done, and in many instances the grants from the committee were supplemented by contributions made by the zemindars and others.

17. *Relief Works.*—No relief works were undertaken in this district during the year.

18. *Toll Gates.*—The remaining three toll gates, viz., Biddabatty, Jhumperdah, and Dabeepara, were abolished at the termination of the cess year; thus all the toll gates of this district have been abolished.

19. *General condition of the Roads and Bridges.*—The general condition of the roads and bridges is very fair, although the heavy rains and floods of the last year have done more than ordinary damage to the kutcha roads.

20. *Trees by the sides of District Roads.*—The idea of planting roads with trees struck the committee of this district before the receipt of Government circular No. 10, dated 28th October 1878, and as an experiment, the roads marginally noted were selected for the purpose. Of the trees that were so planted, extending along a distance of 32 miles, nearly 868 have come to maturity, and have sufficiently grown to be left to themselves. The expenditure under this head amounted to Rs. 4,225.

	No.
Biddabatty to Bhola road	... 2
Pandooah to Culna road	... 3
Hooghly to Dhunakhally road	... 12
Chunditolla to Gobra road	... 98
Dancoonee to Gobra road	... 27
Outerpara to Callipore road	... 33
Hooghly to Dwarbasiny road	... 39
Serampore to Dancoonee road	... 40

21. The district works were in charge of Mr. Wells till December last; in February Mr. J. C. M. Forbes, the present District Engineer, took charge of the office. The subordinate engineering establishment consists of an Overseer and three Sub-Overseers.

22. *Future schemes.*—The following are the most important works to be undertaken during the year 1878-79:—

	Rs.
Repairs.—Repairs to Howrah and Juggutbullubpore road at an estimated cost of	6,050
Repairs to Hooghly to Dhunakhally road, cost ...	7,050
Ditto to Biddabatty and Bhola road, cost	5,270
Ditto to Pandooah and Culna road, cost	5,950
Ditto to Nobogram and Bora road, cost	2,250
Clearing of the Gaighata khal, cost	3,000
Original Works.—Metalling of the Shahgunge and Tribaney road, cost	5,965
Metalling of the Howrah and Juggutbullubpore road, cost	3,000
Reconstruction of the road from Dippa to Ampta, cost	5,000

23. *Roads brought on the list under Section* 68.—The roads brought on the committee's list during the year, under section 68 of the Act, are mentioned below:—

1. Khynan feeder.
2. Boinchee to Jamua.
3. Adamgachi to Old Benares Road.
4. Khejuria to Srihat.
5. Hurripal to Hara.
6. Hurripal to Khejuria.
7. Doorgarampore to Singoor.
8. Dwarbasiny to Jair.
9. Dalimbo to Meria.
10. Dwarbatta to Jugalgari.

Of these the first two are the most important, the one joining the Khynan railway station with the Grand Trunk Road, and the other joining this district with Burdwan, and have therefore been brought on the Engineer's practical list also. Action will be taken on the other roads as soon as funds permit.

24. Baboo Shyamadhuba Roy, Vice-Chairman, discharged the duties of his office with diligence and ability throughout the year.

I refrain from making any remarks on the services of Mr. Forbes, the District Engineer, as under the orders of Government a separate report will have to be submitted after the expiration of one year from the date of his appointment. The subordinate establishments of the different departments of the road cess gave satisfaction in the discharge of their respective duties; the road cess accountant, Baboo Chunder Coomar Mookerjee, and the second clerk, Baboo Rakhal Chunder Dass, are especially commended

25. The non-official portion of the committee consists of the most influential and wealthy zemindars of the district, independent but never obstructive.

26. *Working of the Road Cess system.*—The road cess system has been working well, village road grants being made on a larger scale. The rate-payers in general find that their interests are not neglected. They are quite willing to pay the road cess provided the district communications are kept in a good state of repair.

The only difficulty felt, and which has not yet been removed, is the apportionment of the road cess in cases of estates held in coparcenary. The proprietors of such estates are quite ignorant of the amount which each has to pay, and the consequence is that in some instances payments are made by guess, and in others not at all. The estate thus falls into arrears for the realization of which coercive measures are adopted, and generally the balance is recovered from one of the several owners, who is left to realise from his co-sharers the amounts payable by them, often a very troublesome task, especially in cases of small amounts, where no suit is instituted, as the cost of the realisation of the sum due would exceed by far the amount for which a decree may be obtained.

APPENDIX A.

Abstract of particulars regarding meetings of District Road Committee for the cess year 1877-78.

R. D. HIMB, *Vice-Chairman.*

No. 68, dated Howrah, the 15th February 1879.

From—T. E. RAVENSHAW, ESQ., Commissioner of the Burdwan Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to forward in original, for publication in the *Calcutta Gazette*, the annual reports and accounts of the District Road Fund for the cess year 1877-78, submitted by the Chairman of the several District Road Committees in the Burdwan Division, as noted in the margin.

* Chairman, Burdwan District Road Committee's No. 124, dated 22nd January 1879, with annual accounts.

Chairman, Bankoorah District Road Committee's No. 20, dated 31st December 1878, with annual accounts.

Chairman, Beerbhoom District Road Committee's No. 518, dated 7th February 1879, with annual accounts.

Chairman, Midnapore District Road Committee's No. 150, dated 6th February 1879, with annual accounts.

Chairman, Hooghly *cum* Howrah District Road Committee's No. 17, dated 20th December 1878, with annual accounts.

2. The following statements show the aggregate financial results of the working of the District Road Committees during the past four years.

Financial results of the year's operations.

Receipts.

ITEMS.	1874-75	1875-76	1876-77	1877-78.
	Rs.	Rs.	Rs.	Rs.

Total ...	5,35,923	3,24,190	4,30,197	4,46,681

3. The aggregate figures under head "Receipts" show a decrease as compared with the previous year. This is due to falling off in receipts from (1) cess under Act X (B.C.) of 1871; (2) road cess levied otherwise than under the District Road Cess Act; (3) tolls on roads; and (4) tolls on ferries. The chief cause of decrease under the first head is the abolition, or rather suspension, of collection of house cess under Government orders communicated to this office with Board's No. 266A, of 23rd April 1878. The

receipts under the second head represent proceeds of the one per cent. on account of roads assessed in all settlements of estates made previous to the enactment of the Road Cess Act. In the district of Midnapore several important estates were resettled during the year, but no separate assessment of the one per cent. road cess was imposed with reference to Board's order, No. 264A, of the 14th May 1874. This accounts for the decrease from Rs. 9,259 in 1876-77 to Rs. 2,123 in 1877-78. But the orders of the Board directing discontinuance of the separate assessment of one per cent. road cess in future settlements being dated May 1874, it is difficult to understand how the receipts under this head increased from Rs. 2,954 in 1875-76 to Rs. 9,258 in 1876-77. I have accordingly called for an explanation from the Collector and Chairman of the Midnapore Road Cess Committee. The decrease under the third head is owing to abolition of tolls on district roads, and that under the fourth is attributable to the orders quoted in the margin, under which surplus proceeds of ferries are credited to Provincial Reserve. There has been decrease under the head "Fines," but "Miscellaneous Receipts" have increased from Rs. 5,406 in 1876-77 to Rs. 10,556 in 1877-78.

Government resolution Public Works Department No. 358A, dated the 25th April 1877, and Government circular order, Public Works Department, No. 78A, dated 20th August 1877.

4. The total expenditure shows an increase over the previous year, owing chiefly to the fact that a comparatively large amount was usefully expended during the year of report on roads and bridges. On the other hand, there is a decrease under some heads, notably under "Ferries," owing to the decrease which has occurred under corresponding heads on the receipts side. No figures are shown under heading "Refund" for the year of report, as under Government circular Public Works Department, No. 89A, dated 5th December 1876, refunds of receipts, instead of being shown as charges, are deducted from the receipts under the heads of account concerned.

5. The surplus of total receipts over total expenditure is Rs. 32,085, which, added to the balance in hand at the close of the previous year, raises the aggregate balance in hand at close of the year under report to Rs. 1,97,203.

6. The following statement shows the income and expenditure in each district during the past year. The income shown includes the balance brought forward in the accounts of the several District Committees from the previous year :—

Districts.	Income.	Expenditure.
	Rs.	Rs.
Burdwan	1,62,060	1,16,835
Bankoora	35,150	20,730
Beerbhoom	76,463	53,501
Midnapore	2,13,677	1,37,755
Hooghly *cum* Howrah	1,56,534	1,17,860
Total ...	6,43,884	4,46,681

7. *Works.*—The following statement shows the amounts spent in each district in "Original Works" and in Repairs" during the past four years :—

District.	1874-75.		1875-76.		1876-77.		1877-78.	
	Original Works.	Repairs.	Original Works.	Repairs.	Original Works.	Repairs.	Original Works.	Repairs.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Burdwan	33,152	1,51,545	12,358	66,262	34,343	46,416	26,325	68,906
Bankoora	93,820	2,914	11,707	2,768	6,528	5,521	7,180	8,202
Beerbhoom	77,704	9,349	26,544	18,328	24,741	12,430	495	37,140
Midnapore	30,110	13,635	11,685	15,930	22,795	42,845	53,481	52,041
Hooghly *cum* Howrah	25,056	43,228	35,042	34,483	38,191	69,012	40,114	52,305

8. *Working of the road cess system.*—Very little was expended in original works in Beerbhoom during the past year, almost the whole amount being absorbed in repairs. But it must be borne in mind that in this district about Rs. 14,000* were due and paid after the expiry of the year, for work done within the year. The Chairman has been requested to submit details of this amount, which ought to have been disbursed before the annual accounts closed. As regards other districts, Burdwan shows a decrease and Bankoora, Midnapore and Hooghly an increase under head "Original Works," as compared with the previous year. The subjoined statement shows the most important original works executed in each district of the division during the year :—

Original Works.

Districts.	Number and name of roads.	Amount estimated or sanctioned.	Amount expended during the year.	Total sum expended up to the close of the year.
		Rs.	Rs.	Rs.
Burdwan	No. 23, Karjonah to Cutwa Road	21,013	4,498	4,498
Midnapore	„ 3, Lodhasye to Purihatty ...	52,816	20,512	35,092
	„ 5, Ghattal to Chundrakona.	15,189	4,784	6,954
Hooghly *cum* Howrah	„ 13, Howrah to Juggutbullubpore	13,500	1,124	13,102

* *Vide* Commissioner's No. 146, dated the 10th April 1879.

9. The road Amptah to Dipa in Hooghly will be taken in hand this year. A supplementary estimate for the work has been submitted to Government.

10. Under head "Repairs" there has been increase of expenditure in all the districts except Hooghly, which shows a decrease. The most important works under this head are the following roads :—

		Amounted expended during the year.
		Rs.
No. 23,	Karjonah to Cutwa, in Burdwan	18,568
,, 5,	Ghattal to Chundrakona, in Midnapore	10,654

Besides these there were several important roads under both the heads of "Original Works" and "Repairs," especially in Midnapore, which are noticed in detail in the district report. The cost of none of these, however, come to Rs. 10,000.

11. There is nothing particular to notice in connection with the working of the road cess system. Generally speaking, the system has worked well in all the districts, many useful roads have been opened and repaired, and the advantages of improved communication are appreciated by the people. The collection of road cess was satisfactorily maintained in Beerbhoom and Burdwan, but the results were unsatisfactory in the other districts, especially in Bankoora, where collections have been retarded by defaults in ghatwalli mehals. The results in the other districts are attributed to absence of any penalty provision in cases of failure to pay voluntarily, and to the fact that coercive measures provided by law are not effective for speedy recovery of arrears, and also to the difficulty experienced in realizing cess from lakhirajdars. The members of the Hooghly and Bankoora Road Cess Committees appear to have taken interest in their work. The members of the other District Committees do not appear to have manifested much alacrity in the discharge of their honorary duties. This will be seen from the statements showing attendance at meetings.

12. *Village Roads.*—The following sums were spent during the year in each district on construction and repair of village roads :—

	Rs.
Burdwan	1,582
Bankoora	199
Beerbhoom	772
Midnapore	4,859
Hooghly *cum* Howrah	15,763

13. The figures show an increase in all districts except Bankoora, but the outlay under this head has not been in all districts so liberal as I could have desired. Grants for village roads have been increased this year with reference to the remarks contained in paragraph 16 of Government resolution No. 814A, dated 16th August 1878, and it is expected that next year's report will show best results.

14. *Establishment on works.*—The cost of establishment on district works during the year is shown below :—

	Rs.
Burdwan	10,960
Bankoora	2 484
Beerbhoom	12,995
Midnapore	22,177
Hooghly *cum* Howrah	17,491

15. Burdwan and Hooghly alone show a decrease as compared with the previous year. In other districts there has been increase, in Beerbhoom the figures are Rs. 12,995 against Rs. 4,154 in 1876-77. This is attributable to the fact that an Engineer on a salary of Rs. 400 and travelling allowance was entertained during the year. In Hooghly the work of the District Engineer, Mr. J. C. M. Forbes, will be separately reported on after expiration of the period of his probation. His work at Rajshahye, where he was employed during a portion of the year, did not however meet with the approbation of his superiors. In Midnapore the District Engineer, Baboo Gopal Chunder Bose, has resigned since the close of the year, and Mr. G. J. R. Leeson has been appointed on increased pay.

16. The delay in the submission of the reports and accounts has already been explained in this office No. 32 of the 22nd January. The last report was received from Beerbhoom on the 10th instant, and, though late, it is not drawn up in the form prescribed by Government. There are moreover discrepancies between the annual and quarterly accounts which have not been sufficiently explained in the Beerbhoom report. I have pointed these out and requested the Chairman to submit his explanations direct to Government. In Burdwan also there are discrepancies between the accounts and the reports as regards detailed items of expenditure. The salary of the Engineer, shown under head "Establishment on Works," is also wrongly calculated. These have been pointed out, and the Chairman requested to submit his explanations direct to Government to save time.

LAND SALE NOTICES.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Monghyr, will be put up to sale at the Monghyr Collectorate on the 7th June 1879, corresponding with 3rd Assar 1286 F.S.

The purchasers will be subject to the following conditions of sale :—

CONDITIONS OF SALE.

1*st.*—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2*nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteen day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

IN the matter of PETER BRANTZ, an Insolvent.

On Monday, the 5th day of May instant, it was ordered that the matters of the petition of the said Insolvent be heard on Tuesday, the 3rd day of June next, and that the said Insolvent do then attend to be examined before the said Court.

Insolvent in person.

CHIEF CLERK'S OFFICE, the 14th day of May 1879

IN the matter of DUGALD LATTEY, an Insolvent.

On Saturday, the 10th day of May instant, by an order of this Court the said Insolvent was adjudged entitled to his personal discharge under the Act XI Vic., Chap. XXI, as to all persons named in his schedule as creditors or claiming to be creditors respectively.

J Camell, Attorney.

IN the matter of GEORGE EDWARD CORNELIUS, an Insolvent.

On Saturday, the 10th day of May instant, it was ordered that the petition of the said Insolvent seeking for relief under the Act XI Vic., Chap. XXI, be dismissed

C N. Manuel, Attorney.

IN the matter of MONOHAR GHOSH, an Insolvent.

On Wednesday, the 4th day of September 1878, by an order of this Court the said Insolvent was adjudged entitled to his personal discharge under the Act XI Vic., Chap. XXI, as to all persons named in his schedule as creditors or claiming to be creditors respectively.

Insolvent in person.

IN the matter of SHAHIBZADAR MAHOMED MAHMOOD SHAH, an Insolvent.

On Saturday, the 10th day of May instant, an account of the receipts and disbursements of the Official Assignee from the 8th day of September 1877 to the 30th day of April last was filed in the office of the Chief Clerk, and it was ordered that Tuesday, the 3rd day of June next, be appointed for the further hearing of this matter for the purpose of making a dividend.

☞ Any creditor or other person interested who may intend to establish or oppose any claim upon the estate of the said Insolvent may attend and be heard, having given notice to the Chief Clerk three clear days before the day of hearing.

A. B. MILLER, Official Assignee.

IN the matter of MACKERTICH BELTHASER, an Insolvent.

On Saturday, the 10th day of May instant, an account of the receipts and disbursements of the Official Assignee from the 2nd day of May 1878 to the 5th day of May 1879 was filed in the office of the Chief Clerk, and it was ordered that Tuesday, the 3rd day of June next, be appointed for the further hearing of this matter for the purpose of making a dividend.

☞ Any creditor or other person interested who may intend to establish or oppose any claim upon the estate of the said Insolvent may attend and be heard, having given notice to the Chief Clerk three clear days before the day of hearing.

A. B. Miller, Official Assignee.

IN the matter of JAMES MITCHELL, an Insolvent.

Notice that an application for an *ad interim* protection order has been this day made by the said Insolvent, and that such application will be heard and disposed of by the Acting Commissioner of the Insolvent Court on Tuesday, the 27th day of May instant, at the hour of ten o'clock in the forenoon.

☞ Any creditor of the said Insolvent desirous of opposing such application must appear before the said court at the time and place aforesaid.

Insolvent in person.

IN the matter of HAMILTON ANSTRUTHER AND WILLIAM BURNETT, Insolvents.

On Saturday, the 10th day of May instant, it was ordered that the Assignee do pay and divide the sum of Rs. 4,834-0-10 to and amongst all the creditors upon the estate of the said Insolvents as a dividend at the rate of Rs. 2-8-0 per cent. upon such of the debts as are admitted in the schedule of the said Insolvents and such claims as shall be proved or substantiated to the satisfaction of the said Assignee in proportion to their several debts, with leave to the Official Assignee to apply to this Court from time to time for directions respecting any debts or any other matter or thing relating thereto.

A. B. Miller, Official Assignee.

IN the matter of GRISH CHUNDER NAUG, carrying on business at No. 153, Old China Bazar, in the town of Calcutta, as a tea merchant, and residing at No. 10, Nabootolla Lane, Juggernauth Ghaut, in Calcutta, an Insolvent.

Notice that the petition of the said Insolvent seeking the benefit of the Act XI Vic., Chap. XXI, was filed in the office of the Chief Clerk on Tuesday, the 13th day of May instant, and by an order of the same date the estate and effects of the said Insolvent were vested in the Official Assignee.

Nobin Chund Burral, Attorney.

IN the matter of DUGALD LATTEY, an Insolvent.

On Tuesday, the 13th day of May instant, it was ordered that Tuesday, the 1st day of July next, be appointed for the further hearing of this matter, and that unless cause be shewn to the contrary on that day the said Insolvent be discharged personally as well as to his after acquired property from all liabilities for debts, claims, and demands of and against the said Insolvent at the time of the filing of his petition for relief.

J. Camell, Attorney.

PART III.

Acts of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Third Publication.]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 12th March 1879, and having received the assent of His Excellency the Governor-General on the 24th April 1879, is hereby promulgated for general information:—

ACT No. III OF 1879.

An Act to provide for the periodical inspection of Steam Boilers and Prime Movers attached thereto in the Town and Suburbs of Calcutta and in Howrah.

WHEREAS it is expedient to provide for the periodical inspection of steam boilers and prime movers attached thereto in the Town and Suburbs of Calcutta and in Howrah; It is enacted as follows:—

Preamble.

Extent and commencement of Act.

1. This Act extends to the Town of Calcutta, to the Suburbs of Calcutta, and to Howrah, as from time to time defined in the *Calcutta Gazette* under the provisions of any law for the time being in force;

and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Lieutenant-Governor may extend it further.

The Lieutenant-Governor of Bengal may, by notification published in the *Calcutta Gazette*, extend this Act to any place or district, and it shall come into force accordingly from the date which may be named in such notification.

It shall not apply to any locomotive engine used upon any railway, or to any steam vessel in the port of Calcutta.

Repeal of Bengal Acts VI of 1864 and III of 1875.

2. Bengal Act VI of 1864 and Bengal Act III of 1875 are hereby repealed.

But all certificates and rules in force at the commencement of this Act, which were granted or made under either of the said Acts, shall be deemed to have been granted and made respectively under this Act.

Interpretation.

3. In this Act, unless there be something repugnant in the subject or context,—

"Boiler."

"Boiler" includes any cylinder or vessel for generating steam under pressure.

"Prime Mover."

"Prime Mover" includes any steam engine, fly wheel, first driving shaft and pulley attached to any such engine.

"Owner."

"Owner" includes any agent or hirer using any boiler or prime mover.

Power to make rules.

4. The Lieutenant-Governor may from time to time make, and when made, revoke, add to, and alter, rules for all or any of the following purposes, that is to say,—

(1) for appointing and, when appointed, suspending or removing Inspectors under this Act;

(2) for determining the powers and duties of such Inspectors;

(3) for fixing the fees payable on account of certificates granted under this Act;

(4) for determining the time for which certificates granted under this Act shall be in force;

(5) for securing the attendance of assessors and affixing a penalty for non-attendance;

(6) for regulating the procedure on hearing appeals;

(7) for carrying out the purposes of this Act.

Such rules shall be published three times in the *Calcutta Gazette*, and shall come into operation at the date of the last publication or at any later period mentioned in the order.

On notice from owner an Inspector to examine boiler or prime mover.

5. The owner of any boiler or prime mover in respect of which a certificate is not in force in the manner hereinafter described shall, before using the same, give notice to an Inspector appointed under this Act of his intention to use or continue to use the same. The Inspector to whom such notice is given shall appoint a time between sunrise and sunset, and within fourteen days from the receipt of such notice, for the inspection of such boiler or prime mover, and at such time shall carefully examine such boiler or prime mover, and every part thereof, and the owner or person in charge thereof shall afford to such Inspector all reasonable facilities for such examination, and all such information as may reasonably be required.

Inspector may order owner to alter boiler or prime mover.

6. If on making the inspection the Inspector is of opinion that the boiler or prime mover requires any alteration or addition, he shall serve on the owner or person in charge thereof a written notice requiring him to make such alteration or addition, and no certificate shall be granted in respect of such boiler or prime mover until such alteration or addition has been made in the manner required by the Inspector, or the owner has obtained a certificate under section 9 of this Act.

When Inspector to grant certificate.

7. If the Inspector is satisfied that such boiler or prime mover is in good condition, and not so exposed as to be likely to be dangerous,

and, in case any alteration or addition in such boiler or prime mover has been ordered under the last preceding section, as soon as he is satisfied that such alteration or addition has been properly made,

he shall give to the owner or person in charge thereof a certificate signed by him to that effect in the form in the Schedule hereto annexed, on payment, by the owner or person in charge, of such fees as may be fixed under the rules herein before mentioned;

and such certificate shall state the period for which such boiler or prime mover may be used, and shall cease to be in force on the expiration of such period.

Revocation or suspension of certificate.

8. Any person authorized by the Lieutenant-Governor in that behalf may revoke or suspend any certificate granted under this Act when he has reason to believe—

(1) That such certificate has been fraudulently obtained, or has been granted erroneously, or without sufficient inspection;

(2) That the boiler or prime mover in respect of which it has been granted is not in charge of a person competent to have charge of it, or has since the granting of such certificate sustained injury, or is not in good condition.

Appeal against refusal, revocation, or suspension of certificate.

9. The owner of any boiler or prime mover dissatisfied with any notice or order under sections 6, 7, or 8 of this Act may, within seven days from receipt thereof, appeal either to some person authorized by the Lieutenant-Governor in that behalf, or to some such person assisted by two experts as assessors.

If such person is satisfied that the owner is entitled to a certificate, he shall, on payment of the fee, grant a certificate in the form in the Schedule hereto annexed, or shall allow the former certificate to continue in force, as the case may be, and shall direct that the expenses of the appeal incurred by Government and certified to by him shall be paid out of the fees and penalties realised under this Act.

If such person decides that the owner is not entitled to a certificate, he shall dismiss the appeal, and the expenses of the appeal incurred and certified in manner aforesaid shall be recoverable from the owner as a fine by any Magistrate having jurisdiction in the place where the boiler or prime mover is situated.

Power of entry of Inspectors.

10. Any Inspector appointed under this Act may at any time enter into any place where he has reason to believe that a boiler or prime mover is used, for the purpose of inspecting the same.

Penalties.

11. The owner or person in charge of any boiler or prime mover who shall use, or, after conviction, continue to use the same without a certificate duly obtained and in force in respect thereof under this Act, or having obtained a certificate shall at any reasonable time during the period for which the same may be in force, fail to produce it when called upon to do so by any Magistrate having jurisdiction in the place in which such boiler or prime mover is situated, or by any person authorized in writing by such Magistrate to demand its production, and

any person who shall prevent an Inspector from entering any place or building where the Inspector has reason to believe that a boiler or prime mover is used,

shall be punished with a fine not exceeding five hundred rupees.

Charges within what period to be brought.

12. No charge shall be brought against any person for the recovery of any penalty under this Act before such day as the Lieutenant-Governor shall fix by notification in the *Calcutta Gazette*; and no charge at all shall be brought without the authority of an Inspector appointed under this Act, or after the expiration of six months from the date of the commission of the offence.

Disposal of penalties.

13. All penalties to be levied under this Act shall, subject to the provisions of section 9, be disposed of in such manner as the Lieutenant-Governor shall from time to time direct.

SCHEDULE.

(*See Sections 7 and 9.*)

FORM OF CERTIFICATE.

Name of owner.	Description of boiler and age.	Description of prime mover and age.	Power.	When and where made.	When and where last repaired.	Time for which certificate to be in force.	REMARKS.

I, the undersigned, certify that I have examined the above-named boiler (*or prime mover*), and to the best of my judgment the boiler (*or prime mover*), as shown in the above statement, is in good condition, and is not so exposed as to be likely to be dangerous [and (*in case alterations or additions have been ordered*) that the alterations (*or additions*) required by me have been properly made.]

[Second Publication.]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 15th April 1879, and having received the assent of His Excellency the Governor-General on the 6th May 1879, is hereby promulgated for general information :—

ACT No. IV OF 1879.

An Act to repeal certain sections of Bengal Act IV of 1866, *and to provide for the levy of fees upon certain passenger-boats and steam ferries.*

Preamble.

WHEREAS it is expedient to repeal certain sections of Bengal Act IV of 1866, and to enable the local Government to levy fees upon passenger-boats and steam ferries plying for passengers, either wholly within, or partly within and partly without, the limits of the Port of Calcutta ;

It is enacted as follows :—

Repeal of sections 63 to 65 of Calcutta Police Act.

1. Sections 63, 64, and 65 of Bengal Act IV of 1866, the Calcutta Police Act, are hereby repealed.

Levy of fees on passenger-boats.

2. The local Government may by notification published in the *Calcutta Gazette* from time to time prescribe a scale of fees, annual or other, to be paid by the owners of passenger-boats or steam ferries plying for passengers, either wholly within, or partly within and partly without, the limits of the Port of Calcutta.

Penalty.

3. Whoever, being the owner of any such passenger-boat or steam ferry, refuses or neglects to pay the fee to which he is liable in accordance with such notification, shall be liable to the penalty provided for disobedience to rules made under section 7 of the Indian Ports Act, 1875.

Application of Act.

4. This Act shall not apply to boats whose voyages ordinarily extend more than thirty miles from the limits of the Port of Calcutta.

Commencement of Act.

5. This Act shall come into force on such date as the Lieutenant-Governor of Bengal may direct by notification published as aforesaid.

W. E. H. FORSYTH,

Offg. Asst. Secy. to the Govt. of Bengal.

		Howrah, „ 19 „	Nil	Weather—hot and oppressive. Everything at a stand-still for want of rain.
		Central Districts.		
Presidency Divn.	6	24-Pergunnahs, May 17 '79	Nil	Weather—very hot. Temperature in shade mean 95° at noon. Rain much wanted for cultivation. Public health fair. Small-pox still in Suburbs.
	7	Nuddea, „ 17 „	0·21	Weather—hot and cloudy at times. High winds prevail. Slight rain enabled ryots to commence sowing, but much more wanted. Prospects of rice crop still gloomy. Sickness somewhat less.
		Kooshtea ...	0·52	
		Meherpore ...	0 38	
		Chooadanga ...	1·73	
		Ranaghat ...	0 08	
		Bongong ...	0·10	
	8	Jessore, „ 17 „	0·70	Weather—hot, cloudy and windy. Rain still most urgently wanted, particularly in Bagirhat and Khoolna.
		Jhenida ..	1 67	
		Magoorah ...	0·98	
		Narail ...	0·49	
		Bagirhat ...	0·12	
		Khoolna ...	0·28	
	9	Moorshedabad, „ 17 „	0 67	Weather—little cooler since 16th. Cutting of *boro dhan* commenced. Sowing of *aus dhan* going on. Rain, though slight, was general; but more wanted. Cholera still in some stations.
Rajshahye and Cooch Behar Divs.	10	Dinagepore, „ 16 „	Nil	Weather—cloudy and cool, with drizzling rain. Sowing of autumn crops proceeding. Much cholera about.
	11	Rajshahye, „ 17 „	0·31	Weather—very hot. Slight rain in some parts of district. Rain done some good. Heavy rain urgently needed both for sowing of *aus* and *amun* paddy, and for standing crops already much injured by drought and in some places by hail. Serious outbreak of cholera in central jail.
	12	Rungpore, „ 16 „	2·28	Weather—cooler. Prospects of crops favourable. Small-pox still prevalent in Bagdogra sub-division. Cholera abated.
		Bagdogra ...	0·92	
	13	Bogra, „ 17 „	Nil	Weather—sultry and cloudy. More rain now wanted. Ground again getting hard. Mangoes a poor crop. Cholera in Khetlal slightly abated.
	14	Pubna, „ 17 „	0·89	Continued wind from south. Cloudy and unsettled. *Boro dhan* harvested. Sowing of *amun* and *aus dhan* finished. Slight decrease in cholera and small-pox.
	15	Darjeeling, „ 16 „	2·77	Weather—cloudy. Rain with hail-storms during week. Young crops of *bhoota* and potato doing well. In plains sowings of early rice going on. Seeds of *haimanti dhan* also being sown in nursery beds.
	16	Julpigoree, „ 17 „	Nil	Weather—cloudy and cool. Prospects now good in consequence of recent rain. Jute and *bhadoi dhan* coming on well. Cholera of bad type appeared in many places.
		Cooch Behar, „ 15 „	1·29	Weather—hot and close during first part of week; cloudy and cool towards end. Prospects of early rice much improved. Jute plants also doing well. *Kaon* crop made a wonderful recovery in places, but *cheena* bad everywhere. Prices continue very high. Cholera abated.
		Dinhatta ...	0 94	
		Meckligunge ...	0·88	

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
	BENGAL.—(*Continued.*)		
	Eastern Districts.		
	DACCA DIVN.		
17	Dacca, May 17 '79	0·45	Weather—hot; more rain wanted everywhere. In parts of district prospects will be bad if drought continues much longer.
	Moonsheegunge (for week ending 14th.)	0·52	
	Munickgunge (for week ending 15th.)	0·06	
18	Furreedpore, May 17 „	1·35	Storms nearly every evening. South wind. Fair rain in north; still more wanted in south. Crops on ground doing well. *Joli dhan* being reaped.
	Goalundo ...	0·35	
	Madaripore ...	0·51	
19	Backergunge, „ 15 „	0·01	Weather—hot and dry. A strong south wind blowing. Prospects of *aus* crop bad. Want of more rain severely felt. Prices rising steadily. Cholera and cattle-pox still in Perozepore; in other sub-divisions public health improved.
20	Mymensingh, „ 16 „	0·03	Weather—hot and sultry, with occasional showers. Spring rice partially saved; a little more rain wanted. On the whole prospects much brighter.
21	Tipperah, „ 16 „	0·60	Strong southerly wind Occasionally sky cloudy; more rain expected. *Aus* sowings nearly completed. *Amun dhan* being sown.
	Brahmunbaria ...	1·52	
	Chandpore ...	0·12	
	CHITTAGONG DIVN.		
22	Chittagong, „ 15 „	0·31	Weather—hot; now and then cloudy. Land being prepared for *aus* crop.
23	Noakholly, „ 15 „	Nil	Weather—cloudy and unusually hot. Outturn of *rubbee* crops poor. Sowing of *aus dhan* continues. Rain much wanted except in Fenny sub-division, and *aus* plants suffering. Fever prevalent.
24	Chittagong Hill Tracts, „ 13 „	1·75	Weather—cool and pleasant in morning, but very hot at noon. Heavy rain, accompanied with squalls, on 7th. Hillmen busily engaged in sowing in their jooms. Rain improved prospects of chilly and *aus* paddy crops.
	Hill Tipperah, „ 14 „	1·99	Weather—cool and windy. Rain on 9th and 18th. Paddy being sown. Sugarcane being planted. Chillies being gathered. Prospects of *teel* fair. Cholera still in some places
	BEHAR.		
	PATNA DIVN.		
25	Patna, May 17 '79	Nil	Weather—very hot. *Rubbee* crops harvested. Rain wanted for Indian-corn *cheena* and sugarcane.
26	Gya, „ 17 „	Nil	Weather—excessively hot. Highest reading in shade 113°. Sugarcane crop ready. Prices stationary. Cholera in places.
27	Shahabad, „ 17 „	Nil	Weather—very hot, with strong wind. Sugarcane and *cheena* suffering in places from drought. Where practicable these crops are being watered from wells, but much inconvenience is felt from want of water in canals. Small-pox abating. Cholera still in interior.
28	Durbhunga, „ 17 „	Nil	Weather—hot, with east wind during greater part of week. Rain much wanted. Standing crops being scorched for want of moisture in fields. Preparation of lands for *bhadoi* being delayed. Small-pox and cholera in some places.
29	Mozufferpore, „ 17 „	Nil	Weather—very hot. East wind prevailing. District suffering greatly from drought, and in many places much difficulty found in procuring water. Agricultural operations at a stand-still.
30	Sarun, „ 17 „	Nil	Weather—very hot. East wind prevailing. Continued want of rain delaying cultivation of lands. Crops on ground kept alive by well-irrigation. Wells in some parts drying up and cattle in very bad condition. Prices gradually rising. Cholera and small-pox in places.
31	Chumparun, „ 17 „	Nil	Weather—hot and sultry. Thunder-clouds in north-east and north on 15th and 16th. Ploughing and hoeing going on in sandy ground. Sugarcane doing well; indigo less so. *Cheena* growing in a few places. Rain much wanted for indigo.
	BHAGULPORE DIVISION.		
32	Monghyr, „ 17 „	Nil	High east wind. Rain wanted badly.
33	Bhagulpore, „ 17 „	0·07	Weather—very hot. No crops on ground. Sporadic cases of cholera appearing about town
34	Purneah, „ 17 „	Nil	Sultry and dry weather; threatening at evening generally; but clouds pass off. Local showers in some parts of district, but not heavy enough. General rain urgently needed.
35	Maldah, „ 17 „	0·05	Weather—hot and cloudy; tolerably cool in middle of week. Rain much wanted to complete sowing of *bhadoi* paddy crop, and for standing crops which have already suffered much from drought. Cholera and small-pox still continue
36	Sonthal Perghs. ...	.....	Return not received.

No.	District, and date of return	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date
ORISSA.			
Orissa Divn. 37	Cuttack May 17 '79	Nil	Clouds gather every evening. Much lightning on night of 16th; every sign of coming rain. A little rain fallen in places, but not enough for ploughing. Rain badly wanted everywhere. Prices risen slightly.
Orissa Divn. 38	Pooree, „ 15 „	0·02	Weather—hot in Pooree. Very sultry in Khoorda. Harvesting of late *dalua* crop continues. Sugarcane and cotton crops progressing fairly, but rain much needed both for these crops and for agricultural operations for next rice crop. Common rice sells at 15¼ to 18¾ seers.
Orissa Divn.	Khoorda ...	0 06	
Orissa Divn. 39	Balasore, „ 16 „	0·02	Weather—extremely hot, but tolerably cool nights. High winds. Want of rain causes some anxiety. Nearly an inch fallen in south, where ploughing partially commenced. Cholera still prevalent.
CHOTA NAGPORE			
	South-West Frontier Agency.		
40	Hazareebagh, May 16 '79	Nil	Weather—extremely hot and oppressive. No crops on ground. No agricultural operations can be undertaken till rain falls. Small-pox prevalent.
41	Lohardugga, „ 17 „	Nil	Agricultural operations at a stand-still for want of rain. No crops on ground. Tea planting interests suffered much from drought. Small-pox prevalent; some cases of cholera.
42	Singbhoom, „ 16 „	Nil	Intensely hot, dry, and scorching weather. Rain urgently needed for agricultural operations. Fodder for cattle very short and disease still reported among them Cholera and small-pox abating in Dhalbhoom.
43	Manbhoom, „ 17 „	Nil	Weather—excessively hot and dry. Cotton and sugarcane withering for want of moisture. Rain very much wanted. Prices stationary. Sporadic cholera in many places.

Published for general information.

The total fall from 1st January to 17th May 1879		0·21
The average fall of the corresponding period for		7·23

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h.; the maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

lr. lightning reflection, *l* lightning, *t* thunder, *d* drizzling, *o* overcast.

METEOROLOGICAL OFFICE, INDIA,
The 19th May 1879.

JOHN ELIOT,
For Meteorological Reporter to the Government of India.

Report on the Fluctuations in Traffic on the Northern Bengal State Railway for the month of April 1879.

GENERAL REMARKS.

Contrary to expectation the reduced rate for food-grain, introduced at the end of last month, has not resulted in increased despatches in the staples carried under this head, as the month's working shows a falling off of 3,465 maunds as compared with the same period last year. The total weight lifted in April 1878 was 84,192 maunds, and for the current month, 80,727. It was during April and May of last year that our stations became blocked in consequence of the available rolling-stock being totally inadequate to meet the demands made upon us for carriage.

Increases.

Ale ... ... Mds. 1,015

This is Commissariat beer (for the troops at Darjeeling) which at this time last year (as explained in my last month's report) was finding its way *viâ* Caragola.

Jute ... ... Mds. 12,275

The reduced rate, which came into force on the 20th of last month, together with the better prices ruling in the Calcutta market, has had a favourable effect on this traffic. The large increase in the despatch of this staple, as compared with the same month last year, taken in connection with the falling off in "gunnies," bears out my remarks as to the cause for the decrease under that head.

Piece-goods ... ... Mds. 8,059

The price of all Manchester goods still continues most favourable to buyers, and heavy despatches are being made to stock local markets before the rains set in and the roads become impassable.

Salt ... ... Mds. 7,042

The rate at which this article is now being carried should ensure a steady traffic until our stations are again tapped by country boats, when I fear it will be diverted from the line in favour of the cheaper mode of transit.

Sugar ... ... Mds. 1,802

This is almost entirely short journey upwards traffic for local consumption.

Tea ... ... Mds. 1,248

The new season's tea is beginning to find its way to the port. The increase is due to the line being open to Siliguri and to the closing of the Caragola route.

Tobacco ... ... Mds 490

This, although an increase, is not satisfactory, considering that we are now open to Rungpore. The crop, however, is reported to have suffered by the unusual drought, and producers are holding out for higher rates than business can be done at.

All other goods ... ... Mds. 30,688

The total weight lifted under this head (principally miscellaneous through-booked consignments) was 8,178 maunds only during April 1878, against 38,862 for the period under review.

The closing of the competitive route (Caragola) in a great measure explains this increase.

Decreases.

Food-grain ... ... Mds. 3,465

This falling of, although not large, is disappointing in the face of the favourable rate now in force for carriage. The Calcutta market is still so extremely unfavourable to despatchers that little, if any, margin is left for business.

Ginger ... ... Mds. 568

Business is at a stand still in this article, and stocks are being held for more favourable rates.

Gunny ... ... Mds. 2,127

The general remarks in my last report explains this falling of. Until a considerable advance takes place in the price of mill-made bags, we must look forward to a decrease under this head.

Railway material ... ... Mds. 6,812

A temporary cessation in the despatch of material for the Darjeeling tramway is the cause of this.

Statement shewing Increases and Decreases in maundage of Staples carried over the Line during the month of April 1879.

H. L. HARRISON,
Offg. Secy. to the Govt. of Bengal.

The 27th May 1879.—The following Circular of the Government of India in the Department of Revenue, Agriculture, and Commerce is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

Circular No 17F.

Extract from the Proceedings of the Government of India in the Department of Revenue, Agriculture, and Commerce,—dated Simla, the 6th May 1879.

FORESTS.

READ the following despatch from Her Majesty's Secretary of State for India, forwarding a notice issued by the Italian Government respecting a prize to be awarded by them for the best essay on trees of the genus "*Citrus*":—

No. 11, dated the 27th March 1879.

From—Her Majesty's Secretary of State for India,
To—The Government of India.

AT the instance of the Secretary of State for Foreign Affairs, I transmit herewith ten copies (10) of a notice issued by the Italian Government respecting a prize to be awarded by them for the best essay on trees of the genus "*Citrus*."

2. I desire that this notice may be published in the Government Gazettes, and that such other steps may be taken as may seem desirable with a view to bringing the subject to notice in India.

Notice issued by the Italian Ministry of Agriculture, Industry, and Commerce.

(Communicated to Lord Salisbury by the Italian Ambassador in London.)

(Translation.)

THE Ministry of Agriculture, Industry, and Commerce, considering the opinion expressed at the meeting of November 6, 1878, by the Commission appointed to decide upon the competitions instituted by Royal Decree of February 14, 1877, in regard to the essays

"On the genus *Citrus*" presented to compete for the prize of 8,000 lire, and which were declared not deserving of the prize;

Considering that the reasons still exist for which it was thought very beneficial to encourage a complete study of the physical nature and biology of the Hesperidæ, and for which the competition was instituted;

Accepting the vote passed by the above-mentioned Commission,

Decrees:

Article 1.—A reward of 8,000 lire shall be assigned to the author of the most complete and best monographic essay on the structure, the vital functions, and the diseases of the acid fruits, or species and varieties of the genus *Citrus* and kindred genera: provided that the said work, by a sufficient collection of original observations and experiments, should succeed in furnishing an important addition to the present knowledge concerning such subjects, and thereby supply a scientific criterion for the improvement of the cultivation of these acid fruits and for the cure of their diseases.

Article 2.—The date for sending in the works competing for the said prize is fixed for the end of May 1881.

Essays by Italians, or by foreigners written in Italian, are admissible to the competition; but if written in another language they must be accompanied by an Italian translation.

The essays sent in for competition are to be sent to the Ministry of Agriculture, Industry, and Commerce, with the superscription—"Competition for the Prizes for the best essay on the genus *Citrus*," and they must be distinguished by a motto to be given also, on a sealed cover containing the name and address of the author.

Article 3.—The award upon the essays of the competitors will be issued by the Commission appointed in pursuance of the Royal Decree of February 14, 1877, No. 3684, within ten months from the close of the competition.

The cover that bears the motto of the essay to which the reward is to be granted will be opened; the covers corresponding with the unsuccessful essays will be burnt unopened.

The copyright of the essays sent in for competition is reserved to the respective authors; but the essay that obtains the reward may be printed, entire or in part, in the "Annals of Agriculture," published by the Ministry of Agriculture, Industry, and Commerce.

The present Decree will be registered at the Court of Accounts.

Given at Rome, December 9, 1878.

The Minister,
(Signed) E. PESSINA.

ORDER.—Ordered, that a copy of the above be forwarded to the local Governments and Administrations noted in the margin for publication in the local Gazette, and for communication to the officers of the Forest and other Departments.

Madras.
Bombay.
Bengal.
North-Western Provinces and Oudh.
Punjab.
Central Provinces.
British Burma.
Mysore and Coorg.
Ajmere.
Assam.
Hyderabad.

Ordered also, that a copy be forwarded, for information, to the Superintendent of Forest Surveys and the Comptroller-General.

(True Extract.)

C. L. TUPPER,

Offg. Under-Secy. to the Govt. of India.

[Second Publication.]

NOTIFICATION.

Under Section 25 of the Chota Nagpore Tenures Act, II (B.C.) of 1869.

The 15th May 1879.—It is hereby notified that the registers of Bhuinhari and other tenures in the villages belonging to the marginally named pergunnah of the Chota Nagpore estate, Lohardugga district, prepared under the provisions of section 5 of Act II (B.C.) of 1869, having been finally revised and corrected in accordance with the decisions and orders of the Special Commissioner and the Commissioner of the division under the aforesaid Act, have been confirmed by the Commissioner of the division on the 8th May 1879.

Pergunnah Doesa, 50 villages.

2. It is further declared, agreeably to the provisions of section 26 of the aforesaid Act, that the confirmation of the Commissioner of the division notified above having thus been published, the registers shall be conclusive evidence of all matters recorded therein; and from and after this publication of the confirmation of the register relating to any village, no evidence shall be received that any lands in such village not mentioned in such register are of Bhuinhari or Manjhus tenure.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Second Publication.]

The 19th May 1879.—The following notification is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

It is hereby notified, under Section 5 of "the Indian Treasure Trove Act (VI of 1878)," that on the 26th February 1879, treasure consisting of 48 "Pata Gadeelu" and 92 "Gundu Namalu" (old silver coins), valued in the aggregate at Rs. 119-12-0, was found in the ruined wall of Yeddula Narappah's house, situated in the village of Kalachatla, in Pattikondah Taluq, Kurnool district, while the foundations were being excavated for the purpose of repairing the wall.

2. All persons claiming the said treasure, or any part thereof, are hereby required to appear personally or by agent before the Collector of Kurnool, at his office in Kurnool, on Wednesday, the 8th of October 1879.

A. L. LISTER,
Acting Collector, District Kurnool,
Madras Presidency.

[Second Publication.]

The 19th May 1879.—The following notification is published for general information.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

Steel, R.E., Executive Engineer, Second Grade, Bengal, is, on return from furlough, appointed to officiate as Superintending Engineer and Secretary to the Agent to the Governor-General in Rajputana in the Public Works Department, with the temporary rank of Superintending Engineer, Third Grade.

T. H. WICKES,
Offg. Asst. Secy. to the Govt. of Bengal in the P. W. Dept.

IRRIGATION.

DRAFT RULES PROPOSED UNDER ACT III (B. C.) OF 1876.

Dated the 26th May 1879.

No. 145.—*Notification.*—In exercise of the powers conferred on him by section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules for the Sone Canals which it is proposed to substitute for the rules passed and published at pages 1154 to 1159, Part I, of the *Calcutta Gazette* of the 23rd October 1878.

D. B. HORN,
for Joint-Secy. to the Govt. of Bengal,
P. W. Dept., Irrign. Branch.

RULES UNDER ACT III (B. C.) OF 1876.

1. The Collector, before awarding compensation under section 16, or making a reference under section 17, of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur.

3. Water shall not ordinarily be granted where the length of the village channel, from its head to its point of contact with the village boundary, exceeds two (2) miles.

4. Water for irrigation shall not be supplied, except through a village channel so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*)—the water will pass without wastage;

(*b*)—the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation will not be obstructed.

5. Persons desirous (i) of constructing a village channel, (ii) of registering a channel already constructed, (iii) of taking water from a village channel, or (iv) of taking water from any outlet provided by Government, shall prefer a written application to the Divisional Canal Officer, or to some officer duly authorised by him to receive such applications. In the first two cases (i) and (ii), if the application be received by an officer subordinate to the Divisional Canal Officer, it shall be forwarded to him for orders.

6. An application under rule 5 shall, if granted, and unless otherwise specially agreed upon, be subject to the following conditions :—

(*a*)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-divisional Canal Officer.

(*b*)—That the Sub-divisional Canal Officer shall, in consultation with the applicants, appoint a headman (to be called "Suttadar"), known or ascertained to be a substantial person possessed of property, to attend to their interests, to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the village channel according to their shares.

(*c*)—That in any case where the Sub-divisional Canal Officer cannot agree with the applicants in the appointment of a Suttadar, the Sub-divisional Canal Officer shall make the appointment himself, subject to the approval of the Divisional Canal Officer.

(*d*)—That the Collector shall appoint a headman (to be called Tehsildar) whose sole duty will be to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the village channel.

(*e*)—That the Tehsildar shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under rule 11.

(*f*)—That previous to water being taken for any field, a written application shall be made to the Sub-divisional Canal Officer or any subordinate authorized by the Divisional Canal Officer to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B) from competent authority.

(*g*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates that there is likely to be difficulty in the realization of the water-rates, he shall intimate the same to the Collector, in whose option it shall be to require payment of water-rates in advance, and the Collector shall inform the Divisional Canal Officer of any villages where he considers that water should not be granted without previous payment.

(*h*)—That any other cultivators in the same village, able and willing to irrigate their lands from the village channel, may, subject to the approval of the Divisional Canal Officer, be admitted as shareholders in it, on paying their proportionate share of the first cost and maintenance thereof, to be determined by the amount of irrigable land held by them.

(i)—That all alterations in the number of shareholders or distribution of shares shall be reported to the Sub-divisional Canal Officer for the sanction of the Divisional Canal Officer.

7. The Divisional Canal Officer is empowered to pay to the Suttadar appointed under rule 8 the fees detailed in the rule next following, subject to the condition of satisfactory performance of duty.

8. The allowance to the Suttadar for duties connected with that village channel, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be one-half anna in the rupee on the amount of canal water-rates assessed on the lands irrigated from the village channel under his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

9. The allowance to the Tehsildar of a village channel for collecting the water-rates shall be one-half anna in the rupee on the amount actually paid in by him. If the Tehsildar shall satisfy the Collector that arrears have not accrued through any negligence on his part, it shall be within the discretion of the Collector to pay him the allowance on the whole or on any part of such arrears.

10. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If proposed for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

11. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following conditions:—

(*a*)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle, or both.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-divisional Canal Officer, issued on the written application of the parties concerned.

(*e*)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for twelve months for breach of any of the above conditions.

12. The Sub-divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that the village channel is not maintained in proper repair. In the case of any such closure of a registered channel, immediate report thereof, with any necessary explanation, shall be made to the Divisional Canal Officer.

13. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the Suttadars of village channels. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Canal Officer to stop any supply of water in case of pressing emergency.

14. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

15. Claims to remission of water-rates, under section 76 (*b*), shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any portion of the rates. All applications for remission of water-rates shall be made in writing by the parties concerned, either in person or through their headman, to the nearest Sub-divisional Canal Officer, at least seven days prior to the cutting of the crop. On receipt of such application, the Sub-divisional Canal Officer shall, after due local enquiry, forward the application with his remarks to the Divisional Canal Officer for decision.

16. Before awarding compensation under section 76 (*c*) the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

17. Under section 78 of the Act, the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follow:—

WATER-RATES.

Sone Canals.

Class.	NATURE OF CROP.	FLOW IRRIGATION PER			LIFT IRRIGATION PER			Per
		Cottah.	Beegha.	Acre.	Cottah.	Beegha.	Acre.	
		Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	
I	Sugarcane	0 2 6	3 2 0	5 0 0	0 1 8	2 1 4	3 5 4	Crop.
II	Rice, vegetables, water-nuts, wheat, barley, cotton, tobacco, indigo, opium, garden and all crops not otherwise specified	0 1 3	1 9 0	2 8 0	0 0 10	1 0 8	1 10 8	ditto.

NOTE.

1 Cottah ... ... = 1,361·25 s. feet.
1 Beegha ... ... = 27,225·00 „
1 Acre ... ... = 43,560·00 „

18. If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

19. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

20. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The Suttadar will be held personally responsible for the due observance of this rule and of rules 29 and 30.

21. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

22. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

23. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated.

24. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower rate if he thinks fit. The Suttadar to be held responsible for reporting such waste of water.

25. When the original crop sown in a field, irrigated by the canal water, fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates shall be levied on the second crop.

26. The statements of the amounts demandable for water-rates levied under the rules in force shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

27. All water-rates shall become due on the dates noted on the "permits," as herein below stated, and shall be paid within one month of such dates:—

Water-rate on spring crops, wheat, barley, peas, poppy, &c.—15th April.
Water-rate on summer crops, cheena, &c.—15th August.
Water-rate on bhadoi crops, early rice, Indian-corn, murwa, &c.—30th November.
Water-rate on annual and winter crops, sugarcane, aghani rice, joaur, &c.—31st January.

28. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents, in the same proportion as the produce is divisible amongst them.

29. Collection of all water-rate shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer.

30. Objections to the demand addressed to the Collector shall, if remission be claimed on the score of short supply or of any matter affecting the Irrigation Department, be referred for orders to the Divisional Canal Officer. The collection of the demand shall not be suspended on account of any such objection.

31. Claims for remission referred by the Collector and admitted by the Divisional Canal Officer shall be reported by him for the sanction of the Superintending Canal Officer, except in cases where remissions are made on account of excess areas having been charged for, or wrong name entered in the khatiauni.

32. A remission statement signed by the Superintending or Divisional Canal Officer shall be sufficient authority for a refund by the Collector.

33. If the Divisional Canal Officer reject the claim, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order of the Divisional Canal Officer.

34. In special cases not otherwise provided for by these rules, and in cases in which water-rates are not recoverable owing to the absconding or bankruptcy of the defaulter, the Collector will obtain the sanction of the Commissioner of the Division to the remission of such sums as he may deem irrecoverable. The details of such remission shall be communicated at the close of each official year to the Divisional Canal Officer.

35. If a cultivator is dissatisfied with the entries made against him in the khatiauni, whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the Suttadar of his watercourse, with the Divisional or Sub-divisional Canal Officer at least seven days prior to the cutting of the crop.

36. No person shall, without the permission in writing of the Divisional or Sub-divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

37. No Canal Officer, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

38. The Ameen appointed to measure up the area irrigated in an yvillage shall, before leaving it, make over the khusras to a Mohurir, who will then compile the khatiauni. A copy of the khatiauni will be taken by the Putwaree, who must, as a rule, make it himself; but if he cannot from any cause do so, the Mohurir must make it, and the Putwaree is to be held responsible that he gets a copy.

39. The copy of the khatiauni thus made shall be hung up in some conspicuous place in the village, and slips in the prescribed form (Appendix F), showing the amount he will have to pay, area irrigated, &c., shall be prepared by the Putwaree and given to each ryot.

40. The allowance to the Putwaree for the above work shall be one-quarter anna in the rupee on the collections, and shall be paid to him by the Collector on his being satisfied that the work has been properly done.

41. The measurements of each crop irrigated shall be made as soon as practicable, and every care should be taken to have the khatiauni hung up in the village at least fifteen days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

42. In case of any subsequent alteration of the khatiauni, owing to correction of clerical errors, &c., such alteration shall be at once communicated to the Putwaree to enable him to correct the village copy and slips accordingly.

43. The Zilladar shall submit his check measurements in a form (Appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-divisional Canal Officer shall also check the Ameens' measurements as often as he possibly can. If it be found that any Ameen wilfully or frequently makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

H. C. LEVINGE,

Joint-Secy. to the Govt. of Bengal
in the P. W. Dept., Irrigation Branch.

The 13th May 1879.

No. 141.—*Notification.*—The following draft rules, having reference to the Narainghur Distributary, referred to in this Department Notification No. 140, dated the 13th May 1879, are hereby published under the provision of section 12 of the Canals Act of 1864 [No. V (B.C.)] :—

I.—Every vessel on entering the canal shall be liable to measurement for the purpose of ascertaining the amount of toll the vessel should pay according to the schedule of rates authorized by Government to be charged on the canal.

II.—The tonnage of every vessel, whether laden or empty, shall, for the purposes of the "Canals Act, 1864," and of these rules, be determined by the following measurements:—

(*a*) The product of half the length of the vessel, from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.

(*b*) The measurement of the length is to be made in feet, rejecting inches, and the measurement of the breadth and depth in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

(*c*) In calculating the amount of toll to be levied on vessels exceeding 100 maunds tonnage, any fraction of 100 maunds less than 25 and not exceeding 50 maunds, is to be charged as 25 maunds only; exceeding 50 and not exceeding 75 maunds, to be charged as 50 maunds only; and exceeding 75 maunds,

as 75 maunds only. Above one thousand maunds no fraction of 100 maunds tonnage is to be charged. Toll will be charged on vessels under 100 maunds tonnage on the actual measurements of the vessels, omitting fractions of tens of maunds.

III.—Every vessel entering the above canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date the vessel entered the canal, the point to which it may proceed in the canal, the maundage of the vessel, the amount of toll charged, and the number of days for which the vessel may remain in the canal and the date of such last day. The number of days which the vessel may remain in the canal without additional payment shall be calculated at the rate of one day for every eight miles or portion of eight miles to be traversed.

IV.—Toll may be paid at the first station for the entire line of navigation.

V.—The tickets thus given may be demanded for inspection by any duly authorized canal officer, and must be on board and at hand for that purpose. The tickets should be delivered up at the last toll station.

VI.—Owners of vessels may compound, by the payment of a fixed sum, for the use of the whole or a portion of the above canal for any period that may be agreed upon not exceeding one year. Each vessel so compounded for shall be furnished with a ticket showing the amount of toll paid, the period for which the toll has been compounded for, and the limits of the canals within which the vessel may pass: such ticket shall be kept on board the vessel and shall be produced when required under Rule V, but shall be given up only on the date of the expiry of the period for which granted, and at the station from whence issued.

VII.—Duplicates of lost tickets, of which the numbers and the dates of entry can be satisfactorily established, will be granted by the officer in charge of toll station on payment of a fee of one rupee.

VIII.—Vessels remaining in the canal for a period exceeding that allowed under Rule III, will pay a demurrage of 8 annas per 100 maunds per diem for each day or part of a day that they remain in excess.

IX.—No boats above 10 feet beam over all, and no rafts or floats of more than 10 feet width and 60 feet in length will be allowed to enter the canal.

X.—It will not be compulsory for the lock to be opened to single vessels of less than 500 maunds burthen, except in the case of mail or despatch boats; but the lock shall be opened for the passage of boats at least twice a day.

XI.—Vessels must have their masts fitted so that they can let down with ease and speed, and when under sale, vessels must always keep in the middle of the canal: when being tracked vessels are, as far as practicable, to keep to their port or left side of the canal.

XII.—All vessels anchoring at night are to keep to their port or left bank of the canal.

XIII.—Only one vessel shall be allowed to make fast along, and in a line with the canal banks, and no vessel shall be made fast, or be placed outside of vessels so secured, without the permission of a canal officer. No vessels shall, however, be placed in such a position as to endanger the safety of other vessels, to obstruct their passage, or to impede the navigation, and no bamboos or poles shall be allowed to be erected on vessels when at anchor. Any infringement of this rule will be punishable by a fine not exceeding Rs. 5 for each offence.

XIV.—Every vessel when put to shall be securely fastened, and shall at all times have some person in attendance on board of it Any infringement of this rule will be punishable by a fine not exceeding Rs. 5 for each offence.

XV.—In every case of wreck or obstruction of the channel by sunken vessels, the canal officer may call upon the person in charge of the vessel to remove the same without delay, and shall give every reasonable assistance towards so doing. But should the owner of the vessel or raft be not forthcoming, or should he not use reasonable expedition in removing the obstruction, or should he decline or fail to use proper assistance which may be offered to him by the canal officer, this officer may undertake the removal of the obstruction himself at the cost of the owner of the boat, recovering the expense in the manner laid down in section 9 of the "Canals Act of 1864"

XVI.—If the canal officer be unable to ascertain the name and place of business or of abode of the owner of the cargo of any vessel or boat seized under the Canals Act, he shall notify the seizure in the most public manner available.

XVII.—In the event of any damage or injury being occasioned to the canal works by wilfulness or negligence on the part of any person in charge of a vessel, the canal officer may detain the vessel within the canal for a period not exceeding 24 hours, provided that within that period the canal officer shall lodge a complaint against such person in charge of the vessel before a Magistrate under Section 16 of the Canals Act.

XVIII.—The banks or berms of the canal shall not be used as wharves for the deposit of goods, under a penalty of Rs. 10 for each offence; but except in special cases, when the permission of the canal officer will be necessary, all articles shall be removed to the outer banks of the canal, and all such articles as shall not be finally removed from within the boundaries of the canal, within a period of six days after being so deposited, shall be liable to a charge of 4 annas per 100 maunds.

XIX.—The canal may be closed once a year for effecting the necessary repairs to it, on one month's notice of the intention so to close it; but in the event of any sudden emergency, the canals may be closed at any time without prior notice, and no claim shall be made in such case by owners of vessels or others for compensation on account of detention.

XX.—All offences against the provisions of these rules shall be punishable as provided for in section 18 of the "Canals Act of 1864," and all fines imposed may be recovered in the manner mentioned in section 17 of the same Act.

XXI.—The term "Canal Officer" in the foregoing rules shall include the person alluded to in section 8 of the "Canals Act of 1864," and any other person who may be specially appointed to exercise such powers by the person appointed to collect the tolls.

PART I A.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the Gazette of India.*]

The following orders, issued by the Government of India in the Home Department, is republished for general information :—

NOTIFICATIONS.—MEDICAL.

Simla, the 13th May 1879.

No. 330.—The services of Surgeon D. D. Cunningham, M.B., Special Assistant to the Sanitary Commissioner with the Government of India, are placed at the disposal of the Government of Bengal for employment in the Medical College at Calcutta.

ECCLESIASTICAL.

The 16th May 1879.

No. 159.—The following rule is published for general information and guidance, in substitution for Rule V of Part II of the Rules published in Home Department Notification No. 421, dated the 12th December 1877. Those Rules were for the care and use of Government Cemeteries other than those in the Presidency Town of the Diocese of Calcutta; for the levy and expenditure of fees on graves and monuments in Cemeteries and Churches throughout India; and for the levy of other ecclesiastical fees :—

RULE V.—British soldiers and non-commissioned officers are exempted, with retrospective effect, from the payment of any fee for the construction of masonry graves, or for the erection of monuments in burial-grounds to the memory of their comrades, wives, or children. The widows and children of British soldiers and non-commissioned officers are also exempted from payment of these fees in the case of their deceased husbands or parents. No monument, either regimental or private, shall exceed the dimensions prescribed in paragraph 3, Home Department Resolution* No. 6-370-82, dated 9th November 1876.

* Appendix A.

The following order, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, is republished for general information :—

NOTIFICATION.—EMIGRATION.

Simla, the 15th May 1879.

No. 69.—His Excellency the Governor-General in Council is pleased to direct, in modification of the Notification of this Department, No. 141, dated the 30th August 1878, that, in consequence of the Torres Strait route being generally impracticable for sailing emigrant vessels, the length of the voyage for such vessels proceeding by the route *vid* South Australia shall in future be—

From Calcutta ... 18 weeks.	From Bombay ... 17 weeks.
From Madras ...	... 17 weeks.

2. The length of the voyage for steamers, as fixed in the above-mentioned Notification, will remain unchanged.

The following order, issued by the Government of India in the Foreign Department, is republished for general information :—

NOTIFICATION.—POLITICAL.

Simla, the 13th May 1879.

No. 1134*G-P.*—Subject to the confirmation of Her Majesty's Government, His Excellency the Viceroy and Governor-General in Council is pleased to recognize the appointment of Mr. C. C. Bancroft as Acting Deputy Consul-General for the United States of America at Calcutta.

The following *Extraordinary* issued by the Government of India, Financial Department, is republished for general information :—

NOTIFICATION.

ACCOUNTS.—LOANS.

No. 778.—*Simla, the 22nd May* 1879.

IN accordance with Notification No. 1270, dated 13th March 1879, tenders for *The Four-and-a-Half-Per-Cent. Loan*, 1879, were accepted on Monday, the 12th instant, for Rs. 4,05,45,000.

2. The Governor-General in Council now invites fresh tenders for the sum of Rs. 94,55,000 which is wanting to make up the Loan of Five Crores of Rupees advertised by the said Notification No. 1270.

3. Tenders for the whole or any part of the said amount of Rs. 94,55,000 will be received by the Comptroller-General from this date to noon of Monday, the 2nd of June 1879.

4. No tender at a rate below Ninety-five Rupees Eight Annas per centum will be accepted, and accepted tenders must be paid in four equal instalments as follows :—

one-fourth on or before Monday, the 30th June 1879 :

one-fourth on or before Wednesday, the 30th July 1879 :

one-fourth on or before Saturday, the 30th August 1879 :

one-fourth on or before Saturday, the 13th September 1879.

5. In all other respects the conditions of the said Notification No. 1270, dated 13th March 1879, will apply to the tenders now invited, and to the Supplementary Loan of Rs. 94,55,000 now advertised, which will form a part of *The Four-and-a-Half-Per-Cent. Loan*, 1879.

6. If tenders are not received for the whole amount of Rs. 94,55,000 before noon of the 2nd June next, the Comptroller-General will accept subscriptions for the residue at the fixed price of 96 per centum from Tuesday, the 3rd June, till noon on Monday, the 16th June, unless the full amount of Rs. 94,55,000 is earlier completed.

The following order, issued by the Government of India in the Military Department, is republished for general information :—

APPOINTMENTS AND PROMOTIONS.

Simla, the 16th May 1879.

No. 404.—STAFF CORPS—

The under-mentioned officers having completed twelve years' service, including four years in the Staff Corps, are promoted to the rank of Captain from the dates specified, under the Royal Warrant of the 16th January 1861, subject to Her Majesty's approval :—

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 127.

The 20th May 1879.

UNDER section 89 of Act X (B C.) of 1871, the following annual accounts and reports of the Road Cess Committees of Dinagepore, Rajshahye, Rungpore, Bogra, Pubna, Darjeeling and Julpigorce, of works done and in progress during the past cess year 1877-78, together with the remarks thereon of the Commissioner of Rajshahye and Cooch Behar Division, are published for general information.

T. H. WICKES,

Offg. Asst. Secy to the Govt. of Bengal in the P. W. Dept.

No. 1168, dated Dinagepore, the 27th November 1878.

From—E. G. GLAZIER, Esq., Magistrate and Chairman of the District Road Cess Committee, Dinagepore,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to send the annual road report for 1877-78. My preliminary report was submitted in my No. 644, dated 21st June.

2. The accounts now forwarded were examined by the Vice-Chairman and three members appointed by the Committee, and were certified as correct under date of the 1st instant; they were passed by the Committee at a meeting on 13th instant.

3. The year opened with a balance in hand of Rs. 83,025; the receipts amounted to Rs. 1,01,016, and the expenditure to Rs. 1,39,171. The balance at close of the year is Rs. 44,870, but of this, Rs. 11,031, entered as advances, is represented by timber and lime in stock. The actual cash balance is Rs. 33,339.

4. The actual receipts have been—

	Rs.
Road cess	79,211
House cess	11,069
Moiety of the Government grant for the Rungpore road ...	10,000
And other small sums	735

5. The road cess gross demand is Rs. 75,388, and the net demand for the district, after settlement of accounts with other districts, is Rs. 70,639. The collections for the year have been good, and the arrear balance has been reduced to Rs. 13,025 from Rs. 19,607 with which the year commenced.

6. The total expenditure of Rs. 1,39,171 is thus distributed—

	Rs.	Rs.
Collecting and Committee's establishment ...		4,079
Working establishment		25,705
Tools and plant		4,671
Original works	71,035	
Repairs	33,681	
Total works ...		1,04,716

7. The charges under Collecting and Committee's establishment shows an increase.

Rupees 654 was spent on house cess collections, and Rs. 11,069 were brought in by this means.

The Committee's establishment of accounts for Rs. 843 came under this head for the year under report. Previously it had been entered as establishment for works; also large charges for rent of the Government office and increased costs for stationery were incurred.

8. The establishment for works has also largely increased, as work has been done, but it amounts only to 19 per cent. of the total amount expended on works.

9. The total expenditure on works of Rs. 1,04,716 has been principally in earthwork, metalling, and bridge work on the Rungpore road.

Earthwork and bridging on the Moorshidabad road.

Jungle-cutting on the Darjeeling road. Bridging on the Gungarampore and Beergunge to Peergunge roads, and again bamboo bridging on the Kishengunge, Chooraman, Neetpore to Mohadebpore, and Panitolla to Tara Bunder roads.

	Rs.
The wasteful, but still necessary, expenditure on bamboo bridging has been	11,700
Brick bridges	5,400
Repairs to ditto	14,900
Metalling	20,200
Jungle-cutting	3,900
Earthwork	38,600

10. The work on the several roads will now be detailed.

No. 1, *Rungpore road, length* 23 *miles.*—This is the most important road in the district, as it connects us with the Northern Bengal State Railway at the Parbuttypore station, in the 19th mile. It was therefore decided by the Committee, on the recommendation of the Commissioner, to straighten this part and metal it, and an estimate, aggregating Rs. 1,06,653 for the purpose, has received the sanction of Government, and a grant of Rs. 20,000 has been made towards the cost, half of which amount has been drawn during the year under report, and the other half will be drawn during the year now in progress.

The sum of Rs. 50,266 was allotted for the road, and Rs. 47,172 have been spent, being Rs. 45,912 on original work, and Rs. 1,260 in repairs.

The earthwork has been carried out this year at a cost of Rs. 18,000 and has been allowed a rainy season to settle down before receiving the metal. Rs. 18,000 have also been expended in bricks which are at site, and Rs. 8,000 in repairing the old brick bridges along the road.

The allotment for the current year is Rs. 38,000 for original works, and Rs. 2,000 for repairs.

The allotment will be spent in completing the sale of bricks, putting in some culverts and metalling the low clay bits, so that during the next rains the road will be drivable, as the sandy portions are passable all the year round. It is hoped that the metalling will be completed in the working season of 1879-80.

Four rivers will remain for the present unbridged. Over two of them I propose to put iron girder bridges. The remaining rivers being the two branches of the Atrai are too large for us to undertake to bridge them.

No. 2, *Maldah road,* 35 *miles.*—Amount allotted Rs. 7,000, but spent only Rs. 3,056. An estimate sanctioned for Rs. 9,680 was not received back in time to do much work, as the majority of the coolies had gone home. The work was confined to filling up gaps caused by the heavy traffic from Rajmehal. The allotment for the present year is Rs. 4,000; half original and half repairs. The original work will consist of earthwork and culverts on the estimate already sanctioned.

No. 3, *Moorshedabad road,* 50 *miles.*—Allotment Rs. 9,500; spent Rs. 8,146. The work has been done in new earthwork and repairs to brigdes. The allotment for the current year is Rs. 5,000, and it is proposed to put in new culverts at a cost of Rs. 3,000. The road is a most important means of communication in the dry season, but during the rains it is almost impassable. The whole of its length is yellow and red clay, which is a perfectly hopeless material to bear heavy traffic during wet weather.

No. 4, *Darjeeling road*, 57 *miles*.—The allotment was Rs. 5,500; spent Rs. 5,179.

The largest item was in jungle clearing for Rs. 2,925. The outlay was very necessary, as the miles 28 to 36 have been so long infested with tigers that the road was almost deserted. The jungle on each side of a canal which runs nearly parallel to the road in these miles has been nearly cleared. In the canal the mass of human bones testified to the ravages that had long been made upon travellers and the inhabitants of the surrounding villages. It is said that in one spot there were 60 skeletons heaped together; this must have been the lair of successive man-eaters. The road has become safer since the clearance, but more work of the kind has yet to be done.

The allotment for the present year is Rs. 3,000; the road is in fairly good order, and is of importance as leading to an annual fair held at Allwa Tehowa in November.

No. 5, *Bograh road*, 56 *miles*.—Rupees 10,000 were allotted to include Rs. 6,000 for a bridge over the Ichamutty bheel; the estimate was not approved of, and only Rs. 3,957 could be utilized in repairs to road and bridges. The southern end of the road suffered from the heavy floods of the year, and a large gap in mile 34 has been filled in.

For the present year the allotment is Rs. 8,000, of which Rs. 5,806 is estimated for bridge-work.

No. 6, *Purneah road*, 40 *miles*.—Out of Rs. 6,000 allotted to this road, Rs. 4,376 have been expended; of this amount, Rs. 1,838 were spent on earthwork, and Rs. 700 on surface dressing; Rs. 771 were spent upon temporary bamboo bridges, and the remainder upon permanent bridges.

Two long timber bridges put up in 1874 have fallen down this year.

Rupees 3,000 have been allotted for this road for 1878-79, but the loss of the two bridges mentioned, and the large amount of bamboo bridging on this important road, will make it desirable to allot to it more money, if possible.

No. 7, *Gungarampore road*, 18 *miles*.—Rupees 5,000 was allotted to this road; of this, Rs. 4,353 has been spent chiefly on timber bridging (Rs. 1,737) and brick culverts (Rs. 1,274).

The roads have been re-classified and re-numbered for the year 1878-79. This road and road No. 51 in this report will receive together Rs. 1,895 for repairs and Rs. 105 for original works in the year 1878-79.

Rs. 775 will be spent on bamboo bridges and remainder will be spent on new culverts Rs. 105, repairs to bridges Rs. 451, dressing surface Rs. 180, and earthwork Rs. 225 and metalling Rs. 264.

No. 8, *Kishengunge Road*, 44 *miles*.—The allotment for this road was Rs. 5,000 and 4,516 were spent, earthwork Rs. 2,060, surface dressing Rs. 187, bamboo bridging Rs. 1,480, pucca culverts Rs. 789.

This road leads to the Naik-murd fair and is much used at the time of this fair. It has suffered considerably from this year's flood.

Rs. 2,000 have been allotted for the year 1878-79; of this, Rs. 500 is to be spent on earthwork and Rs. 1,500 on culverts. The large expenditure upon bamboo bridging upon this road makes it desirable to permanently bridge this road as fast as possible.

No. 9, *Julpigoree Road*, 24 *miles*.—This road, owing to the opening of the Northern Bengal State Railway has been treated as a village road, and only Rs. 362 were spent upon petty repairs. No special allotment has been made for next year for this road.

No. 10, *Roygunge to Tariya*, 60 *miles*.—Only Rs. 250 were spent upon this road out of an allotment of Rs. 1,000.

Next year this road will receive an allotement of Rs. 2,000, of which Rs. 805 is for surface dressing, Rs. 551 for bamboo bridges, and Rs. 644 for earthwork.

No. 11, *Roygunge to Thakoorgaon*, 30 *miles*.—Of Rs. 900 allotted to this road, Rs. 800 have been spent (Rs. 602 earthwork and Rs. 143 surface dressing, Rs. 55 turfing and jungle-cutting).

This road will receive Rs. 2,000 next year (surface dressing Rs. 332, bamboo bridging Rs. 180, and earthwork Rs. 1,488).

No. 12, *Chooramon Road*, 38 *miles*.—On this road, owing to the destruction caused by the floods, Rs. 714 were spent in excess of the allotment of Rs. 2,000. This large sum has been principally spent upon temporary bridges, viz. Rs. 1,373.

No. 13, *Akhanagore to Hemtabad*, 29 *miles*.—Out of an allotment of Rs. 900, Rs. 565 only was spent (earthwork Rs. 53, surface dressing Rs. 134, and bamboo bridging Rs. 378).

This road and the last (No. 12) have been re-grouped under three heads. In the next year they will together receive Rs. 3,000 (surface dressing Rs. 611, bamboo bridging Rs. 1,457, and the rest for earthwork).

No. 14, *Peergunge to Ranisonkoil*, 7 *miles*.—Out of Rs. 900 allotted, Rs. 716 was spent (chiefly on bamboo bridging Rs. 385 and earthwork).

Only Rs. 200 is allotted for this road next year.

No. 15, *Beergunge to Peergunge*, 18 *miles*.—On this road Rs. 433 were spent in excess of the Rs. 2,000 allotted, owing to the damage done by the overflowing of the Tangun and Purnabhaba, which cut away five miles of bund thrown up last season and destroyed two pucca culverts.

This road still remains much cut up and will cost a large sum to repair thoroughly.

Only Rs. 1,000 has been allotted to this road for 1878-79 (bamboo bridges Rs. 275, earthwork Rs. 480, and surface dressing Rs. 245).

No. 16, *Beergunge to Tehansha*, 7 *miles.*—Only Rs. 130 was allotted to this road, which is in good repair.

It is proposed to extend this road, so as to make it join the Northern Bengal State Railway at Durwanee. 4½ miles of road will be made to the border of the Rungpore district, from where it should be carried on by the Rungpore officers to the railway station. Rs. 1,000 have been allotted in consequence of this determination to this road for 1878-79.

Road No. 28, *Neelpore to Nischintapore, distance* 10 *miles.*—No work was done on this road during the year under report. This was principally owing to outbreaks of cholera in its neighbourhood, which drove the laborers away from the work. At present the road is little more than a mere track. It is not a communication of much importance.

Rs. 1,000 has been allotted to it this year, and this will be spent chiefly in raising a bund for about 4 miles, 10 feet wide by 2 feet high.

No. 34, *Neelpore to Mohadebpore*, 48 *miles.*—Rs. 3,000 were allotted to this road, but owing to the frequent recurrence of cholera on this route, and consequent desertion of the coolies employed, only Rs. 1,430 were spent during the year. This was chiefly spent in bamboo bridges, viz. Rs. 1,250.

This road is in fair order. It is an important road, as it might be made a feeder of the new railway. But 7 miles of road through the Bogra district will first have to be made to complete the connection with the railway.

No. 36, *Patnitollah to Tarabunder*, 50 *miles.*—Rs. 2,473 out of an allotment of Rs. 2,700 were spent (Rs. 537 on earthwork, Rs. 540 on surface dressing, Rs. 1,395 on bamboo bridges).

This road is crossed by several nullahs which are dry in the cold season, but deep in the rains. It would cost a large sum to bridge these permanently.

This road and road No. 53 in the present report will together receive Rs. 500 for new works and Rs. 1,500 for repairs in 1878-79.

No 37, *Baloorghat Phareeepara Road*, 6 *miles.*—Only Rs. 125 out of Rs. 200 allotted for this road was required to be spent. The road is in good repair.

Rs. 84 has been allotted for repairs for 1878-79.

No. 38, *Patnitolla to Dum-Duma*, 13 *miles.*—Of Rs. 1,000 allotted, Rs. 973 were spent (chiefly Rs. 506 upon earthwork and Rs. 437 upon bamboo bridges).

This road is intended to be a feeder to the new railway, but it is yet by no means complete, even up to the boundary of this district, and there are 7 miles in Bogra district needed to complete the connection.

Rs. 1,000 has been allotted to this road for 1878-79 ; but this will not be sufficient to put this road in good order as far as the limits of this district.

No. 39, *Baloorghat to Hillee*, 18 *miles.*—Rs. 500 was allotted to, and Rs. 468 spent upon, this road, chiefly upon bamboo bridging.

This road is a feeder of the new railway, and will have an allotment of Rs. 1,000 next year.

No. 40, *Pateeram to Hillee*, 18 *miles.*—Rs. 500 was allotted to this road and Rs. 458-12 spent.

This road was begun in the famine year and has not been touched since. It still requires much to be done to it.

Rs. 1,000 have been granted to it for 1878-79.

No. 41, *Pateeram to Chintaman*, 18 *miles.*—Rs. 3,000 was allotted to this road ; only Rs. 584 was, however, spent.

This road will not probably be of much use as a feeder to the railway if the road to Hillee from Pateeram be not made thoroughly good. Only Rs. 1,000 has been allotted for this road during the ensuing year.

No. 42, *Phoolbaree to Sumjhea*, 14 *miles.*—Nothing was done to this road during the year, as the estimate sent to the Superintending Engineer was not returned in time to enable work to be begun. The papers seem to have been burnt at Julpigoree. Copy of estimate has been re-submitted, and it is hoped that it will be possible to burn a lakh of bricks in time for bridging this road next season.

No. 45, *Beerampore to Nawabgunge*, 12 *miles.*—This is a railway feeder road ; of Rs. 2,500 allotted, Rs. 1,531 has been spent chiefly on earthwork.

Rs. 2,000 have been allotted to it for next year.

This road is not yet completed, nor ready for traffic.

No. 46. *Hillee to Ghoraghat Road*, 18 *miles.*—This road remains in fair order for wheeled traffic. Of Rs. 1,000 allotted, Rs. 426 were spent chiefly on bamboo bridges and Rs. 56 on other repairs.

Rs. 1,000 have been allotted for next year.

No. 47, *Bogra Road to Ghoraghat*, 22 *miles.*—Rs. 963 out of Rs. 1,000 were spent on this road,—Rs. 436 on repairs to timber bridges and Rs. 462 on bamboo bridges.

Rs. 1,000 have been allotted to this road for next year, and this, it is hoped, will enable the bridge to be permanently bridged almost throughout. It is now in fair order.

No. 48, *Bhadooriya to Nawabgunge*, 10 *miles.*—Rs. 190 were spent out of Rs. 200 allotted. The road is in good order.

Rs. 200 have been allotted for next year to be spent on a timber bridge.

No. 49, *Bhoosheebundar road*, 11 *miles.*—Rs. 280 were spent in keeping up temporary bridges on this road during the rains. This is a good cold-weather road. It is now classed among village roads.

No. 50, *Gungarampore to Pateeram*, 18 *miles*.—The road suffered from the floods, and Rs. 252 above the allotment of Rs. 1,900 had to be spent to keep it open during the rains. It is a good fair-weather road now, and the Rs. 500 allotted for new works, and Rs. 500 for repairs next year, should put it in good order.

No. 51, *Nawabazar to Bhatkara*, 12 *miles*.—Rs. 468 out of Rs. 500 allotted were spent entirely on bridging, which was necessary to keep the road open.

This road will be in future classed with part of road No. 7 in this report, and intended works upon it for next year are given with No. 7 road above.

No. 53, *Tarabundar Road*, 14 *miles*.—This is a road intended to connect Patnitolla to Pateeram directly with Dinagepore. 8 miles of new bund had to be made to complete this road; Rs. 1,501 were expended out of Rs. 2,800 allotted.

This road will now be classed with No. 36 road, and intended work upon it is shewn in treating of No. 36 road above.

No. 54, *Roygunge to Doorgapore*, 8 *miles*.—This road is much used during the jute season. Rs. 315 were spent on repairs out of Rs. 500 allotted.

11. *Village roads*.—Only Rs. 135 were spent for the purpose of maintaining village roads during this year. This was spent on two roads. Applications have been received for grants for other roads and are under consideration. I regret much that so little has been done this year. The matter was pressed on the attention of the Vice-Chairman, but there have been several changes in the office, and the absence of sub-divisions and local supervising agency have been hindrances. It is hoped that this year much more will be done.

12. *Staging Bungalows*.—Rs. 110 have been spent upon repairs to Staging Bungalows.

13. *Tree plantation*.—Rs. 200 have been spent upon planting and protecting trees upon the Moorshedabad road. Owing to the unusually high floods of this year, tree-planting has been much retarded. The first batch of seedlings were destroyed in July, but there are still a large number now ready for plantation.

14. The late orders of Government relating to the planting of fruit trees will be carefully attended to.

15. Mr. Vanziulicom has continued to be District Engineer. He has done a large amount of work during the year and has utilized the large commencing balance in hand. He has shown activity and practical ability in his work. He is not successful in preparing his estimates, as many have been returned for correction by the Superintending Engineer, and his being graded as an overseer only inconveniently curtails the power of the Committee in passing estimates. The Committee, at a meeting held on 29th October 1878, unanimously recommended that Mr. Vanziulicom should be confirmed in his appointment; they also suggested that the Superintending Engineer should be asked to examine the character of his work with a view to his being graded higher.

16. We have had three overseers and five sub-overseers at work during the year. Of the overseers, Mr. Burke has resigned since the close of the year. He drew Rs. 200 a month, and it is proposed to appoint in his place two overseers at Rs. 100 a month each. The two other overseers are Hari Charan Mookerjee and Moti Lal Banerjee; of the former, the District Engineer reports fairly, but badly of the latter. The appointment of other two new overseers will enable us to make some needful arrangements about the sub-divisions.

17. In May a change was made in the constitution of the Committee. The members had served the time for which they were appointed, and advantage was taken of a new nomination to leave out the names of those who did not attend. Seven names were thus left out and five new men appointed, making thus the number of members 18 instead of 20. One of the new members has since died. His place will shortly be filled by a new nomination.

18. A table is annexed showing the attendance of the present members. Of official members, the District Superintendent of Police has been very irregular in his attendance. The Executive Engineer has moved his head-quarters to Runggpore, and has, I believe, been fully employed in the Dhoobree road. I find, too, that notices of meeting have not been sent to him by an office oversight. This has now been remedied. Of the non-official members, Baboo Gopee Benode Das has been most regular and useful. The new members appointed in May have attended fairly.

19. I cannot say that I got much assistance in the way of criticism from the Committee. The work is put before them in the shape of professional estimates for sanction, and this is not a matter in which they can make much useful suggestion. At present we are hard at work in making our railway feeders, and those we are working at have the full approval of the Committee. When we have completed them, I hope to receive useful suggestions from the members respecting additional roads. At a late meeting I held of merchants, several new roads were suggested for connection with railway stations which will be considered when we have worked off some of our present schemes. The chief desire, however, expressed by the merchants was for a branch railway to Dinagepore. This seems very necessary, but it is not a matter that can be taken up by the Road Cess Committee.

20. The Deputy Examiner of Accounts inspected this office on the 19th and 20th July last. He pointed out several errors of practice which have been corrected. Two principal ones may be mentioned—(1st) The District Engineer's imprest has been reduced from Rs. 2,000 to Rs. 1,000, and (2nd) some large amounts entered as advances to the District Engineer have been transferred to the account of the several works for which they were put out.

21. The Deputy Examiner reports that the head clerk and accountant understands his work and performs it satisfactorily.

Statement showing the Members of the Committee who attended during 1877-78.

Number.	NAMES OF MEMBERS.	Total number of attendance out of nine meetings.	REMARKS.
1	E. V. Westmacott, Esq., Chairman	2	Left the district on the 10th December 1877.

DINAGEPORE,
The . *November* 1878.

L. HARE,
Vice-Chairman.

E. G. GLAZIER,
Magistrate and Chairman.

No. 1236, dated Camp Pirgunge, the 14th December 1878.

From—E. G. GLAZIER, ESQ., Magistrate and Chairman, District Road Cess Committee of Dinagepore,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

IN reply to your No. 696 of the 9th instant, regarding the Road Fund report, I have the honor to state that the Road Cess Act has worked quite smoothly in this district, and I have no observations to make on that score.

No. 6.—Part I.

DINAGEPORE DISTRICT ROAD FUND.

No. 6.—Part II.

DINAGEPORE DISTRICT ROAD FUND.

Details of Income and Expenditure for the Cess year 1877-78, *from* 1st *October* 1877 *to* 30*th September* 1878, *to accompany the annual account for that year.*

L. HARE, *Vice-Chairman.*

EXPLANATORY MEMORANDUM TO ACCOMPANY THE ANNUAL ACCOUNT.

Receipts.

A.—This amount was due from ferry farmers for the instalment of September 1877; hence the amount according to the orders of Government conveyed in its circular No. 73A (Public Works Department), dated 20th August 1877, credited into the Road Fund.

Disbursement.

B.—Revised figures have been submitted to the Commissioner of the Division with this office No. 998, dated 27th September 1878, as directed in paragraph 8 of Bengal Government resolution No. 823A (Public Works Department), dated 16th August 1878; hence the figures shown in resolution will not agree with the figures now submitted.

C.—The sum of Rs. 176-9-6 were expended in excess of the allotment for the original works out of the amount allotted for repairs of the same road.

D.—Rs. 433, spent in excess of the allotment, have been expended out of savings of No. 8, Kishengunge road.

E.—Rs. 46-3-9, expended in excess of the allotment, have been taken out of savings of No. 2, Maldah road.

F.—Rs. 4-15-4, spent in excess of the allotment, have been taken out of savings of original works of that road.

G.—Rs. 960-9-0, spent in excess of the allotment, have been taken out of savings of original works of No. 2, Maldah road.

H.—Rs. 252-9-4, spent in excess of the allotment, have been taken out of the amount allotted for No. 28, Neetpore to Nischintapore road, for which nothing was spent.

I.—Rs. 284-0-9, spent on this road, have been taken out of the original works of No. 1, Rungpore road.

L. HARE, *Vice-Chairman.*

No. 163, dated Bauleah, the 18th December 1878.

From—C. H. VOWELL, ESQ., Magistrate and Chairman, District Road Fund Office, Rajshahye,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to make the following report for the cess year 1877-78.

The District Engineer reports that the works carried out during the year were as follow under the head of repairs:—

	Rs.	A.	P.
Bauleah to Nattore Road	5,658	3	3
Bauleah to Orooncola Road	6,243	6	0
Manda Road, 1st Section	1,152	4	3
Godagaree to Malda Road	47	3	0
Bauleah to Godagaree Road	1,113	3	6
Nattore Road to Pootia	538	9	9
Manda to Babhar	908	12	0
Godagaree to Parbuttypore Road	23	0	0
Road from Railway Station to Nattore	8	5	3
Bauleah to Tannore	317	6	3
Nattore to Bagsur	18	0	0
Road Cess Office Bungalow	252	6	3
Total ...	16,380	11	6

On the Nattore Road.—The sum of Rs. 5,658-3-3 was expended. Surface repairs to earthwork was undertaken along the entire length of the road. The total distance from Bauleah to Nattore is 30 miles. There are numerous bridges and gaps which are unbridged. Several of the existing timber bridges were repaired and khoa metalling spread on top. During the rainy season four temporary bamboo bridges were erected, and on the gaps where bamboo bridges could not be put up, ferries were placed. This road throughout the rains was in fair condition, except near Bauleah, where it was cut up by carts carrying metal to site.

Road from Bauleah to Orooncola.—This road runs along the bank of the Ganges up to Dhapuree, a distance of about 36 miles, and from there strikes in a north-easterly direction to the district of Pubna, six miles further. The portion of the road from Bauleah to Shahpur was raised to keep out Gangetic spill; and surface repairs to earthwork were attended to by Messrs. Dixon and Macdonald of the firm of Messrs. Robert Watson and Company, who engaged their own ryots during the season when the filatures are not at work, and thus executed earthwork, &c., at a cheaper rate than could have been done by contract. This road was durable throughout the year; the total expenditure, including the repairs and maintenance of the bridges, amounted to Rs. 6,343.

The Manda Road.—Originally started from the limit of the Municipality of Bauleah to Bya, Nowhatta, and Manda. Six miles of the road near the Bauleah end are metalled with khoa. The Municipality of Bauleah recently made over one mile of metalled road which had formerly been maintained by that department. This bit was thoroughly repaired, and patchwork was done throughout the entire length of 7 miles up to Bya. From Bya to Nowhatta the road, which is only a raised earth embankment, was dressed and the ruts filled up and levelled. This was all that could be done for the small sum of Rs. 1,152 which was sanctioned.

Godagaree to Malda Road.—The sum of Rs. 47-3 was expended on a temporary bamboo bridge over Obhoya Khal and for earthwork to its approaches. As there is no road from the Obhoya Khal to Malda, a project was prepared for a raised embankment of about 7 miles in length which would be shown hereafter under the head of "original work."

Bauleah to Godagaree Road.—The length is about 21 miles; at some portions it runs through paddy-field, and as the cultivators bund up their fields for the purpose of irrigation, and cut them again when too much water accumulates, it is exceedingly difficult to keep this road dry all the year round. The waterway allowed is ample where the road is above paddy-fields, but in the high lands, where the fields are often above the level of the road, the water is drained off into the road, and thus renders it difficult for wheel traffic. As regards the bridges, three timber bridges, one of about 150 feet in length, another of about 20 feet, and the third of about 10 feet were thoroughly renewed. Other bridges were also attended to, and the road was passable all the year round. Under orders from the Superintending Engineer, Northern Circle, three miles of the road had to be raised to the same level as the protective embankment recently constructed by the Public Works Department. The object of raising the road was to keep out the Gangetic spill.

Nattore Road to Putia.—This road connects the old village of Putia with the Nattore road. The total length is about a mile. It is unmetalled road, and runs through a great deal of paddy lands. There was one large bridge of about 180 feet in length over the Narud Nuddy, which was in a very rotten state. The old timber were removed and new planking and roadway metalling laid on. The embankment was kept in good condition. The total expenditure was Rs. 538-9-9.

Manda to Babhar Road.—This road is in the extreme north of the district, and there is not much traffic on it. The earth is of hard ferruginous clay, and when it is once properly dressed and levelled, it lasts much longer than roads in the south of the district. The amount spent on this road was Rs. 908-12-0, which was chiefly for earthwork and turfing.

Godagaree to Parbuttypore.—The sum of Rs. 23 was expended on the repair of a timber bridge. It is a matter of regret that a proper estimate had not been prepared in the prescribed form, as there was a great deal of work which should have been done before the rainy season set in.

Nattore Municipal Road.—The sum of Rs. 8-5-3 represents the amount expended on petty repairs to the bridges. An estimate for earthwork, amounting to Rs. 967, at Rs. 2-8 per thousand cubic feet, was submitted, but the Committee refused to pay anything more than Rs. 2; and after a great deal of delay in inviting tenders at the Committee's rates, it was found that no one would come forward to take the work, as they were getting higher rates on the railway. The rains set in and it was then too late to do any earthwork.

Bauleah to Tannore Road.—At the junction of the Tannore road with the Bya road, there were several gaps which rendered the road impassable. These were filled up and dressed. The expenditure was for earthwork and jungle-clearing, amounting to Rs. 317-6-3.

Nattore to Bagsore Road.—The estimate for surface repairs of this road was prepared at Rs. 2-8 per thousand cubic feet of earthwork. The Committee thought this too high, and directed that it should be done for Rs. 2. Tenders were not forthcoming, and the season was lost in trying to get men at such low rates. The sum of Rs. 18 represents the contingent charges.

Road Cess Office Bungalow.—The road cess office was thoroughly repaired and white-washed. The roof, which consists of thatching-grass and tiles, had to be taken down and renewed. The floors were tarred to prevent white-ants, and the plaster painted and white-washed.

Village Roads.—The following are the most important village roads which were undertaken, namely—

	Rs.
Hât Godagaree Road	300
Burgatchee Road	280
Aranee Road	150
Lukhanhattee	100
Baraigram Road	250
Charghat and Galimpore	150

The chief work in village roads is shewn above. The entire expenditure under this head amounted to Rs. 5,615-8-3. The people of the district seemed fully aware of the advantages to be gained from the road cess, and came forward with numerous petitions for village roads and waterway. The only difficulty is to make a choice of the most urgent cases.

The aggregate expenditure on repairs is Rs. 21,996-3-9.

2*nd.* "*Original Works.*"—

	Rs.	A.	P.
Bauleah to Nattore Road	25,129	11	4
Malunchee Feeder Road	829	8	6
Raneenugur Feeder Road	40	11	6
Surdah to Lukhanhatte Road	24	0	0
Maldah Extension Road	32	6	0
Total ...	26,056	5	4

Nattore Road.—The sum of Rs. 25,129-11-4, shewn under the head of Original Work, was spent in the purchase of stone metal, carting a portion of the same to site, &c. The

estimate not having been submitted to Government in time, the work could not be done during the rains.

Malunchee Feeder Road.—This road was lined out, surveyed, and begun late in the season, and the rains came on before the work could be finished. The plans and estimate were submitted to the Superintending Engineer and passed and approved of by that officer.

Ramnuggur Feeder Road.—The sum shewn against this road represents the preliminary survey expenses only.

The Lukhanhattee Road—Was surveyed at a cost of Rs. 24.

Maldah extension Road.—Rs. 32-6 expended on surveys. This project has been prepared and submitted for sanction of the Superintending Engineer.

The aggregate expenditure on "Original Work" is Rs. 26,056-5-4.

3. During the cess year under review work has not progressed as favorably as I could have wished it, and the following is the reason which I attribute:—

First.—The Committee changed their Engineer, Mr. J. C. Forbes, in the month of February, at a season of the year when road works were in full operation or should have been so.

Secondly.—The Committee order their District Engineer to execute works at rates far below the Public Works rates, and at which it is impossible to be done. If the Committee were guided by the professional opinion of the Superintending Engineer on such matters, there would be great deal more work shewn in this district. I admit it is desirable to do work as cheaply as possible, but then the Committee do not take into consideration the season of the year, and whether labor is available or has to be imported. For instance, earthwork can be done by local labor at the rate of Rs. 2 per thousand cubic feet on certain roads when the men are not occupied in ploughing or reaping. During harvest time these rates would not hold good, and the Committee disapprove of corresponding increase.

4. The newly appointed Engineer, Mr. Mackenzie, joined his appointment in the middle of April. During the intervals of two months Baboo Ashutus Lahery, supervisor, was in charge. On Mr. Mackenzie's arrival he found the district works greatly in arrears, and as there was only two months of the working season left, namely May and June, it was as much as he could do to prepare the projects for the ensuing season. The Nattore Road projects and estimate had to be prepared by that officer. The only thing that was passed during Mr. Forbes' time was the calculation for the waterway. I trust that works in future will be better carried out, and I submit a list of the project which has gone up to Government from this office during the cess year 1877-78.

The work for the ensuing season promises well.

PREPARED BY	Names of Project.	Amount of estimate.	REMARKS BY SUPERINTENDING ENGINEER.
		Rs.	
J. C. M. Forbes, Esq. ...	The calculation of waterway for Nattore Road ...	.....	Passed.
Ashutus Lahery	Constructing road cess office	8,467

	Ditto of Maldah extension road	9,650	With Superintending Engineer.
	Ditto for Bauleah and Kajla road	24,080	
	Repairs, 1st Section, Nattore Road	6,849	
	Original work, ditto	2,72,383	
	Project of road from railway station to Nattore ...	17,010	

5. The post of District Engineer was held by Mr. J. C. M. Forbes up to 15th February. From the month of February till the 15th April (the date of Mr. Mackenzie's joining his appointment) Baboo Ashutus Lahery was in charge. During this interval he submitted a plan and estimate of the road cess office, the rest of the projects and estimates have been prepared by Mr. Mackenzie.

6. The accountant, Baboo Mohim Chandra Bhadury, has, under the express orders of the Commissioner, been retained in the office of the District Engineer. He is passed and qualified under the rules in force—*vide* Notification No. 319 of 29th June 1875.

7. Baboo Ashutus Lahery was appointed to this department as supervisor on the 4th February, in the place of Mr. G. H. Wilcox, who died, and is a passed candidate of the Calcutta Civil Engineering College. His appointment has been approved of by the Government of Bengal. He has shewn himself competent for his duties, and I trust will be permanently appointed after the expiry of his year of probation.

8. Baboo Aroon Chandra Dutt, Overseer, has also done his duties satisfactorily. The services of Overseer, Baboo Krist Chandra Mookerjee, have been dispensed with.

9. This record of works is, as the District Engineer admits, not very satisfactory; but I think the reasons assigned by him are the true ones, viz. the change of District Engineer during the most important part of the working season, and a certain amount of friction between the Committee and their Engineer in the subject of rates at which work should be carried on. Mr. Mackenzie says, very justly, that the rates of the district vary in different places and at different seasons. The Committee have acknowledged the truth of this, and as a table of rates sanctioned by the Superintending Engineer will, it is hoped, soon be forthcoming, and the District Engineer will, during the present year, be more able to choose his own season for working, and so avoid competition with agricultural employments, better progress may be fairly expected.

10. There will, however, always remain this honest difference of opinion that a Committee will endeavour to get work done as cheaply and speedily as possible, whereas a professional man, who knows that his work will be tested by professional men, sets his heart on thoroughness; for instance, a great bone of contention is the question of bridges. The Committee advocate those made of tal wood, the District Engineer wishes to have solid masonry. The one party says the tal wood structure will last but a very short time, will be constantly out of repair, and give endless trouble; the other replies that the cost of a single masonry bridge would be sufficient to put the whole length of road into thorough repairs. I think the proper way out of the difficulty is to run up temporary bridges as rapidly as possible, and then set aside a certain sum every year for making one or more of them permanent structures.

11. During the year a grant of 1½ lakhs has been promised by Government as a contribution towards metalling the Nattore road, and in consideration of this, the Committee has declared their readiness to raise the cess to the maximum rates during the years 1879-80 and 1880-81, and contribute a sum sufficient to make up what is required for that purpose. A contract is being entered into with a well known firm, who hope to complete the work within two years. This will take up a large portion of the Committee's funds, and beyond repairs of existing roads nothing can be undertaken. The following sums were noted.

12. There were seven meetings of the Committee held during the year; considerable difficulty was experienced in obtaining a quorum, and three meetings were adjourned, causing delay and inconvenience in the transaction of business. The law requires seven members to be present, the total number of members being 23. Press of business and distance seldom allow that number to attend.

13. In reply to your circular No. 600, P. W. Cir., dated 6th November 1878, I have to report that no trees have yet been planted along the roads; during the ensuing rainy season a nursery will be formed.

14. The working of the Branch Committee at Nattore was satisfactory.

15. The Road Fund Committee and District Engineer's Office was inspected during the year 1877-78. The report was favourable.

16. The aggregate receipt of the fund from all sources during the year amounted to Rs. 60,438-10-8 as shewn below:—

	Rs.	A.	P.
Cess on lands	52,330	7	8
„ on houses	2,397	0	10
Cost under section 23	710	3	5
Cess leviable otherwise than under District Road Cess Act	42	0	3
Ferries	3,370	4	9
Sale proceeds	1,206	11	6
Fines on peons	10	4	0
Miscellaneous	371	10	3
Total ...	60,438	10	8

17. The cess is really paid in, but there is still some difficulty in realizing, with punctuality, from joint and revenue-free estates, as was pointed out in last year's report. The Deputy Collector in charge hopes that, in the completion of the land registration work, this difficulty will disappear. The balance at the close of the year was not heavy, and a large portion of it will be cleared off in this quarter.

18. The demand of house cess was suspended from the beginning of the second half-year, and the balance due is being collected through the punchayets.

19. The Deputy Collector in charge of road cess, and Vice-Chairman reports favourably of the working of his departments. The present District Engineer has been too short a while in Committee's employment for them to form an opinion of his work, which has not gone much beyond the preparation of estimates for the ensuing season.

20. Baboo Mohendro Nath Bose, Vice-Chairman, is very careful in his work, but takes a long while over it.

21. The present report has been delayed because no quorum could be formed until 30th ultimo to pass the account, and the report of Deputy Collector in charge only reached me yesterday.

Third ditto		14
Fourth ditto		6
Fifth ditto		9
Sixth ditto		12
Seventh ditto		4
Total ...		58
Attendance should have been 23 × 7 = ...		161

$7 : 1 : : 58 : x = \frac{1 \times 58}{8} = 8$

Now to find out per cent.—
Multiply 23 by 7 = 161
8 by 7 = 56
161 : 100 : : 56 : x

$x = \frac{100 \times 56}{161} = \frac{5,600}{161} = 35$ or above $\frac{1}{3}$th and less than $\frac{1}{4}$th.

MOHENDRO NATH ROY,
Vice-Chairman.

The 12th November 1878.

No. 8A, dated Rungpore, the 8th January 1879.

From—J J. LIVESAY, ESQ., Chairman of the District Road Cess Committee, Rungpore,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the following report on the working of the Rungpore district road cess, together with the statement of works and annual accounts in the prescribed form, and duly examined according to section 88 of the Act.

2. *The Sudder Committee.*—In Appendix A is shown the constitution of the Committee during the year and the manner of attendance of the several members. From this it will be seen that on an average eight members attend the meetings. I am glad to report that some of the non-official members took an active and intelligent interest in the proceedings of the Committee, and on the whole the members showed an interest in them.

3. *Branch Committees.*—In July last a Branch Committee was formed in the Gyebanda sub-division, consisting of five official and thirteen non-official members. Only one meeting of this Committee was held in September, and nothing of importance has yet been done by them. I have every hope that the new Sub-Divisional Officer will work this Committee satisfactorily.

4. *Inspection of offices.*—On the 15th and 16th of July last the offices of the District Road Fund and that of the District Engineer were inspected by Mr. F. Moore, Deputy Examiner of Public Works Accounts. His inspection report was considered by the Committee, and defects pointed out have been rectified, and the suggestions made by him have been adopted. The principal defects pointed out by Mr. Moore were the elaborate system of cash accounts in the District Engineer's office, and the unnecessarily high imprests in the hands of the subordinates. Both these were considered indispensable by Mr. Robinson, the District Engineer, because, owing to the absence of contractors in the district, work had to be executed by the engineering establishment. The present District Engineer, Mr. Ringwood, however, has introduced the contract system, simplified accounts, and has reduced the imprests in the hands of the subordinates.

5. *Works.*—It is to be regretted that, as Mr. Robinson left the district without submitting the report on the works, his successor is unable to give anything more than a bare statement of figures. The principal original works in hand during the year were the works on the Dhubri road and the memorial bridge over the Alaikuri river on the Kuligunge road. Expensive timber-iron bridges were put up on the first 38 miles of the Dhubri road, 26 in number; a new road was constructed from Kamarpara to Balarhat to join the road to Assam. Unfortunately the unprecedentedly heavy rainfall and high floods damaged these works, and much will have to be done over again. A satisfactory amount of progress has been made in the Alaikuri bridge.

6. Repairs were done over 800 miles of road.

7. A certain number of village roads were taken up in each sub-division, and they were done through the agency of non-official gentlemen, heads of villages, and zemindars' servants.

The allotments and expenditure on this account in each sub-division is given in the subjoined table:—

	Allotment.	Expenditure.		
	Rs.	Rs.	A.	P.
Sudder sub-division	3,000*	717	12	6*
Gyebanda „	2,000	727	0	0
Bagdogra „	2,000	1,954	4	5
Kurigram „	3,000	2,944	13	6
Total ...	10,000	6,343	14	5

8. I have been over many of the roads, and I cannot say that I am quite satisfied with the results. This is owing to the funds and the staff under the Committee's control being very limited and insufficient to perform the enormous quantity of work required to be done. I also am of opinion that the grants have not always been spent to the greatest advantage by the working staff, and but little has been done in the way of constructing pucca bridges. In my opinion the great desideratum still with these drawbacks there can, I think, be no doubt that a great deal of really good and useful work has been done and communications have been much improved during the past year. Up to the present our principal endeavour has been to put the Southern Emigration or Dhubri road in really good order, and our efforts have been attended with some success, though the large—I might say enormous—expenditure on this single work has been a great drain on the Road Cess Funds. Owing to Mr. Robinson not having allowed sufficient waterway, and his not having protected the sides of the bridges except by puddling them, there will be some loss and delay in completing this really important route to Assam. I trust and expect, however, that, by the end of the present working season, Mr. Ringwood, our present Engineer, will have done all that reasonably can be expected to make this road all that it should be. Particular attention has also been given to the following principal roads of the district:—

1. Kalligunge road,
2. The Bogra road,
3. Julpigoree road,
4. Cooch Behar road,
5. Uleypore road,
6. Chillakhal road,
7. Ghorawara Durwani road,
8. Kalligunge Pirgunge road,

and all these roads are in fair order. During the past year a good deal was done to improve the other less important roads of the district, but for some years to come I do not consider it possible that all, or even the greater number, of these roads can be so improved as to permit traffic over them during the whole of the rains.

9. *The working of the Act.*—As far as I have been able to judge, the working of the Act is on the whole satisfactory. The cess is realized without much difficulty, and the improvements in the communication seem to be appreciated by people of all classes. A great impetus has been given to the trade, especially to the part of the district lying along the Northern Bengal State Railway line, and the different road cess roads serve as good feeders; and the Southern Emigration or Dhubri road has opened up and improved a very large and hitherto very backward, but naturally a very highly favoured, part of the district.

10. *Establishments.*—The collection establishment is under a Deputy Collector, consisting of—

One head clerk,
One second clerk,
One third clerk,
One head mohurir,
Two other mohurirs,
One nazir,
One duftry,
Eight peons,

and they seem to have worked tolerably well.

The Committee has an office establishment consisting of—

A head clerk and accountant,
A second clerk, and
A peon.

The Accountant, Baboo Dwarka Nath Chatterjee, is a past accountant of the Public Works Department, and has done very satisfactory work.

The engineering establishment consist of—

The District Engineer with the rank of an Executive Engineer.

4 Overseers.
9 Sub Overseers.
A head clerk and accountant.
2 Other clerks.
1 Draftsman.
1 Store-keeper.
2 Peons.

Mr. J. Robinson, who was District Engineer during the year, has gone back to the Public Works Department, and Mr. C. H. Ringwood, Executive Engineer, has been appointed in his place.

11. The following is the programme of operations which it is intended to carry out this year:—

I. To put the road from Rungpore to Balarhat ghat, commonly called the Dhubri road, into thorough repair and proper order to sustain the traffic of the proposed bullock train. The bridges which were injured by the flood of last year to be repaired and completed, and the

* Out of this, a further sum of Rs. 300 was spent for repairing th road from Girhidi to Rohumaree.

roadway to be raised above flood-level, as far as the funds at the disposal of the Committee will permit. The crossings of the large rivers which intersect this road, namely, the Teesta, the Dhurla, and the Doodkumar, will be improved, raised roads will be made over the churs, and brushwood will be laid down on the lands.

II.—The masonry of the Alaikuri bridge will be pushed on to completion.

III.—Substantial timber bridges, capable of sustaining cart and elephant traffic, will be constructed on the following district roads :—

1. Kalligunge.
2. Bogra.
3. Chillakhal.
4. Dinagepore.
5. Julpigoree.

IV.—Material for the construction of a permanent bridge over the new drainage cut near the station will be got ready.

V.—The important road which leads to the railway station from Nawabgunge and Mohigunge will be widened, raised, and so far metalled as funds will permit.

VI.—The continuation of this road through the civil station will be put into proper repair. The metal is much worn throughout, and a fresh layer will be laid on.

VII.—Since the commencement of the working season, a new road has been almost completed from Kowneah, the terminus of the Teesta extension railway, to meet the Dhubri road near Gazirhât. The embankment has been finished, and the bridges only, which are insignificant, have to be put in.

VIII.—A large pucca house with out-offices, known as Rehling's buildings, have been purchased for the Road Cess offices, Committee room and residence for the District Engineer. These buildings will be put into a state of repair to suit them for the purpose they are intended to serve.

IX.—All the roads in the district, so far as funds will allow, will be raised above flood, properly dressed, and have the bridges on them put into proper order. There is no occasion to specify each of them by name; but it will suffice to remark that every care has been taken in making the several allotments, and those roads which have lately become important as railway feeders have received due attention.

RUNGPORE DISTRICT ROAD COMMITTEE.

D. W. M. TESTRO,
for Chairman.

No. 26, dated Rungpore, the 28th January 1879.

From—J. J. LIVESAY, ESQ., Chairman, District Road Cess Committee, Rungpore,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

IN reference to your letter No. 764PW, of the 22nd of January 1879, I have the honor to supply the explanations and further information called for as directed in the above-mentioned letter.

2. In the statement submitted by the District Engineer, the cost of the bridges on the Kalligunge road is shown from the commencement of the work till the 30th of September last; whereas column 7 of the annual accounts prepared in the Committee's office only includes the expenditure incurred from the 1st October 1877 to the 30th September 1878.

3. The following statement prepared by the District Engineer shows the amount and quantity of the work executed during the past year :—

Report of work done in the Rungpore District during the year 1877-78.

The simplest mode of reporting on the works executed in the district during the year, from 1st October 1877 to 30th September 1878, will be to review what has been done in each of the four sub-divisions into which the district was divided.

GAIBANDA SUB-DIVISION.

Original Works.

Construction of timber-iron bridges on the Bogra Road.—Under the estimate four bridges were completed, namely, one at Bokra, two close to Sonaipore, and one near Jogeehat. The total number of bridges to be constructed is eight. They will all be finished this year. The materials being used on these bridges is of the very best and most lasting description, and with trifling repairs they may be expected to stand for many years. The amount expended on this work to end of last year was Rs. 6,476-6-4.

Construction of the Alaikuri Bridge.—The following work was done to end of last year:—

71,678 cubic feet earthwork in excavation,
7,855 cubic feet of masonry in foundation,

besides bricks, lime, and other materials have been got ready. On the west bank four blocks have been commenced for the abutment; on the east bank three blocks have been commenced, and for the piers six wells have been partially constructed and sunk. The blocks and wells were sunk to an aggregate depth of 122½ feet. All the work done is good. The expenditure has been Rs. 13,050-6-8, which includes value of materials at site, Rs. 6,830-2-4.

Constructing new bridges on the Rungpore-Kalligunge Road.—This estimate contemplates the construction of five bridges, namely, two at Maleebari, one at Daroeapore, and two at Bogareea. Materials for these bridges have been got ready, and they will be finished this year. The expenditure incurred was Rs. 3,049-14-1, of which Rs. 2,200-4-4 is value of materials at site.

Construction of Inspection Bungalows—Bungalows have been commenced at Kalligunge, Gaibanda, and Kamarjanee; Rs. 257-14-9 have been expended on them. They were about one-third finished at end of year.

Putting in a barrel drain in 6th mile of Bogra road.—Materials to value of Rs. 148 have been got ready for this.

Annual repairs.—The first-class roads have been repaired as follows:—

Kalligunge Road.

Surface repairs	...	...	...	36½ miles.
Earthwork	...	...	...	54,994 cubic feet.
Bridges repaired	...	...	...	11 in number.
Jungle-cutting	...	...	...	1 mile.

Bogra Road.

Surface repairs	...	...	...	51 miles.
Earthwork	...	...	...	84,758 cubic feet.
Bridges repaired	...	...	...	18 in number.
Jungle-cutting	...	...	...	10 miles.
Bungalows repaired	...	...	...	1 in number.

Kristopore Road.

Surface repairs	...	...	...	5 miles.
Earthwork	...	...	...	1,270,380 cubic feet.
Bridges-repaired	...	...	...	6 in number.

Govindgunge-Kassinathpore Road.

Petty repairs to bridges.

Gaibanda to Luckhepore Road.

Surface repairs	...	...	...	1¾ miles.
Earthwork	...	...	...	24,402 cubic feet.
Bridges repaired	...	...	...	6 in number.

Soondergunge Road.

Earthwork	...	...	...	71,648 cubic feet.
Bridges	...	...	...	6 in number.
Bungalows	...	...	...	1 in number.

Second-class roads.

Surface repairs	...	...	...	37¼ miles.
Earthwork	...	...	...	569,262 cubic feet.

	Rs.	A.	P.
Bridges have been repaired at a cost of ...	1,880	4	9

DHUBI ROAD SUB-DIVISION.

ORIGINAL WORKS.

Constructing new bridges from Rungpore to Kamarpara.—All the timber bridges under this estimate were finished, with the exception of some of the railings. They were, however, much injured by the unusually high flood of last year, and it will be necessary to spend more money in renewing them with increased waterways. Temporary bamboo approaches have been constructed over gaps formed by flood, and the road rendered passable for wheeled traffic.

A pucca culvert was constructed near Dinhatta, and the foundation of a second put in, for the completion of which bricks were made.

114 stoneware pipes were brought to site to be used for smaller culverts. The total amount spent to close of year is Rs. 37,043-8-1, out of which Rs. 9,495 represents value of materials at site, and Rs. 4,850 amount due from contractors.

Constructing Dhubri road, Sections III & IV.—Under this estimate the earthwork of the sections of road from Kamarpara to Paglapatghat, and from thence to Balarhat ghat, was thrown up. The total distance is 8½ miles. This work, it is to be regretted, shared the same

fate as the bridges during last rains. A great deal of it has been carried away and will have to be renewed. The quantity executed was 2,966,637 cubic feet at a cost of Rs. 8,128-7-3.

Constructing Inspection Bungalows.—A bungalow has been erected at Madargunge near the Balarhat ghat.

ANNUAL REPAIR TO FIRST-CLASS ROADS.

Road from Kurigram to Foolkumar.

Surface repairs	...	...	...	6	miles.
Earthwork	...	...	...	987,138	cubic feet.
Bridges repaired	...	...	...	28	in number.

Road from Rungpore to Kurigram.

Surface repairs	...	...	...	26	miles.
Bridges repaired	...	...	...	18	in number.
Earthwork	...	...	...	276,765	cubic feet.
Bungalows	...	...	...	1	in number.
Ferry ghats cut	.	...	...	2	28 in number.

Roadway over the Dhurla Chur.—On this, expenditure of Rs. 265-4-0 was incurred for 36,000 cubic feet of earthwork, and the construction of a temporary bamboo bridge 60 feet long.

KURIGRAM SUB-DIVISION.

ORIGINAL WORKS.

Constructing timber bridges on the Cooch Behar road.—Two timber bridges have been constructed on the above road. They were finished by the end of the year, except the railing of one of them. The expenditure was Rs. 2,541-1-11. In addition to the wood-work of these bridges, it was found necessary to earth up the approaches to the extent of 272,511 cubic feet.

Inspection Bungalows.—A bungalow at Panial ghat has been nearly finished, and one at Kurigram has been completed.

ANNUAL REPAIR TO FIRST-CLASS ROADS.

Cooch Behar road.

Surface repairs	...	...	...	26	miles.
Bridges repaired	...	...	...	9	in number.

Rungpore to Bugwah road.

Earthwork	...	...	...	548,960	cubic feet.
Bridges repaired	...	...	...	17	in number.

Saptibaree to Fareenbaree road.

Earthwork	...	...	...	195,453	cubic feet.
Bridges repaired	...	...	...	4	in number.

Annual repair to second-class roads.

Petty repairs	...	...	...	6	miles.
Earthwork	...	...	...	1,163,362	cubic feet.
Bridges repaired	...	...	...	56	in number.

KISHOREGUNGE SUB-DIVISION.

ORIGINAL WORKS.

Constructing new bridges on the Dinagepore road.—This estimate provides for a large and important bridge near the railway station at Buddergunge. It will consist of 6 spans of 20 feet each. Almost all of the timber required was brought to site last year. It will be finished this year.

Constructing new bridges on Julpigoree road.—Two large bridges of same size as the bridge at Buddergunge are to be erected on above road, one at Kallallgunge, and another at Kishoregunge. A considerable portion of the timber required for them has been obtained, and that at Kishoregunge has been commenced. They will both be finished this year

Constructing Inspection Bungalows.—Bungalows have been erected at Kishoregunge, at Chillakhal, at Ghoramara and at Kallallgunge.

ANNUAL REPAIR TO FIRST-CLASS ROADS.

Dinagepore road.

Surface repairs	...	...	...	32	miles.
Bridges repaired	...	..	...	20	in number.
Bungalow repaired	...	...	...	1	in number.

Bridges repaired	...	...	...	21 in number.

Road from Buddergunge to Kutubpore.

Surface repairs	...	...	...	10 miles.
Bridges repaired	...	...	...	5 in number.

Road from Gopalpore to Kutubpore.

Surface repairs	...	...	...	32½ miles.
Bridges repaired	...	...	...	3 in number.
Earthwork	...	...	...	62,650 cubic feet.

Road from Ghoramara to Durwanee.

Earthwork	...	...	...	2,222,439 cubic feet.
Bridges repaired	...	...	...	13 in number.
Surface repairs	...	...	...	42 miles.

Annual repair to second-class roads.

Surface repairs	...	...	...	104 miles.
Bridges repaired	...	...	...	23 in number.
Earthwork	...	...	...	33,450 cubic feet.

WORKS AT THE STATION OF RUNGPORE.

ORIGINAL WORKS.

Metalling the Tajhat road.—This important road connects the railway station with the civil station of Rungpore and with the large native town of Mahigunge. The metalling was commenced last year and 2,200 running feet of road was nearly completed between the railway station and Mahigunge. As much will be done this season as funds will permit.

Construction of a bridge over the Drainage cut.—A timber bamboo bridge was made over the new drainage cut on the Mahigunge road at a cost of Rs. 559-13-0.

Work-shops and offices at Sunkamaree.—A forge at a cost of Rs. 938-5-9, a carpenter's workshop at Rs. 355-2-3, a godown and a timber shed, at a cost of Rs. 638-4-2, and a store-keeper's house at Rs. 221-6-8 were erected at Sunkamaree.

A Vice-Chairman's office was constructed at a cost of Rs. 339-15-6 in the station.

Annual repairs to Station roads.

Metal renewed	...	...	...	1,334 cubic feet.
Bridges repaired	...	...	...	4 in number.
Repairs to roads	...	...	...	12½ miles.

GENERAL REMARKS.

It is obvious that a large amount of lasting and useful work was carried out last year. A vast amount of new earthwork was executed at a moderate cost, nearly 108½ lakhs; in addition to this excellent timber bridges have been put in on the Dhubri, Bogra, and Cooch Behar roads, and materials have been collected for others on the Julpigoree, Kulligunge, and Dinagepore roads. The work done on the Alaikuri bridge is excellent as far as it was proceeded with, and a large quantity of bricks and other materials have been got ready. Work of a less permanent nature, such as repairs to bamboo bridges, surface dressing, &c., has also been done in verry large amount, and altogether I am certain that the district has been vastly benefited by the work done on its roads last year.

4. As regards the planting of trees, I would beg leave to observe that it is too early this year; and as the circular was only received with your endorsement No. 600, dated 6th November 1878, nothing could be done during the year ending 30th September 1878. The District Engineer, in compliance with the instructions I have given, is endeavouring to procure mango and jack cuttings, and is trying the experiment of a nursery. He has succeeded in procuring a few plants, but I do not think that anything worth mentioning can be done till the rains, as young plants, if now transplanted, will die unless they are constantly watered.

(g) Being recovered.
(h) Since adjusted.

No. 31, dated Camp Sherpore, the 25th November 1878, and Bogra, the 29th November 1878.

From—F. WYER, ESQ., Magistrate and Chairman, District Road Cess Committee, Bogra,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the annual report of road cess operations for the year ending 30th September 1878.

2. The accounts were duly audited by a Sub-Committee consisting of the Vice-Chairman and three members. After the accounts were passed as correct by the Sub-Committee, they were laid before the General Meeting held on the 19th current, and passed in accordance with the requirements of the Act.

3. The accounts so passed, together with the Vice-Chairman's report, are now submitted to you. From these accounts you will see the exact position of the fund.

4. The following is a list of the members of the Committee :—

1. The Collector.
2. The Executive Engineer of the Division.
3. The Senior Uncovenated Deputy Magistrate.
4. C. G. Ridge, Esq., Merchant and Landholder.
5. J. J. Mackay, Esq., Agent of Zemindar.
6. Baboo Radha Romon Moonshi, Zemindar.
7. „ Raghu Nath Moustafi, Naib of Zemindar.
8. „ Pearv Mohun Shaha, Merchant and Shop-keeper.
9. „ Anunda Nauth Choudhry, Zemindar.
10. „ Issur Chunder Sen, Naib of Zemindar.
11. Syed Abdus Sobhan Chowdhery, Zemindar.
12. Baboo Bhoyrub Chunder Moitra, Zemindar.
13. Sharif Mahomed Mundle, Talookdar.
14. Major W. W. Hume, District Superintendent of Police.
15. Khaza Aziz Uddin Ahmed, Tradesman.

The only changes during the year were the election of Moulvie Muttiullah as Vice-Chairman in place of Mr. Blair, who was appointed Vice-Chairman in place of Mr. Dawson, transferred, and two months after his election went on leave.

5. The following table gives the particulars required by Government Circular No. 1286, of the 13th March 1876 :—

APPENDIX A.

Commissionership.	District.	Number of Members forming Committee		Number required to form quorum.	Number of meetings held	Number at which there was no quorum.	Average attendance at meeting.	Number of members who did not attend any meeting.	Number of Members who attended only						Percentage of average attendance to whole Committee.
									One meeting.		Two meetings.		Three meetings.		
		Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Rajshahye and Cooch Behar Division ...	Bogra	4	11	5	9	2	5	5	...	2		1	...	1	32 59

6. The Committee have taken a fair interest in the proceedings. Syed Abdus Sobhan Chowdhery, Baboo Raghu Nath Moustafi, and Khaza Aziz Uddin Ahmed were very regular in their attendance, and the two former did good work in supervising the repair of village roads. Since the close of the yea the Committee has been weeded of members who, from indifference or any other cause, did not choose to attend.

7. The District Road Fund and District Engineer's Offices were inspected by the Deputy Examiner, Mr. Moore, during the year, and the mistakes pointed out have been corrected.

8. The year opened with the balance of Rs. 47,583-3-4, including the outstanding advances, and the total receipts of the year amounted to Rs. 53,560-12-6, aggregating Rs. 1,01,143-15-10, the total income of the year. Out of these, Rs. 69,383-4-6 were spent, leaving a balance of Rs. 31,760-11-4, including the value of the materials in stock. 1,200,500 bricks were burnt ready for building the bridges, and 3,719 maunds of lime were brought from Sahibgunge. The latter has been a good deal damaged by the sudden inundation.

9. Rs. 1,963-11-2 were spent for the purchase of necessary tools and plant.

10. The following is a detailed report on the repairs undertaken along each road, together with the culverts and bridges built or repaired :—

EARTHWORK.

Dinagepore road.—The road has been surface repaired from Bogra to the 20th mile, and thoroughly raised and repaired from mile No. 31 to mile No. 42, and widened where necessary, so as to make the road of a uniform breadth of 20 feet.

Bridges.—The only work of construction under this head has been on the bridge at the 17th mile. At A (see accompanying sketch) an old bridge of 3 spans of 14 feet each exists, over which the traffic has hitherto been carried. For some reason not apparent the bridge was abandoned and a new one of 4 spans of 18 feet each commenced at B, a point higher up the stream. This spot was doubtless selected to admit of the road being carried directly across instead of by the bend. Unfortunately the bridge was constructed askew with the direction of the stream, thereby necessitating the excavation of a cut about a quarter of a mile long to bring the stream square on the bridge. At my request the District Engineer inspected the two bridges, and found the new bridge was about 5 feet all round above flooring, and that to complete it would cost Rs. 3,757. As the estimate was for Rs 5,004 (made without a plan of any kind), and the expenditure up to date was Rs. 3,698, the estimate would have been exceeded by Rs. 2,451, leaving entirely out of the question the quarter of a mile of excavation necessary to bring the stream on to the bridge, which would have cost Rs. 800 more, irrespective of the awkward nature of the structure. The cost of renewing the old bridge was found to be Rs. 1,047, and accordingly I ordered the old bridge to be renewed. The old superstructure was removed, the abutments and piers were raised 3' 9," and an entirely new superstructure was laid, effecting a saving of Rs. 2,410.

The waterway of the old bridge itself is sufficient to pass the water of the stream when full, but when, as in high floods, the water spreads over the whole country, a gap is made in the road embankment about 400 feet from the bridge at C in the sketch, by the flood flowing in the direction shown by the arrow. The road is, where repaired, in pretty fair order.

EARTHWORK.

Rungpore road.—The earthwork on this road consists merely of surface repairs. It is in fair order up to the 11th mile.

Bridges.—The only bridge on which work has been carried on during the past season is that at the 11th mile from Bogra over the Ichamutty river. This consists of a new superstructure built on the foundations of an old bridge, and the roadway has been made of longitudinal beams on which 4″ planking has been laid. The whole of this timber, which is sâl, is obtained from the Nowdapara factory. The approaches to the bridges at the 17th and 12th miles have been completed.

EARTHWORK.

Sultanpore road.—Of the 12 miles between Bogra and Dupchachia, miles 2, 3, 4, 5, 6, 7 and 8 have been straightened, raised and widened to a breadth of 18 feet, and it is a good road wherever the soil is good. In some portions, however, where it is stiff clay, the road is very slushy and bad in the rains. At the 7th mile the surface has not been raised except a few inches, and another foot of height will have to be added. The present floods show that the whole of the road between the 8th mile and Dupchachia has been more or less under water. Turfing has been completed in 2nd, 3rd, 4th and 5th miles.

Near Dupchachia the Nagore river has encroached upon the road; probably this part of the road will be abandoned altogether, and be carried from the 12th milepost, crossing at a spot about 200 yards above the police outpost, where there is a good spot for making a bridge. From Dupchachia to Adamdighi merely surface repairs have been executed and side drains cut to let off the surface water. From Adamdighi to the Sultanpore railway station the old earthwork has been thoroughly repaired, and the gap of 8,200 feet left on both sides of the railway has been finished. From the Sultanpore railway station to Sultanpore road, the road has been repaired, and the whole section between Adamdighi and Sultanpore has been turfed.

Bridges.—The bridges and culverts constructed on this road during the past cess year are as follow:—

1. Mile 11. Culvert of 10′ span completed.
2. Do. 12. Do. do. do.
3. Do. 13. Do. 5′ span do.
4. Do. 14. Do. do. do.
5. Do. 17. Bridge of 2 spans of 25′ each, foundations built.
6. Do. 22. Do. do. do. completed.

The floods prevented the completion of bridge No. 5, which is the Baniadighi bridge, but as the bricks are all at sight and the foundations are built, the superstructure will only take a short time to complete.

EARTHWORK.

Chattiangram road.—This road, which was merely a village track, connecting Adamdighi with the Chattiangram railway station, has been raised, straightened, widened to a breadth of 20 feet and turfed.

Bridges.—The only work that has been commenced is the Akbira bridge (¼ mile from Adamdighi) of 2 spans of 25′ each, of which the foundations have been put in.

Brick-making operation—A total number of 1,865,000 bricks have been burnt for the bridges along these roads.

EARTHWORK.

Sheriakandy road.—This road was, during the past season, repaired as far as Phoolbaree in the 12th mile, but the late high floods have done a good deal of damage to it and the bridges.

Bridges.—The temporary bamboo culverts have all been renewed and repairs were executed to the old timber bridges. At the 6th mile a new timber bridge of 20 feet waterway was constructed, and at miles nine and ten also two timber bridges of 60 feet span each. The late high floods have done serious damage to all these bridges and carried away the bamboo culverts.

EARTHWORK.

Sirajgunge and Nattore roads.—Surface repairs were done on these roads. These roads are in fair order.

Road Cess Offices.—In Bogra a road cess office has been built at a cost of Rs. 4,253-3. The estimate was originally for Rs. 1,000. The Committee insisted on there being a pucca roof to it, and the cost was thus increased. But, allowing for that, I do not think the building reflects any credit on Mr. Graves, who constructed it.

Rs. 1,500-2-6 were spent on village roads; Rs. 85 were contributed by one Jagir Mahomed Mundle to the repairs of the roads in his neighbourhood. These roads have been repaired by an official agency.

11. *Working of the Road Cess system.*—The Road Cess Act worked satisfactorily, and the payment of the cess on lands is looked on as a matter of course.

12. *Working of the establishment.*—The establishment under the Collector and Chairman have done their work fairly. As regards the Engineer's establishment, I cannot report favourably. The two Overseers had to be dismissed by the Committee for neglect of duty, and all the plans and estimates prepared by the District Engineer, Mr. Graves, have to be done over again by his successor. Besides this, the loss from damaged lime would not have been so great had that gentleman seen that it was properly, as directed by me, housed. Next year I hope to be able to report better work done by his successor.

13. During the year under review, the Executive Engineer of the division once visited the district and had talk with the District Engineer in matters connected with the works of the road cess.

14. The works proposed for next year are the surface repairs of the district roads, the construction of two culverts along the Rungpore road, one along the Shibgunge, one along the Serajgunge, and two along the Dinagepore roads; the construction and completion of the bridges along the Bogra, Sultanpore, and Chattiangram roads; the construction of culverts along the Dupchachia, Gopinathpore road, and the repairs of the village roads at a cost of Rs. 3,000. Nothing has been allotted to plant trees along the roads. Nothing was done last year in this matter.

WE, the members of the Sub-Committee appointed under section 88 of the Road Cess Act, have the honor to report that we have carefully gone through and examined the Bogra District Road Fund annual accounts for the year ending 30th September 1878. We have compared the cash account with the duplicate pass book, both as regards receipts and expenditure, and find that there are vouchers for all the latter items.

No. 57, dated Bogra, the 16th December 1878.

From—The Magistrate and Chairman, District Road Cess Committee, Bogra,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

WITH reference to your No. 694PW of the 9th current, on the subject of entering minus quantities in red ink in Part II of the Road Fund annual accounts for the cess year 1877-78 I have the honor to state that, agreeably to Bengal Government circular No. 89A, of the 5th December 1876, the adjustments of refunds were made, and in cases in which the amounts of refunds exceeded the amounts from which they were deducted, the differences were entered in red ink as minus quantities.

2. The refunds under the head of "Cess Fines" exceeded the realization under that head by Rs. 76-6-3; hence the amount under the circular quoted above was shown as minus quantity and entered in red ink.

3. The proceeds from the ferries being transferred to the Provincial Fund from October 1877, the balances against each ferry, outstanding on the 30th September 1877, were adjusted during the last cess year. The balances due from some of the ferries were recovered and the excess realizations from the rest were refunded; the excess recovery of each ferry which was refunded being credited to the same. Instead of showing these refunds as charges, they have been, under paragraphs 4 and 5 of the above quoted circular, entered in red ink as minus quantities.

4. Rs. 75, realized by the sale of 50 famine kodalies, were erroneously credited to the Road Fund during the cess year 1876-77. During the past cess year this amount was refunded. Instead of showing this as a charge, it was, under the above quoted circular, deducted from the head of "Miscellaneous Receipts," under which head it was included in the previous year; hence Rs. 75 was shown as minus quantity and entered in red ink.

5. The refund under the head of "Process Fees" exceeded the receipts under that head by Rs. 7-12-3; hence the amount was shewn as minus quantity and entered in red ink.

No. 6.—Part I.

* For repairs to village roads.

No. 70DR, dated Pubna, the 31st December 1878.

From—W. M. CLAY, ESQ., Chairman, District Road Cess Committee, Pubna,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit herewith the annual accounts and report of the Pubna District Road Fund for the cess year 1877-78.

2. The accounts have been duly audited and passed by the Committee as prescribed in section 88 of the Road Cess Act. An explanatory memorandum giving additional information in connection with the annual accounts is herewith submitted.

3. The following were the members of the Committee :—

		Number of meetings attended.
1.	Magistrate-Collector, Chairman ...	9
2.	Babu Amarnath Bhattacharjea, Vice-Chairman	12
3.	Executive Engineer, Dinagepore Division	0
4.	Babu Kasi Kinkar Sen ...	8
5.	J. Cockburn, Esq.	7
6.	Babu Shib Chunder Mullik ...	7
7.	„ Hara Sundar Rai ...	7
8.	„ Mahim Chandra Chaudhuri ...	8
9.	„ Kali Mohan Basu ...	11
10.	„ Sri Kantha Bhaumik ...	11
11.	T. Brae, Sr., Esq.	5
12.	Babu Mahim Chandra Basak ...	1
13.	„ Kailas Chandra Majumdar ...	3
14.	„ Chaitanya Chandra Saha ...	0
15.	„ Mathura Nath Majumdar ...	0
16.	Moulvi Azimuddin Chaudhuri ...	0
17.	Babu Abhai Govinda Chaudhuri ...	0
18.	„ Annada Govinda Chaudhuri	3
19.	„ Guru Charan Datta ...	0
	„ Kesav Chandra Lahiri ...	6
20.	„ Umes Narain Chaudhuri ...	1
21.	„ Basaeta Kumar Rai ...	0
22.	„ Bunwari Lal Rai ...	0
23.	„ Govinda Nath Saha ...	0
24.	„ Prasanna Chandra Pakrasi ...	0
25.	„ Ananda Mohan Saha Chaudhuri	0
26.	„ Prasanna Kumar Sanyal ...	0
27.	„ Kali Nath Sanyal ...	0
28.	Moonshee Kormanullah ...	5
29.	C. M. W. Brett, Esq. ...	1
30.	Dr. H. M. Davis	2
31.	Babu Gopal Chandra Mookerjea ...	3
32.	Moulvi Abool Monsoor ...	4

4. Nos. 1 to 29 were members from the commencement of the year. Babu Kesav Chandra Lahiri was appointed in place of Babu Guru Charan Datta, resigned in December 1877. Mr. Brett's term of incumbency expired in July 1878 under section 77 of the Road Cess Act. The District Engineer, Babu Shib Chunder Mullik also ceased to be a member about the same time under the circular order of Government, No. 15A, dated 1st July 1878. Dr. H. M. Davis, Babu Gopal Chandra Mookerjea, and Moulvi Abool Monsoor were appointed members in June 1878.

5. Mr. W. V. G. Tayler was Chairman from October 1877 to June 1878, and was succeeded by Messrs. J. Kelleher and E. H. Ruddock. I took charge in August.

6. The particulars regarding the attendance of members at meetings are given in the annexed statement.

7. Twelve meetings were held during the year. In four of these only a quorum was formed; in four there was no quorum; and in the remaining four quorums were formed only under section 59 of the Act. In only two of the meetings in which a quorum was present at the first call there was a satisfactory attendance; in the other two it was barely sufficient.

8. From the attendance of members at meetings, it will be seen that the majority of the members do not seem to take much trouble about the proceedings of the Committee. It will probably be advisable to submit a revised list of members of the Committee with reference to paragraph 18 of Government resolution No. 944A of 13th September 1878.

9. The District Road Fund and the District Engineer's offices were inspected in September last by Mr. F. Moore, Deputy Examiner of Public Works Accounts, Bengal. He noticed in his report a few minor points which have been rectified in the accounts of the current year.

10. The opening balance of the year was Rs. 23,356-9-2, and the receipts Rs. 48,753-4-2, making the total available fund Rs. 72,109-13-4. Of the receipts during the year, Rs. 45,400-10-4 was derived from cess on lands; Rs. 2,159-6-6 from cess on houses; and Rs. 71-15 from fines. The amount of Rs. 134-5-3 is on account of one per cent. road cess on lands. The ferry receipts (Rs. 72) were due for periods prior to October 1877, but realized in the year under report. The revenue from miscellaneous sources was Rs. 914-15-1.

11. The estimated revenue from cess on lands for the year was Rs. 46,317, so the amount realized (Rs. 45,400-10-4) falls below the estimate by Rs. 916-5-8 only, which at first sight appears to be a very satisfactory percentage of realization. But when the estimated unrealized balance of 1876-77 under this head (Rs. 7,000 in round numbers) is added to the estimated revenue for this year (1877-78), the percentage of collection comes down to 85.

12. The receipts from house cess were Rs. 2,159-6-6, against an estimate of Rs. 7,000. But collection was made for the first half of the year only, that for the other half having been suspended by orders from the Board of Revenue. Thus the percentage of collection on the actual demand, plus Rs. 3,270 the balance for 1876-77, is 32 approximately.

13. The total outlay of the year amounts to Rs. 44,986-2-0. Of this, Rs. 5,478-7-4 was required to meet the establishment and contingent charges for collection of revenue and Committee's control; Rs. 24,020-0-2 was spent on original works; and Rs. 5,893-11-0 on repairs. Of the outlay on repairs, Rs. 989 was for village roads, properly so called, the work being conducted mostly by local non-official agency. The charges for "Establishment on Works" and "Tools and Plant" amount to Rs. 9,593-15-6. The rather high proportion of charges for establishments to total outlay is due to the non-completion of four roads which were estimated for the year. They were given out in regular contract to a contractor who failed to complete them within the stipulated time, for which his security of Rs. 5,000 has been ordered to be forfeited.

14. The District Engineer has submitted the following report on the works done during the year:

I.—The undermentioned original works were undertaken during the past cess year and satisfactorily completed:—

(1.) Constructing a road cess office building at Pubna.
(2.) Two timber bridges on the Chatmohar road.
(3.) A masonry bridge on the Bhowanipore road.
(4.) A fair-weather road from Boyra to Soobgacha.
(5.) A fair-weather road from Serajgunge to Belkoochi.
(6.) A raised road, 2½ miles, from Serajgunge to Boyra.

II.—The following original works were undertaken during the past cess year and partially completed:—

(1.)—Constructing a road from Pubna to Moonsidpore, about 9 miles. Estimate for this work has been submitted for approval of Government, which has not been yet received. The Superintending Engineer has, however, approved of the alignment of the road, and the earthwork and turfing have nearly been completed. The bridge works not taken in hand, as the approval of the design by the Superintending Engineer has not been received.

(2.)—Constructing a feeder road from Oroonkola to the Sara railway station. Same as the other road (1).

(3.)—Constructing a road from Raneegaon to Bhowanipore. Same as the above two roads (1) and (2).

(4.)—Constructing ten timber bridges on the Chandaikona road. The bridges were very nearly completed when, in July last, the sudden extraordinary rise of floods caused some damages and put a stop to all further works. These will be completed during the current year.

III.—Besides the above said original works, the undermentioned repairs were taken up and satisfactorily completed during the year:—

(1.) Repairs of Chandaikona road.
(2.) Repairs of Dogachi road.
(3.) Repairs of Serajgunge road, 1st section.
(4.) Repairs of Serajgunge road, 2nd section.
(5.) Repairs of Bajitpore road.
(6.) Repairs of Tantibund road.
(7.) Repairs of Chinakhara road.
(8.) Repairs of Sujanagar road.
(9.) Repairs of Malanchi road.
(10.) Repairs of track from Serajgunge to Kole.
(11.) Repairs of Bhadraghat track.

IV.—Of the amount (Rs. 1,500) budgetted for the year for maintenance of village roads, Rs. 989 has been expended for the purpose.

15. As I joined the district at the end of the cess year, that is in August last, I have not been able to see all the roads; but I am able to make any observations on some which I have seen in the course of the last month. Of the works numbered in paragraph 14 under head I of the District Engineer's report, I have seen 1, 2, and 3. The new building for the office has only just come into use; in appearance it is a fair piece of work, but not of a convenient or modern construction. Nos. 2 and 3. I do not remember to have seen any bridge of any consequence on the roads named; there are several bridges standing separate from the road. Heading II. 1, 2 and 3 partially completed. Original works. There is nothing to remark on these roads which I have seen; they are ordinary embankments in disconnected portions. I have only seen the repairs on the Malanchi road which were small, but I notice that most of the roads are now out of repair.

16. Out of Rs. 1,500 provided for expenditure on village roads, only Rs. 989 have been expended. Rs. 1,000 was sent to the Serajgunge Branch Committee for expenditure on village roads, and they were able to spend only Rs. 534. People generally asked for more money than could be allowed to them under the rules, and many applications had therefore been refused. Small sums had been offered to them which were generally refused as insufficient.

17. With reference to Government circular No. 10, dated 28th October 1878, it has been resolved by the Committee that, as requested therein, fruit trees should be planted on roadsides so far as it can be done from contingencies, no separate allotment having been made for the purpose in the estimates for the current year.

18. The establishment for collection of road cess has worked satisfactorily during the year.

19. The Committee's Accountant, Babu Ananda Gopal Guin, continues to give satisfaction.

20. The District Engineer, Babu Shib Chunder Mullik. I have not had much opportunity of seeing the practical result of his work, but I am in hopes, from what I have seen at head-quarters, that this officer will be found to be well fitted for his post. Officiating Sub-Overseer, Baboo Chandra Kanta Basak. This is the only Overseer I have seen and I am fairly satisfied with his work. Office Establishment. I inspected lately this office and found it in good order. I notice among the establishment the draftsman, Baboo Sarada Prasad Majumdar, as a particularly neat and exact workman.

21. The following works have been budgetted for the current year:—

(1.) Completion of the Moonsidpore road.
(2.) Construction of two masonary bridges on the Rajshahye road.
(3.) Reconstruction of a portion of the Rajshahye road.
(4.) Remodelling of Koomidpore bridge on the Rajshahye road.
(5.) Construction of a masonry bridge on the Serajgunge road, first section.
(6.) Ditto of two timber bridges on the Chatmohar road.
(7.) Ditto of two masonry bridges on the Serajgunge road, second section.
(8.) Completion of the Chatmohar road.
(9.) Construction of four timber bridges on the Chandaikona road.
(10.) Ditto of two masonry bridges on the Boyrahat road.
(11.) Completion of Sara road.
(12.) Construction of a fair-weather road from Mathura to Bera.
(13.) Ditto ditto from Ryegunge to Taras.
(14.) Ditto ditto from Chatmohar to Handyal.
(15.) Ditto ditto from Taras to Ullapara.

22. Besides the above-mentioned original works, repairs have been provided for all the existing roads, except Dogachi, which is in fair order and requires no repairs this year.

23. Serajgunge Branch Committee.

Members.

1. Sub-Divisional officer.
2. Babu Sambhu Chandra Nag.
3. C. G. Ridge, Esq.
4. J. Ogilvie, Esq.
5. Babu Lalit Mohun Laha Chaudhuri.
6. „ Pran Chandra Pakrasi.
7. „ Sarat Chandra Rai Chaudhuri.
8. T. Finlayson, Esq.
9. Babu Nolin Chandra Rai.
10. „ Ishan Chandra Sen.
11. J. W. Savi, Esq.
12. R. Bruist, Esq.
13. Moulvi Akbar Khan.

24. Nos. 1 to 9 were members throughout the year. Babu Ishan Chandra Sen and Messrs. S. W. Savi and R. Bruist were appointed in June, and Moulvi Akbar Khan in July 1878.

25. The particulars regarding the attendance of members at meetings are shown in the same statement with that of the District Committee.

26. The present Chairman reports that he has been in charge only for a short time, and is therefore not in a position to offer any remarks on the working of the Committee or of the Road Cess Act.

27. The charge for maintaining village roads in this sub-division was made over to the Branch Committee, and it is reported that the works were done chiefly by village punchayet and local zemindars.

APPENDIX A.

Abstract of Particulars regarding Meetings of the District and Branch Road Cess Committees for the cess year 1877-78.

AMAR NATH BHUTTACHARJEE,
Vice-Chairman.

Explanatory Notes to accompany the Annual Account for 1877-78.

1. The ferry receipts, Rs. 72, were on account of rent due for periods prior to October 1877, but realized in 1877-78.

2. The short charges of a few pies in the salaries of some of the officers in the Road Cess Collection Department are due to the calculations having been made separately for broken periods.

3. In the annual budget estimates the estimated charge on establishment for Committee's control was shown along with that for the engineering establishment. In the accompanying annual accounts it has been restored to its proper place under collection of revenue, &c.

4. Contingent charges have exceeded by Rs. 125-3-10 the grant originally provided in the budget for the purpose. The sanction of the Commissioner was, however, obtained to the expenditure under this head of Rs. 400 in excess of the budget grant—*vide* his No. 152PW, dated 8th June 1878.

5. No provision was made in the budget for the construction of a road cess office building, but the necessity for erecting such a building having subsequently become peremptory, the sanction of the Commissioner was obtained to the expenditure of Rs. 3,665 for the purpose—*vide* his No. 151PW, dated 10th June 1878.

6. The excess expenditure noticed in paragraphs 4 and 5 above was met from savings on budget grants under other heads.

7. The budget allotments for establishments on collection of revenue and district works have also been exceeded, pay for September 1878 having been in conformity with the practice in Government offices allowed them before the end of that month on account of the ensuing Doorga Pooja holidays.

8. In the original budget estimates the allotment for compensation for lands was shown under a separate head; in the annual accounts it has been transferred under Original Works, although there has been no charge against it—*vide* paragraph 7 of Government resolution No. 823A, of 16th August 1878.

No. 55RF, dated Darjeeling, the 15th March 1879.

From—L. C. ABBOTT, ESQ., Deputy Commissioner and Chairman, District Road Cess Committee,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

WITH reference to your circular No. 592PW, dated 2nd November last, I have the honor to submit the following report on the operations of the District Road Fund during the year ending 30th September 1878.

2. The following table will show the names of members:—

(1) The Deputy Commissioner, Chairman.
(2) Assistant Commissioner.
(3) Conservator of Forests.
(4) Executive Engineer, Civil Works.
(5) Officer in charge Cinchona Garden.
(6) Mr. C. W. Bagshawe.
(7) „ T. B. Curtis.
(8) „ G. W. Christian.
(9) „ Forbes Hall.
(10) Mr. J. Johnston.
(11) „ J. Munro.
(12) „ J. Riddell.
(13) „ J. Stalkart.
(14) „ R. Southbey.
(15) „ A. Wernicke.
(16) „ W. Lloyd.
(17) Babu Mohendra Lal Das.
(18) „ Tendook, Tehsildar.

3. I regret to say that, owing to the loss of the minute book, the number of sittings held and attended by each member cannot be given.

4. Ten days' notice was given of every meeting held during the year, and business to be transacted at each was duly notified, as directed in section 57 of the Act.

5. The minutes of the proceedings of every meeting held during the year were recorded in the book opened under section 61 of the Act.

6. Mr. A. W. Paul was Vice-Chairman throughout the year.

7. The only change which occurred in the organization of the Committee was in the office of Chairman, Mr. Edgar being succeeded by Major Lewin.

8. The meetings were fairly attended, usually by over a third of the Committee members.

9. There is no separate buildings for the Committee. The Deputy Commissioner has provided accommodation for the Road Fund establishment in his office.

10. As the income of this district is very small, the Committee had only one clerk, who also kept the accounts; no separate accountant was employed.

11. The usual questions with regard to estimate and expenditure were discussed at meetings, and conclusion arrived at full rates were realized during the year.

12. There is only one Branch Committee, viz. in the Terai, presided over by Baboo Chandra Bhusan Chakravarti, the Tehsildar. As, however, no money was allotted for village roads, the Committee apparently took no interest in the district roads. No report has been received from the Vice-Chairman.

	Rs	A.	P.
Cess on land	10,482	15	5
On houses	539	0	0
Mines	1,461	14	7
Fines	282	4	0
Total	12,764	2	0

13. The amount collected under Act X of 1871 during the year was Rs. 12,764-2 as per marginal details; but of this sum Rs. 22-8 had to be subsequently refunded on account of house cess. Rs. 5,000 were received from Government as grant-in-aid (*vide* Bengal Government, Public Works notification No. 252, dated 18th September 1877), and Rs. 10,000 as advance (*vide* Bengal Government letter No. 1166, dated 26th March 1878); this amount will have to be paid to the credit of Government. Rs. 545-9-5 were transferred from Estates Improvement Fund (as per Commissioner's No. 103R, dated 5th August 1878). The total amount therefore available for expenditure was Rs. 28,287-3-5.

14. The expenditure during the year amounted to Rs. 15,036-7-6.

15. The charges for collection establishment amounted to Rs. 1,782-13-8, against Rs. 1,336 estimated in the budget. The excess is due to an extra establishment sanctioned for the valuation of certain jotes in the Terai, a work which had not been completed in the previous year.

16. The expenditure on account of contingencies was Rs. 291-5-1, against Rs. 416 in the budget.

17. The sum refunded was on account of excess realized from the Manager of the Clarendon Hotel, Kurseong, on account of house cess, and repaid to him under the orders received with your letter No. 672 of 23rd August 1878.

18. The total outlay on works amounted to Rs. 11,641-14-8, namely, Rs. 1,449-10-5 on original works, and Rs. 10,192-4-3 on repairs.

19. The total charges for establishment on works was Rs. 476-5-1.

20. The cost of the Committee's office establishment was Rs. 318-1-0.

21. The sum of Rs. 526, charged in the account against the head "Tools and Plant" was on account of purchase of blasting powder including the charge of conveyance.

22. The sum shown as expended on original works was laid out on the construction of cane suspension bridges over the Balasun, at the places named below:—

(1) Dhojea, on the road from Namser to Panighata.
(2) Rungbong, on the road from Sniimanbusti to Balasore.
(3) Rungbrook, on road from Hopetown to Balasore below Nagri.
(4) Dhudooria, on road from Balasore to Nagri.
(5) Kohel, on road from ditto to ditto.
(6) Choonabutty, on road from Kelabair to Balasore bridge.
(7) Namser, on road from Nahore to Namser *vid* Ringtong.
(8) And over the Teesta below Pashok on road to Darjeeling to Kalingpoong.
(9) Bara Rungeet at Rungeet, on road from Darjeeling to Tumlong.
(10) Chhota Rungeet at Goke, on road from Darjeeling to Sikhim.

23. These bridges were constructed by contractors who kept them in thorough repair throughout the year.

24. District roads Nos. 1, 3, 4, 6, 7, 8, 9 and 10 were made over to the planters for repair, a lump sum being granted for each road. In every case the works were pronounced to be efficiently performed after the inspection by the Vice-Chairman.

25. The District Engineer took in hand district roads Nos. 2 and 5, and Terai road No. 4. The Terai roads Nos. 5, 6 and 8 were repaired by contractors and inspected by the Vice-Chairman of the Terai Branch Committee.

26. I regret that I am unable to give an explanation as to the non-repairs of the other Terai roads, no report having been received from the Branch Committee; probably, however, other road work was hampered by the large expenditure incurred on the Mahanuddy road. Government proposed to take this road from off our hands, and I may here remark that the maintenance of the road from Kurseong to Pankhabari (erroneously mentioned in the lists of the roads as Kurseong to Kalabari) is quite beyond the funds at the disposal of the Road Cess Committee.

28. The advance outstanding amounted to Rs. 1,820-11-11, viz. Rs. 346-11-11, in hands of the Executive Engineer, and Rs. 1,474-0-0 in hands of the Vice-Chairman, Terai Branch Committee.

29. The accompanying statement will show the work it is proposed to execute during the cess year 1878-79. A revised estimate has been called for from the Terai as to expenditure of Rs. 6,000 allotted to the Branch Committee, but up to date the estimate has not been received.

30. The Road Cess Act was extended to this district during the year 1876, but no operations were undertaken till March 1877. The valuation of the district was completed in December 1877.

31. The Act has worked well, except that some dilatoriness is displayed in paying in money by the people assessed, considering the small amount realized on account of house cess (an amount that will be further reduced should Kurseong become municipality) and the cost of collecting the same. The propriety of imposing a cess on houses is somewhat doubtful.

32. Most of the roads are repaired by planters, who are allowed lump sums according to the conditions of the roads after the cessation of the rains. The work performed by the Overseer was small; he died in March and no successor was appointed. The office and other establishments worked fairly during the year under review.

33. As already explained in paragraph 3, no information can be given of the attendance of members.

34. The accounts were duly passed by a Sub-Committee under section 88 of Act X of 1871.

35. With regard to circular No. 10 of 28th October 1878, I have the honor to remark that the same was received at the close of the year under report. Attention as far as practicable will be paid to the same during the ensuing year, but it will be difficult to do much towards planting roadsides with trees in the hilly parts of the district.

Statement showing the works proposed to be executed during the Cess year 1878-79.

L. C. ABBOTT,
Chairman.

No. 73, dated the 23rd November 1878.

From—CAPTAIN E. G. LILLINGSTON, Deputy Commr. and Chairman, Julpigoree,
To—The Commissioner of the Rajshahye and Cooch Behar Division, Darjeeling.

I HAVE the honor to submit herewith the annual accounts of income and expenditure of the Julpigoree District Road Fund for the cess year 1877-78.

2. Before entering into any details as to the works done in the district, the amounts expended thereon, and on the working of the road cess system, I think two circumstances that happened during the year under review should be first mentioned as deserving of prominent notice. The former of these was the total destruction of the several cutcherries, their records, books, &c., including those of the District Road Cess, by fire on the night of the 24th March last; while the latter was the very considerable damage done to the works themselves, constructed or under construction by the department, by an unusual flood on the 19th July 1878.

3. There were 22 members in all composing the committee, of whom six were officials and 15 were non-officials, there being six ex-officio members. The following is a list showing the names of all the members:—

List of Members.

1. Deputy Commissioner of Julpigoree.
2. Senior Assistant to the Deputy Commissioner.
3. Buxa Sub-divisional Officer.
4. Executive Engineer of the Division.
5. Manager of the Chaklajat Estates.
6. C. A. Hay, Esq., Tea Planter.
7. R. Haughton, Esq., Ditto.
8. Baboo Preonath Banerjee, Pleader.
9. „ Bani Madhub Dutt, Pleader.
10. „ Harish Chandra Das, Ditto.
11. „ Trailyakha Nath Banerjee.
12. „ Hara Prasad Das, Jotedar.
13. Moonshi Rohim Baksh, Ditto.
14. „ Abdool Samed, Pleader.
15. Baboo Upendra Nath Dooardar, Tehsildar of Allipore.
16. „ Chandra Kali Moonshi, Naib of Patgram.
17. „ Raghoo Nath Aswal, Merchant.
18. „ Ram Chandra Bose, Naib of Boda.
19. „ Ram Coomar Sircar, Jotedar.
20. Moonshi Taricoola, Honorary Magistrate.
21. H. G. Wilkins, Esq., District Superintendent of Police.

4. During the year under review, Baboo Bani Madhub Dutt, Vice-Chairman, having left his place for Dacca, Baboo Preonath Banerjee, the present Government Pleader, was nominated his successor.

5. On account of the burning of the offices and the records no information can be given as to the number of meetings held during the first half-year and the business transacted therein.

6. It will be seen from the annexed table showing the attendance of the members during the second half-year only that most of the members were very irregular in their attendance, and did not take the amount of interest expected from them in the affairs of the road cess. This may to some extent be attributed to the distance of their homes from the station; some of the members, however, who live in the station, were very regular in their attendance, and took an intelligent interest in the working of the department. Of these, the following gentlemen may be noticed:—

Baboo Preonath Banerjee, Vice-Chairman. | Baboo Harish Chandra Das, Member.
Moonshi Rohim Baksh, Member.

7. The cess is generally looked upon by the people in this district as a source of benefit to them in the improvements it has effected in facilitating commerce and communications. There is yet much to be done in these respects before the district can be said to have fully opened out its resources.

8. The total income during the year, under the respective heads shown below, was Rs. 36,182-15-2, of which Rs. 17,992-7-6, however, represent receipts during the first half-year, for which no details are available in this office; the figures were obtained from the first and second quarterly returns—

	Rs.	A.	P.
Cess on lands	33,094	8	8
„ on houses	911	8	2
Fines	49	0	0
Ferry tolls	5	0	0
Grant-in-aid	15,000	0	0
Sale proceeds	110	11	0
Fines and refunds	100	0	0
Miscellaneous	12,887	12	8
Total ...	36,182	15	2

9. Rs. 33,094-8-8 was realized as cess on lands, against an estimate of Rs. 31,840, the excess being due to arrear and advance collections during the year.

10. Rs. 911-8-2 was realized as cess on houses, though Rs. 1,600 had been estimated, on account of this cess having been discontinued by Government orders from the 1st April 1878; and Rs. 49 only was realized on account of fines.

11. Rs. 5 only was realized from ferries, being arrears of the cess year 1876-77.

12. Rs. 15,000 was received from Government as grant-in-aid for repairing the Allipore and Dalimkote roads, and Rs. 110-11 was realized from sale of unserviceable chips of wood.

13. Rs. 100 was shown under "Refunds" on account of an error made in the third quarterly return in bringing forward the actual cash balance of the second quarter, which was, in the absence of previous accounts and records, entered in the books, from a reference to the treasury pass-book, which showed Rs. 100 more than the actual balance in this office, on account of a cheque issued but not cashed. This sum of Rs. 100, again, was shown under "Miscellaneous Advances," and thus a discrepancy had occurred, which the Deputy Examiner, Mr. Moore, pointed out on his late inspection of this office.

14. Rs. 12,887-12-8 was shown against "Miscellaneous Receipts," chiefly on account of the sum of Rs. 12,936-8-9 having been refunded to the Chacklajat Estate's Fund in cash, receipts from which Fund were formerly credited to this head. Out of the sum of Rs. 5,000 estimated under receipts from the Dooars Improvement Fund, it appears only Rs. 1,678-13-7 was received this year and credited to this head.

15. The total expenditure during the year, under the respective heads shown below, amounted to Rs. 42,800-5-1 :—

	Rs.	A.	P.
Establishment on collection of revenue	1,720	13	3
Contingencies ditto ditto	614	15	9
Original works	3,697	2	4
Maintenance and repairs	28,920	4	4
Establishment on district works	6,148	11	11
Contingencies ditto	472	2	9
Tools and plant	1,226	2	9
Total ...	42,800	5	1

16. On account of the circumstances noted in paragraph 2 of this report, no details can be furnished of the expenditure for the first half-year. The expenditure incurred during these two quarters on each head is shown below :—

	Rs.	A.	P.
Establishment on collection of revenue	869	10	10
Contingencies ditto ditto	186	0	8
Original works	1,342	7	4
Maintenance and repairs	19,450	1	2
Establishment on district works	2,977	6	0
Contingencies ditto	102	7	0
Tools and plant	97	2	6
Total ...	25,025	3	6

The expenditure during the other half-year is given in full details in Part II of the accounts.

17. The excess expenditure on tools and plant, and on contingencies on collection of revenue and district works over the sanctioned estimates, is solely due to the new furniture and fresh stationery and forms, &c., that had to be purchased on account of the burning of the office.

18. The excess expenditure on establishment on the two heads, collection of revenue and district works, over the budgeted amounts is attributable to the salaries of September 1878 having been paid in September 1878, on account of the Dusserah vacation having commenced on the 29th September 1878; otherwise there was saving under each of these heads.

19. *Original works, Feeder Road.*—This road was taken in hand in the year 1876-77, and the embankment was finished. This year the road was metalled up to where it joins the Rungpore road.

Kurla Bridge.—Although there was a bridge previous to the flood over this river, near the bazar, constructed some time ago, another bridge was proposed to be erected near the cutcherries, with a view to facilitate persons attending the offices daily, who had to cross the river in ferry boats kept for the purpose at the expense of this Fund. The construction of this bridge was in progress, and by this time would have been all complete, had not the unusually heavy flood of July swept it away. The other bridge also did not stand, and underwent the same fate as the new one under construction did. It is now seen that a bridge, other than a far stronger one than the former ones, over this river, which is occasionally subject to similar floods, being very near the hills, will not stand, and therefore a project for a stronger one is under consideration; but as the Road Fund of this district is too poor to afford for the construction of such a costly work as has been planned and estimated for, it is proposed to apply to Government for a further grant-in-aid of its construction. A bridge over this river is indispensable.

Dák Bungalow Road.—This work was taken in hand in July 1878, and has been completed. A sum of Rs. 534-8 was sanctioned for this work, and a further grant of the amount was

made by Government. Some very slight diversions were made from the estimate without, however, incurring any additional expenditure thereby. A full report of this work and the diversions made from the original plan will follow shortly.

20. *Maintenance and Repairs.—Sudder Station Roads.*—Rs. 792-6-3 was expended on these roads during the second half-year, no information being available for what was spent during the first half-year.

Putlakhowa Road.—This is one of the most important roads in the district, the whole traffic from and to Bhutan passes along it. A very large amount was all along spent on this road, since the road cess undertook its repairs, and it was hoped to make it a good passable road in one or two years more, but the inundation of July almost undid all that had been done before, and it is now in such a state as to call for its reconstruction. Almost all the bridges have been washed away, and the road is now overgrown with thick jungle and in many places broken. An estimate, amounting to Rs. 52,000 nearly, was submitted for this work, but was returned for want of full details, and has not been since resubmitted on account of there being no District Engineer to comply with what the Superintending Engineer wanted. But now as the newly appointed District Engineer has joined, it is hoped to resubmit the estimate with all the details on an early date. It is also proposed to repair this road in this current year as far as the funds will allow.
